62 Enter Tri-State

Manchester Speedway had a very good field of cars for the Tri-State Championship races Friday, with 62 cars qualifying. Louie J. Stemen picked up a trophy for fastest time of 19:12. This being his first night back after suffering burns on July 20.

The first heat was fast with John Luderman jumping into the lead and holding on for the win over Don Taylor, Jack Sharp and Jim Stemen. In the second heat the red flag was thrown as several cars spun out in the fourth turn. On the re-start, Don Macey started on the pole and took the checkered flag, followed by Ray Barnard, Dennis Carrier and Bill Kopka.

The winner of the third heat was Howard Woodman, chased by Junior Gary, Larry Gray and Butch Moull. The fourth heat had one caution flag, but Mike Shaw held on to first place, with Dick Slagle second, Farmer Budwick, third and Jim Shook, fourth. Bob Kash took the fifth heat over Clarence Swan, Leonard Hale and Jack Wirth.

The pursuit was good racing with Jack Sharp staying just ahead of Taylor all the way, third and fourth going to Luderman and Bill Younkin.

The consolation and semi both were run straight through with no trouble. The consolation saw Dick Slagle come from the back of the pack to pick up the checkered flag over Art Call, Kash and Gary Rhoades. Howard Woodman took the win in the semi, his second of the night. Paul Whitaker was second, followed by Moull, Gary and Allen Teubert.

In the 50-lap feature, Don Taylor had a big lead and looked like he had it in the bag, when on the 40th lap he and Valentine tangled, with Taylor spinning out. Dick Crup took the lead for two laps, but had to drop out, leaving the way clear for Jack Sharp to take his second win of the night. Younkin finished second over Valentine, Taylor and Carrier.

All winners were presented with trophies after the feature race.

Friday night the Speedway will have another Destruction Derby after the regular program.

Whirlybird Whops Rotor

A helicopter lost an eight-inch portion on the leading tip of one rotor blade, when it tangled with an unusually high antenna on a wrecker, while both vehicles were being used to dry the track at the Michigan International Speedway, following a downpour at 3:35 p.m., Sunday.

Clayton Farrar, Jr., of Detroit, was the pilot of the helicopter owned by Helicopter Airways Service, and the wrecker was owned by Bill's Wrecker Service, and driven by Michael Jury, 123 E. Hodge St., Brooklyn.

Apparently the helicopter was about 10 feet from the ground, moving 10 to 15 miles an hour.

Several other wreckers were on the field at the same time, however, apparently their antennas did not stick up high enough to be hit.

MEN'S CHAMPION — Bill Holmes, left, defeated Dave Nichols of Adrian for the men's totle Sunday at Tecumseh Country Club. He won previously in 1963 and 1965.

LADIES' CHAMPION — Kathryn Champanois, left, edged Alee Collins of Dundee for the ladies championship at TCC Sunday. Her other championship came in 1961.

Golfers Win Titles at TCC

Tecumseh Country Club held its club match finals Sunday when Bill Holmes and Kathryn Champanois walked off with the top honors.

Holmes bounced Dave Nichols of Adrian, 5-4, in a scheduled 36-hole match. After dropping the first hole, the 1969 champion came on to win handily.

Highlight of the match was a pair of eagles on the No. 5, par three hole by both players.

Mrs. Champanois rallied on the back nine to trip Alee Collins of Dundee. She trailed by four holes at the end of eight, and then fired a 42 on the back nine to win, 2-1.

Other winners were:

Men, 1st Flight — Paul Clauda over Herb Clark, 2-1.

Men, 2nd Flight — Chuck Butler over Herman Dean, 5-4.

His appointment, along with four others, were announced last week by Herbert W. Spendlove, newspaper's editor. The Herald's former editor will assume the overall responsibility of the newspaper's news operation, including news, feature articles, personnel and equipment. Prior to last week's appointment to a newly-created position, he was photo editor.

Only 3 Mishaps Are Investigated

Accidents on Tecumseh streets dropped sharply here during the past week with local police investigating just three mishaps.

A resume is:

Aug. 21 — Herbert Simpson, 316 E. Logan St., reported his car damaged while parked behind Gamble store. Other driver is unknown.

Aug. 22 — Kay Anne Sancrant, Petersburg, reported her car damaged after crossing the railroad tracks behind Wright's Pharmacy on S. Evans St.

Aug. 25 — John D. Martin, 19, Adrian, ran into the rear of an auto driven by Stanley E. Whitt, 23, Clinton, on E. Patterson St. at Tecumseh Products Co. parking lot. Whitt had stopped to let some pedestrians cross the street.

Box Officials Discontinue Plans Here

There are no immediate plans to pursue our expansion plans here any further," states Clarence Hanthorn, Tecumseh Corrugated Box Co. vice-president.

The Company sought a building permit earlier this month, and after it was discussed at three Council meetings, it was tabled at last week's meeting.

James Robideau, company president, and Fred Attwood, former president and now chairman of the Board of Directors, are out of town and not available for any comments.

The Company first sought a building permit for an expansion in 1965 and was rejected at a Board of Appeals meeting on Jan. 19, 1966. Officials have indicated by letter to the city that they will shelve their expansion plans here and develop at plant locations in other cities.

Rotary Wins 11th Award

Tecumseh Rotary Club has learned that its Safety Check of vehicles in May has earned the club the 1969 State Award of Excellence, the 11th citation in 14 years.

Local Rotarians did not enter an elaborate brochure in national competition as in the past, according to C. O. Butler, local Safety Check chairman, due to the small number of vehicles checked this year.

For the first time in Michigan, State Police concentrated their efforts in inspecting vehicles in a single community. However, they were unable to inspect the large number of cars and trucks as in the past, and the Tecumseh police actually accounted for many of the inspections.

The local Rotary Club has won three national awards, six state citations and two honorable mentions in the past 14 years. According to club officials, it is questionable that another Safety Check will be sponsored here.

Still in Traction

Mary Ann, daughter of Mr. and Mrs. Earl Ruttkofsky, 317 N. Pearl St., is still a patient at St. Joseph Hospital, Ann Arbor, since she was injured in an auto accident, July 31.

She will be in traction for another month before she can have a cast placed on her leg.

Her room number is 328, third floor.

MABEL RETIRES — Mabel Lockwood, insurance clerk and editor of the TP Broadcast for the Tecumseh Products Co., will spend her last day in the office Friday. Her actual retirement day is Sept. 1, and the girls plan a party for her Thursday evening at the Holiday Inn. Her work over nearly 25 years has been particularly with both workmen's compensation and group insurance plan as well as Broadcast editor. Miss Lockwood said that she had seen many changes in the insurance plans and carriers. She has some travel plans and other things she wants to do besides getting a good rest.

Commissioners OK Subdivision Plans North of Burt St.

By BILL WHITING

Plans for a new subdivision north of Burt St. were given the green light by the city Planning Commission Monday night.

In a unanimous vote, the Commission recommended that a 15-acre site, as requested by Ernest Oliver and Joseph Conklin, be re-zoned for multiple family housing.

The request will be forwarded to Council at next Tuesday's meeting.

Several months ago, a similar proposal was submitted, but found to be not sufficiently advanced and the Commission turned it down, making several suggestions for its improvement.

Members pointed out that all their requests had been covered in the new proposal, and Merlyn Downing expressed the Commission's sentiments with, "it's an extremely good job".

Plans encompass a 46-acre parcel of land between Burt St. and Macon Hwy. and are scheduled to be developed in three stages. This area will ultimately include 70 single-family residences priced around $25,000, and multiple housing for 218 families.

Playgrounds, tennis courts, game fields, and open spaces will be plentiful and are to be developed in the initial stage. Richard Eggleston remarked that the eight and one-half acres of open land was "more than we usually get."

Oliver said that with immediate approval, work could begin on phase one this fall, with 68 units being completed possibly in two years. This section will include both single and multiple family construction and was called "a good, nice development in itself".

In addition to the recreational facilities, the Commission was impressed with the central location of the multiple housing within the subdivision and the circular flow of traffic throughout.

Planners Dr. Robert Darvas and Steve Janeck, of Ann Arbor, presented the blueprints and pointed out that Clark St. could be carried through to Macon Hwy., thus giving the area a more than adequate accessibility.

City Manager Cal Zorn noted that it was probably the only possible, through street in the area and may prove to be helpful in installing a proposed water main.

However, Zorn also pointed out that the proposal "involves spot zoning" and expressed his opinion that it was "not a planned neighborhood development".

Plans now call for a 21-acre section to be developed in phase one, more building and the completion of all street facilities in phase two at a later date, and a continuance of phase three building soon thereafter.

LeRoy Schlegel Hurt in Battle

Mr. and Mrs. Ray G. Schlegel, 207 S. Union St., have been informed of an injury to their son, Pfc. Leroy D. Schlegel, 19, in Vietnam.

Pfc. Schlegel is hospitalized with facial burns, punctured ear drum, injured eye and shrap-metal in hands and arm. He is in an Army hospital at Cam Rahn Bay.

The infantryman was guarding an artillery post when it came under attack by enemy fire. Schlegel reportedly continued to fight after his injuries, and subsequently was awarded the Purple Heart, which his parents received this week. He is also expected to receive a citation for his action.

He is a 1968 graduate of Tecumseh High School, enlisted in the Army in January, and arrived in Vietnam on his 19th birthday anniversary, June 2.

The Rev. and Mrs. Watkins and three of their four sons will move into the manse Wednesday. John and Donald will be off to college shortly. Stephen will go into the eighth grade this fall. Larry is married and studying for the ministry in Virginia.

Installation service for the Rev. Mr. Watkins will be held Sept. 7, at 7:30 p.m.

New Concepts Are Announced by Rec. Director

Ward Eardley, new parks and recreation director, has announced some new concepts in the department starting in late September.

Programs and classes for the entire family including cake decorating, photography, floral arranging, dancing for both children and adults and a new special course for the ladies, poise and coordination, are on the agenda.

Further information will be provided at a later date. Anyone who can get at least 10 interested people to register for a particular class is urged to contact the recreation office.

Teachers Start Tuesday, Pupils Enroll Sept. 3

Tecumseh's school year will officially open here next Tuesday morning, Sept. 2, when teachers and the administration meet at a general session at the high school cafeteria.

The entire day will be devoted to various meetings in preparation for the 1969-70 school year.

Although regular classes will [illegible] until Thursday, all students in grades one through 12 will enroll Wednesday morning. Kindergartners will attend school for the first time Thursday.

Students new to the district are urged to enroll immediately: youngsters in kindergarten through sixth grade, Mrs. Rose Anne Vollmar, at Board of Education Office on W. Chicago Blvd.; seventh and eighth graders, David Dick, principal at Junior High; and high school students with John Pobuda, counselor, at the High School.

Neville Hart, high school principal, says students enrolling next Wednesday must appear within the new dress code, adopted last spring. He says students who fail to dress within the code will not be allowed to enroll.

Officials are anticipating an enrollment of approximately 3,400 next week, with 1,075 expected for the high school; 550, junior high; and 1,775 in the balance of the grades, including special education.

Next week will mark the first time that seventh and eighth graders from St. Elizabeth will be attending on a regular basis in the public schools. The local parochial school has phased out these two grades but will continue grades one through six.

Other newcomers to the system will include the top two grades at Boysville. However, Mr. Hart expects less than 10 juniors and seniors to transfer here from the Macon school.

Services Held for Earl Roe

Funeral services were held Monday morning at St. Elizabeth Catholic Church for Earldean E. Roe, 55, local businessman who died early Friday morning at Herrick Hospital.

He suffered a heart attack Sunday, Aug. 17, another on Aug. 19 and then appeared to be making a recovery. Wednesday morning of last week he was transferred from the hospital's intensive care unit, but was returned there Thursday evening.

Mr. Roe suffered a series of attacks Friday, before succumbing about 5:30 Saturday morning.

He had been a barber in Tecumseh since 1941, when he became an associate partner with Russ Garno. Before coming here, he had barbered at Deerfield and had learned his trade earlier at Adrian.

Last November he was elected Clinton Township Supervisor and had taken a great interest in his work. It was the first time he had held a public office.

Mr. Roe served approximately three years in the Navy during World War II, and served in the medical corps as an operating room assistant. He was honorably discharged as a phamacist's mate.

He held a pilot's license and flew out of Meyers Airport. He was a member of the Tecumseh American Legion, VFW and the Sportsman's Club.

Two years ago, he and his wife built a new home on Taylor Rd. It was here at his home that he suffered his first attack.

Mr. Roe was born March 1, 1914, at Stoney Creek. In 1934, he married Josephine Laura Ruff in Wauseon.

Survivors, besides his wife, are: two sons, James of Dundee, Robert of Northridge, Calif.; father, Vern, of Adrian; two sisters, Mrs. Chester Eddington, Lambertville, and Mrs. Katherine Hanover, Toledo; and four grandchildren.

The Rosary was recited Sunday evening at the Proctor Funeral Home.

The Rev. Robert Handley officiated at Monday's service, and burial was in Brookside Cemetery.

Tax Payments Are Now Due

Time is drawing to an end for city property owners to pay their taxes.

Tax payments are due before or on Sept. 1, which is next Monday.

Vera Zornow, city clerk, says payments may be made Monday, Labor Day, by use of the city hall depository at the rear of the building.

Payments after next Tuesday will be subjected to a 4% interest charge, and one-half of one percent per month until paid.

Mel Partridge Suffers Attack

Mel Partridge, long-time Tecumseh businessman who retired several years ago, reportedly suffered a heart attack Wednesday morning at his home at 206 W. Chicago Blvd.

He was taken to Herrick Hospital by sheriff's ambulance.

YOU TOLD US

By DOROTHY GRIGG
Herald Society Editor

"He that maketh no mistakes doth nothing, but he that maketh too many mistakes, loseth his job whereby," quoted Elmer Krout recently as we stopped in with the papers and apologies for the lack of one section in the first batch. Now there is a thought that I sometimes wonder about. Do today's young people ever become concerned that if they don't do their job to the best of their ability, they just might lose it?

Time was that to be dismissed was a disgrace and constituted a bad mark against one's life record. Now the attitude seems to be a shrug of the shoulders and, "Oh, well, I didn't like working very well anyway."

Pride and satisfaction in a job well done, no matter how menial, must just be for those who are "square". A little difficult to fit a square peg in a round hole and that's why we find the generation gap so incredible.

Walter Wonderly underwent throat surgery at St. Joseph Hospital Aug. 15, and is recovering at home but is not allowed to speak. Talking within a two week period could have made it necessary for physicians to repeat the operation. Don't you say a word. Wait, no matter what she does to you.

Mr. and Mrs. Hal Lewis, former Tecumseh residents, have just left for their home in Pompano Beach, Fla., after three weeks' visit here with friends and relatives.

Mr. and Mrs. Lonal Bishop entertained a family gathering Saturday in celebration of the August birthday anniversaries, two in July and three to be in September, in the family. Steak, steak and more steak, grilled outdoors, was the highlight of the day for those with anniversaries "coming and gone".

Mr. and Mrs. Orville Laidlaw have been spending some time visiting friends around the state and plan to leave for their Fort Meyers, Fla., home after Labor Day.

Trudy Curtiss has returned to Flint Community College to resume her studies to be a dental hygienist after spending the summer with her parents. She was employed at the office of Donald L. Phelan, D.D.S.

Jerry Coffey is recovering at home after his recent trip to the hospital. His family has kept the Market open while he was ill. Three cheers for those plucky ones and Mary.

Several families of C. B. buffs went to an International Jamboree at Belleville over the weekend, sponsored by a Canadian group and the Night Owls from this country. Those attending from here were Mr. and Mrs. Kenneth Poley and daughter, Mr. and Mrs. Carl Yoder and family, Mr. and Mrs. Jerry Dillon, Mr. and Mrs. Edwin Deis, of Tipton and Mr. and Mrs. Paul McNett, of Hudson.

Mr. and Mrs. Darwin Smith left Monday for their home in Lodi, N. Y., after spending several days here with Mrs. Percy Bowen and Mrs. Earl Lindsley. They were en route home from Colorado Springs where they had visited Mr. Smith's brother for two weeks.

Mr. and Mrs. Thomas Gallant, Sr., had Mr. and Mrs. Chris Vallas of Hudson as Sunday visitors, and Mr. and Mrs. Vennard Gallant of Wapakoneta, O., as weekend guests.

Mr. and Mrs. Thomas Gallant, Sr., were honored guests at their own home Aug. 21 when their family brought dinner to them in honor of their 51st wedding anniversary. Those attending were Mr. and Mrs. Henry Howard, Jr., and son, Michael, Mr. and Mrs. Bruce Moore, Teresa and Doug of Saline and Mr. and Mrs. Henry Howard, Sr. The latter daughter made a decorated cake for the occasion.

The family of Mr. and Mrs. Henry Howard, Sr., enjoyed a train trip called "Operation Caboose" from Detroit to Port Huron Sunday and it included a picnic in Pine Grove Park, near the Blue Water Bridge. They boarded the train at the Brush St. station in Detroit, near the Bob-Lo pier and Cobo Hall, in case others are interested in such an outing with their family.

MRS. JOHN HAROLD WILLETT

Joyce Brugger and John Willett Wed in Friends Church Ceremony

Tecumseh Friends Church was the setting Saturday evening, Aug. 16, for the ceremony uniting Joyce Brugger and John Harold Willett in marriage.

The Rev. Paul Brantingham performed the candlelight ceremony, assisted by the Rev. Darwin Warner.

The bride is the daughter of Mr. and Mrs. DeArle Brugger, 316 W. Cummins, and the groom is the son of Mr. and Mrs. Harold Willett, of Sand Creek.

The bridegroom's father sang three selections during the ceremony. Mrs. Loren Avery was the organist.

The bride's empire-styled A-line gown of declustered satin featured a lace covered bodice with bell-shaped sleeves. Lace ruffling accented the neckline and sleeves, and a chapel train fell from the waistline.

A headpiece of petals and sequins held the illusion veil. The bride's only jewelry was a strand of pearls, a gift of the groom.

Mrs. Madeline Emery, sister of the bride, was the matron of honor. The bridesmaids were Mrs. Richard Logan, of Topeka, Kan., sister of the bride and Mrs. Thomas Klug, of Columbus, O. Carolyn Sue Brugger, sister of the bride, was the flower girl.

The attendants wore shades of green crepe, fashioned similarly to the bridal gown.

Gale Kimerer, of Clayton, was his brother-in-law's best man. The groomsmen were Olin Miller of Hudson and the Rev. Edward Endsley of Robinson, Ill. Dennis Brugger, brother of the bride, was the ring bearer.

The ushers were Richard Logan of Topeka, Kan.; Douglas Hall, Lansing; Ken Brugger and [illegible] of Clayton.

A reception at the church was attended by 300 guests.

The bride is a graduate of Onsted High School and Adrian College, and is a teacher at Onsted Community Schools. She is taking graduate work at Eastern Michigan University. Mr. Willett is a graduate of Sand Creek High School and is self-employed in farming.

The couple will reside on W. Gorman Rd., Sand Creek.

The bridegroom's parents entertained at a rehearsal dinner at the church on the evening previous.

4th Parachute Championship This Weekend

The fourth annual Michigan Sport Parachuting Championship will be held this weekend, Saturday through Monday, at Meyers Airport.

Jumping will start each morning at 10:00 and continue until dusk. Sponsor, Michigan Sport Parachuting Council, anticipates between 300 and 400 jumps.

New Projects Proposed

Iota Epsilon Chapter members of Beta Sigma Phi decided upon their projects for the year at a Wednesday night meeting, held at the home of Mrs. Jerry Barton.

Sending boxes to servicemen in Vietnam, Thanksgiving and Easter baskets for needy families, and needed articles for children at the Lenawee Institute are some of the things that the members plan to do.

A potluck dinner preceded the meeting with 11 seated for the meal.

Receiving the Ritual of Jewels degree were Mrs. Jerry Eggleston, Meredith Green, Shirley Hoffman and Mrs. James Newman.

Secret Sisters were revealed, and new ones drawn for next year.

Mrs. Jack Whelan was co-hostess and the gift was won by Mrs. Barton.

An auction was held for vacation gifts with Mrs. Green, Mrs. Eggleston and Mrs. Newman, the winners.

Grange Meeting

Cake and cookies will be served following the Tecumseh Grange meeting Thursday evening. The committee is Mr. and Mrs. Don Mueller, Noble Greg and Mrs. Hamilton Moore.

Sales Director Church Speaker Sunday Morning

CLINTON — "The Effects of Jesus Christ on our Daily Lives," was the subject of an address by Charles Simmons, of Saratoga, Calif., at the morning worship service in the United Church of Christ, Sunday.

Mr. Simmons is a national sales director for Bestline Products and he travels in training sales personnel.

His talk demonstrated the ways in which the same qualities of good salesmanship can help a layman "sell" Christianity to his fellow man.

Friends of Mr. Simmons came from Ft. Wayne, Coldwater, Mt. Pleasant, Midland, Dearborn, Livonia and Berkley to hear him, and there were 26 guests who attended a buffet luncheon at the parsonage home of Lay Minister and Mrs. Earl Lawrence.

Concert Organist Here Sunday

Clayton Erb, noted young concert organist, will be presented in recital at The Friends Church, 9480 Tecumseh-Clinton Rd., at 7 p.m., Saturday, Sept. 13. Mr. Erb will be playing the first public recital on the church's newly-installed Allen organ.

Mr. Erb began his musical studies in Philadelphia, Pa., at the age of seven. At age 15, he was staff organist of the coast-to-coast television program, "Youth on the March", with a listening audience of 22 million. He remained with the program for five years, later touring the country with several well-known gospel music groups.

In 1960, Mr. Erb was appointed minister of music of the Detroit Gilead Baptist Church. There he presently directs three choirs in addition to playing three services weekly. Gilead Baptist's annual Memorial Day concert, featuring the church's entire music department augmented by a professional concert orchestra, is a standing-room only affair.

Mr. Erb contributes a number of original compositions and arrangements to each year's program.

Despite a heavy church schedule, Mr. Erb manages to concertize throughout the United States as well as perform for a number of nationally-known recording companies. He has been heard often in Detroit's Ford Auditorium, and is an active member of the Detroit Chapter of the American Guild of organists.

The organ featured in the recital is a three-keyboard instrument, built for The Friends Church by the Allen Organ Company of Macungie, Pa.

Allen is the country's largest builder of electronic church organs. This particular instrument, custom-designed, installed and tonally finished by Allen in Detroit, is the largest Allen custom organ in the State of Michigan.

According to the Allen factory, it's the finest custom organ they've built to date, although they have built many larger ones for installation elsewhere.

New CHS Plans OKed by Board

CLINTON — Jahr-Anderson, architects, presented blueprints and final approval was granted for the new high school building by the Board of Education of Clinton Community Schools, at the regular meeting, Aug. 19.

The total project is estimated to cost $2,148,000. The 72,000-square-foot building area includes: gymnasium, auditorium and cafeteria, 26,000 square feet, and academic areas comprising 46,000 square feet.

Voters approved a $2,280,000 revenue bond proposal for the new high school a year ago.

Plans called for the advertisement of bids, Aug. 23 and Aug. 30, with documents ready for contractors, Aug. 28.

Bids will be opened Sept. 30 at 8 p.m. at a public meeting at the Central Administration office on US-12.

Separate proposals will be submitted on divisions of work as follows: architectural trades, mechanical trades, electrical trades and kitchen equipment.

Construction schedule calls for the awarding of contracts, Oct. 7; start construction, Oct. 15; substantial completion, Dec. 1, 1970; and final completion and occupancy on Jan. 15, 1971.

Werths Meet Here Sunday

CLINTON — The Werth reunion was held Sunday at the Smith-Kimball Community Center with Mr. and Mrs. Harry Werth, Mr. and Mrs. Hadley Werth and Mr. and Mrs. Marvin Glover as hosts.

Eighty attended the potluck dinner and "ate too much". They enjoyed an afternoon of games, swimming, visiting and reminiscing, bringing with them a number of old family photos.

Mrs. Annie Bower, 86, of Pontiac, accompanied by her sister Mrs. Lillie Richardson, 83, were the "youngest" there — exceeded only by nine-months-old Trever Aebrsold of Rochester.

Others attending came from Rochester, Troy, Pontiac, Port Huron, Auburn Heights, Highland Park, Long Lake and Evans Lake.

Driver Cited After Mishap

CLINTON — James S. Smith, 20, 512 Kehoe Rd., was given a summons for driving left of center when his automobile collided with a car driven by Ronald L. Jedele, 18, of 401 Jackson St.

Jedele told Clinton State Police that he was southbound on Clinton - Manchester Rd., just north of the village limits, when he saw the northbound Smith vehicle approaching in the wrong lane.

In an effort to avoid a collision, Jedele swerved to the left lane, and when Smith attempted to swerve to his proper lane, Jedele's car skidded sideways and was struck in the side.

Jedele and Smith were treated at Herrick Memorial Hospital for injuries.

CLINTON — A central administration office has been established in the former Schmidt house, near the site of the new high school, off E. Michigan Ave., and Superintendent Richard Wegner's office was moved there from the present high school, Thursday.

The spacious quarters have been carpeted throughout and the front rooms were painted a light beige, providing cheerful accommodations.

Also ensconced in offices there are Mr. Wegner's secretary, Mrs. James Christian; Mrs. Carl Duda, business secretary; and a new secretary, Mrs. Clarence Champanois, who will be assisting in both the superintendent's and principal's offices.

The Board of Education will have a room maintained in the new office for their meetings. The upstairs can be used for storage.

The move will also allow for the guidance counselor, Dan Schindler, to establish his office in the newly-vacated space in the present high school office.

Jacquelyn Martell and Barry Bradish Marry

The St. Gerard Catholic Church in Lansing was the scene of the wedding of Jacquelyn Grace Martell and Barry Lynn Bradish Friday evening.

MRS. BARRY LYNN BRADISH

White gladioli and chrysanthemums filled baskets on the altar.

Parents of the couple are Mr. and Mrs. Thomas E. Martell, Jr., of Lansing and Mr. and Mrs. Calvin G. Bradish, 512 E. Chicago Blvd.

The Rev. Fr. Weber performed the ceremony. Mrs. Vincent Redmond was the organist accompanying the soloist, James B. McMahon.

The bride's father escorted her to the altar. She wore a floor length empire styled gown of satin and chiffon with standup collar, ruffles and white daisy lace trim at the neckline and wrists. The lace also edged the chapel train.

She made her own bridal gown. Her fingertip veil was of illusion and she carried a colonial bouquet of yellow roses and white chrysanthemums with ribbon streamers.

Diane K. Martell, sister of the bride, of Lansing, was maid of honor in a floor length gown of olive green serrano in empire style with daisies encircling the neck. She wore a matching bow in her hair and carried an open end basket of yellow and white daisies.

Mrs. Bernard Dupke of Santa Ana, Calif., sister of the [illegible] and Mrs. Ken Anstey of Lansing, and Mrs. Richard Spratt of Ypsilanti, were the bridesmaids.

Amy and Abbey Dupke of Santa Ana, nieces of the bride, were the flower girls, attired as the bride.

Larry Brenner of Ypsilanti was best man and the 200 guests were seated by Roger Jones, John Joy, Jack Campbell and Lynn Bradish, brother of the groom, all of Ypsilanti and Richard Opsal, brother of the groom, of Hudson.

A buffet reception was held at Majella Hall in Lansing. Special guests were Mr. and Mrs. Carl Garlow of Centerline, Mrs. Bernard Dupke of Santa Ana, Calif., and Airman John Martell of Las Vegas, Nev.

The bride holds a bachelor of science degree in social work from Eastern Michigan University and the groom has a degree in business administration from EMU. He is employed for Lybrand, Ross Bros. and Montgomery in Ypsilanti.

The rehearsal dinner was given at the home of the bride's parents by the groom's parents.

The newly-married couple will live at 25 Johnson St., Apt. 9, in Ypsilanti.

MRS. LELAND DOUGLAS GREEN

Linda Lou Richards and Leland D. Green Wed

Linda Lou Richards appeared at the altar of the Raisin Presbyterian Church, Holloway, Aug. 24 on the arm of her father to become the bride of Leland Douglas Green.

Parents of the couple are Mr. and Mrs. Roger W. Richards of Adrian and Mr. and Mrs. A. Elwyn Green of Holloway.

The bride was attired in a dress of silk linen, made by her mother, with an A-line skirt, empire waist, lace bodice and bell sleeves.

A bow matching her dress held her veil of illusion in place and she carried a nosegay of white roses and yellow carnations.

Susan Payne, cousin of the bride, was maid of honor in a dress of blue silk linen fashioned like the bride's. A bow held her shoulder length veil and she carried a nosegay of white carnations with long white streamers.

Judy Richards, sister of the bride, and Mrs. William Sandefur of Ypsilanti, former college roommate of the bride, were the bridesmaids, attired as the maid of honor.

Larry Green served as his brother's best man and the 175 guests were seated by Dennis Green, brother of the groom and Terry Haughn.

A reception was held in the Fellowship Room of the church with Mrs. Larry Green, Mrs. Robert Fox, Mrs. Arthur Smith, Randy and Rebecca Bishop, Rebecca Richards, Carol Galloway and Jane Pitts assisting with the serving.

Carolyn A. Sebring Weds Ronald F. George

Carolyn Arlene Sebring and Ronald F. George of East Lansing were united in marriage in the First United Presbyterian Church chapel in Adrian Friday evening by the Rev. William Winch and the Rev. Fr. William Carolin.

Candelabra with lighted tapers and one large arrangement of daisies enhanced the altar.

Parents of the couple are Mr. and Mrs. Mahlon Earl Sebring, 708 Inner Dr., and the late Mr. and Mrs. Valtine George of Detroit.

Mrs. F. C. Dickinson presented nuptial music and accompanied Jay Phelps, the soloist.

Attired in a street length empire dress of crepe and lace, the bride approached the altar on the arm of her father.

Lace was used to make the bodice and long tapered sleeves ending in points over the hands and to trim the watteau back.

Her shoulder length veil was secured with a bow and she carried a colonial bouquet of daisies and yellow rosettes.

The bride wore her grandmother's diamond and pearl necklace which had also been worn by the bride's mother and aunt at their weddings.

Linda Harrington of Farmington was the maid of honor in a light yellow dress and the bridesmaid was Louann Geringer in light blue.

Toby George, brother of the groom, of Ann Arbor, was best man and Fred George, another brother, of Detroit, was the usher.

Hurricane lamps set in wreaths of daisies flanked the wedding cake.

Laurie Faling and Sue Sisson attended the punch bowl and Amelia George, sister of the groom, assisted in serving coffee and tea.

Following a weekend tour of the state, the couple will live at 200½ East Walker, Apt. 1, St. Johns.

On Carrier USS Intrepid

Sonar Technician 3/c Robert E. Hart, Jr., USN, son of Mr. and Mrs. Robert E. Hart, Sr., of 103 S. Democratic St., is serving aboard the aircraft carrier USS Intrepid.

The Intrepid is now completing a major overhaul at the Philadelphia Naval Shipyard. The ship is being converted from a "special" attack carrier back to its former role of anti-submarine warfare carrier.

Almost 900 feet long, the Intrepid has aboard all the facilities of a modern city. It has everything it needs to make it a self-supporting community, from a hospital to a soda fountain.

The ship has a crew of over 3,000 officers and men. It is homeported in Norfolk, Va.

Children Read Ten Good Books During Summer

Mary Beth and Robert McKie, children of Mr. and Mrs. Robert C. McKie, 1402 Shepherd Rd., was among the 40 children who have completed the requirements for the Aerospace Summer Reading Club at the Lenawee County Library headquarters, Adrian.

The requirements are that a child must read and write brief reports on 10 good books during the summer.

Those who have completed the project will receive invitations to a reading club party to be held at the library later this month. Certificates will be awarded at the party.

Roger Gentz Gets MSU Scholarship

Roger R. Gentz, Tipton, has been named the recipient of Michigan State University's Kenneth Kingsley Smith Memorial Scholarship.

Gentz, son of Mr. and Mrs. Richard Geptz, 6681 Monroe Rd., is a sophomore majoring in crop science in MSU's College of Agriculture and Natural Resources. He is a 1968 honor graduate of Onsted High School and a past president of the Onsted chapter of Future Farmers of America.

The $300 scholarship is provided through a memorial fund established for the late Kenneth K. Smith of Deerfield who was killed in an auto-train accident in 1966 at the age of 26. Smith was a graduate of the College of Agriculture and Natural Resources and had been active in youth and agricultural activities in southeast Michigan.

New... At Brick Walker Tavern

Bob and Kay Brandt, new proprietors this year at the Brick Walker Tavern, have given the antiques in the antique building a face lifting. Decidedly proud of the collection of "the finest European antiques that can be bought", the couple have arranged the charming old furnishings, glass, porcelain, paintings and other artifacts as though they might be in use.

Table settings of fine China are displayed in the huge dining room on precious old tables of Sheraton, Chippendale, Hepplewhite styles, even an Irish mahogany hunting table where one stands to eat is used to hold several fine collector's items.

Cranberry glass, Royal Worcester and Staffordshire from England as well as many others are exhibited on a breakfront of Honduras mahogany, a Dutch sideboard straight from Holland and on the various secretaries.

The Tavern boasts the largest selection of antique clocks in the United States from the grandfathers right on down to dainty time pieces.

Art glass, wedgewood, Imara China, copper luster, pewter mugs, and plates, bisque figurines, oriental vases, Bristol vases, brass, copper and bronze, water pitchers and measures and carnival glass are all found in abundance in the many rooms of Brick Walker Tavern.

Bronze statues, Tiffany glass, even a rare Mary Gregory sugar and creamer are carefully protected in a glass display case.

Marble top comodes and wash stands, inlaid tables dating back to the 1600's, are among the many interesting pieces as well as a Chippendale ball and claw mahogany gaming table, very costly.

The third floor of the tavern originally used as a ball room still has the original plaster and paint and the lighting fixtures long since converted to electricity but still containing some of the kerosene used in [illegible] days.

A mammoth castle candle stick used in England which must have contained a [illegible]strous candle at one time is on the third floor, along with four or five parlor sets, Windsor and Benjamin Franklin rockers. Bob also imparted the information that the signer of the Declaration of Independence was also the first one to put rockers on chairs, among his many other inventions.

Bob Brandt grew up with antiques, having lived in Hershey, Pa., with the Pennsylvania Dutch. He and his wife, Kay, have a 20-month-old daughter, Deborah.

They expect to remain at the Tavern through this winter and perhaps keep it open for visitors, closing only Mondays and Thursdays.

The young antique buff said that their merchandise is purchased directly from Europe and England, eliminating the middle man and for this reason, they are able to offer special dealer prices. One might find a valuable piece at the Tavern for quite a reasonable price due to the fact that the Brandts sell according to how they buy. If they don't pay too much, they don't ask too much when the item is sold.

New shipments are brought in about every two weeks and Bob and Kay try to change the appearance of the merchandise about once each month.

They do not handle jewelry, guns or souvenirs.

Admission to the old Walker place is 50c and 25c for children with a $1 maximum refund on purchases up to $25. Full admission is refunded on purchases more than $25.

Hours are from 9 a.m. to 5 p.m. week days and Saturdays except Monday and Thursday and from 11 a.m. to 5 p.m. Sunday.

WEEK OF THE ROBINS

It was a long time in coming but, as so often happens, the wait was well worth while. Everyone else had yards full of baby robins, there actually seemed to be a bumper crop of them; for ever so long though we just didn't seem able to attract any families into the yard at all. It wasn't until the second week of August that word finally flashed around, "Tasty worms are available in the Duncan's yard."

It is quite a communication system that these birds have. All at once there were stubby tail babies and poor over-worked adults everywhere. Bird books have a way of over-simplifying things; they break down bird behavior into nice compact little patterns, they make definite statements about what birds do and what they don't do, they lay down inviolate laws.

This would all be fine, of course, except, as we have so often said, the birds don't always read the books. One article about robins was emphatic in saying that the female fed the babies in the nest and the males take over for two weeks after the fledglings leave home. With the first part of the statement I have no quarrel but we definitely had both male and female robins stuffing worms down the throats of youngsters.

No male could possibly have been as bedraggled and have had such a washed-out reddish breast as did one poor soul we saw.

The young robins were as funny as ever, though; in both actions and appearance they are comic characters. First of all, their appetites are absolutely fantastic, they are always hungry. And this means that they are always begging.

When first out of the nest, they are big round balls of feathers which sit and impatiently wait for food to be brought to them but they quickly grow longer tails, sturdier legs, louder voices, and then start tagging after their parent or parents.

★

THEIR FEATHERS are ragged, their fat fronts are heavily spotted and just beginning to show a slight tinge of reddish color, the white bibs under their bills are unstreaked, and the white circles around their eyes are large and conspicuous.

At the corner of our porch there are five or six pieces of flagstone which form a mini patio for people or an oversized picnic table for the robins. Grass grows between the flags and the robins are forever pulling worms from these grassy strips.

We laugh at one particular robbin, who ran into trouble somewhere and now has a ridiculous-looking tail consisting of one bedraggled feather, because when she grabs a worm and drops it to the flagstone, the worm wiggles and she jumps back almost as if in fright.

Squirming worms do not seem to bother the other robins but this one is always startled. Every bite she takes produces some wiggling which in turn frightens her. It must be a nerve-wracking meal she eats.

Once the robins started bringing their families, we enjoyed a week of feverish activity. Gradually it tapered off and now the action comes in waves, a few days will be frantic and then a lull sets in.

Earlier in the summer, when we almost despaired of having robins, we went to the bird books. In almost sheer desperation we figured that if we could not have them in person, we could at least read about them.

★

ALL, SOME unusual things popped up — I suppose you should take what follows with a grain of salt, not the salt you use to put on the robin's tail to catch it, either.

The authors of "Familiar Garden Books of America" were undoubtedly sure of their facts but I am not sure they know our robins. Their birds, however, flap their wings 2.3 times per second, fly at the normal speed of 25 to 28 miles per hour, and upon landing, flick their tails once or twice. Ho, ho, a robin just lit on the top of the creek bank with nary a tail flip. I just knew that our robins were illiterate.

But getting back to the facts and figures, robins migrate northward averaging about 38 miles per day. By the way, they are daytime migrators, too. And one last thing, Collins and Boyajian's birds or at least one of their young robins ate 14 feet of earthworms on its last day in the nest.

So it is that the reading about them was interesting and fun, but I must admit that first hand experience is better and fortunately we have enjoyed much of it since that wildly exciting week of the robins.

A New Life

BY BILL SANFORD

It has been a good 20 months. It is sad to leave Tecumseh for the hills of Pennsylvania, but that is the way things have to be sometimes. I have had to turn over the woods and hills of that farm on Yankee Rd. for a new life and a new love, far away.

Going out and saying goodbye to the sky and the trees, the magnolias and dogwood, especially, is difficult. A little boy once dreamed beneath them in the solace and comfort of midwestern farm country.

I am leaving for a newspaper in Chambersburg. Being assistant managing editor and news editor combined, will be difficult at first and probably more so later on. But those magnolia and dogwood trees knew of my love for politics and the scoundrels and honorable men alike who wear the mantle of the electorate's favorite appeasers.

I will be grateful for many years for the experience and knowledge I have learned at The Herald. Without it I might have gotten a job as a reporter who got handed slips every morning on what stories he was to cover. With it I give out the slips and nervous breakdowns.

The group around The Herald I doubt can be replaced for being the people that they are. Individually speaking, and that is the best way to consider people, they all bear qualities which make employment a joy and not a procedure to endure until you are hauled off to the crypt by six fr[illegible] weightlifters.

For years I had to wake up and feel as though the best thing to do was turn over and go back to sleep; there wasn't really anything to get up for. Then I went to work here and that all changed. The mistakes you make in your life are hard to overcome, especially when people do not let you forget them. Every man walking the streets is ashamed of something something in their lives; I made the mistake of not trying to hide them.

The Herald changed my life in more ways than one, and I hope perhaps I have left some influence upon it.

As I say, I hate to leave Tecumseh and The Herald, but that is the way that things are. I have worked for only two peple for whom I've held respect and admiration and they never let me down for it, Sen. Elmer Porter and Jim Lincoln.

I'll miss Dorothy, Bish, Almina, The collection of Bills, Maxine, Marv and the kids who work around the paper, that is all part of leaving.

The Public Opinion, where I'll be working, ran a story which had the line, "A man who sticks up and fights for what is right against numbers who are in doubt, is the majority." I think I'll like it there, too.

The liquor situation in this country, especially among the youth, is destined to become serious. It is the church's responsibility to combat the evils which arise from drinking. In September the regular worship order will be used at 10:30 a.m. with the administration of the Holy Communion, Sept. 7.

The Sunday School will also resume on Sept. 7 at 9:15.

Fire Leaders Meet

MACON — The fall planning meeting of the Tecumseh Area Camp Fire Leaders Association was held Aug. 11. President, Mrs. John W. Swanston presided. Four leaders and three assistants were present.

The Clinton leaders were not in attendance, as they plan to form their own association. The Tecumseh Blue Birds, the sixth grade and the Junior High groups are in question at this time, as leaders have not been found.

Mrs. Swanston announced the resignation of the executive director, Mrs. Mary Hanson, effective September 30. As yet, neither a field director nor an executive director have been secured.

Numerous suggestions are to be given to the executive board, regarding complaints which were presented by the leaders.

Plans were discussed for the Mother-Daughter tea to be held Sept. 30, in the Tecumseh Credit Union Hall. The theme will be American Heritage in Camp Fire. Each group is to develop its own interpretation of the theme. Mrs. James Thomas suggested that former styles of the Camp Fire Costume be displayed. Suggestions of possible speakers were given. They will be contacted later.

Day Camp attendance was: Blue Bird — 4; Camp Fire — 14.

Mrs. Swanston agreed to continue as representative to the official board.

Election of officers was held, with results as follows: president, Mrs. Richard Birdwell; secretary-treasurer, Mrs. Paul Hover; publicity, Mrs. James Thomas.

It was recommended that more local news should be given to the Adrian Telegram, Tecumseh Herald and the Camp Fire office. Each leader is to prepare a report on her group's activities each month and give it to the publicity chairman at the monthly meeting, so it will be in before the deadline of the Camp Fire Newsletter.

Mrs. Jorge Galindo and Mrs. Hover reported that their two Camp Fire groups had worked at the ice cream social, giving service to the Tecumseh Jaycee Auxiliary during the recent Sidewalk Sale. A "thank you" note has been received from the Auxiliary.

It was moved that each leader will be responsible for furnishing UNICEF boxes for girls in her group who do not receive them elsewhere.

In order to continue th Parent Newsletter, a purchase order was made for stencils and copy paper.

The final action of the business meeting regarding a fund-raising project: an eat-booth and bake sale at the Labor Day sky-diving meet at the Tecumseh Airport. Mrs. Birdwell will be in charge. Each leader will contact her girls and their parents for donations of food or money, and will set up a work schedule for her allotted time. Mrs. Dean Hamilton offered their pickup to be used as a service table. Mrs. Hover will contact the proper officials at the Airport.

Wilson Site Is Annexed

Annexation of the Harvey Wilson property, approximately 650 feet on W. Chicago Blvd., and about 600 feet deep, was approved by Council Tuesday evening.

The annexation also includes an 88-foot strip behind Joe's Market, a parcel which borders property recently annexed and approved for apartments.

In Council's action, officials approved annexing the front or northern part for commercial usage, and the south section for RA-1 or residential.

According to City Manager Cal Zorn, Mr. Wilson, former auto dealer, plans to construct a new laundromat next to the Les Dallas Dodge-Rambler agency.

Mr. Wilson was a long-time car dealer and recently sold his remaining interests in the agency to Mr. Dallas.

Only section in the immediate area there not in the city is the former Tecumseh Lumber Co., property now occupied by Tecumseh Plywood, and owned by Howard Truesdale.

Council acted on the annexation after learning that the Tecumseh Township Board had released the property at its August meeting.

Bill McCrumb, manager of the Tecumseh Woolworth store for the past year and a half, has been promoted by the company and will assume new duties Friday in Mansfield, O.

New manager here will be James Banas, a native of Cleveland, O., who was an assistant manager at Brunswick, O. He plans on moving his wife and baby daughter here in the near future.

HERALD PHOTO BY BILL WHITING

FIREMEN CARRY JOHN BRYAN TO SAFETY — AND AMBULANCE.

Youth, 18, Trapped in Mishap, Not Hurt

John Bryan, 18-year-old son of Mr. and Mrs. Oscar Bryan, 310 W. Shawnee St., luckily escaped serious injury Friday afternoon in a tractor accident behind Tecumseh Saw Shop on N. Evans St.

John was on and operating the tractor at the time and attempted to jump off. He missed and became entangled with the tractor sliding down the slope.

Bruce summoned help and State Police, Tecumseh police and firemen responded. John was trapped beneath the tractor the tractor and a small trailer to the edge of a 10-foot embankment behind the shop when the tractor and trailer slipped over the edge and tumbled down toward Evans Creek.

John and Bruce DesErmia were hauling debris and stone for the Tecumseh schools when the mishap occurred.

The injured youth had backed with one wheel resting on his abdomen.

A wrecker from Ed's Standard pulled the tractor off of him as a State Police officer steadied the vehicle from tottering over and onto the youth.

Sheriff's ambulance rushed him to Herrick Hospital where preliminary examination showed only bumps and bruises, and no broken bones. He was held until Monday for observation, and was back working for the schools on Tuesday.

School Enrollment Up

Unless dropouts top new enrollees, the Tecumseh schools will set a record enrollment for 1969-70.

Officials had anticipated an enrollment of approximately 3,400, but the actual figure could well be at least 50 over this mark.

Last year, for example, enrollment the first week at the Junior high was 515. This year, officials are expecting approximately 580, an increase of 65. Three morning music classes already have been scheduled for the basement of the Tecumseh Public Library, just across the street from the Junior High building.

Over 300 are expected in the seventh grade alone.

High School officials are still not certain of attendance there as many did not show up for the regular enrollment. However, some of these youngsters are known to be out of town and are expected to enroll on their return.

Last year during the first week, THS had 1,183. This figure could be equalled, perhaps surpassed if most of those who failed to register Wednesday turn up later this week or next Monday.

The elementary sections are running about as expected and should settle on the approximate figure of 1,775. Many newcomers, however, have enrolled and there are some children who were expected Wednesday morning but did not show.

A problem for school officials, according to Supt. James McDowell, could be the kindergarten. There are eight sections of kindergarten and the first attendance figures show 281 coming to school this Thursday.

This would make some sections over 34, a maximum number and not considered desirable for youngsters attending their first year in school. Teachers with grades of more than 34 pupils are paid in addition to their regular salary, according to the master contract.

More definite enrollment figures will be available in about a week, and the official enrollment for the schools will be set on Sept. 26, the fourth Friday in September.

NEW TEACHERS — Eleven new teachers have been added to the roster of the Tecumseh school system. They are, first row, l. to r., Margie Allen, Macon; Dianne Helms, elementary phys. ed.; Valerie Masterfield, music; and Marjorie Eidson, Jr. High. Second row, Suzanne Baird, Junior High; Elizabeth Balsanek, High School; Nancy Mead, Tecumseh Acres; and Annabelle Bock, Ridgeway. Third row, Stephen Lyell, High School; Janis Opperman, Herrick Park; and Steve Adair, Junior High.

Assure Developers Plans Approved

Council and city attorney, James Beardsley, assured Ernest Oliver and Joseph Conklin, owners of property north of Burt St., that their plans for a new subdivision there had been approved.

They said Council had approved their plans at an August session, contingent on a favorable recommendation by the Planning Commission. The Commission approved the plans at a special meeting last week.

B & E Reported at Bailey Olds

Keith Bailey Oldsmobile agency was broken into over the weekend with the thief, or thieves, taking $6 in currency plus a $57 check.

Entry was gained through a side door after a window was broken. The door was then opened by reaching through and releasing a latch.

Tecumseh police had discovered the burglary before the agency was opened for business Tuesday morning.

5 Accidents Investigated by Police

Five accidents were investigated by the Tecumseh police during the past week and three involved personal injury to drivers and passengers. Fortunately none was serious.

A resume is:

Aug. 26 — David Soto, 18, Adrian, rolled his compact auto after his brakes failed on S. Maumee at Russell Rd. He swerved off the street to avoid other cars.

Aug. 29 — Shirley Ann Chrisman, 22, of 9103 N. Union, and Sandra E. Withrow, 25, of 5694 Holloway Rd., were cited for improper parking after their cars were damaged while parked on E. Patterson St. Motorist Harold H. Robinson, 32, Adrian, ran into both vehicles. Ms. Withrow suffered minor injuries.

Aug. 30 — Samuel Cepeda, Adrian, reported his car damaged while parked in front of Gambles. Police ran a license check on other automobile and found it to belong to Ester May of Deerfield.

STARTS 8TH YEAR — Coach Tom Fagan begins his eighth season as head football coach here next week when the Indians will be out to avenge a 27-13 loss last year to Hillsdale. He'll have some gridders by the names of Greenfield, Hackett, Rutkofsky, Tilton, Kennedy, Smith, Geisenhaver, Pieh, Gibson, Burns, Kennedy Girbach and others to help reach that goal. Next week The Herald will picture all players, including camp and scrimmage photos, plus probable starting lineups. The Indians will not be big, but surprises often come in small packages.

Dave Schoonover Tapped for Board

Tecumseh Jaycee Dave Schoonover was selected by the Michigan Jaycees to become a member of the Board of Trustees of the Michigan Jaycee Foundation at a recent weekend convention.

Tecumseh Jaycee President Ron Albert and his wife and Mrs. Schoonover also attended the event.

The Foundation is a non-profit trust fund, similar to the Ford or Rockefeller Foundations, with the sole purpose of granting funds to local chapters for community development activities.

In addition to reviewing and approving requested grants, Mr. Schoonover will be active in solicitations for the Foundation.

Other business conducted at the state meeting in Muskegon was a review by the Jaycees of a stand taken by the state organization on the financing of school operations by some other means than property taxes.

The next regular meeting of the Tecumseh Jaycees will be Sept. 4 at 8 p.m. in City Hall. Any man between the ages of 21 and 35 is invited to attend and join.

Tecumseh Players Having Tryouts Monday Evening

There will be a general membership meeting of the Tecumseh Players, Monday, Sept. 8, at 7:30 p.m., in the Community Center.

Tryouts for the first presentation of the season, "The Curious Savage," will be held immediately after the meeting. There is a cast of six men and five women needed, ranging in age from early 20's to 60's.

It is not necessary to be a member to try out for a part.

Addresses Sought By Auxiliary

Addresses of servicemen are needed again by Tecumseh Jaycee Auxiliary, who will place them on a bulletin board in the United Savings Bank by Oct. 1, for use by those who wish to send holiday greetings to the men.

The addresses should be mailed, not telephoned, to Mrs. Terry Ridgway, 3421 Gove Dr., or Mrs. Darrell Staup, 600 Blanchard St.

DEDICATE SATURDAY — Tecumseh Exchange Club donated a set of swings of sea animals in the memory of the late Orville Bishop Saturday morning at Tecumseh Park. Accepting the gift is Ward Eardley, right, recreation director, from Doug Dunn, Exchange Club president. Looking on are Richard Bird and George Choske.

BEHIND PAGE ONE

An old photo taken about 1932, sent to The Herald by **Mrs. Orville Laidlaw,** showing the members of the **Abi-Evans Chapter, DAR** and the **Monday Club** presenting a play entitled, "A Day in Naturalization Court" proved to be highly entertaining to the staff. It is a shame that the faces on the picture have faded enough to make them unrecognizable in the newspaper. We would like to have printed it for our readers.

James Merrill, 13, of Hillsdale, who was visiting his grandparents, **Mr. and Mrs. Max VanCamp,** rescued a kitty after the Police and Fire Departments and the Pet Watchers all decided it was a lost cause. While Gramp held the extension ladders, Jimmy coaxed the howling white, gray and yellow feline with a bell around its neck, down to a 50-foot height where he could be reached. Why the cat stayed up in the huge tree at the corner of Kilbuck and Ottawa Sts. for four days and howled is anybody's guess, but he didn't waste much time in leaving for home as soon as he got a little food.

The latest hurricane, currently kicking up a fuss in South America, is named **Francelia.** The only gal hereabouts with this unusual name that we know, is **Dr. M. R. Blanden's** wife, **"Frenchy".**

Engagement of Catherine Vera Wallace to James D. Craig is being announced by her parents, Mr. and Mrs. Leo B. Wallace, 8950 Carson Hwy. The groom-elect is the son of Mr. and Mrs. Fred Craig of Milan. Miss Wallace was graduated from Cleary Business College and is employed by The Mathee Co. in Milan. Her fiance also attended Cleary College and is presently manager of Cloverleaf Lanes in Milan. The couple plan to be married Oct. 18.

Parents Often Not Familiar

While high school students are generally aware of the attendance policies, according to Neville Hart, principal, many parents are not familiar with the absence and tardiness rules.

Pupils, who have been absent, have until 4 p.m., on the date they return to school to furnish a parental excuse, either in writing or by phone.

If the parental excuse is not furnished, the absence becomes unexcused . Parents will be notified of the first unexcused absence either by phone or by mail if the parent cannot be reached by phone.

Succeeding unexcused absences will result in disciplinary action being taken in the form of suspension from school for not more than five (5) days for each unexcused absence.

In addition, each unexcused absence will cause an E to be assessed for each class missed. Each absence due to suspension will also cause an E to be assessed.

Suspension from school means that the pupil is not considered as a student of Tecumseh High School for the period of suspension, and is not entitled to the rights and privileges as such.

In the event of suspension from school for either excessive tardiness or absenteeism, it is mandatory that one or both parents accompany the student to school and confer with Mr. Poley, Assistant Principal, before the suspension can be terminated.

Pupils who wish to be excused for the purpose of making a trip must receive permission from the assistant principal in advance. This involves a request in writing by the parent or guardian.

Pupils will be permitted three unexcused tardinesses each semester. Each unexcused tardiness after the third will be considered as an unexcused absence with the same penalties imposed as for an unexcused absence.

Excuses for tardiness will be accepted from teachers or parents only, and must be filed with the attendance office by 4 p.m. on the day following the tardiness.

Mabel Retires at Products

The girls in the Insurance Office of the Tecumseh Products Co. arranged a unique dinner party for Mabel Lockwood last Thursday evening.

Parts that make up a refrigerator compressor were used as table decorations at the Holiday Inn where Mabel had dinner with about 25 fellow employees.

Crankcases were filled with flowers for centerpieces, push rods were ash trays and cage bearings were used as candleholders.

Miss Lockwood was presented with an orchid corsage for the evening and an AM-FM radio.

Mrs. Tommy McCarley and Mrs. Marvin Higgins made the arrangements for the party and the decorations.

Friday, Mabel's last day after nearly 25 years at the Products Company, she served cake to 300 fellow employees of both office and factory, in the cafeteria. Mrs. Eldon Lawhead made and decorated a cake with the masthead of the TP Broadcast and appropriate headings and stories for the occasion.

The honored guest didn't want to cut it, "it was so pretty."

Fellow employees presented her with a Royal portable typewriter, and instamatic camera and case and the Credit Union gave her a patent leather purse.

Miss Lockwood lives at 213 S. Van Buren St. She started work at the Products Feb. 12, 1945, as secretary to the industrial relations director, a part of the personnel department where she has always worked.

Mabel is perhaps better known as editor of the company paper, the TP Broadcast, published monthly. The late "Red" Wilson was the first editor and Mabel was given the title in 1950. The current edition is issue 2 of volume 29.

A 1919 Tecumseh High School graduate, Miss Lockwood worked at the Central National Bank in Cleveland for 20 years before illness in the family called her home.

She is an active member and official in the Friends Church and a teacher in the church school.

She served as president of the Business and Professional Womens Club for two years.

Mabel plans to do some traveling and continue her photography hobby during her retirement years.

Resolutions Are Passed

Council approved two resolutions affecting the community Tuesday evening, one involving construction of a new Globe Mill Pond dam and another for construction of a million-gallon holding tank at the wastewater plant.

The Pond resolution permits City Manager Cal Zorn to apply to the Natural Resources Department for permission to build the dam. Plans and specifications for the dam have been received, but no funds have been allocated for its construction.

Mr. Zorn says he hopes to obtain some state or Federal grants for financial assistance.

The second resolution permits the city to seek state and Federal aid for a $300,000 addition to the disposal plant. The new holding tank will serve industrial wastes from the Tecumseh Products and also wastes from the community.

The company, according to the city manager, has agreed to share in financing the holding tank along with the city, state and Federal governments.

Mr. Zorn says the new tank, which will not become a reality at least for a year, will permit an even flow of waste through the plant.

Jamie Danforth was second runnerup in the Queen contest at the Lenawee County Fair this year. She was sponsored by the Kiwanis Club members. Jamie, the daughter of Mr. and Mrs. James Danforth, 804 Outer Dr., modeled in the fashion show at Richland Furs, Inc., Blissfield, Saturday and was offered a position as model there evenings and weekends.

God Is My Landlord

(Continued from Aug. 21)

"The example of Perry Hayden, with his vision and enthusiasm, means much to all who are privileged to know him." . . .

James L. Kraft, Chairman of the Board of the Kraft Cheese Company, highly endorsed the great Tithing Demonstration and its contribution to the cause of stewardship.

"I have been keenly interested in watching the progress and am now happy that it has so clearly demonstrated the importance of tithing. Tithing should be planned at the beginning of our lives or business. Take it from me, I know that it pays to tithe." . . .

Millard H. Pryor, President of the Barnes Manufacturing Company in Mansfield, Ohio, successful businessman says:

Tithing is second nature to me, because my mother sold me on the idea of tithing the first money that I made. The more one gives or shares, the more money one will earn, and there will be a greater tithe to give. I believe that we should seek not only how to make money, but we should plan giving as well as acquiring." . . .

David Petty, President of the Chas. D. Roberts Company, manufacturers of wood specialties in Greensboro, North Carolina, says:

"Tithing is a regular practice with me, and I attribute much of the success of our company to my sharing our profits with the Lord."

Kenneth S. Keyes, one of the most successful and largest Realtors in Florida, says:

"I am most thankful to the Lord for helping me to see my responsibilities as one of His stewards. I have tithed my private income for many years. We tithe our corporation income, too, and God has honored that. I can say from practical experience that it has worked. I commend it to you." . . .

Perry Hayden offers the following figures for the skeptics to "mull over." We pass them on as they actually appear and allow the reader to be the judge.

For "round figures," let us assume that the average yield per acre of wheat in Lenawee County, Michigan, during the period of this experiment was 30 bushels per acre, but it actually varied from only 24.1 to 28. The nation's average for this same period was from 14.7 to 18.1 bushels per acre. But let us give the skeptics every benefit of the doubt and make it 30 bushels for our illustration.

Lenawee County is one of the best wheat producing counties in Michigan. Almost every farmer plants two bushels of seed per acre, for the maximum yield. At the rate of a 30 bushel yield, and planting two bushels of seed per acre(it would be a 15 fold return.

Now starting with one cubic inch, the same as Perry Hayden did, the first year's yield would obviously be 15 cubic inches of wheat. For the sake of argument, with everything in favor of the skeptic, let us NOT take out a 10% tithe as was ALWAYS done in the Dynamic Kernels experiment, but replant the ENTIRE 15 cubic inches of seed. If you multiply this by 15 again, you will find that the 2nd year would yield 225 cubic inches of wheat. Replant ALL of this again and the 3rd year, your pencil will convince you of a yield of 3,375 cubic inches; the 4th year would be 50,625 cubic inches; the 5th year 759,375 cubic inches. The 6th year would be 11,390,625 cubic inches! There are 2,150 cubic inches in a bushel, so this would make 5,297 bushels of wheat, increasing at better than the average county yield, and WITH NO TITHE TAKEN OUT EACH YEAR.

In contrast to the above AVERAGE result of 5,297 bushels from a natural mathematical increase in 6 years, the Dynamic Kernels demonstration in the same period actually increased from one cubic inch to 72,150 bushels. AND THIS WAS AFTER 5 TITHES had been taken out the first 5 years! Thus the "BIBLICAL" yield, by God's plan, was over 13 times as much as a "natural" yield for the same period. God's TITHE ALONE from the final harvest was worth over $14,000. The ENTIRE harvest based upon a 15 fold "natural" increase when God did not receive HIS tithe would only have been worth $10,594.00. What greater proof for modern skeptics as to the truth of God's word!

The tither, in every walk of life, will discover hidden "acres of diamonds in his own back yard," as Russell Conwell so vividly portrayed in his celebrated lecture.

CHAPTER 23

Last Chapter Can Never Be Written

The last chapter of this unique experiment can never be written . . . Its influence will go on and on until the end of time . . . the seed, the morals and the good works from the tithes, will continue to multiply all down through the ages.

Through the cooperation of loyal tithers, the story will be reenacted for years to come, in a beautiful color-sound moving picture of the complete six-year project. It is now available in 16 mm size for churches, schools and any other groups interested. The story in this book re-lives in the original color, action and sound, through the choice pictures taken by Ralph Comfort, newsreel men, industrial photographers and individuals, during the actual six-year project.

When the final year of demonstration was over, and while Perry was waiting for the new film to be completed by McHenry Films, he accepted an invitation to take the "old silent pictures" to Mexico.

This turned out to be an excellent proving ground for the future program of the Foundation. No one could believe what widespread interest had been created in this demonstration, without being on that trip. Newspaper editors, ministers and church people, all the way from Tecumseh to Mexico City, were familiar with the story and eager to see the pictures.

The most outstanding examples of the possibilities of this unusual movie, were clearly demonstrated in four widely diversified types of audiences.

The first was at a Mission School in Tamazunchale, Mexico. There were several hundred Aztec Indians gathered from the hills and villages in that tropical section of Mexico. They sat spellbound for an hour and a half, as the pictures were shown, and Perry's message was relayed to them through an interpreter. This Mission was founded by Rev. James Dale, and his wife, who was a doctor and has since passed away. The work is being carried on now largely by their son, Dr. John Dale and his wife. They were enthusiastic in their praise of the spiritual value of the tithing picture in missionary work. They asked for the pictures with a Spanish sound track.

The next showing was at millionaire Bowling Wright's private Egyptian Theater, where he had invited about forty select and influential leaders of Mexico City. They were equally as much impressed with the story and agreed that the film should be produced in Spanish.

The third showing was at a mass meeting, sponsored by the Maranatha Club, headed by Fernando Rodriguez of Mexico City, in the Y.W.C.A. Auditorium. This was a mixed audience and was composed of a good cross-section of Mexican people. They were outspoken in their praise of the spiritual message that this picture brought.

Editorial Refuted by Councilman

Councilman Wallace Whiting polled his colleagues Tuesday night in refuting an inference that Council's decision to table a decision about a building permit request from Tecumseh Corrugated Box was a pre-planned action.

All councilmen agreed that they had not discussed the problem with him before the meeting.

Mr. Whiting, who made the motion to table the discussion, also said his remarks were based on facts and did not involve any technicalities.

Teens Are Building

Teen Club members are trying to build some bridges.

A new addition to the local scene is a newsletter planned to assure the service clubs and interested persons a means of keeping in touch. The teens are trying to improve their methods of communication, and felt that this was an efficient, if impersonal way, to do it.

The dedication of the Teen Club is all but completed as just a few finishing touches are needed.

"We made a good profit on the dedication dance and hope this effort made by the Teen Club will help to better improve the teens of Tecumseh and their relations with the community," says Editor Paul Hamilton.

The teens met with their new advisor, Ward Eardley, at an Aug. 19 meeting. Mr. Eardley is the new parks and recreation director.

The legislature scheduled two dances, Sept. 6 and 20. Plans call for a lull in activities so that the club can reorganize according to its new constitution.

Members intend to publish a flyer this fall, which they hope to distribute through the schools. It will include club rules and will be aimed at encouraging the teen-agers to join.

THE WINNING SIDE

Sunday Mark 1:29-39 • Monday Mark 2:1-12 • Tuesday Mark 2:18-28 • Wednesday Mark 3:7-35 • Thursday Mark 4:35-41 • Friday Mark 5:35-43 • Saturday Mark 6:7-18

The kids in the grandstand are yelling, "Strike him out!" and our young pitcher is going to do exactly that. This is his day for a shut-out game . . . his day to win.

He's feeling pretty good about it, and who's to blame him? But what if things had gone the other way? What if some other boy had been warming up in the bullpen, about to have taken his place? But he is a well-balanced youngster, and he would have taken that in stride, too.

He has learned about being a good sport, about regard for his fellow men, and about many other equally important things in Church. For, like thousands of other American youngsters, the Church already plays an important part in his life. That is one reason why his parents have faith in the fact that he will grow up to be a pretty fine man.

Combine Services

The Church of God, located on the corner of S. Van Buren and W. Pottawatamie Sts., is having a combined dedication and 18th anniversary homecoming service Sunday at 2 p.m.

The church and parsonage were recently purchased from the Tecumseh Friends.

The dedication speaker will be the Rev. David L. Lemons, who presently is the state overseer of the Churches of God in North Carolina and a member of the Council of Twelve, the highest council in the church.

The Rev. Lemons has also served as state overseer of five other states as well as the development director of Lee College, Cleveland, Tenn.

Also featured will be the Monroe Church of God Choir and Agness Jones, the blind gospel singer from Harlan, Ky.

Mrs. Betty Newcomb of Willow Run will be the organist.

TO THE EDITOR:

On Monday, August 18, 1969, I attended the Council meeting for the purpose of learning more about the city of Tecumseh. The big decision (against expansion by the Tecumseh Corrugated Box Co.) although appalling to me, was not what disturbed me the most.

What galled me, was the open contempt by Council of you and me and of the future of this town. Clinton had to float a bond issue to induce Budd Wheel to expand there.

In Tecumseh we have a unique way of attracting expansion, or new businesses, we tell them to get out. If image was a concern at that meeting, I wonder what kind of image their contemptuous actions created?

Since election time is a long way off, and a recall campaign is something I read about in Detroit newspapers, what does a concerned citizen of Tecumseh do to convince our Council to act with common sense and for the well being of all of us? Your newspaper tried and so did several people at the council meeting, including Bill Holmes, but all to no avail.

I guess the only alternative is the next council election, but it's a long time to wait, and people have short memories.

Sincerely,
Lawrence K. Bilkie

CLINTON — A music committee of Mrs. Charles Steffens, Mrs. Donald Corwin and Mrs. George Heimerdinger met with choir director William Heimerdinger, to select 22 new robes for the chancel choir of the United Church of Christ, last week.

Funds for the robes were raised by the members of the Mary-Martha Class over the past three years.

The robes will be turquoise blue with white collars, to blend with the new decor of the sanctuary, which was recently redecorated. It is expected the robes will arrive in time for the anniversary observance of the church, Oct. 5.

The need for new robes for the youth choir was explained by the pastor, Earl Lawrence, Sunday, and the hope expressed that funds might be forthcoming soon so that they also could be obtained within the next few weeks.

An overskirt of nylon with cathedral train trimmed with lace, fell from the waistline.

She wore white mother of pearl earrings and an heirloom pin and her triple-tiered veil of illusion flowed from a daisy crown.

She carried a cascade bouquet of red roses, orange blossoms and white carnations.

Our Readers Write

Imagine you may be wondering what happened to all those letters we were going to write back of our experiences here in Mexico with the Cabana girls.

Well, have you ever had 37 daughters? If you have trouble keeping up with one or two, imagine a planned tour day of four to six hours, three meals, plus shopping every spare moment and that explains why no time to write!

Our experiences here have been something to write a book about! From attending the Mexican ballet, fabulous beyond words, to being robbed and recovering same all in a matter of seconds.

The girls have been performing well, even after lengthening their skirts to knee top height, then coming here and seeing many mini-skirts! Of course, the lovable Mexican boys are crazy about our girls which is sometimes a problem but part of the fun!

Acapulco was grand with swimming in the ocean, a lovely boat trip (with yours truly and others ending up in sick bay, a little green) and a beautiful drive through the mountains back to Mexico City.

Our tour director, Paco, our bus driver, Rugen, and our cab driver, Tony, are nice people and have helped us in finding the best places to shop, learning how to barter and just being all-around friends. Ruben loves to sing and Paco calls him "The Mexican Frank Sinatra". He is entertaining and loves some of the crazy American songs our kids have taught him.

If you have never been to Mexico, it's hard to imagine how the people live. They seem to be either very rich or very poor, with no in-between. Many have taken up residences in old trains, usually two families to a car. Everyone we've seen does all the laundry by hand, laying it over the bushes to dry. Even this nice hotel where we are staying has only a cement tub with cold water for laundry purposes. (So we used the bath tubs!) Everything is made of stones and cement, many buildings and walls being over 4,000 years old and still sturdy.

Everything is walled, seems the richer the family, the higher the wall around their home.

People are selling all sorts of things everywhere. They just sit anywhere they please, sidewalk, roadway or grass and sell their wares.

From the smallest child to many a grey haired man, most everything can be bought at your price if you have enough time.

The Mexican people are friendly and so eager to please. They have a slow pace for life, that is nearly unheard of in our country. They do not eat lunch until about 3 and dinner at 8 which seems a bit difficult for our stomachs to get used to.

Our Cabana, the international Girl Scout Center which we visited today, is beautiful and worth the trip. Our girls exchanged items and got acquainted with girls from about seven different countries or places in the United States. Our guide was an American from Ohio who teaches arts and crafts at the Cabana.

We have four girls with birthday anniversaries within the next four days, so tomorrow night will long be remembered as a big surprise dinner party is being planned. What a way to spend your 16th birthday.

This has been one of the greatest experiences of our lives as well as the 41 others on this trip. Many lasting friendships have been made, much knowledge has been gained, many problems have been solved by girl leadership, many civilizations have been explored and explained. We have all learned to appreciate more fully the life we have in the United States of America and most of all, after working two long years to earn enough money for each girl to come, we're having the time of our lives!

We arrived home on the Wabash Cannonball Aug. 19, loaded down with gifts for all, tired, grouchy, stiff from the ride, but smiling. We're all glad to be back "home" after a grand [illegible] in Mexico.

Sincerely,

Mrs. John Robinson.

P. S. To prove it's a small world, guess who we bumped into outside the ballet? Nobody other than Mrs. Bob Murray and Rick Rohrer!! Good thing she seems she needed a stamp, wallet had been lifted!!

Box Officials No Comment About Story

"Tecumseh Box Looks Elsewhere To Expand" was a headline in the Toledo Blade Saturday and again focused attention on the local company's recent plans to expand here.

Box officials here refused to comment on the article when questioned as to the article's authenticity and immediate plans of the company.

Portions of the article read, "Council blocks home plant extension, so additions set for Van Wert, Rossford."

"A 32,000-square-foot manufacturing plant at the Willis Day Industrial Park, now under construction, will be doubled in size."

"Also doubled at the Wood County site will be manpower requirements, now expected to total about 50 persons. The plant will be completed in late November."

In reference to the industrial park at Rossford and Van Wert, the article said "the two northwestern Ohio plants were built because of rejections of construction permits in Tecumseh. And, "we are pleased with the communities that we have located in, they seem to appreciate us, and we are able to progress with them."

One paragraph read, in effect, "wouldn't be too surprised if one day one of the new plants becomes more important than our Tecumseh operations".

Portions of the article included information carried in the past by The Herald.

Last month, Tecumseh Box sought a building permit for expansion and was turned down when Council tabled the issue until a formal request was submitted.

At that time, Box officers stated they were shelving construction plans here, and would not approach the Board of Appeals for relief.

5-Year-Old Not Injured Seriously

Young Jon Frost, 5-year-old son of Mr. and Mrs. Lester Frost, 905 Murray Dr., escaped serious injury Monday when he was struck by a car while riding his bicycle.

According to the Tecumseh police, an auto driven by Betty Jane Cross, 22, Raisin Center Hwy., struck the youngster in front of his home as she was traveling west on the street.

She told officers that the boy came from the south and she attempted to stop, but hit him with the front of her automobile. The lad was flipped and hit his head on the street pavement.

He was taken to Herrick Hospital for lacerations and x-rays, and was held overnight for observation. He was released Tuesday.

2nd Annual Horse Show

4-H Horse Clubs of Lenawee County are presenting their second annual "Fall Round-Up" Sunday, Sept. 14, at the Lenawee County Fairgrounds in Adrian.

This show will be an all-youth show, open to all 4-H members of Lenawee and surrounding counties. It is "one horse — one rider" and no stallions allowed.

The show will offer 24 events, including classes in halter, reining and speed and action events. There will be classes for horses and ponies. Each class will present one trophy and six ribbons which are being donated by Lenawee County businessmen. There will also be a junior and senior high point trophy.

Additional information may be obtained by calling show chairman Tim Neill, at 423-3862 or show secretary Debbie Swift, at 423-2390.

MANY EXPECTED TO ATTEND DEDICATION SERVICE FOR NEW FRIENDS CHURCH

Friends Dedicating New Church Sunday

Dedication of the new Friends Church, situated on a 40-acre site at the northern edge of Tecumseh, will be held at 2:30 p.m., Sunday, Sept. 14, with many of the members and friends close to the effort taking part in the service.

The new building is red brick Colonial with walnut and white interior.

The Rev. Russell Myers, general superintendent of the Ohio Yearly Meeting Friends Church, will present the dedicatory address.

The charge to the congregation will be given by the Rev. Sherman Brantingham, assistant superintendent of the Ohio Yearly Meeting, and also a brother of the Rev. Paul Brantingham, local pastor.

The Rev. Edward Escolme, former pastor of the Friends Church here for 39 years, will give the prayer of dedication and will also speak at the 10:00 a.m. morning worship service Sunday.

Special music has been arranged for the program with Mrs. Loren Avery and Mrs. Paul Brantingham at organ and piano. The choir will sing, "Bless This House".

Mrs. Ashley Chase, Mrs. Leland Fogelsong and Mrs. Lee Spohr will sing in trio.

Raynor Van Valkenburg, clerk of the local meeting, will take charge of the recognition of guests. Walter Wiemer will offer the dedication prayer for the offering.

Ralph Comfort, chairman of the building committee and the Rev. Paul Brantingham, pastor, will receive the keys to the new building from the architectural and contracting firms.

The program will close with the benediction by the Rev. Lawrence Cox of the Raisin Valley Friends Church.

Property for the new facility was purchased six years ago from Mrs. E. J. Aebersold. The adjacent parsonage was purchased three years ago from Mrs. Lee Phibbs.

The Brantinghams moved into their new home in July of this year.

The church will now accommodate 600 persons for worship and Christian education purposes.

"Cost-wise," the pastor said, "it has escalated so much that I really don't know just what the figure is."

He also said, "The consumation of the undertaking has been made possible through the untiring and sacrificial efforts of many of the members and friends of the Tecumseh Friends Church, many worked 20 and 30 hours a week over and above their usual vocations."

Numerous opportunities for Tecumseh area residents to see and enjoy the new building this weekend are made possible by other than the actual dedicatory program Sunday afternoon.

Clayton Erb, concert organist and minister of music of the Gilead Baptist Church in Detroit, will present a program of selections from the standard concert repertoir as well as some of his own compositions Saturday evening at 7.

The New World Singers will be heard at the Sunday evening meeting at 7:30.

Director Plans Activity Slate

Ward Eardley, Tecumseh's new recreation director, has planned a full schedule of activities for local and area youngsters and folks this fall.

Most of the activities will be held at the Community Center but two are to be held at the Public Library and one, a floral arrangement class, will be conducted at Tecumseh Greenhouses on Blood Rd.

Mr. Eardley's programs include a children's art course, ballroom dancing, cake decorating, ladies' poise and coordination course, dog obedience and children's dance and ballet.

Tentative activities include a beginner's course in western square dancing, bridge, home economist class, ceramics, knitting, crafts, slimnastics for ladies, furniture refinishing, physical conditioning for men, golf and photography.

Folks interested in joining any of the classes may do so by clipping a registration form—printed on an inside page of this week's Herald—and remit the activity fee.

The classes will range from six weeks to 12, and costs vary from $3 to $25. With the exception of children's dance and ballet, all instructors have been assigned.

They include Mrs. N Miracle, Mary Myers, Pam Niedermier, Mrs. Ormand Socks, Evel Garrido and Pat Mull.

Additional information may be obtained about the activities by calling Mr. Eardley 423-2107, extension 25.

The director is hoping that enough interest is created that more programs and activities will be sponsored in the future.

$59,831 Goal Is Target for TCFF

A 1969 goal of $59,831 has been set for the 10th annual Tecumseh Community Fund Drive, scheduled for Oct. 6-18.

The local Foundation, which was organized May 25, 1959, will seek to provide $47,331 for charities and services and $12,500 for the construction of two special game courts at the Tecumseh Park.

These "Magic Squares" will be constructed to combine facilities for several games, including tennis, badminton, shuffleboard and basketball.

In the past 10 years, $591,700 has been contributed to the Fund which has been instrumental in the development of the Public Library and Tecumseh Park.

Member charities, and local needs such as the Scout Cabin, Service Club, and the city recreation program have also benefited.

Tecumseh has had an outstanding record to its credit, as contributions have exceeded requests every year except for 1968, when adverse economic conditions affected donations.

Hopes are high that this year's campaign will surpass all previous drives.

Smokers' Clinic Dates Changed

A change in dates for the clinic to help smokers who want to quit was announced by the Rev. Peter Fritz of the Seventh-Day Adventist Church.

The five-night clinic now is set for Sept. 21 through 25 at Bixby Hospital. The Bixby Medical Staff is assisting in the program, with six doctors taking part.

3 Hospitalized in 2-Car Crash

Two area residents and an Adrian youth were involved in a two-car collision early Sunday morning with two of the victims rushed to hospitals in Ann Arbor.

Peter Perry, 57, of 7755 Ridge Rd., just north of Ridgeway, and a tile construction contractor for farmers, is in St. Joseph Hospital in serious condition. He's suffering from a dislocated left hip, broken ribs, broken right ankle, crushed right foot and lacerations.

His wife, Julia, 57, is in the intensive care unit at Herrick Hospital with broken ribs, internal injuries, lacerations and also suffered possible damage to her lungs and kidneys, according to the family.

The Adrian youth, Arthur Erickson, 17, of Adrian, is still critical at University Hospital. He suffered head and chest injuries, broken knee and lacerations.

Tecumseh firemen, who were called to the scene about 5:45 Sunday morning, said the youth sustained a severe injury to his chest and to both legs. He was unconscious at the time.

Firemen spent nearly a half hour in freeing the victims from their cars, both late models which were totaled in the head-on collision.

According to the firemen, Mrs. Perry was conscious at the scene and said that the other car came across the centerline and her husband attempted to avoid him.

The Perrys were en route to St. Elizabeth Catholic Church for the 6:00 mass at the time. Impact between the two cars occurred on the north side of M-50, about one-quarter of a mile east of Billmeyer Hwy.

It's believed that young Erickson fell asleep at the wheel.

2 Arrested for Larceny

Two Adrian men have been charged with grand larceny from the Tecumseh Products and are currently out on bond.

Arrested here last Friday were John C. Moray, 42, and Gary Lee Leveque, 22, in the theft of 13 pounds of silver solder, an approximate value of $300.

Moray was picked up by the Tecumseh police for possession of the solder just before the shift change Friday afternoon. About 20 minutes later, police arrested Leveque, a TP employee, who had been observed dropping off Moray in the vicinity of the solder.

The solder had been tossed off over a fence earlier in the day. Plant protection at the plant discovered it and notified the local police.

Magistrate Ernest Oliver placed both under $5,000 bond. They were confined in the county jail Friday evening, and then demanded examination at arraignment Saturday in District Court.

Examination date has not been set yet.

Auto Upsets Near 'Gardens'

Two area men escaped serious injury Tuesday evening when another car reportedly forced them off M-50, near Hidden Lake Gardens.

Taken to Herrick Hospital with lacerations and bruises were Donald Lee Bailey, 22, Adrian, driver of the car, and his passenger, Lewis Leksche, 34, of Tipton.

According to the State Police, Bailey said an oncoming car came towards them and he veered off the highway, upsetting in the ditch.

NEW TRI-CAPTAINS — Leading the Indians here Friday night in their opening game will be three seniors: halfback Ken Pieh, end Paul Burns and Jack Greenfield, defensive linebacker. Token of their aim this season for opponents is symbolic here, a rather abused old frying pan.

First Game Friday

Tecumseh opens its grid season here Friday night at 7:30 when the Indians host the Hillsdale Hornets.

Coach Tom Fagan has 14 returning lettermen and will be starting a letter winner at practically every post. The starting offensive and defensive elevens have eight seniors and three juniors each.

The entire squad is pictured in this issue of The Herald, along with several other photos, including shots taken at Friday night's scrimmage against Chelsea, Brighton and Michigan Center.

Two Are Injured on City Streets

City streets were the scene of five accidents here the past week, not including a mishap which sent a 5-year-old to Herrick Hospital.

Tecumseh police handled two personal injury accidents, and one accident involving a sheriff's patrol car.

Sharran Sue Dull, 22, of 4510 Sutton Rd., was cited Saturday for careless driving after she lost control of her car at the corner of Mill Hwy. and Russell Rd.

According to the police, she lost control after hitting some gravel. She swerved off the road, struck a tree branch, crossed the road again and struck a large cornerstone at a driveway, sideswiped a tree, crossed a yard and came to a stop in a cornfield.

She suffered minor injuries and was taken to Herrick Hospital for treatment.

Tuesday night, a county sheriff department station wagon, en route on an emergency run to Ridge Rd., struck a car driven by William J. Rowe, 17, of 9990 Ridge Rd.

Accident occurred on W. Chicago Blvd., with both vehicles headed east. Rowe was driving in the inner lane and attempted to get out of the way of sheriff's wagon by crossing to the outer lane. The deputies, traveling at about 60 mph, also changed lanes at the same time.

A resume of other accidents is:

Sept. 4 — William F. Garno, 34, Blissfield and Estefano Valdez, 24, Adrian, collided near the main gate at Tecumseh Products.

Sept. 6 — Timothy L. Ireland, 19, of 507 Nokomis, was cited for driving left of center after a mishap with Elsie Cline, 57, Jackson, on W. Chicago Blvd., at Cairns St. Police took Mrs. Cline to Herrick Hospital for treatment of minor injuries.

LARRY EHINGER

Earns Degree at Albion

Larry Ehinger, son of the Rev. and Mrs. Lawrence Ehinger, 4260 Occidental Hwy., has completed graduation requirements at Adrian College with the conclusion of the summer term.

He graduated with a bachelor of arts degree in biology.

In October, he plans to go to Burundi, Africa, to help in a Christian Radio station, called CORDAC (Corporation Radio diffusion De l'Afrique Centrale).

Ehinger stated Tuesday that it will "seem like going home". He lived there with his missionary parents until he was 12, when the family returned to the states.

After three years at Tecumseh High School, he completed his high school education in Kansas while his parents returned to Africa. He studied two years at a college in Kansas and attended Cleveland Institute of Electronics in Broadcast engineering before coming to Adrian College.

For political reasons, Larry's parents have not been allowed to return to Africa and his father is employed as a projects engineer at Merillat Woodworking Co. since 1966.

They hope some day to be able to return to Africa.

80th Birthday for Ben Mahrle

CLINTON — The 80th birthday anniversary of Ben Mahrle, Sr., was observed at a gathering at the Mahrle's Norvell Lake cottage, Sunday.

Co-hosting the event were Mr. and Mrs. Ben Mahrle, Jr., and their guests included Mr. and Mrs. Paul McKenna, Dwight and Ruth; Bill Ehnis, Mr. and Mrs. Clyde Greenfield, Jr., Kay and Kim; and Mrs. Sylvia Chandler, Ann Arbor.

Much of the afternoon was spent with a good old-fashioned song fest, to the accompaniment of Dwight McKenna's guitar.

Just to keep in shape for another decade, spritely octogenarian Ben hustled down to join his bowling league, Wednesday night.

Euchre Party

The Tecumseh Grange will have a public euchre party, Saturday, at 8 p.m., in the Grange Hall on Milwaukee Rd. Refreshments will be sandwiches or cookies.

Mr. and Mrs. Mike Gomez, 213 N. Pearl, will observe their 25th wedding anniversary, Sunday with an open house from 2 to 5 p.m. Friends and relatives are invited. Mike Gomez and Margaret Hand were married Sept. 12, 1944, at Auburn, Ind., by the Rev. Robert Belz, and they have lived in Tecumseh since then. The couple has one son, Lynn, at home. Mr. Gomez is employed at Tecumseh Products.

Singers Here for Crusade

The New World Singers will appear at Teen Life Crusade in Adrian, Sept. 13, in Dawson Auditorium at 7:30 p.m. and again the following evening in the new Tecumseh Friends Church at 7:30 p.m.

They are a group of young people who met at college where they discovered a mutual interest in folk music (actually all kinds of music).

The New World Singers have always possessed a healthy respect for popular folk music. As they see it, it is a cutting, probing commentary on life in our world. It lays down the facets of living in a olarity that takes in the full range of joys and sorrows.

The thing that always bothered them, however, was how the folk idiom could present the problems and diagnose the woes of the world so well and yet present few concrete prescriptions. It was with this idea in mind that the New World Singers took a year out of college to travel across the States, to Europe and the Orient. Traveling under the auspices of Youth For Christ, International, they set out to tell people what a personal relationship with Jesus Christ has meant to their lives.

In addition to the other appearances in this area, they will be at the Emanuel United Methodist Church, 215 E. Jefferson, Blissfield, for the 10:30 a.m. worship service Sunday, Sept. 14.

You Told Us

By DOROTHY GRIGG

"We're going to be married," announced our Number One Son, Norm, Sunday as his red-haired bride-to-be clicked the camera just before the neighbors and Pa and I nearly fell off our chairs. We were having our umteenth cup of Java at Red and Neola's like we do so many times and the grinning faces of these two young people wasn't anything to really amaze one. They have been having "a ball" together all summer, right neighborly, you know.

It wasn't surprising that Carolyn wanted to take our picture, either, but after we had said "cheese" and "peaches" and she still didn't snap it, we began to wonder about the hold-up. Miss Stephenson was waiting for the proper moment when the four of us elders would break the least bones as we picked ourselves up from the floor.

The week Carolyn was back in Frankfort, Ind., to take up her teaching duties must have been a long one, at least they have decided that Christmas time is as long as they are going to wait to be together.

The date has been set for Dec. 21.

√

Mr. and Mrs. Ron Andrews have rented the Alvin Brazee residence on N. Maiden Lane for the winter. Mr. Andrews was expected home from Vietnam Tuesday and his wife is employed at the Colonial House of Beauty.

√

Two sons of Mr. and Mrs. James Barton spent a few days together recently in the Philippine Islands. Tom Barton, a sergeant in the Air Force, stationed at Tan San Nhut, Saigon, took a leave to visit his brother, Glenn, (AG-3) in the Navy at Cubi Point, Subic Bay Republic of the Philippines. They called their family at North Lake, vacationing at the Glenn cottage, and all had a wonderful visit.

√

A son, Gregory Matthew, weighed in at 10 lbs., 3 ozs., Aug. 26, to the David A. Borgesons, nee Barbara Jo Damon, at Mountain View, Calif. The maternal grandparents are Mr. and Mrs. Clarence Damon, Macon Rd.

√

Mel Partridge is improving at Herrick Hospital and is able to be about his room.

√

Miriam Puffer, daughter of Mr. and Mrs. C. Ray Puffer, came home last week from Mackinaw City where she had been employed for the summer. She will return to Michigan State University for her sophomore year, majoring in elementary education.

√

Katherine Jewell went to Jackson Community College, Sunday, to begin the fall term. She was accompanied by her mother, Mrs. Alfred Jewell.

√

Mr. and Mrs. Lonal Bishop and family were in St. Johns Sunday to celebrate his mother's birthday anniversary. Others of the Bishop family were also present for the party for Mrs. Chester Bishop, Sr.

A girl, Stephanie Elizabeth, 6 lbs., 12 oz., was born Sept. 6 to Mr. and Mrs. Gene Manwaring in Providence Hospital, Detroit. This makes grandparents of the young Vern Manwarings. It's a first for Ira Manwaring, too. Now he's great-grandfather.

√

Max Smith is improving gradually at his Wamplers Lake home from his recent hospitalization.

√

Mrs. Clyde Locker's mother, Mrs. Leona Bell, of Little Stoney Lake, formerly of Tecumseh, is home after completing a 16-day European Holiday Tour. She went to the Netherlands, Germany, Austria, Italy, Switzerland, France and England.

√

Things are happening almost too fast. Latest news flash at Grigg Manor: Merry Christa, daughter of Mr. and Mrs. Marvin Grigg, arrived at 10:08 Wednesday at St. Joseph's Mercy Hospital, Ann Arbor. "She's pink and beautiful," said the happy father of the little 8-lb., 2-oz. girl.

Auto Split in Mishap at Tipton

Lyman B. Cleveland, 37, of 123 S. Ottawa, was the driver of an automobile that was literally split in half as it smashed into highway signs, a tree and fence, in a mishap at 3:50 Saturday afternoon on M-50, just west of Tipton Hwy.

Cleveland was admitted to Herrick Memorial Hospital with serious injuries.

The driver told Clinton State Police he was eastbound when he broke over a hill and braked for a slower moving car ahead. He then lost control, skidded off on the right side of the road, striking signs, tree and fence.

Cleveland was given a summons for violating the restrictions on his license and for violating the basic speed law.

Protection Concerns Township

CLINTON — Sheriff Richard Germond of the Lenawee County Sheriff's Department was the guest of the Clinton Township Board at the regular monthly meeting, Monday evening.

Sheriff Germond explained in detail the coverage now being given the County by his department and the methods used in modern police work. He also outlined for the board the various plans and arrangements available to Townships and smaller communities for concentrated police protection under Sheriff's Department supervision.

Routine business of the meeting included a discussion of the contract pending with the operator of the new Township-affiliated dump, a review of the latest state building codes, presentation of several permit applications, and a report by County Supervisor Martin Halley on the County Planning Commission and various other activities of his office.

Mrs. Wayne Hulett, Tecumseh Rd., Clinton, received her masters degree in library science at the University of Michigan this summer. She received her BA at U of M and has taught for 16 years in the Clinton Community Schools, in grades five and above in the elementary school, and mathematics and French, in high school. She is beginning her third year as librarian in the high school.

FRIENDS SANCTUARY — One of the most attractive features of the new Friends Church is the large sanctuary for worship services. There's an extensive use of walnut wood and white trim.

Teenagers Glow

"We have some very nice teenagers in our town and the Jaycees were so helpful and there were always two or three of them helping us," Mrs. Verdi Skinner commented as she told of the Hospitality Day Saturday that the Senior Citizens hosted at the Community Center.

The Seniors also expressed thanks to the Teen helpers for their assistance with making banners, signs and helping to put them up.

One family, the Melville's of Napoleon who were en route home from two weeks' vacationing in a camper, were especially happy to accept the refreshments offered them and pleasant relaxation.

A motorcyclist and his wife of Monroe remarked that they had never seen this done and were happy to participate.

The waterwheel, started by the Jaycees, was enjoyed by those stopping at the Center.

Mrs. Skinner was joined in her enthusiasm about the event by several of the group, including President Zell McCarty. They hope to make the undertaking bigger and better next year.

Purnell Osburn and Earnie Topps will be the committee for the Sept. 11 meeting.

Chiefs Holding Hockey Tryouts

By MIKE FERO

The flash of gold and black and the slash of skates as they cut into ice heralds the beginning of another season of amateur ice hockey for Lenawee County's own Lenawee Chiefs. Organized in early 1968 when the Clinton Chiefs merged with the Adrian Recreation Department, the Lenawee Chiefs completed a highly successful initial season winning three out of four games played at the Jackson Sports Arena as well as performing admirably in exhibitions at the University of Michigan ice arena and the Toledo Sports Arena.

This success has garnered support from the Tecumseh Recreation Department as well as the Adrian Recreation Department for the 1969 season. The Chiefs are hoping that this will be extended to a county-wide participation during the course of this season.

Tim Fero, general manager of the Chiefs, stresses the importance which the club places on county involvement.

"The Lenawee Chiefs do not represent one individual community; rather, they represent the entire county. This is very much a county-wide endeavor and we want everyone to recognize this fact.

"Ice hockey is perhaps the fastest growing sport in the winter areas of the United States and Canada and we hope that Lenawee County will become a major contributor to the increase in interest here in southeastern Michigan.

"There has long been an embryonic interest in the sport in the county but no one has ever done anything to actively develop this interest. We hope that the Chiefs will provide the impetus by which organized hockey may get its start in Lenawee County."

Enthusiasm and optimism are apparently going to be very much a part of the Chiefs' second season although opening day for try-outs is still over a month away.

"We are hoping for a good turnout when try-outs begin in the second week of October," says Fero, who also plays defense for the Chiefs. "We hope that guys who are sincerely interested in participating in both the playing and development of organized amateur hockey in the county will contact the Chiefs by writing to 606 Jackson Street, Clinton, Michigan 48236."

The Chiefs bring a solid nucleus with them into their first full season as a member of the Greater Jackson Senior Hockey League. Last year's strong point was the performance of the defense with such stalwarts as Rog Hebert, Joe Whaling, Bruce Marshall and Tim Fero. Ron McCann, the most valuable player for 1968, is returning to the offensive line along with Chris Christenson, Bob Jarrett, and John Parker, the team's high scorer. Goal-tending was the major problem which plagued the club last season but that should be better now that both Bob Powell and Larry Powers have a year of experience under their skates.

The major concern this year appears to be the problem of depth. Although the club has a strong returning nucleus, there is no one to spell them or to step in in the event of injury or other unforseen complications.

"The Chiefs are by no means a set hockey team," Fero points out. This is the kind of sport which allows the maximum of participation due to the speed and action of the torrid playing pace. There are openings at every position and we are hoping that fellas from all parts of the county will attend the try-outs."

"I'd also like to point out," he continues, "that all a player needs to bring with him are his skates, a stick, and the desire to play hockey. The Chiefs will supply the rest."

Hockey is an extremely fast-moving and exciting sport to play or watch. The area is by no means a stranger to organized professional hockey what with the Detroit Red Wings of the National Hockey League and the Toledo Blades of the International Hockey League. However, here in Lenawee County, hockey at the organized level is a relatively new idea. The Lenawee Chiefs are hoping to place the county right in the thick of the development of organized amateur hockey in southeastern Michigan.

As Fero pointed out, "The Chiefs want to develop hockey in this county and so doing, show the rest of this area that Lenawee County is a leader in progressive ideas."

Pastor tell me

WHO WROTE THE BIBLE?

Pick up the Book for just a few moments — run your fingers through its pages, and then ask yourself, "Who else but God could have written this book?" It is over thirty-five hundred years since Moses wrote Genesis. It has been attacked, tested and tried in every age by Atheists, Skeptics, Critics and all its enemies. It has come through all this unscathed and unharmed. It carries the seal of eternity and the evidence of supernatural origin. Its history, its content and its power admits of only one author.

It is not possible for angels to have written the book. Demons would not have done so, since it spells their condemnation. Evil men could not have done it for the Bible exposes their badness. They would not naturally expose themselves. Good men could not have written since it claims to be God's Word. If it is God's Word it cannot be the work of good men.

The Bible is either God's Word or a book of lies. It is either what it claims or it is worthless. It is either living word or just long-standing tradition. What do you think it is? Your answer determines your eternal destiny. Read John 12:48.

Pastor McNeil would be glad to answer your questions. Write to Pastor Tell Me, c/o The Tecumseh Herald or to Pastor McNeil, Britton, Michigan.

Farewell Fete for Zelluffs

MACON — Mr. and Mrs. Edward Clark were assisted by the Macon Women's Society of Christian Service Sunday for a farewell open house at their home for Mr. and Mrs. Guy Zelluff. Over 100 friends and relatives came to wish Mr. and Mrs. Guy Zelluff success and happiness in their new home in Milton, Fla.

The house was attractively decorated in bouquets of garden flowers, arranged by Mrs. John Hewlett. Ice cream, assorted cakes, punch and coffee were served by Mrs. Melvin Travis and Mrs. Myrtle Clark.

Guests attended from Dearborn Heights, Mooreville, Clinton, Tecumseh, Britton, Saline and Macon area.

Honor Van Valkenburgs

Nearly 200 attended the golden anniversary celebration of Mr. and Mrs. Faye Van Valkenburg in Adrian Aug. 31.

A program was presented with the groom of 50 years, welcoming the guests and introducing his family of three sons, Ernest, Dalton and Gerald, and their wives and families.

About 12 responded when he asked how many had attended the original wedding ceremony, Sept. 17, 1919.

Ernest, the oldest son, took charge of the program at this point and presented Diane, Dalton's daughter, who sang, "Hand In Hand," accompanied by Mrs. Malcom Stewart.

Mrs. Herbert Munger read the account of the honored couple's wedding which was published in The Tecumseh Herald 50 years ago.

Carl VanValkenburg played the viola, accompanied by Margaret Wu of Ann Arbor. They also played background music while the guests gathered.

Dalton read a paper prepared by his father, noting the changes that have taken place during 50 years of wedded life.

Wilfred Robert Waldron sang, "Through the Years," accompanied by Mrs. Wilfred Waldron at the piano.

The Rev. Malcom Stewart closed the program with a prayer and a refreshment hour followed featuring a four-tiered cake, topped with the original miniature bridal couple used for the wedding 50 years ago.

Granddaughters of the Van-Valkenburgs, Diane, Mrs. Thomas Wood and Kiya VanValkenburg cut the cake.

Yellow roses were used to center the tables and as corsages for the servers.

Guests attended from Dayton and Canton, O.; Scottsdale, Ariz.; Westfield, Ind.; Wheaton, Ill.; Florida and Grand Rapids, Wayne, Monroe, Saginaw, Ann Arbor, Brighton, Belleville and the surrounding area.

Mrs. Duaine Service, Muza Grove of Curtis, O., and Mrs. Ralph Cuthbert of Dayton, O., served beverages.

Mr. and Mrs. Gerald Van Valkenburg and family flew from New Jersey Friday to attend his parents' celebration and returned Monday. He is employed as an engineering consultant in New York City and expects to leave soon for South America.

ADOLF PETRUS ON THE RIGHT WITH HIS FRIEND, DIETER SCHMIDT

German Youths Visit Bartons

The Jim Barton family again had Adolf Petrus as their house-guest — or rather cottage guest — this summer.

Seven years ago Adolf came from Germany as an exchange student in the Youth For Understanding program and spent a year with the Bartons, "a wonderful experience for all concerned," Mrs. Barton said.

This summer Adi came back to visit his "family" for a month and brought along a friend, Dieter Schmidt. Both are students at the University of Frankfurt and are long-time friends.

"We are sorry that Tecumseh residents didn't see too much of the boys (25-year-olds) but they were having such a grand time at the Glenn cottage on North Lake most of the month that it was hard to get them to come to town," their hostess commented.

The month went fast and Adi returned home July 21 but Dieter stayed to participate in the annual Mackinac Bridge walk with the Bartons.

He left Friday on a month's bus tour of the United States.

Tecumseh Airman Aboard Carrier

Air Controlman Airman Apprentice James R. Knickerbocker, Jr., USN, son of Mr. and Mrs. James R. Knickerbocker, of 1103 Russell Rd., is serving aboard the attack carrier, USS Franklin D. Roosevelt in the Caribbean.

The 63,000-ton ship is undergoing refresher training off Guantanamo Bay, Cuba, following a year-long overhaul.

After the training cruise, the ship will return to its homeport at Mayport, Fla.

Now Recovering From Injuries

Mrs. Lester Munger is recovering at Herrick Memorial Hospital from broken ribs and other injuries she received in a two-car accident at the corner of M-50 and M-52 Sept. 3 at 11:16 a.m.

Mary Baker of Newport, driver of the other car, was treated at the hospital and released.

Mrs. Munger stopped her car, headed north on M-52, but apparently failed to see the other auto traveling east on M-50.

She drove into the path of the Baker car. She was charged with failure to yield the right of way.

Gail Lister and Larry Ash Speak Vows

Gail Lister and Larry Ash were united in marriage Saturday afternoon in a ceremony performed in the new Tecumseh Friends Church by the Rev. Paul Brantingham, assisted by the Rev. G. O. Hannevik, of the Britton Congregational Church.

Parents of the couple are Mr. and Mrs. James J. Lister of Britton and Mr. and Mrs. Lawrence Ash, 8904 Ridge Rd.

Mrs. Donald Bush was the organist, accompanying William Hetrick, soloist.

The bride was given in marriage by her father. She wore a floor length empire styled dress of chiffon and Venice lace featuring a bouffant skirt and bishop sleeves.

She wore a double veil, cathedral and shoulder lengths and carried lilies, stephanotis and miniature white roses.

Judy Jager of Imlay City, college friend of the bride, was maid of honor and the bridesmaids were Mary Jane Tewsbury of Highland Park, another college friend, and Bonnie and Lana Lister, sisters of the bride.

Donald Barnhart of Tipp City, O., was the best man and the ushers were Tim West, Jim Lister, brother of the groom, and Dennis Brablec.

A reception for 350 was held in the fellowship hall of the church.

Through My Window

Two of the sorriest of sorry-looking sights are our two bergamot clumps. Some of the stalks are still standing tall and erect but others are tilting at crazy angles and a few are even flat on the ground. Atop each slender stem is a ping-pong size head — now they are black and only a very few dried and shrivelled red petals forlornly droop from them. They are a far cry from the glorious show-pieces they were a few months ago.

And bergamot, at the peak of its blooming period is pretty, indeed. Ours is red, red, red! It would be worth planting just for its appearance but, there is another bonus — some birds love it.

These tiny gems of hummingbirds start coming as soon as the first scarlet blossom opens. They hang above each plant, in their helicopter-type hovering fashion, skillfully probing each and every blossom. When both clumps are in full bloom they skillfully play host to an almost continuous stream of hummers.

This was not an especially good hummingbird year; seldom did we see more than two at a time. Once, during an unforgettably good season, we could look out and see four working. What we did enjoy this year, more than ever before, was the sight of the ruby - throated hummingbirds resting.

The big sprawling elm next door, the elm which we all so dearly love, is dying and one of its longest limbs was almost bare at the time the hummingbirds were so busy. The end branches on this limb droop low and are quite close to the bergamot. They were most convenient resting spots.

Often, on their trips away from the flowers, the little birds would zoom up to the elm and sit. Time and time again we marveled at what good looking they thus afforded us.

★

RAIN, WIND, AND just plain old age all took their toll and eventually the red blossoms were so bedraggled and tattered that the hummingbirds no longer came. Still, the fun continued because, for almost a week after the birds left, butterflies continued to visit.

Could they find nector where the hummingbirds couldn't, were they not so particular, or perhaps they were just not gourmets. Whatever the reason we were most happy to see them. Actually, I should say, that we were glad to see it. Seldom was there more than one. But it was a beauty — a big, bright yellow-tiger swallow-tail.

The yellow of the wings was brilliant and the delicate black edging on the wings was perfect. At the bottoms of each wing it looked as though the black paint had dripped and a long glob had solidified. The swallow-tailed butterfly is well-named.

But now the bergamot flowers are all gone. The hummingbirds are gone. The butterflies are gone. All that remains are the black-headed stalks. Any respectable gardner would be thinking in terms of cutting off, cleaning up, and making tidy for the winter. Not the Duncans, though — we are carefully saving our bergamot for one last mission.

WHEN THE LONG, cold winter comes, when the snow drifts deep in our west yard, some of the dead and dried-up stalks will still be standing. The heads will be well above the highest snow-drifts. If history does repeat itself and if events of last winter are replayed, a flock of wintering gold-finches will find the bergamot heads and have happy feasting.

Of course, right now I am a bit miffed with the goldfinches. They were so cooperative last winter, after carefully eating every last bergamot seed they readily came to the near-my-window feeder for daily snacks of sunflower seeds. Well into spring they came and I managed to get a fairly good set of pictures showing how the male finches shed their dull winter garb and blossom out in their spring and summer bright yellow and jet black outfits.

All I need to complete the set is a picture of a bird completely shed of his old feathers and resplendent in his new. Not once since the transformation was completed has one of the ingrates come to the feeder. Maddening!

So it is that the appearance and activity of our bergomat clumps can be summed up in three words, pretty—blah—fun.

DEBBIE AND BLACK JACK — —Debbie Van Sickle with her Grand Champion pony, Black Jack, which she raised from a foal. Debbie is a senior at Tecumseh High School and the daughter of Mr. and Mrs. Richard VanSickle, 8988 Tipton Hwy. She is a member of the Tipton Jets with Jerry Munger as leader. Debbie hopes to train the Hackney-Welsh pony to be a racer. The picture was taken by David [illegible] County Fair.

Migrant Camps Are Deplorable

By Thomas J. Weston, Public Health Engineer, and Lewis Glaser, Acting Health Director

On Friday, September 5, 1969, we inspected three migrant labor camps on which we had received complaints. We found conditions to be quite deplorable in each of the three camps.

Up to this point, inspections had been made and licenses issued by the State Health Department; however, the County Health Department has the right to inspect migrant camps in the county.

Even though the conditions of the camps were deplorable, it was our feeling that the lack of education of the workers in regard to cleanliness, health, etc., leaves much to be desired.

As of 1970 the County Health Department will be doing the licensing inspections rather than the state. The balance of this year we will recommend that improvements be made to bring camps up to acceptable health department standards.

As licenses have already been issued, we feel that by closing the camps it would cause hardship to both the farmers and the migrants, as the migrants are already here and the season half over.

Within the next 10 days letters will be sent out to the owners of all existing migrant camps within the county advising them of the Federal, state and county requirements which they will be expected to meet next year, if they intend to re-open their camps. The camps will be inspected early in the spring of 1970 rather than during the summer.

Indians Seeking Revenge in Hillsdale Opener

Unless there are some big surprises, Tecumseh fans should enjoy the 1969 season.

Not that Coach Tom Fagan's club is going undefeated or walk away with the Huron League crown, they could but it's unlikely. It simply should be a good team to watch.

Friday night in scrimmages against Brighton, Chelsea and Michigan Center, the Indians more than held their own. They proved quick and especially tough on defense — even against the pass, an old Indian nemesis.

Fans will see a small Indian eleven, one which will average about 170 pounds on the offensive line and an even 160 in the backfield. Defensively, Tecumseh will up the scales to 180 on the line with the linebackers coming in at 169 and the three defensive backs at 158. There's not a 200-pounder among the bunch.

If lack of weight is a handicap, that's where Tecumseh's weakness lies. The Indians will be quicker and faster than in recent years.

In Friday's workout under the lights, the Indians proved to be the quickest club on the field. Although their offensive may have been spotty, there was little to quibble about the defense. Coaches Fagan and Pat Connors were well pleased with the defensive efforts and might they well be.

Chelsea, which romped through Michigan Center, was bottled up. MC's highly-touted passing quarterback found it rough going. Brighton should have stayed home.

Last Friday night was one thing, this Friday evening is another, and the Indians could find a visiting Hillsdale eleven a lot tougher here in the opener. If their coaching staff can be believed, as well as pre-season reports, the Hornets could repeat last year's 27-13 victory.

Hillsdale has its outstanding quarterback to run the show, and fans should well remember Buzz Sharpley. He ruined the Indians a year ago and had Hillsdale off to a good start before breaking his leg in the second game.

If the Indians can contain Sharpley, they can stop Hillsdale.

Fagan could have one of his best all-around backfields in years. Craig Smith will start at quarterback, and the junior signal-caller can throw the ball. Ken Pieh proved himself last year as a far better than average runner.

One surprise at the halfback posts could be Mike Kennedy. He was sharp under the lights, and can switch to the quarterback post if needed.

Frank Geisenhaver could be the best blocking back to wear the orange and black since Don Baird was switched from the line to the backfield. And, Baird, you'll recall, will be a starting guard for Duffy Daugherty's Spartans next week against Washington.

If there is any depth to the '69 squad, it's in the backfield. Behind these starters, Roger Ashenfelter, Gerald Girbach — one of the fastest backs in the Huron League — Ralph Miller and Tony Lisenbee.

Sophomore quarterback Rick Bunch is just a step behind Smith and Kennedy.

With the exception of Paul Randall at center, Fagan will have a letterman at every starting offensive post. He'll lead off with Paul Burns and Jack Baker at ends; Bob Hackett and Jack Greenfield, tackles; and Steve Tilton and Bill Gibson, guards.

Most of the offensive players will also have to work on defense. Exceptions are John Robert at an end post and Gary Hannibal at tackle.

Barring injuries, Tecumseh will be quicker and faster —and better than the '68 squad which posted a 6-3 record. If the Indians slip past the Hornets, they can improve on the '68 record.

Game time here under the lights is 7:30.

PLEASED COACH — Coach Tom Fagan has the attention of his squad [illegible] a break in scrimmages against Michigan Center, Brighton and Chelsea. Fagan and his assistant, Pat Connors, were especially happy over the Indians' defense.

LINEBACKERS — Playing major roles in Coach Fagan's defensive lineup are these four starting linebackers. Filling the interior posts are Bill Gibson and Steve Tilton. Outside linebackers standing behind their teammates are Jack Baker and Jack Greenfield, tri-captain.

FRONT LINE — Barring injuries, this front line for Tecumseh should hold its own this season. Although not particularly big, the Indians are quick and aggressive. These starters, from the right, are Jack Baker, Bob Hackett, Bill Gibson, Paul Randall, Steve Tilton, Earl Ruttkofsky and Paul Burns.

LITTLE TROUBLE — Tecumseh enjoyed pretty good running from scrimmage against Chelsea Friday evening as this play with Ken Pieh carrying the ball shows. Out front of Pieh is Tony Lisenbee (22) pushing against Tecumseh's fine tackle, Earl Ruttkofsky (72).

Coach Fagan starts his 8th season as head football coach for Tecumseh. The successful mentor is hoping that the Indians gain revenge Friday night when Hillsdale opens the season here. The Hornets bumped Tecumseh last year, 27-13.

TOM FAGAN

Van-Mers

A University of Toledo grad and former Boysville coach, Pat has been a valuable aide to Fagan over the past several years. Coach Connors has developed several outstanding lines here and the Indian defense should be tough again.

Teachers Ratify Master Contract

CLINTON — A master contract was ratified by the Clinton Education Association Aug. 27, after lengthy negotiations which spanned the summer months.

Salary increases raised the base pay for a teacher with a BA or BS to $7,000, up to $9,970.02 for 10 years' experience.

An MA ranges from $7,500 to $10,682, with 10 years, with com parable increases for additional credit hours.

In addition, the Board will pay up to $120 per year toward Blue Cross-Blue Shield, or MEA insurance.

Certain class load provisions were changed to provide:

- In grades kindergarten thru three, when the class load exceeds 26, an adult paid teacher aid shall be supplied.
- In grades four through six, when the class load exceeds 30, an adult paid teacher aid shall be supplied.

Teacher aids in the above provisions shall be supplied at the rate of 75 minutes per pupil per week, to be scheduled by the building principal.

Two teacher aids have been hired for the Elementary School.

Mrs. William Shelley will be working 2¾ hours daily to assist teachers in all three sections of the second grade.

Mrs. Charles Sturm will work 4¾ hours per day assisting with three sections of the third grade.

The duties of the teacher aids will include such clerical work as mimeographing material, filing, recording grades, and grading papers, tutoring those students who need special assistance, such as students who have been absent or supervising in the halls.

Redskins Host Parma Western

CLINTON — With the Clinton Redskins' opening tilt with Parma Western scheduled for Friday on the home turf, head coach, Ron Lynch, appeared confident as he predicted, "If we can avoid injuries, we should be in the title race".

Other football coaches are Wes Maki, line; Fred McCrate, ends; Jim Pittman, defense; and "Dutch" Poppink, offense.

Lynch expects his 16 returning lettermen will be "much improved".

Among the 10 returning starters are Tim Merritt, leading receiver; Eric Sparks, leading scorer; Jim Claus, 64 pass completions to his credit; and Tom Moore, fourth year starter, leading rusher with 492 yards.

The football roster includes: Seniors — Herb Ayres, Jim Claus, Dave Elliott, Bruce Handy, Tim Merritt, Tom Moore, Al Roberts, Eric Sparks, Merk Wegner, Jim Woodward, Dan Lover, Greg Duffield and Ron LaSovage.

Juniors — Terry Bellmore, Bari Campbell, Bruce Carlton, Tom Faulhaber, Jerry Heimerdinger, Warren Merritt and Pete Schneider.

Sophomores — Tim Bowman, Rick Breeding, Tim Busch, Bill Ehnis, Jeff Filter, Mike Frolich, Jeff Grinnell, Jim Handy, Steve Hathaway, Dan Olson and Bill Wolford.

New Official Picked

CLINTON — Richard Peterson, a recent appointee to the Village Council was selected chairman of the ordinance committee at the meeting last Wednesday. He will also serve on the light plant committee and the village [illegible] committee.

A letter was read from Nordstrom-Sampson, architects, approving of the newly-completed fire station, and the council received ownership. Fire equipment was moved in last weekend.

Kathy Thomas was present to request a letter of intent to approve the water-sewer privileges to the Water Wheel Mobile Home Estates. Request was granted.

Martin Halley, representing Clinton Township, was present to explain a way for the Village to participate in the township dump program. John Truesdale and Gary Underwood will look into the program. The present Village dump is rapidly nearing the end of its usefulness and another location must be found soon, according to President Truesdale.

It is expected that a part-time marshal will be hired by Sept. 15. The village has been operating without a daytime marshal for eight months.

Matter of daytime police protection is being investigated.

James Gass in New Post at Albion C.

CLINTON — James Gass, son-in-law of Mr. and Mrs. Russell H. Miller, has been named admissions counselor at Albion College.

Enrollment About Same

CLINTON — Enrollment at Clinton Community Schools has been fairly stable this year with 531 in grades seven through 12, and 619 in elementary, kindergarten through grade six, for a total of 1,150.

In the high school, the enrollment is 16 more than on the fourth Friday of September, 1968, when the official count was taken — or 28 more than the June count this spring.

Elementary classes remain almost the same as last year with a fourth section being added in the first grade, as had been anticipated.

However, the kindergarten total is only 70, 17 less than last year. Elementary classes continue to range between 25 and 30.

CANDY STRIPERS — Linda and Laura Hughs fill pitchers with ice for patients as Lauri Lundquist looks on at Herrick Memorial Hospital. The girls in their pretty pink and white striped pinafores and caps are representative of about 20 young ladies who spend many of their leisure hours helping the nurses and aides make patients more comfortable. In two training classes, the Candy Stripers are given tips to help them with their work. They learn what to do and why, how to get along with people and not to become too involved. Linda has spent more than 106 hours since last May and Lauri more than 92. They have definitely decided to go into nurses' training when they graduate from high school.

Walk 'Mighty Mac'

By GENE BARTON

As always, a happy carnival atmosphere and good-will pervaded the annual walk across the "Mighty Mac" as they all know the Mackinac Bridge.

Among the 17,000 walkers Labor Day was one local group who first took the jaunt six years ago. In the ensuing years, relatives and friends have joined in, until this year's camp numbered 43 people on nine adjoining camp sites in the Mackinaw Campgrounds, headquarters for the third year.

The original campers and walkers were the John Hamilton family, Doug Halls and Jim Bartons.

The Hamiltons, now residents of Worthington, O., wound up their vacation at Mackinac after spending a week in New Mexico and another throughout the west.

Campers this year were John and Winona, Carol, Mark and Kim Hamilton; Doug, Jean and David Hall; Tim Kainzew, Steve and Jackie Vealy of Lansing; Jim and Gene Barton and Dieter Schmidt of Frankfurt, Germany; Russ and Betty Hyatt; Carrie, Jane, Mickey and Kathy Retan; and Jerry and Connie, Melissa and Jill Barton.

Also on the trek were Cliff, Marie and Mary Beth Deaner; Gail Kennedy; John and Joyce, Natalie and Sandy Hopson; Claire Camburn; Lew and Nancy Erwin, Tom and Bert, Dale and Dean Forsyth; Curt and Dorene White, Sally and Barb of Stockbridge.

Casper Glenn, father of Gene and Dorene, stayed at a motel in town but joined in some of the activities of the group including the "walk".

The group stayed [illegible] if Dad can do it, we can." He had been at it for some years and can still outwalk most of the adults, but not the kids. He is 78 years young.

All cooking and clean-up chores are a shared activity so no one works too hard, yet everyone is free to "do his own thing".

If you're not interest in statistics, you can quit reading now, but if you wonder how you feed a group like this — here's how:

Four tables are lined up for eating with canopies overhead, two tables full of supplies, utensils, three camp stoves and nine coolers.

Groceries consumed included 12 lbs. bacon, 16 dozen eggs, 10 lbs. hot dogs, 10 lbs. sloppy Joes, 10 lbs. ham, and a stew made of 6 lbs. chuck roast, 10 lbs. potatoes, 5½ lbs. carrots, 5 lbs. onions and only Mulligan knows what else, but it filled a 17-quart kettle and served one meal with a little dab left over.

Seven dozen ears of corn, 1½ pecks tomatoes, two pecks peaches, one peck apples, nine melons, six lbs. potato chips, 27 cans juice, seven dozen cruellers and donuts, five cakes, over 40 dozen homemade cookies and no one knows how much bread, butter, hot chocolate, soft drinks, milk and other snacks.

After the bridge walk, 15 left and remaining 28 diners made away with 15 lbs. of potatoes and a couple of pounds of onions in raw fries.

Whoopee! and they are all looking forward to next year's "walk".

Franklin Twp. OK's Landfill

A five-year agreement was reached Monday night for residents of Franklin Township to use the new Walker sanitary landfill on Pawson Rd., reports Richard Platt, township supervisor.

Identification cards may be picked up by township residents at the Tipton Town Hall this Friday, from noon to 8 p.m., and on Saturday, from 8 a.m. to 4 p.m.

The Walker landfill is located northwest of Tipton, and recommended route is west on M-50 to Pentecost Rd., north to Pawson Rd., turn right and the landfill is approximately one mile from Pentecost.

Others are expected to use the landfill, which has been licensed by the state. Tecumseh, Clinton Township and Village of Clinton have expressed interest. Rome and Cambridge Townships are expected to sign agreements this week.

Tecumseh Township reportedly is not interested in the dump for its residents.

William Walker has allocated approximately 40 acres of his farm for the landfill. It is expected to last at least 10 to 15 years.

Franklin Township's agreement with Mr. Walker provides for free usage of the landfill by township residents. Township Board agreed to pay a flat fee of $300 a month for its residents.

Commercial and industrial businesses also may use the landfill, but at a fee to be worked out with Mr. Walker.

Schools Seek Glass Room For Plays

Use of the Glass Room at the Tecumseh Community Center by the Tecumseh schools for class plays came before Council Monday evening.

Subject arose through the monthly report from the Parks and Recreation Board.

Councilman Ray Puffer, who also is a member of the Board, told his colleagues that a new contract with the Tecumseh Players is planned and he thought an arrangement would be worked out with the schools.

In the Board's report, Council learned that the Players were $450 behind in rental payments and that props, scenery and other Players' equipment was scattered about the boiler room in the Center.

Mr. Puffer says the Players have been contacted and that payment was forthcoming.

Mayor Harold Easton said not all of the equipment in the boiler room belonged to the Players and cited other organizations which had left items there.

Reason for the schools seeking use of the Glass Room is the conversion this school year of the "Little Theater" at the high school into a classroom.

Plans Duplexes for Waskins Dr.

A request to rezone six lots along Waskin Dr. in the Indian Hills Subdivision was referred to the Planning Commission by Council Monday night.

Paul Wolf, local builder, plans to erect duplexes along the street. The six lots are currently zoned for single family dwellings.

At the present, there are two duplexes on the street, and rezoning was recently passed for the erection of multiple-family units in the area.

ON STAGE SATURDAY — Participating in the "Showboat of Harmony" Saturday evening at the Croswell Theatre in Adrian will be the Sweet Adelines of the Irish Hills Chapter. Also on the program will be Tecumseh's Four Dads — Dr. Carlton Cook, Keith Bailey, Gordon Comfort and Dave Wood — and the Town Tunes. Saturday's show, which starts at 8 p.m., is being sponsored by the Tecumseh Chapter of SPEBSQSA and will include quartets from Toledo, Hudson and Battle Creek. New THS Vote Likely in 1970 for $9.6 Million

Failure of a governor's committee to release its findings in regards to aiding schools through state funds has apparently resulted in the Tecumseh School Board delaying its decision as to when a bond issue for a new high school will go on the ballot.

Monday evening, the Board voted to hold a special session in October to reach a decision. The governor's committee is expected to release its report soon.

Robert Duhan, assistant superintendent, says the findings will probably be reviewed by the legislators and it will be up to them to enact any measures for additional school aid.

At the present, the leanings are towards an increase in the state's income tax with relief for property owners from property tax. Many officials claim the schools cannot continue to operate with such dependence on property tax, which is generally high and not readily approved by the voters.

The Board held a lengthy discussion about a proposed new high school and placing the bond issue before the voters. If a decision is reached in October, a vote from the electorate will likely occur in February or March.

Land, amounting to 120 acres, at the corner of M-50 and Rogers Hwy. has already been purchased for a new high school, estimated to cost approximately $7.8 million. The bond issue proposal will call for $9,600,000 with about $1.8 million planned for additions and remodeling of the present high school for a middle school.

Besides not having the governor committee's report, school officials report that the bond market is down and buyers are reluctant now to purchase long-term bonds.

Stefan Boasts Many Talents

By DOROTHY GRIGG

Stefan Parkman, a Swedish boy of many talents, has come to spend a year under the Youth For Understanding program with the LaVern Moll family in Holloway.

Not the first exchange student in the Moll home, Stefan is none the less the only one in Tecumseh this year. He has been here about four weeks.

He is the son of Allan and Catharina Parkman of Uppsala, Sweden, north of Stockholm. A little sister, Anna, 3½, and a brother, Haaken, 14, make up Stefan's family at home. Here he has two "brothers," Barry and Rodney Moll and a "sister," Cheryl.

The blonde handsome youth speaks with precise English which he started studying at 10 or 11 years of age when he was about in the third grade.

He remarks that there is much difference in the school systems of the two countries. He said that in Sweden they have 10 compulsory subjects, including physical education and religious instruction and not one faith but all faiths.

Their study of history includes all countries of the world so that the student gets an over-all view of the whole world, Stefan said.

Swedish students have a choice of French or German in the seventh grade and providing grades are sufficiently high — five points is outstanding, three quite normal — a student may enter gymnasium, or high school as Americans call it. This is the three upper grades. The ninth grade is one of the required ones.

When in gymnasium, Stefan said, one is allowed to make more of his own selections of subjects. Usually, one is another foreign language.

He emphasized the fact that he does prefer the Swedish scheduling of 40-minute periods, followed by a 10-minute break when the windows are opened to circulate the fresh air.

"But I must admit you gain quite a bit of time your way," he said.

Children start school at seven years, not six, and kindergarten is not required but every child must complete nine years of education.

An accomplished violinist, Stefan has studied for 10 years and played in the Youth Orchestra in his country. He is a member of the Boys' Choir of Uppsala and has gone on tour with them.

His adopted mother here helped him to join the Youth Symphony in Ann Arbor, where he

Indians Win Big

Tecumseh's opening 28-6 victory over visiting Hillsdale Friday night was something to behold — providing you were an Indian fan, and about 90 percent of those attending were.

In the first quarter, the Hornets' football team was "really something".

After the Indians kicked off, Hillsdale fumbled on the first play with Tecumseh recovering on the 21. Three plays later, quarterback Craig Smith sneaked over from the one and the Indians led, 6-0, with less than two minutes gone in the game. Smith added two more points, running the ball in for an extra point bonus.

Jack Greenfield again kicked off to the Hornets, who ran twice for a net loss of three yards and passed for a net gain of three. Punting from their 22, Tecumseh's Bob Hackett broke through and blocked the punt with teammate John Robert picking it off in mid-air. The Indians then moved seven yards in two plays, and the scoreboard showed the Indians in front, 14-0, following

City Approves TP Agreement

Council approved an agreement with the Tecumseh Products Monday night for a $300,000 improvement at the city's wastewater plant.

Primary purpose of the improvement was eminent.

In the agreement, the Products has offered to pay $135,000 towards the expansion, or 45% of the total cost. The gift is contingent on the city obtaining state or Federal aid for the balance.

The city manager was authorized to make application for government assistance, and he told officials that it would probably be at least January before they learn whether such assistance would be made available.

School Planned for New Scouts

Youngsters and parents will have an opportunity to acquaint themselves with Scouting next Thursday night at the Tecumseh Community Center.

A "School Night for Scouting" will be held, starting at 7:00.

Ken McElroy, vice-president at United Savings Bank and assistant district commissioner for the Boy Scouts, will serve as coordinator.

Boys in grades three through eight, or ages 8 to 11, are encouraged to attend along with their parents. If a youngster is interested in joining the Scouts in Tecumseh, he and his parents will have an opportunity to register.

Mr. McElroy says the values and purposes of Scouting will be explained and the meeting will then break up into several groups, headed by scoutmasters, assistants and den mothers for giving specific information to the visiting boys and parents.

Flyers pertaining to the meeting will be sent home by the boys through the schools.

A secondary purpose of the session is to increase interest and membership in Boy Scouts in Tecumseh. At the present, total membership numbers about 150.

Scout representatives expected to take part at next week's meeting include Bob Hyde of Pack 72; Dr. Joseph Bachman, Troop 4 scoutmaster; Tom and Hal Warren, Troop 73 scoutmaster and assistant, respectively; Walt Wonderly, Pack 73; and Charles Gross of Pack 4.

Harold Tesh, scoutmaster of the handicapped boys at Lenawee Institute, also will attend the meeting and will be available to discuss Scouting for the handicapped.

Dog Nabs Boys

Near midnight Tuesday, a rambling chase began in Clinton which led State Police over several southeast back roads, and eventually to the capture of two youths back in Clinton after police tracking dog, Odie, led by Trooper Edward Kaiser, had trailed over six miles of rural landscape.

The driver, Ronald L. Jedele, 19, was followed to his home at 401 Jackson St.

The chase began at 11:30 p.m. as State Police troopers William Bradley and Patrick Coady, on patrol, observed a 1965 red Oldsmobile run a stop sign on E. Church St. at Curries St.

As the patrol car accelerated to pursue, the other car turned north on Sunset Dr., then east on Kehoe Rd., running a stop sign at that intersection. Officers observed a quantity of beer being thrown from the window of the car ahead. Subsequently the chase continued over Murphy Hwy., then east on Pennington Rd., and stopped near the residence of Martin Korth at 6314 Pennington Rd.

It was there that two of the occupants left the car, while the minor remained inside the vehicle. Mr. Korth told officers he saw the two youths run past his home going west.

The tracking dog, Odie, was sent for and the cross-country pursuit ensued, ending at the Jedele home.

A short time later, Robert Linous Brown, 19, of 206 River St., was apprehended by Trooper William Daily as he was seen running on Michigan Ave. in Clinton.

Warrants were authorized by the prosecutor Wednesday for Ronald Jedele, for fleeing or eluding arrest, and as a minor in possession of intoxicants.

Robert Brown will be charged as a minor in possession of intoxicants. The third youth, a Tipton juvenile, will be turned over to Probate Court.

Sgt. Henry Louwrerns, post commander, explained the necessity for police officers to pursue any vehicle which attempts to evade arrest, since such evasion often is for a serious reason.

Barton Awarded

American Oil Co., represented by Jim Barton locally, was awarded a contract for city gasoline and fuel oil by Council Monday night.

The low bid was just $27 under a bid from Beach Bros., Inc. Other bidders were Citgo and Gulf Oil.

BEHIND PAGE ONE

Not everyone gets their wedding reported twice in the same paper. But then when the wrong name appears in the head, well, that's something else. Our apologies to the new **Mr. and Mrs. Lee Lemerand.** I'm sure **Dale** feels flattered though, as his wife said, "He always did want a blond".

Mrs. Fred Hartwig received two letters Wednesday addressed **Techmsea** and **Tecumsea.** She didn't say whether the zip code was included. Just another peculiar way to spell the name of our fair city.

Joe Hayden stopped by the office to pick up the picture he brought in of the **New World Singers** and asked if we were dropping him a subtle hint. It seems the news article appeared but not the picture due to lack of space. However, at the end of the article it reads, "**Does the Herald have your photo?**" No. Joe, we didn't mean you.

Gremlins maybe? **Larry Ehinger** graduated from **Adrian College** as the article read in last week's paper and **not Albion** as the head stated. How could this happen? Sorry, **Larry.**

Laura Hughes has more than 92 hours, probably many more by now, as a Candy Striper at Herrick Memorial Hospital. We inadvertantly gave her hours to Lauri Lundquist, who also helps the nurses and aides to make and keep patients comfortable. The young ladies in pink and white are available to write or read letters for patients, como nair and the dozens of other important little things that make hospitalization more pleasant.

Terry Mackey, Gregg Long Wed in Methodist Church

The bride's grandfather, the Rev. E. A. Fraker of Deerfield, assisted the Rev. Donald Porteous Saturday afternoon in performing the ceremony for the wedding of Terry Mackey and Gregg Long at the United Methodist Church.

MRS. GREGG LONG

Parents of the couple are Mr. and Mrs. Gene Mackey, 903 River Acres Dr., and Mr. and Mrs. John Long, 107 N. Union St.

The bride wore a floor length gown of Alencon lace styled with basque bodice and sabrina neckline, accented with tiny sequins and pearls. The bouffant skirt had a lace tunic effect, tapered in front to reveal a cascade of lace tiers edged in scallops and sequins.

Her floor length chapel train flowed from the shoulders and a fingertip veil of illusion was secured to a satin rosette headpiece.

Vickey Mackey was maid of honor for her sister in a full length gown of turquoise chiffon crepe with set-in cummerbund.

Michael Osburn was best man and the guests were seated by Jeff, Eric and Gaylord Long, and Richard Westgate.

The rehearsal dinner was given by the groom's parents at the Country House.

The bride is manager of the Lo-San Beauty Salon in Adrian, and the groom is the manager of Long's Gulf Station for his father.

Following a trip to the north country of Michigan, the couple will live in Tecumseh.

St. Elizabeth Has New Education

A religious education program has been instituted at St. Elizabeth Church to meet the religious educational needs of school children and young adults of the parish (pre-school through grade 12 in both public and parochial schools.)

Retreats are planned for senior high students, adults and catechists and discuss-ins for young adults and adults, an opportunity for spiritual renewal and in-depth teacher training.

Bauer Enters Innocent Plea

A plea of innocent to a charge of negligent homcide, was entered by John Bauer, 28, Clinton-Machester Rd., when arraigned before Judge Rex Martin, Tuesday.

The charge arose from a fatal traffic accident on Aug. 8, in which Mrs. Maxine Evelsizer of Manchester, lost her life.

Trial was set for Dec. 2. He will remain out on bond until that time.

Wrecked Cars To Be Fenced

Planning Commission has given Ed DeLisle, owner of Ed's Standard Service, permission to erect a fence at the corner of S. Maumee and Russell Rd., for storing wrecked automobiles.

The fence would screen the cars from public view.

Council learned of the action Monday evening and generally agreed that something must be done with wrecked cars parked at service stations. Many of the cars are held at stations from 10 to 60 days, awaiting insurance action.

Officials appeared appreciative that Mr. DeLisle is planning on doing something with his wrecked autos, besides storing them next to his service station. In the past, Council has been critical of so many cars there.

East Side Gulf came under criticism for having old vehicles there in public view.

City officials decided to investigate possible action, and, if necessary, request the police to ticket responsible parties for violation of city ordinance.

The engagement of Marilyn Durfee to Randy Work is announced by her parents, Mr. and Mrs. Wallace Durfee, Ypsilanti. The bride-elect is a 1967 graduate of St. John's High School, Ypsilanti, and is a junior at Eastern Michigan University. Mr. Work is the son of Mr. and Mrs. Glen Work, 711 Adrian St. He is a senior at EMU and is employed at Motor Wheel, Ypsilanti. A Nov. 29 wedding is planned in Ypsilanti.

Free Dirt Is Offered

... want some good top soil, or silt, from the Globe Mill Pond basin?

This subject came up Monday night at Council, and most officials were willing to let the soil go free, if parties are interested in hauling it out.

City Manager Cal Zorn says the silt is up to six feet deep and it would cost the city over $100,000 to have the basin cleared. His cost estimate was based on figures given him by an excavator.

Officials would like to see the pond cleaned out before constructing a new dam, but unless the dirt is hauled out free, it appears that the silt will be there when the dam is constructed and the area covered with water again.

Globe Mill Pond dam washed out June 26, 1967, and the basin bared. It is now growing a healthy field of weeds.

Plans for a new dam are in Lansing, awaiting approval.

Rosalind S. Reeves and Lee Lemerand Wed

Rosalind Suzanne Reeves, daughter of Mr. and Mrs. Robert E. Reeves, 502 Blanchard St., and Lee Martin Lemerand, son of Mr. and Mrs. Dale Lemerand, 413 E. Pottawatamie St., were married Sunday afternoon in the Grace English Lutheran Church by the Rev. Kenneth Strack.

White gladioli and lighted candelabra fronted with foliage enhanced the altar while white bows and greens marked family pews.

Debbie Simon played nuptial music as the 150 guests were seated by Ron and Dave Lemerand, brothers of the groom.

The bride wore a full length gown of silk organza over satin with sheer long sleeves trimmed at the cuffs and neckline with sequins and seed pearls.

Her floor length veil of illusion was secured to a jeweled hat and she carried white roses.

Donna Reeves, sister of the bride, was maid of honor and the bridesmaids were Vicky Biscupski and Wendy Reeves, also a sister of the bride.

They were attired in full length gowns of satin brocade featuring cape sleeves. They wore flower petals with ribbon streamers in their hair and carried nosegays of yellow rosebuds. The maid of honor wore yellow and the maids, green.

MR. AND MRS. LEE LEMERAND

All of the gowns were made by the bride's mother.

Martin Korth was the best man.

A reception for 150 was held at the United Products Workers Union Hall with Christine Lemerand and Sheila Reeves assisting at the punch bowl.

Green and yellow streamers on the white cloth enhanced the bride's table, centered with the wedding cake, flanked by white tapers in silver candle holders.

Mr. and Mrs. Robert W. Reeves, grandparents of the bride, of Davisburg, were special guests.

Both young people are graduates of Tecumseh High School. The groom is in the army.

The rehearsal dinner, given by the Lemerands, was held at the Country House.

The group viewed a filmstrip on mu... ...apy in hospitals put out by the Michigan Federation of Music Clubs.

A short business meeting was held outlining plans for the current year.

Postal Drivers Are Recognized

Tecumseh Post Office received a motor vehicle safety award Tuesday for meritorious performance during the fiscal year of 1969.

Twelve drivers on rural and city routes traveling over 100,000 miles had no vehicle accidents.

The accident rate, the casualty rate and the cost rate were all lower or equal to the regional average.

Postmaster Jack Moteaff credited the employees with earning the award, saying that their performance reflected a good image to the community in the service they provide.

By DOROTHY GRIGG

Friends Church people enjoyed the weekend of dedication activities so much that one member said she would like to do it all over again. Especially—but no, one can't say any particular part of the program because segments of each service were vitally interesting to many.

There were 624 that heard Clayton Erb at the new organ Saturday evening, including the church builders of Grand Rapids. We could cry that we missed the organist with "personality plus".

The Escolmes, of Damascus, O., with daughter, Beppy, now Mrs. W. S. Pierce, her husband and three children of Berea, O., were house guests of Mabel Lockwood over the weekend. The Rev. Escolme thrilled many of his former parishioners as he spoke in the Sunday morning service.

Others coming from out-of-town were Mrs. Ronald Wells of Spartanburg, S. C.; the Kenyon Sprungers of Berne, Ind.; and the Kenneth Woodwards, of Lansing; all at the home of Mrs. Perry Hayden for the weekend.

Mr. and Mrs. William Comfort and Mr. and Mrs. Francis Langthorne of Detroit, Mr. and Mrs. William B. Berkhoff, Mt. Clemens, and their son and wife, Mr. and Mrs. William B. Berkhoff, of Lansing, were Sunday guests of Mrs. Perry Hayden, coming for the dedication.

Dr. and Mrs. Robert Weildryer and family of Holland were guests of the Ralph Comforts.

√

Mr. and Mrs. Percy Cadmus, Mrs. Jennings Frayer, Mrs. Albert Todd and Robert Todd, local members of the Hitch Up and Go Club, attended the state fall camp-out at the fairgrounds at Imlay City over the weekend.

A girl weighing 6 lbs., 4 ozs., was born Sept. 15 to Mr. and Mrs. Robert M. Williamson, II, in the Munson Medical Center at Traverse City. Mr. and Mrs. Robert Williamson, 515 W. Logan and Mr. and Mrs. Pitt Galloway of Traverse City are the grandparents, and Mr. and Mrs. Lee Purkey and Mrs. Leon Williamson are the great grandparents of the little one who, as of Monday, didn't have a name.

√

Thomas Kampmueller and his little league team, sponsored by Lenawee Fuels, went to see the Tigers play the Baltimore Orioles recently. Others going with the team were Mr. and Mrs. Roger Williams, Clarence Harvey and Harry Stanifer.

Mrs. Walter Stutesman is spending some time in New York with her daughter and husband, the Rev. and Mrs. Robert Howder, before they leave again for Japan.

Mrs. Robert Bowers and Mrs. Curtis Wright, assistant vice presidents and Mrs. Harry Duncan, vice president at the United Savings Bank, all attended the annual meeting of the National Association of Bank Women, Inc., Sept. 10 and 11, at Bellaire.

A letter to Mrs. Duaine Service from Mrs. Alva Hunter of Ypsilanti recently told of the death of her husband Aug. 8. Mr. Hunter was a member of the Tecumseh High School graduating class of 1915. They often came to the alumni banquet. Burial was in the Macon Cemetery.

√

Mrs. Ben Merry of Vassar is spending several days at the home of her daughter and husband, Mr. and Mrs. Marvin Grigg, to assist in the care of the Merrys' first grandchild, Merry Christa, who arrived home with her mother from St. Joseph Hospital Saturday. Parma Western made the game tense by making a touchdown in the first quarter by intercepting a pass and returning it 42 yards for a TD.

The Redskins' Ron LaSovage then ran for 64 yards to tie the score. Ron alone gained 176 yards for the 'Skins.

Mike Gunn, a sophomore, ran 18 yards to put Clinton in the lead at the end of the half with a score of 12-6.

After a scoreless third quarter, P-W tied the game in the fourth.

With only 40 seconds remaining on the clock, Tom Moore ran through the line for the winning touchdown.

Clinton's offensive line did a masterful job with Herb Ayres and Terry Bellmore at tackle. Moore, Bruce Handy and Eric Sparks made a good showing on defense.

School Enrollment

Although the official school enrollment will not be taken until Sept. 26, fourth Friday in September, local officials already have a fairly good idea of what it will be—up!

Monday's enrollment was 3,494 students, about 90 more than predicted by authorities prior to the opening of the 1969-70 term.

Tecumseh High School has 1,091; Junior High, 579, and the grades, 1,824, including special education pupils.

Six teachers have over the 34 maximum figure per class and will receive extra pay, according to the master contract. Some classroom loads are up to 37 pupils per class.

A breakdown for Monday's enrollment is:

Kindergarten — 275
First Grade — 249
Second — 267
Third — 239
Fourth — 244
Fifth — 277
Sixth — 226
Seventh — 300

Freshman — 311
Sophomores — 265
Juniors — 264
Seniors — 226

There are 25 special ed students not included in the breakdown report, nor are 37 elementary pupils included.

State aid is figured on a school's enrollment of the fourth Friday in September.

Russell Rieves to Lead Onsted 4-H

Tories Whip Waldron '11' In Opener

Britton Tories broke a 10-year losing streak Friday night when they won their first opening game since 1959.

In the season opener against Waldron, Jim Lister and Jim Brown accounted for three touchdowns to turn back the opposition, 20-0.

The Tories took an early second quarter lead as Lister connected with a 40-yard pass from Brown and later went around the end for a 30-yard run to paydirt.

Third quarter action saw Lister throw back to Brown for 40 yards and Britton's final score.

Coach Paul Palka estimated that Lister totaled 150 yards rushing. He also gave credit to his entire offensive backfield for a fine performance.

Frank Geisenhaver, although not scoring, paced the Indian running game with over 90 yards rushing and shared offensive honors with Pieh. Used mainly last year as a blocker, he showed he can run, too.

Bob Hackett has been picked by the coaches as offensive lineman of the week for the Indians. The 185-pound senior won recognition through blocking on pitchouts and dive plays in the Tecumseh victory.

John Robert is defensive lineman of the week, selected because of his tackling and overall defensive work. The 170-pound senior was plagued with injuries last year and has been a pleasant surprise.

Steve Tilton picked up linebacking honors. He led Tecumseh with 12 tackles, recovered two fumbles and caused two other fumbles with hard tackles. The two-year veteran plays strong guard on offense.

Tri-Captain Ken Pieh shared offensive honors. Rated one of the best running backs in the Huron League, Pieh scored two touchdowns against Hillsdale and was the work horse of the Tecumseh backfield.

Mike Kennedy won defensive back honors and is rated one of the best tacklers on the squad. He nailed Hillsdale's fullback on a long gainer when the Hornet appeared to be going all the way for a TD.

(Continued from page 1)

Ken Pieh's two-yard plunge.

Less than four minutes had been played and the visitors, according to a Hillsdale official, were not "executing too well".

Hillsdale received again, gained three yards in three plays and were forced to punt. This time the center bounced the ball back and the Indians recovered on the Hornets' 39.

Five plays later Coach Tom Fagan's club had its third touchdown with only a minimum bit of effort. The Indians' defense was completely overwhelming the visitors.

Pieh tallied again from the five, and then Smith passed to end Paul Burns for the extra points to boost Tecumseh's margin to 22 points.

Overall, Hillsdale lost the pigskin three times on fumbles in the opening period and once on a blocked punt.

With 22 points ahead, Tecumseh's eleven visibly had a letdown and didn't score again until the fourth quarter. In fact, the Indians joined their opponents in the give-away and contributed to a lackluster performance in the second period.

While Hillsdale fumbled only once more in the first half, the Indians kept the game from being a complete rout with some of their own goofs.

The Indians lost the ball twice on fumbles in the second quarter, had two pass interceptions, and had two 15-yard penalties marched off, canceling a couple of fine runs by Mike Kennedy and Pieh.

It was simply the case of the defense being ahead of the offense for the opening game for the Indians, who could have easily added two more scores before the half.

A 15-yard penalty killed a drive in the third quarter when halfback Gerald Girbach romped 13 yards to Hillsdale's 11. Longest drive of the night for either team occurred just before the fourth period, when the Indians, taking over on their 3 after a punt died there, marched to Hillsdale's 28 where a wild pitchout was hobbled and the Hornets fell on it.

The Hornets were gracious, however, faced to punt minutes later, another poor pass from center was recovered by the Indians on Hillsdale's 16. Pieh and Frank Geisenhaver alternated in carrying to the one, where Smith sneaked over. A pass for the extra two points was picked off by a Hornet to end Tecumseh's scoring.

Hillsdale's lone tally came with just 14 seconds left, and it appeared to be a gift of the officials. Buzz Sharpley, who ran from a halfback post, most of the night, took over the quarterbacking and moved his club 42 yards to paydirt.

Tecumseh's first victory resulted from an outstanding defense, particularly in the first quarter when it forced several Hillsdale mistakes. If Fagan had wanted to prevent the Hornets from getting on the scoreboard, there's little doubt he could have done so.

Offensively, Geisenhaver paced the Indian running game with a total of 96 yards in 26 carries. He had runs of 20, 16, 14 and 10 yards.

Pieh gained 51 yards in 19 carries and Kennedy 37 in six attempts. Penalties nullified several good gains for the Indians.

Exchange

Continued from page one

will play every other week. He will also continue the study of the violin there.

He is an avid photographer and develops and prints his own pictures, using a great deal of imagination.

Stefan's father is head master of a boarding school, one of the few in Sweden, and one where the main aim is to educate priests, also rather unusual in that country. Mr. Parkman is also a priest in a Swedish Lutheran Church, connected with the state.

Mrs. Parkman is a teacher but presently stays at home with little Anna.

The exchange student said he thinks that the church of Sweden continues much more with the old traditions than is done here. For instance he stated, the priests there chant melodies from the ninth century.

Stefan said the distance between America and Sweden fascinated him when he was applying for exchange here. He expected the behavior of the people to be much different than in his home, and he didn't find it so.

He expects a milder winter here. He was astounded to find the cottages on Devils Lake so close together and the lake itself so small. Swedes like to travel, as does Stefan, and many of them have summer houses. Television is not so common there and none is in color.

He remarked that he believes young people there like pop music in Sweden as much as they do here, "even though I am not so enthusiastic."

He is eager, Mrs. Moll, supervisor of nurses at Herrick Memorial Hospital, said to accept any of the ways of the Moll family and all dishes, regardless of how they are prepared.

Watching her carve a beef roast with an electric knife proved to be most amusing to Stefan, and he immediately got his camera to record the event. He also ate his first corn on the cob since he has been in this country.

No doubt by next July when Stefan returns to his homeland, he will have many more interesting experiences to tell.

Frosh Win Easily, 28-8

Tecumseh High School Frosh opened their 1969 football campaign Saturday morning with a 28-8 victory over the Manchester Jayvees.

The Little Indians jumped off to an 8-0 lead early in the first quarter.

After Dave Cook had recovered a Manchester fumble on the visitors' 23, the frosh marched in for the touchdown with Dave Biscupski carrying the last yard. He also scored the extra points.

Biscupski scored again in the second quarter, taking a 43-yard pass from quarterback Mike Clement. His extra points made it 16-0.

The home team increased its lead to 22-0 when Greg Cote scored from eight yards out in the third quarter. The try for extra points failed.

Another Clement to Biscupski pass, this one good for 51 yards, capped the frosh scoring for the day.

Manchester got on the board late in the fourth quarter on a pass from Jim Roberts to Don Steele.

Tackle Chuck Hanna and fullback Dan Gunder turned in fine blocking jobs for the Indians, while Dennis Dermyer and Mike Eggleston stood out on defense.

At Ft. Knox, Ky.

Army Pvt. Robert C. E. Stone is assigned to Company D, 11 Battalion, 4 Brigade, here in the United States Army Training Center, Armor (USATCA).

Following the completion of basic training, Pvt. Stone, son of Mr. and Mrs. Robert F. Stone, 500 Murray Dr., will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

Jack Sharp Wins In Fastest Car

Jack Sharp took the trophy for fastest of the 62 qualifying cars at Manchester Speedway Sunday for the Sports Car Championship.

Don Taylor received the trophy for top point man and also the sportsmanship trophy. Trophies also went to: Rookie of the year, Dick Thiede; Most Improved, Larry Blaisdell and Larry Liedel and 11 cars for perfect attendance.

In the first heat, Don Earles took the lead on the first lap and held on to win. The second heat saw Ray Barnard cross the line first.

The red flag was thrown in the third heat when Roscoe Stetton's driveshaft cut loose, he was taken to the hospital for a check-up, but returned to the track. Jim Martin was moving up fast but had to settle for second behind Larry Liedel.

Paul Whitaker took the win in the fourth heat and the fifth heat had a novel finish as Jim Shook and Dave DeMott came out of the fourth turn, and hooked tires. It happened to be Shook's back tire on top of DeMott's front tire, and they finished first and second that way.

Earles again stayed out ahead from start to finish in the pursuit.

Whitaker and DeMott battled for the lead through the consy, with Whitaker coming out ahead at the checker.

Luderman took the lead early in the 50-lap semi and held on for the win.

The 100-lap feature saw Dick Slade leading at the end of 50 laps, but drop out completely after the restart. Don Taylor took the lead on the 62nd lap and stayed out ahead for the win.

Indian '11' at Airport

Tecumseh will be after its second victory Friday night when the Indians tangle with the Airport Jets at Carleton.

The Jets opened their season with a 12-0 win over Monroe Jefferson. Airport is expected to be improved over last year, and boasts good size and good running backs.

Coach Tom Fagan contemplates starting his same offensive and defensive teams which stomped Hillsdale here in the opener, 28-6. In that game, the Indians' defense completely dominated the Hornets and opened the way for Tecumseh offense.

Fagan expects the Indians to continue improving, and if they do, Tecumseh could be a real power in the Huron League this season.

Rosalind S. Reeves and Dale Lemerand Wed

Rosalind Suzanne Reeves, daughter of Mr. and Mrs. Robert E. Reeves, 502 Blanchard St., and Lee Martin Lemerand, son of Mr. and Mrs. Dale Lemerand, 413 E. Pottawatamie St., were married Sunday afternoon in the Grace English Lutheran Church by the Rev. Kenneth Strack.

White gladioli and lighted candelabra fronted with foliage enhaned the altar while white bows and greens marked family pews.

Debbie Simon played nuptial music as the 150 guests were seated by Ron and Dave Lemerand, brothers of the groom.

The bride wore a full length gown of silk organza over satin with sheer long sleeves trimmed at the cuffs and neckline with sequins and seed pearls.

Her floor length veil of illusion was secured to a jeweled hat and she carried white roses.

Donna Reeves, sister of the bride, was maid of honor and the bridesmaids were Vicky Biscupski and Wendy Reeves, also a sister of the bride.

They were attired in full length gowns of satin brocade featuring cape sleeves. They wore flower petals with ribbon streamers in their hair and carried nosegays of yellow rosebuds. The maid of honor wore yellow and the maids, green.

All of the gowns were made by the bride's mother.

Martin Korth was the best man.

A reception for 150 was held at the United Products Workers Union Hall with Christine Lemerand and Sheila Reeves assisting at the punch bowl.

Green and yellow streamers on the white cloth enhanced the bride's table, centered with the wedding cake, flanked by white tapers in silver candle holders.

Mr. and Mrs. Robert W. Reeves, grandparents of the bride, of Davisburg, were special guests.

Both young people are graduates of Tecumseh High School. The groom is in the army.

The rehearsal dinner, given by the Lemerands, was held at the Country House.

2 Confirmation Classes Resume

Confirmation classes will be resumed Saturday, Sept. 20, at 9:30 a.m. for the beginners and at 11 a.m. for the seniors at Gloria Dei Lutheran Church.

FORMER TECUMSEH GAL — Many folks will recall this young lady's name, but probably few will remember her. She's Lindsay Russell, 18-ye ar-old daughter of Allen and Carolyn Russell, former Tecumseh residents. Miss Russell won a beauty contest at Marshalltown, Ia., and the right to represent her county in the Miss Iowa pageant in 1970. The Russells moved from Tecumseh several years ago.

Fisher Honors Three

Three Fisher Body-Tecumseh employees, William Kaiser, 515 N. Evans, Gerald Harris, 415 Wildwood Circle, and Benjamin Joseph, 404 Pottawatamie, received a second installment of $7,968.23, recently, on a suggestion submitted.

It was implemented at the local plant in 1968 and at other Fisher Body Division trim fabricating units with the start-up of 1970 model year production.

Their initial receipt of $2,031.77 one year previous to the day, plus this award payment brings their total award to $10,000 with each receiving an equal share.

The suggestion these sewing machine repairmen collaborated on involved the development and construction of an adjustable looper mechanism for use on multiple needle sewing machines. The new mechanism was designed in such a manner that it can be utilized for any current model year specifications modification and succeeding model year production.

The versatility of the new looper mechanism is such that it eliminates entirely any need for the more expensive and unadaptable part it replaces, while affording substantial savings in labor and material costs involved in sewing machine setup or adjustment for production use.

The payment of this maximum award, available through the provision of the GM Suggestion Plan, represents the second such award paid by the local plant in the past month.

Thus far in 1969, Fisher Body-Tecumseh Plant has paid $28,255.35 in awards under the plan to both hourly and salaried employes. A record unprecedented in prior year Suggestion Plan activity.

Pastor tell me

By DUANE H. McNEIL

WHERE IS GOD?

A man shaving one morning, cut his face in the process. He spoke out an oath including the name of God. His little girl, playing nearby, came quickly into the bathroom. "Is God here?" she asked. Her father was brought up short by the inquiry of the little girl. Too often we forget about the presence of God.

Psalm 139, speaks about God and His activities. In this chapter we may learn about the presence and the knowledge that God has concerning us.

God knows our thoughts. We have some things which have crossed our mind which we do not want others to know, However, none of our thoughts are a secret to God.

God knows our words. The Bible declares we shall give account one day for every word.

This passage also declares that God's Presence is everywhere. Out on the sea, up in the sky, away in the dark and even into the place called Hell is the presence of God. You cannot hide from God. This chapter tells us that God knew us even before our birth, knows us during our lifetime and will be aware of us after we have gone into Eternity.

Since God knows all about us anyway, we had best read the Bible and try to follow God's directions. Read Proverbs 3:5, 6.

Through My Window

WELL WORTH WHILE

My but this is a busy and hectic time of year. Hurry seems to be the name of the game. Many of the birds, fair weather friends only, have already packed their things and headed for the sunny south lands; others, who are just slightly stronger of heart, are making all sorts of detailed plans for their upcoming trips. The brave souls, who will be with us all winter long, seem to have caught some of the excitement. They spend their days flying here and there stopping at the feeding stations only for the briefest of snacks.

Of course I realize that Mother Nature's bountiful banquet boards are much more tempting than anything we can offer. There are weed seeds, late fruits and berries, and nuts, nuts, nuts. It is only right that the birds and squirrels forage for themselves — they should not become freeloading beggars exclusively.

Sometimes though, the feeders receive so little attention that it becomes downright lonesome. It hardly seems worthwhile putting fresh scratch and other tasty tidbits out.

Just when we start thinking of perhaps discontinuing our feeding program for a few days, along comes something special and oh, how glad we are that our banquet boards are set, too.

Papa and Mama Cardinal's last family was rather late and the youngsters are our principal feeder treats just lately.

The kids are out on their own now, of course, and managing very well. It is sheer guesswork on our part but the brood might have consisted of three at least, we see two very young females and one male who could very well be sisters and brother.

★

THE MALE IS very well coordinated, his landings and take-offs are faultless. His bright red bill grinds open a sunflower seed with absolutely no hesitation at all. As for brightness of color, I think he is going to match the most brilliant and handsome of red birds. Already he is outstanding.

The two gals are not doing so well appearance-wise. Their bills are highly-colored but their feathers are still a bit rough and showing too much brown. One has a fairly respectable top-knot but her sister, if indeed that is who she is, is still struggling with a two-feath... crest.

When she snaps to attention, raises her top-knot, and tries to look alert, the effect is not quite what it should be — instead of looking alert she looks silly.

Other youngsters bless us with an occasional visit, too . . . bluejays. If they all stay in residence it should be a good bluejay winter. These birds always have an especially difficult time growing up it seems.

They are big, a bit awkward, and loud — once in a while, one will come down to the feeder, start screeching and, honestly, so shrill is his voice that he almost frightens himself.

As of this writing our bluejays are still young enough to enjoy the company of their brothers or sisters. It is nice to see two or three snacking together at the feeder.

★

I DO BELIEVE that the first contingents of grackles are long gone. There are still a few "slowees" around, though. I hope they don't forget to go south, last year some of them spent the whole winter with us and they were most unwelcome guests.

The stragglers, who are venturing to the feeders these days, are for the most part most disreputable looking characters. Their feathers have no sheen at all, they are ragged, and some birds have not even fully feathered out from their moult yet.

Perhaps they are not in any shape to fly south; perhaps they are just resting up, eating well, gathering strength.

So it is that, although the feeders are not the busiest places these days, they do show us a little action and thus putting scratch out each day is well worthwhile.

NEXT WEEK:: "A Few Days Up North"

15 Attending WCTU Session

Mrs. Lillian Hoagland was hostess for the September meeting of the WCTU when 15 members answered roll call.

Mrs. Oscar Mead, vice-president, opened with a reading of the scriptures and Mable Lockwood offered the prayer.

A discussion concerning dues followed with the decision they remain the same.

Mrs. Perry Hayden had charge of the program. Her topic was "Launch Out". She told of the work of Frances Willard in Temperance.

Also of President Lincoln's belief that making a law against drinking wouldn't help as he did not believe in prohibition.

Of gambling, she said, it was a rival to one's religious faith.

Mrs. Hayden urged all members to write to President Nixon voicing disapproval over a recent article naming Lou Nichols, vice-president of one of the largest whiskey companies in the United States as being considered for the position now held by J. Edgar Hoover.

'Profile' Presented

CLINTON — Mrs. John Adrion and Mrs. Kenneth Smith presented a dialogue, "Profile of an Involved Woman" for the program of the Methodist Woman's Society of Christian Service, Monday evening at the church.

One suggestion for personal involvement, which developed, was that members write their congressman to object to the taking away of the privilege for prayer and Bible reading by the nation's astronauts.

The devotional theme used by Mrs. Adrion was "Alone" and she read, "A Sermon in Soap," to conclude her program.

At a meeting conducted by Mrs. Charles Knight, Sr., it was voted to have a bake sale every other month with the next one to be held in October.

Members are still collecting Betty Crocker coupons for a kidney machine, which will be used in the area. Coupons may be given to Mrs. Adrion.

Local Branch in Observance

Local branch of Michigan Children's Aid Society, Family and Children's Service of Lenawee County is joining in a statewide observance of MCAS week Sept. 14-20 as proclaimed by Gov. William G. Milliken.

The Family Counseling Service was established in 1961 to offer help to families with marital, parent-child and individual problems.

It merged with Michigan Children's Aid Society in January, 1969, so that the range of services offered could be expanded.

So far this year, 21 unmarried mothers have been assisted, a number of infants have been given care and a foster home program has begun.

In October, the Society will begin adoptive home studies and placement of children in Lenawee County homes. This is the only private agency to place infants in adoptive homes.

Mrs. Julian Gresham is executive director of the agency supported by Tecumseh Community Fund Foundation, Lenawee County United Fund, Britton-Macon Community Fund Foundation and by fees charged the clients and contributions from individuals and foundations.

Mrs. Gresham said, "Anyone who wants help with an unhappy family situation; is pregnant and wants to talk to someone about planning for herself and her child; or is interested in adopting a child, can contact Family & Children's Services by letter, phone, or in person, and a time will be arranged to talk with a caseworker about your particular concern or interest."

"China In Change"

"China In Change," is the theme for the three-session study being presented at the Tecumseh United Methodist Church, beginning Wednesday, Sept. 24.

The program, under the direction of the Mission Work Area, with Mrs. Carroll Sprague as chairman, will deal with the dramatic changes occurring inside Red China, transforming the country from the peasant poverty of the Pearl Buck novels to a modern and optimistic society. With agriculture as its mainstay, the new China is becoming more and more industrialized and more confident.

"Inside Red China," a film, will be the featured study during the first session which begins at 6 p.m. and last until 8 p.m. A potluck supper will begin each of the three sessions, which are open to adults and children from all local churches.

On Oct. 8, Helen Desjardine, a missionary for 33 years in China, and Chao Chang Chien, formerly of Hongkong, now working in the engineering department at Tecumseh Products, will present a forum.

The concluding session on Oct. 22 will offer a film, "The Rise of China".

Top left—Grand Prix; top center—Le Mans Sport; top right—GTO; above—Bonneville.

This is the way it's going to be. Pontiac's 70's

Surprised that Pontiac's setting the style for the umpteenth straight year? Of course not.

But you may be a bit dazzled to find out that Pontiac finally outdid Pontiac.

Take Bonneville. From the strong, new bumper grille to the standard 455 under the hood, it's a rouser.

Inside: instant limousine. So luxurious some of the traditional big boys are already screaming.

One of the nicest things we could have done for Grand Prix's luxury was to leave it alone. We did. But we popped in a 455 V-8 for you to order.

Enter LeMans Sport. A brand-new series in the Pontiac stable. Wait'll competition sees it pull the new 400-cubes-under-the-hood trick. We'll show you that one if you check the right box on the order form.

By now, you've spotted our '70 GTO. But maybe you haven't heard it. A sound so tough we've dubbed GTO "The Humbler."

This is Pontiac '70. And this is the way driving's going to be. It's at your Pontiac dealer's now.

Faraday To Expand, Hike Employment After Merger

Another step in diversification and one which could enhance the economic sphere of Tecumseh was taken last Friday when measures were instigated to merge Orrtronics of Perrysburg, O., into Faraday, Inc.

Approval must be received from stockholders of both firms and the Security and Exchange Commission before the acquisition can be finalized, probably late next month.

When these legal measures are completed, it will mark the second acquisition by Faraday since Frank W. Flack, board chairman, and Fred J. Kluin, president, took over in August, 1968.

First step taken by Faraday towards diversification was the acquisition of the clock and program line from Honeywell in December, 1968.

By acquiring Orrtronics, Faraday will enter the multi-million dollar, booming field of auto and home, 8-track stereo tapes and cartridges, recorders and audio announcers. The stereo cartridge business jumped from $500 million in 1967 to over $900 million in 1968. Many observers feel the cartridge industry is still in the infancy stage.

Orrtronics ranked about sixth among its competitors and manufactured products for Sears and Roebuck, Goodyear, Zenith and others, as well as under its own label. Faraday officials expect to expand production and will move some 20 to 25 key personnel to its plant in Tecumseh.

These employees will be involved in engineering, accounting, procurement and marketing.

Merging Orrtronics into Faraday will mean an additional employment in the future, plus a 25,000-sq.-ft. addition to the plant. Tentative plans call for an office expansion of 5,000 square feet and $15,000 for storage to the present 85,000-sq.-ft. factory.

It would be the first expansion at the plant and site since Faraday moved to Tecumseh from Adrian about 10 years ago.

Other factory space will be utilized when Gray Manufacturing completes its phasing-out program. Gray is expected to be completely out of the Faraday plant by the end of the year.

Actual manufacturing of Orrtronics products by Faraday in Tecumseh is anticipated sometime during the first quarter of 1970.

Champion Spark Plug Co. of Toledo owns 81% of Orrtronic's 2,700,000 outstanding shares. If the sale is consumated and approved by the shareholders, .43 shares of Faraday will be exchanged for each Orrtronics share.

LONG HOT NIGHT — Tecumseh, Raisin and Clinton firemen spent a long, hot evening Sunday controlling the blaze which destroyed Lavern Russell's barn on Russell Rd. Firemen returned to their stations about 8:00 Monday morning after nine and a half hours on the job. Arson is suspected as three barns have now been destroyed in a period of one week.

DR. LARRY T. BURCH

Doctor Touring Mission Fields

Dr. Larry T. Burch will accompany his father, the Rev. Herbert Burch of Ypsilanti, and the Rev. Sherman Brantingham, assistant superintendent of the Ohio Yearly Meeting, on an evaluation trip to Friends Mission Fields.

The Tecumseh physician expects to spend most of the time, approximately two months, at hospitals in Africa and India.

"We plan to stop in England, Switzerland and Israel on the way to Africa and from India, we plan to stop in Nepal, Malaysia, Korea, Hong Kong, Formosa and Japan. My job is to evaluate the medical work that is being done at various mission hospitals. I plan to work at two hospitals (about two weeks each) in Africa and India," Dr. Burch said.

The group will leave Oct. 1 if credentials are completed by that time.

Other Tecumseh physicians have agreed to care for the medical needs of his patients while he is away.

State Aid Here Totaling $177,950

Tecumseh will receive $177,950 of the quarterly payments of state school aid totaling about 3½ million in the 19th Senatorial District.

Payments will be made on Oct. 1.

Clinton will receive $52,560; Onsted, $86,060; and Adrian, $326,090, the largest amount of any in the area.

Specific amounts are based partly on enrollments on the fourth Friday of the school year and partly on the district's state equalized valuation.

Three Joining Up, Up and Away!

Three students of the Calhoun School of Aviation soloed this past week, including Tecumseh's public librarian, Joyce Woods.

She made her first flight alone Sept. 18.

George Wise of Clinton, a Washtenaw Community College student, soloed the day before Mrs. Woods and Gerald Marion, a dairy farmer from Clinton, made his flight Sept. 22.

Fund Needs 'Fair Share' for Park Improvements

Continued improvement of Tecumseh Park is one aspect that local citizens will realize if the Tecumseh United Fund drive reaches its goal of $59,831 next month.

A "magic square" and double tennis courts will be the newest additions if the campaign is successful.

Earmarked for construction at an approximate cost of $12,500 are two much-needed tennis courts and the "square," to be located west of the recently-dedicated multi-purpose building.

This development will expand the number of courts in town to five. The only tennis courts now available are beside the public library and are used by all tennis enthusiasts, from the local high school students to the sports-minded citizen.

The new courts also will be adaptable for volleyball, badminton, and basketball and will be fenced in to insure proper usage.

Beyond the tennis area a "magic square" will be constructed.

This unique court is a hard surface with no permanent markings but which can be lined with special tape for us, playing "four square," shuffleboard, hopscotch, and single-wall handball.

The wall for the latter will be erected off the edge of the "magic square." Beyond the "square" will be facilities for horseshoes.

Construction of the tennis courts and the "square," which could be completed by mid-summer, depends exclusively on the attainment of the total United Fund goal. Such a capital improvement receives funds from the Foundation only after all of the member charities have received their full allotments.

Any failure to meet the 1969 United Fund goal will mean the courts and "square" project will be shelved until the complete cost can be contributed by the citizens through their annual giving.

The United Fund Drive committee has stated that the Park improvements can continue only if the local citizens realize the importance of their contribution and give their "fair share" to insure that these expanded facilities will be made available for their own recreation enjoyment next summer.

20-Year-Old Is Critical

CLINTON — Ralph Saylor, 20, of Allen's Trailer Park, W. Michigan Ave., is reported in critical condition in University Hospital, Ann Arbor, with injuries to the shoulder and lung, resulting from a shooting accident Sunday evening.

The injury was reported to Clinton State Police by Herrick Memorial Hospital and it was later learned that Saylor was in an automobile on Austin Rd., east of Manchester, in the company of two 16-year-old boys, one from Manchester and the other from Chelsea, and the driver was Duane Houghton, 19, of Tipton.

One of the juveniles told officers he removed his 22 calibre rifle from the case to see if it were loaded, and it accidentally discharged, striking Saylor in the shoulder.

Mr. Saylor's wife, Jennie, is the daughter of Mrs. Mary Baldwin, of Allen Rd.

Third Barn Destroyed by Fire in Past Week

Fire, which may or may not have been started by an arsonist, destroyed a large barn owned by Lavern Russell on Russell Rd., Sunday evening. It was the third barn lost by fire in the area in the past two weeks.

Tecumseh firemen, assisted by Raisin and Clinton firemen with their tankers, were at the scene most of the night with the last Tecumseh and Raisin equipment returning to their barns about 8 a.m., Monday, over nine hours after the alarm was sounded.

The 30x100-foot barn was on fire at one end when noticed by Jim Feight, nephew of Fred Feight who lives across the road and who leased the barn. The alarm was sounded here at 10:30.

The whole barn was "on fire in less than five minutes," says Mr. Feight, whose losses were covered in the blaze by insurance.

Consumed in flames were 5,000 bales of straw, three cultivators, a corn planter and corn picker, plow and some small tools. A tractor, truck and grain drill were saved.

When Tecumseh firemen arrived, they found the building engulfed in flames and beyond saving. They spent their efforts in successfully saving nearby buildings, including a large Feight barn, directly across the road where Mr. Feight keeps a considerable number of cattle.

Clinton and Raisin were notified almost immediately and brought their tankers. Raisin's canvas storage tank was used throughout the night as tankers shuttled back and forth from city water hydrants to the scene.

It was nearly 8:00 Monday morning when Raisin firemen folded up their storage tank and left for Holloway. Remaining Tecumseh firemen returned to the barn about the same time.

Hundreds of folks gathered to watch the fire which illuminated the sky for miles. Many cars which were driven to the scene also presented somewhat of a problem for firemen going after and returning with water to save buildings which were being threatened.

Heat was so intense that fence posts across the road even caught on fire. Although still burning Tuesday night, a light rain was expected to extinguish the smoldering remains.

One week ago, west of Clinton fire destroyed a barn owned by John Dorr. Three days later, a barn belonging to Guy Hoover also was lost. Both barns, like the Russell barn, were located close to roads.

Fire calls for each of the three barn fires were at 10:30 p.m.

The Russell barn had no electrical wire and Mr. Feight said he doesn't know what started it.

'59' Is One Reason

Coach Duffy Daugherty calls the '69 offensive line one of the best he's ever had at Michigan State. One of the reasons is Tecumseh's Don Baird, 5'9", 210-pound guard. The former Tecumseh Indian star has recovered from a broken leg, suffered during spring drills, and opened the Spartan season against Washington at left guard, a position he's held regularly since the last few games of the 1967 season. In the photo above, Baird (No. 59) has pulled from his guard post to lead interference for an MSU back. When the defensive unit is in, he's on the sidelines rooting for his teammates. MSU opened its season with a victory over Washington, and Don says, "we're going to the Rose Bowl." The Spartans could well be on their way to the Pasadena classic, but it will be rough sledding with the toughest schedule of any Big Ten school. In league encounters, they face Michigan and Ohio State on successive Saturdays, and then after a breather against Iowa, it's Indiana, Purdue and Minnesota in a row, all top contenders for the crown nd the trip west.

Vietnam Injured Home on Leave

Roy Schlegel, son of Mr. and Mrs. Ray G. Schlegel, arrived home Monday after being injured in Vietnam. He will return to a hospital in Denver, Colo., after a 30-day leave.

His mother commented that the burns on his face have healed nicely.

Roy commented that sleeping in a bed was just wonderful after not being in one for a month during the fighting. He said that fighting the 'Cong is like watching for gophers. They are such small folk that they manage to crawl beneath barbed wire regardless of how closely to the ground it is strung, popping up at most unexpected moments in places they are least likely to be found.

This was how he was injured, in territory supposed to be free of the enemy.

Readers, with men in the Vietnam area, will be interested to know that mail is sometimes a long time in getting to their loved ones because of the many transfers. Roy has been in nine different hospital areas since Aug. 17, when he was hurt.

Frequently, evacuation is completed with the men unable to take even their billfolds along with them, and it takes some time for their belongings to catch up.

Meeting for Scouts

Youngsters, age 8 to 11 or in grades three through eight, and their parents will have an opportunity to learn about Scouting activities in Tecumseh this Thursday evening at 7 p.m. at the Tecumseh Community Center.

A complete, informative program has been planned, with Kenneth McElroy of the United Savings Bank serving as coordinator for discussion groups.

Scout officials are hoping to increase the number of Boy Scouts in Tecumseh and are hoping that many will register for the Scouting program this evening. Scoutmasters and assistants will be on hand to answer any questions.

Refreshing as a waterfall came the sparkling laughter of **Mrs. Louise Bauman,** 86, of 212 N. Wyandotte St., as she told about the award she received recently for being the oldest of the 500 Senior Citizens at the Grand Hotel on Mackinac Island. Another peal of merriment came over the wires as she remarked, "Someone gave me a dime toward the trip for next year, if I feel as well then as I do today." Then she dropped a bit of philosophy that we will do well to remember and use, "Laughter is cheap, and I think it is catching".

Donations Help Many Charities

Contributions to the Tecumseh Community Fund Foundation not only benefit local residents here directly through local improvements and developments, such as Tecumseh Park, but also enables charities to help us.

Example is the Salvation Army at Adrian. What happens to a family in this community which is left destitute after fire destroys its home?

Thanks to the Salvation Army, the five children and parents were clothed, given furniture and food, plus four nights at a motel until new living quarters were found. This example is only one of a kind. The Army responds to the needy, lonely and the uncertain.

YMCA is another which depends on contributions. Normally, the Y is thought of as a place solely for recreation. But, it's more.

There are youngsters who simply enjoy the hot showers. They have no hot water at home. From this simple luxury, one taken for granted by most, the YMCA provides gymnastics, competitive team sports and other recreation.

The Y provides swimming, new skills, leadership training and many other rewarding experiences.

One of the most valuable charities helped by contributions is the Huron Valley Child Guidance Clinic. It has been responsible for helping and guiding many youngsters through problems, leading them to adulthood and towards being worthwhile citizens.

Huron Valley counsels both youth and parent. It offers treatment in the form of tests, interviews and guidance that often are necessary if a young individual is to have a happy and satisfactory life.

This Clinic, like many other charities, help many individuals, not every year, but every day and every week. The Clinic, and other charities, are largely dependent on a "fair share" donation to the United Fund.

Girls Tour Tecumseh

Eleven members of the Wan-Ci-Ku Camp Fire Girls of Macon were accompanied by three guests, their guardian, Mrs. Paul Hover, and two mothers on a recent tour of several places of business and services in Tecumseh.

This was the beginning of a program arranged by the girls to earn the Tuckabatchee Council's Annual Project emblem. This year's project is, "Highlighting My Heritage".

The Wan-Ci-Ku Girls have divided into four sections: Tecumseh Now; Tecumseh 100 years ago; Lenawee County 500 years ago and pre-historic Lenawee County and area. Tour of Tecumseh Now started with a visit to the Tecumseh Spotlight radio program at Flander's Music Studio.

Each girl was interviewed on the air, telling her Camp Fire name and its meaning. The name of the group was described and "The Camp Fire Law" was sung. Several girls told how they earned the Honor Beads and Charms worn on their Ceremonial Vests.

Next stop was the post office. Postmaster Jack Metcalf met the group and invited them to see the working area. He told of the different classes of mail, postage and parcel post. Some of the girls are stamp collectors and asked to see some of the special issue stamps currently available. He also told how using the zip codes help them.

The girls then went to the fire station, where a fireman on duty showed what happens when a call comes in on the "hot line". It is connected to a recorder to aid them in locating a fire someone has reported.

It is also used to locate persons who turn in false alarms. The girls looked at the engines, the pumper and boat.

The fireman answered many questions, including, "Why don't the firemen get mixed up and grab someone else's boots and coat when they are in a hurry?" It was pointed out that each outfit is numbered, and assigned to an individual fireman.

Getting hungry, the girls went to the city park on Maumee St., where they enjoyed sack lunches they had brought. It was very relaxing to eat by the water of Evans Creek.

Returning to the cars, they drove to the Tecumseh police station. Most of the girls were fingerprinted, and the two officers on duty handcuffed the girls to each other, pretending to have lost the key.

Interest was shown in the two cells, unoccupied at the time, but the officers took care of their lack of tenants by locking the girls in the cells. All decided that it wasn't as much fun as it had seemed.

They listened to radio reports coming into the station from various police cars.

Next visit was to Herrick Park Branch of the United Savings Bank, where they watched the teller add the interest to their savings account book.

She showed them the different denominations of bills, and told what happens to torn and worn out bills (they are burned at a collection depot). The girls watched a check being cashed and found out the proper way to make out and endorse a check.

Satisfied that their money was being properly cared for, they left for the final stop, Meyers' Industries, Inc.

Wayne Seagraves met them in the office and led them into the boat works, where they saw different stages of the aluminum boat being built. The girls were shown how a flat piece of aluminum is moulded into a side of a boat, and how they are tested for leaks. They visited the warehouse and saw all sizes of boats waiting to be delivered around the U. S. Each girl then donned a helmet and saw a workman welding a boat together.

They were invited to see the airplanes, and were disappointed that they are no longer being built here. Several airplanes were in the hangar, however, including a "bi-plane," which many of the girls had not seen up close.

A group of weary but happy girls then returned to their homes, satisfied that "Tecumseh Now" is a nice place in which to live, as well as to visit.

'Christ on Campus' Is Church Theme

"The news coming from college campuses in the past few years has indeed been disquieting — riots, lock-outs, love-ins. With more and more of our youth attending college, we are sure this is a matter of concern to Tecumseh citizens," Pastor Kenneth W. Strack commented Monday as he told of the Mission Festival at Grace English Ev. Lutheran Church.

"For this reason we especially invite you to our Mission Weekend activities, Oct. 3-5,' he continued.

The theme is "Christ on Campus" and will focus on the problems and joys for the Lutheran student on campus.

"Ministry to college youth has become increasingly important and vital in our day of relaxing standards and morals," Pastor Strack said.

Pastor Richard Ziesemer, who has served as the campus pastor at the University of Wisconsin-Milwaukee for several years, will be present Friday at 1:30 p.m. Slides of student work will be shown and Pastor Ziesemer will preach Sunday morning at 9:15 and 10:45.

Sunday afternoon at 4:00 Pastor Robert Baer will speak from his many years experience serving Lutheran students on the University of Michigan campus.

Lunch will be served at the conclusion Sunday.

It was a hot afternoon Saturday in Spartan Stadium as Don Baird (No. 59) and his teammates trot off the field. Visiting Washington gave the Spartans fits before losing steam in the final quarter. Tecumseh's Baird, starting his second straight year as regular offensive left guard for Coach Duffy Daugherty, is ready to lower the boom on this Washington player at the left. Baird was an excellent blocker here for Coach Tom Fagan and he's doing an equally fine job for the Spartans. Besides being on an offensive line which Duffy calls one of his best, Don is also an exceptional student.

Memoriam

In loving memory of our very dear and beloved son and brother, Ricky Horton, who left us so suddenly six years ago, Sept. 29, 1963.

When links of life are broken
And loved ones have to part,
It leaves a wound that never heals
An ever-broken heart.
When evening shades are falling,
And we sit alone,
To our hearts comes this feeling,
Rick, if you were only home.
Forever in our hearts and still greatly missed by Mother, Dad and brother. 9-25c

In memory of our sister who passed away four years ago, Sept. 30, 1965

A wonderful sister and mother
One who was better God never made:
A wonderful worker so loyal and true
One in a million, that sister was you.
Just in judgment, always right,
Honest and liberal, ever upright;
Loved by her family and friends and all who knew her,
Our wonderful sister, that sister was you.
Sadly missed by sisters.
Mrs. Rose Service,
Mrs. Marjorie Richards. 9-25c

Used Cars Selling At Wholesale Prices

Auto circles are buzzing after the latest announcement that Underwood Chevrolet-Pontiac of Clinton has started wholesaling used cars to the public at the Bonanza Lot, just west of Clinton.

Wholesaling means cutting prices to the bone and this is what Lamar Cheever is doing. Biggest savings ever will be offered and realized by Bonanza Lot customers.

GREAT NEWS — Lamar Cheever tells about wholesale savings to Salesman Dick Wright.

"Our trade-ins for the new 1970 Chevys and Pontiacs caught us by surprise, and we've got to unload now," explains Mr. Cheever, manager of the big Bonanza Lot, who is giving away hundreds of dollars to sell at the wholesale level.

He has pointed out that many of the recent trade-ins are in excellent condition; in fact, Underwood Chevrolet-Pontiac is extending one- and two-year warranties on the 1967 and 1968 models.

Folks who have never toured the Bonanza Lot will find it one of the biggest used car lots in southeastern Michigan. Hundreds of models are stocked and ready for sale with patrons extended the usual "customer first" service. You've got to be happy with John Underwood's deals, because he deals right!

And. Lamar and his salesmen are ready to deal — and at wholesale prices. Drive out to M-52 and US-12 now for the finest used car deal you can ever possibly make. See for yourself!!

You Told Us

By DOROTHY GRIGG

The season of gorgeous color and sensory delights was brought into focus for us Tuesday afternoon as we stopped by a camp of a new C.B. acquaintance in Hayes State Park. Smoke from a wood fire smelled so good as "Riverboat" told us how he and Millie prepared luscious desserts the evening before. They put two slices of bread with mince or apple filling between two cast iron grills on long handles and toasted the concoction until golden brown. Sound yummy? We would have been back begging if it hadn't rained.

Jayvee '11' Is Rolling In 2 Wins

Coach Jim Curth's Jayvees racked up their second straight victory last Thursday night when they bounced Airport, 24-12.

In the team's first game of the season, the young Indians ran away from Milan by a score of 26-12, after the Big Reds took a first quarter punt 65 yards back for a 6-0 lead.

In the second period, Scott Durkee hit Craig Brown with a pass. The play covered 45 yards for a TD, and when Dave Gurtzweiler ran in for the extra points, the Jayvees led, 8-6.

Milan came back to grab a 12-8 lead in the third period, but then collapsed as the Indians countered three times in the fourth.

Durkee passed to Mike Steele for one score and then Hugh Conklin connected with Brown for another. Brown then turned in a 20-yard run for Tecumseh's final score.

Against Airport, the Indians blew the game wide open in the second quarter with three touchdowns. Conklin tallied on a 5-yard run, and Brian Thews followed up with scoring runs of six and eight yards.

Conklin put the Jayvees on the scoreboard again in the third quarter as Tecumseh took a 24-0 lead into the final period.

The Jets then scored twice to narrow the gap to 24-12.

Two points after scores were made by Biscupski, Gunder, Jim Robert and Mike Clement.

Fine blocking was turned by end Joe Burns, tackle Fred Sisty and wingback Greg Cote.

Defensive standouts included Gaylord Long, Chuck Hanna, Mark Murphy, Mike Eggleston and Jeff Winkler.

MIS Official Is Speaker for B&PW

Kenneth Sinning, promotion manager for the Michigan International Speedway, spoke to 47 members of the Business and Professional Women's Club Monday evening at the Tipton Community Church.

Mrs. William Flanders, program chairman, introduced Mr. Sinning after a business session conducted by Mrs. Melvin Ruettinger.

Mr. Sinning talked on Can-Am and NAS Car racing. He told of the restrictions and regulations governing races of all kinds.

He spoke of the difficulties of local traffic conditions in regard to the track, but said with the cooperation of local and state traffic officials, they were able to clear the track safely of 52,000 people in 55 minutes at the last race.

He concluded the program with the showing of a film, "6 Roads To Glory".

The next meeting will be held at the Tecumseh Grange Hall, with another interesting program planned.

Car Bumped Twice in Day

Sunday was a bad for William E. Terrell of 212 W. Kilbuck St. His parked car was whacked twice by other drivers.

He first called the local police department to report that another driver had backed into his car. Other motorist was Monica Hoffman, 504 E. Logan St.

Later in the day, he called the police again to report his car had been hit a second time, and he didn't know who did it. A little sleuthing turned up Jan Arlene Felton, 16, 516 W. Chicago Blvd.

She told officers that she hit the car — it was her first trip alone behind the wheel — and planned on telling Mr. Terrell later. Officers lectured her on leaving the scene of an accident, and then cited her for improper backing.

Only two other mishaps were investigated by the police during the past week.

Edith F. Covell, of 1308 Shepherd Rd., reported her auto damaged while parked behind Holmes' Pharmacy. Other driver is unknown.

Russell Lawhead, 515 E. Russell Rd., reported his mail box had been knocked over by an unknown motorist.

Police investigated and pieced together what apparently happened. Unknown driver headed north on Mill Hwy., turned west on Russell Rd., and lost control. He skidded into the north ditch, clipped a street sign and mail box, crossed a front yard, and then went into the ditch on the south side of the road.

The motorist then backed out and left the scene.

55 Seniors Hear Eardley

Fifty-five senior citizens heard Ward Eardley speak of the mystery trip being planned when they attended the regular meeting Sept. 18.

A letter was read from Berkley Senior Citizens who are also planning a mystery trip with a stop in Tecumseh on the agenda.

President Zell McCarty announced that the group is invited to go to the Brooklyn meeting Oct. 22.

Eight from Tecumseh went to Mackinac Island with the Adrian group Sept. to stay two nights at the Grand Hotel for an annual outing, sponsored by the Michigan Parks and Recreation Association.

Mrs. Louise Bauman brought fame to Tecumseh when she received the award for being the senior of the seniors attending.

William Hotrum is seeking an opponent for checkers. He will challenge all comers, regardless of age.

Sandwiches, tea and coffee were served by the hostesses.

Clinton Bows to Hudson '11'

By MELODY GRINNELL

Clinton's encounter against visiting Hudson started off as if things might go in favor of the Redskins. But Hudson changed that.

The Tigers clipped the 'Skins, 30-8, but not until after a battle and a game which was closer than the score indicates.

Tom Moore nearly put Clinton on the scoreboard in the opening seconds with a 57-yard kickoff return to Hudson's 25. However, the Tigers held and after an exchange of punts, Hudson gained good field position at Clinton's 29.

The visitors then scored to go ahead, 8-0, a margin they held at halftime.

Early in the third quarter, Herb Ayres recovered a Hudson fumble at Clinton's 35-yard line. On the next play, Ron LaSovage scooted 65 yards to paydirt.

Mark Wegner then took in a pass for the extra points, knotting the score at 8-8.

Hudson stormed back, however, to take a 14-8 margin into the final period.

Clinton, attempting to get back into the game, had two passes intercepted in the final 12 minutes, plus losing once on a fumble. Hudson capitalized on the opportunities to score two more TDs and a 30-8 victory.

Donna Tiede and Paul Griffin Speak Vows

Donna Jean Tiede and Paul Roy Griffin were married in Immanuel Lutheran Church of North Blissfield Friday evening in a candlelight ceremony performed by the Rev. Daniel Mathes.

Two arrangements of white and yellow gladioli with turquoise blue carnations were used on the altar flanked by lighted candelabra.

Satin bows, foliage and hurricane lamps marked the pews along the white carpeted aisle.

Parents of the couple are Mr. and Mrs. Gustav Tiede of Britton and Mr. and Mrs. Roy Griffin, 3007 Wolf Creek Hwy.

Richard Wegner, cousin of the bride, was the organist, accompanying the soloist, Dave Cary.

Five hundred guests were seated by Carl Tiede, brother of the bride, Royal Griffin, brother of the groom, and Ronald Maschino, brother-in-law of the bride.

On the arm of her father, the bride entered the sanctuary wearing a floor length bouffant gown of angelmist satin and lace fashioned with a full sweep chapel train with inserts of lace.

The fitted bodice had long tapered sleeves of lace ending in points over her hands and a scalloped neckline.

Her shoulder length veil was secured to a forward headpiece of lace petals accented with pearls and crystals. She carried a dramatic bouquet of white glamellias with foliage and yellow roses.

The skirts of sheer rayon georgette misted over acetate taffeta linings with back walking slits. Watteau back panels were secured with a satin bow at the necklines and each attendant wore a head piece of nylon net leaves trimmed with Swiss braid rosettes and lilies of the valley attached to her veil.

Mrs. Maschino carried a crescent bouquet of yellow and white glamellias and the maids' were yellow glamellias alone.

AMOS WILSON, CLINTON'S ONLY CARRIER, FILLS LAST MAILBOX SEPT. 30

Recalls 'Buggy' Era

By MAXINE CALHOUN

CLINTON — When the mail box slams shut on the last handful of mail next Tuesday, rural mail carrier Amos Wilson, 70, will end his career in government service, one which has spanned nearly half a century.

He has been a mail carrier on Clinton's only rural route for 41 years.

Born and raised on a farm west of Tecumseh, Amos recalls that as a youngster he was impressed by Jim Updike, Tecumseh's route No. 4 carrier, and told his mother he wanted to be a mailman when he grew up.

He served in the Navy nine months during World War I and returned to the home farm afterwards.

It was in November, 1920, when Amos went to Adrian to take the civil service examination because he had heard of a vacancy in the Jasper post office. But it was the next March before he got word that he'd been appointed to the Blissfield rural route.

The frost was out and there was no road, only a sea of mud between Tecumseh and Blissfield, so he had to take a car to Adrian, then the interurban train to Blissfield. The 25-mile rural route he was assigned was about nine miles of stone, and the rest was mud.

With a horse and buggy brought from the home farm and a bag of oats, Amos started on his new route. The postmaster gave him a little book with a list of householders, with only the sketchiest description of the roads and farm houses.

Somehow he found his way about with the mail piled in the buggy, and many times he had to get out, where the road wasn't passable, and walk a ways.

It wasn't unusual for rural housewives to ask the mailman to bring along some household staple she was out of — on his next trip, and often the mailman obliged — until postal regulations ended the practice.

Amos says he's the last of the "horse and buggy" carriers still active in this county. He continued to use the horse and buggy in wintertimes until 1924, when he transferred to Tecumseh-Macon Route 3.

It was November, 1928, when he transferred to the Clinton rural route. That was the era of the Model T Ford and the rural roads were still a sorry mess when spring came.

There was one time when his little coupe sank to the top of the wheels and it took four horses to pull it out of the mud.

Clinton had two rural routes for a while, 37 miles in one, 40 miles in the other, but in 1935, 10 miles were transferred to the Tecumseh post office, and Clinton's route became consolidated into one — 68 miles long with 244 boxes — and Amos Wilson was the sole carrier.

In those days, he could cover the route in half-a-day. So in 1943, he and his wife, Delia, whom he'd married in 1930, started farming on their property on Townline Rd., southwest of Clinton.

A corn-binder accident in 1945 kept him from his job for six months, and in 1951 an automo- accident on his route injured him again, and he was laid up for another six months.

His car caught fire a couple of times, but he was able to save the mail.

He recalls, too, the many severe snow drifts he had to tackle. Perhaps the worst was the winter of 1935, when the Clinton-Macon Rd. was impassable for weeks and Macon was without mail for a week. He learned to carry two snow shovels for the folks who offered to help, "if you just had another shovel".

About five years ago on a blustery cold January day, the mailman noticed, as he passed Elmer Schafer's home, that the elderly man, who lived alone, had not picked up his mail for a couple of days. Amos struggled through the snowdrift to the house where he could hear the old fellow moaning inside and found him nearly frozen to death.

Amos brought help, and subsequently, he received recognition and a cash award from Washington, D. C., for his helpfulness.

A short time later, another aged resident was discovered dead in his home when he failed to pick up his mail, and Amos reported it to the police.

There was one household he saved from serious fire damage, as he spied the smoking roof, when he left the mail. He called it to the attention of the residents, who were eating lunch.

The route has grown bigger now — 78 miles and 530 boxes — and is nearing 57 hours a week, the point where two routes will soon be required.

Mrs. Franklin Humble serves as substitute carrier now. A new rural carrier has not yet been named.

The changes have been many during his years on the Clinton route, houses have filled the fields once farmed, and the village limits have stretched to encompass subdivisions, with many more boxes at the village edges.

It's the youngsters along the route he'll miss the most, Amos said.

He'll remember the little fellow who always showed him what he was taking to school — a caterpillar — or a snake — and often, the mailman shared the joke as he discovered a frog, or kitten which had been placed in the mailbox by a young prankster.

Many times there were goodies, too, the cookies or pie to say a silent "thanks".

It's been a good job, and interesting, but he's counting the days now until the mail trips will stop on Sept. 30.

The Wilsons sold their farm a few years ago and built a pleasant rural residence beside a rustic pond, well-stocked with fish — an ideal retirement home.

Mr. and Mrs. Wilson are making plans to leave in mid-October for an extended trip in their travel trailer. There are four children, Arnold and his family, nearby; daughter, Mrs. Richard Sell, of Hillsdale; Dr. Lynn Wilson at Boulder, Colo.; and Paul Wilson, at Ponca City, Okla.; and 11 grandchildren, who they'll visit en route to a winter in Florida.

Before the Wilsons leave, the folks on the Clinton rural route are planning a party for their "favorite mail carrier" — in fact, the only one that many of the residents on the route have ever known.

There will be a reception at the Smith-Kimball Community Center, Sunday afternoon, Oct. 12, with Mrs. E. John Hoelzer and her committee in charge.

Local Man Hurt In 3-Car Mishap Near Clinton

CLINTON — Richard Roe, 25, US-12, was given a summons for driving too fast when his automobile was involved in a three-car chain collision last week.

The mishap occurred on Tecumseh-Clinton Rd., near the Budd Co. entrance. A car driven by Bobby G. Gibson, 32, of Adrian, was stopped, waiting to make a left turn, and a second car, driven by William G. Rimell, 607 Adrian St., Tecumseh, was also stopped behind Gibson.

Roe, apparently unable to stop in time, struck the Rimell vehicle, pushing it into the rear of the Gibson car.

Rimell was treated at Herrick Memorial Hospital for injuries.

Pvt. MacGeorge Ends Training

Army Pvt. Jerry W. MacGeorge, 20, son of Mr. and Mrs. Robert MacGeorge, 5487 Centennial, completed nine weeks of advanced infantry training September 5 at Ft. Polk, La.

His last week of training was spent in guerrilla warfare exercises.

His wife, Jacqueline, lives at 506 Occidental Rd.

Mike Kennedy shares back-of-the-week with Pieh, largely for his outstanding blocking against the Jets. He picked up 19 yards in three carries, and set up Tecumseh's first score.

Ken Pieh, senior tri-captain, again won honors as the Indians' offensive back of the week. He rushed 26 times for 132 yards and two touchdowns in Tecumseh's win over Airport.

Offensive lineman honors goes to end Paul Burns, lanky senior who blocked well and kept the Tecumseh attack going in the third quarter with a fake punt. He ran 11 yards for a first down.

Jack Greenfield was picked by the coaches for defensive linebacker of the week. He calls defensive signals for the tough Indian line, and against the Jets made several key defensive plays.

Top defensive lineman was Earl Ruttkofsky against Airport. He broke through several times to throw the Jets' quarterback for losses. Rated aggressive and hard nosed, he's one of the league's best.

Indians Defeat Airport, 26-6

A stubborn Airport 11 battled Tecumseh on even terms for three quarters Friday night before the Indians exploded for three touchdowns to win, 26-6.

Coach Tom Fagan's defense again led the Indians to their second [illegible] victory, and with a little luck, the defense could have had a shutout. As it was, the Jets tallied first and walked off at half time with a 6-0 lead.

The Jets scored at the 6:07 mark in the second quarter after recovering an Indian fumble on Tecumseh's eight. Three plays netted just five yards, and on a fourth and three situation, quarterback Gregg Albright scored when it appeared the Indians had him for a loss.

Back to pass, Albright found his receivers covered and took off around Tecumseh's left end. He was hit on about the one but tumbled in for the Jets' lone TD.

Prior to the score, Airport had blocked an Indian punt on Tecumseh's 31. A pass picked up a first down on the 18, but the Indians held on the 10 after the Jets tried to pick up two yards through the Tecumseh line.

Airport folded in the second half after the Indians kicked off and recovered. Taking over on the Jets' 36, Tecumseh gained just two yards in three running plays but punter Paul Burns faked a kick, took off around Airport's left end and rambled to Airport's 23 for a first down.

Again the Jets stiffened only to have Mike Kennedy cut and twist his way 17 yards to the Jets' one. Even then it took Tecumseh three plays to push in with Ken Pieh picking up the last foot for the score.

After two exchanges in which neither team was able to muster any attack, Airport pulled the real boner of the game. Early in the fourth period and faced with a fourth down and 13 yards for a first, the Jets tried a fake punt. The tough Indians' front line poured through and dropped the scrambling Airport punter for a 13-yard loss back to the 24.

In four plays, Tecumseh scored with quarterback Craig Smith wedging in for the final yard. Pieh then ran for a two-pointer and gave the Indians a 14-6 lead.

Although Tony Lisenbee picked off the ensuing kickoff for Tecumseh on the first bounce, Airport held and there were two exchanges of the pigskin before the Indians rolled again.

Fagan's club started from the Airport 31 after the Jets were penalized 15 yards from their 46 for unnecessary roughness. Tecumseh scored in six plays with Pieh carrying all but once to score his second TD.

Final score came following the kickoff and with less than two minutes remaining in the game. Albright, back to pass for Airport, had his toss batted into the air by an onrushing Gary Hannibal, who juggled it for about 10 yards before tucking it under his arm and scooting for paydirt. Play covered about 30 yards and was the longest run of the night.

Airport's futility continued in the remaining seconds as the Tecumseh reserves held and then drove 33 yards to Airport's three before the game ended.

Pieh led the Indians to their second straight win as the hard-working halfback picked up 117 yards in 26 carries. Tecumseh gained a total of 170 yards on the ground but 33 yards in losses by quarterback Smith gave Tecumseh a net of just 137 yards. Smith was dumped five times attempting to pass.

For the second consecutive week the victory belonged to the defense which threw Jet runners 11 times for losses and a minus 31 yards net in the rushing category. Airport's big offense was the pass and red hankies!

Tecumseh was plagued time after time by penalties and amassed the grand total of 110 yards for infractions. All but one of the penalties were major and three 15-yarders were stepped off against the Indians in the first quarter.

While the defense again sparkled, the Indians' offense sputtered, partially because of penalties and partially because the Jets had a tough forward wall. However, consider Airport's offense.

In the first half, the Jets boasted a meager five yards rushing and in the second half, they punched out 11 yards but lost 47 for a net of minus 36—Albright connected on five of 12 passes to keep his team in the game for the first three periods.

Flat Rock Tough Foe

First crucial game of the season faces the Tecumseh Indians Friday night when they travel to Flat Rock and meet the once-beaten Rams.

Coach Tom Fagan says Flat Rock will be the toughest team for the Indians so far, and "I hope we can put everything together". His remarks are indicative of the type of ball played by the Rams and what Tecumseh must do.

Flat Rock, loser to Monroe CC in its opener by an 8-0 count, whipped Monroe Jefferson last week. Except for a long run early in its game with CC, the Rams played the highly-touted Monroe 11 on even terms. In fact, the game ended with FR just short of the CC goal line.

Three top FR players are 180-pound Ray Jessup, hard running back which will give Tecumseh's defense its toughest assignment of the season; quarterback Bob Brodies, who throws better long than short; and end Tom Tarr, FR's best receiver.

Jessup is an outstanding, all-around athlete. A quarter-miler on the track team, he also won the regional pole vault title last spring.

Flat Rock is heavy with juniors, and though a loser to CC, the Rams have one of the best elevens in the Huron League and are still contenders for the championship.

While the Indians will face a stiff defensive chore, the offensive team must click more consistently than it did in Tecumseh's first two victories.

2 Open Meat Market

Charles E. Carlton, Sr., 67, of Manchester, has come out of retirement and is back in the meat business, along with a partner, Bill Miller, formerly in the meat and grocery business in Britton.

They have opened Carlton & Miller, Quality Meats, in a new 4,800-sq.-ft. building at 7760 E. Monroe Rd., three and one-half miles west of Tecumseh.

Changed greatly since the stereotype meat market that was popular 50 years ago — and when Charlie got his start in the meat business with a brother in Detroit — there's no sawdust on the floor in this one.

Instead, there is a spacious, gold-carpeted room where a 34-foot display case is filled with all kinds of fresh meats, sausages, cold cuts, and fresh-dressed poultry.

Remaider of the building contains the most modern machines and equipment for the handling of whole beef sides, or other meat.

There's grinders and mixers for making sausages, and a huge furnace for smoking and curing hams and bacon.

Cooling room lowers the meat to 30 below zero and reels of clear plastic unroll to wrap and heat-seal the packages of meat for storage in home freezers.

They'll custom-cut meat to suit the customer, and selection of beef quarters may be made "right on the hook".

Mr. Carlton lived in Clinton back in 1945 and helped his son, Charles, Jr., and Joe Busch start the Country Markets, which grew to a chain of five stores before they were sold to Vescio's.

MEAT CUTTERS — Bill Miller, Britton, and Charlie Carlton, Sr., Manchester, recently opened Carlton & Miller Quality Meats, offering custom meat service, at 7760 E. Monroe Rd., 3½ miles east of Tecumseh.

Officiated by the Michigan Aeronautics Commission, the race is sanctioned by the National Aeronautics Association.

A round-robin event of approximately 200 miles, the race will start and end at Mt. Pleasant and will include at least two check points en route. The exact course will be revealed after all contestants' planes have been impounded the night previous to the race.

FISHER GM MARK OF EXCELLENCE

Friends Started in 1842

Readers are invited to share this bit of history of the Friends Church, loaned to The Herald by Mrs. Naomi Sallows, long-time clerk of Tecumseh city government and longer a member of the Quaker congregation.

The Quakers of Tecumseh, the fourth group of the Society of Friends to be founded in Lenawee County, commenced to hold their meetings at the homes of Aaron Comfort and Samuel Satterthwaite in 1842.

These two settlers were the founders of the local society. Their families, in which occurred three intermarriages, constituted the entire membership of the original society. At a still earlier date, Friends from Tecumseh and Macon worshipped at the Raisin Valley Friends Meeting established in 1831 and which today stands about seven miles southwest of Tecumseh.

In 1843 Tecumseh Friends purchased the old Presbyterian session house and moved it into the southwest portion of the village, this serving as the house of worship for nearly 50 years. This building, now used as a dwelling house, is located on Adrian St.

David Lewis was called as pastor to Raisin Valley where he lived for one year, giving his Sabbath mornings to that meeting and evenings to Tecumseh. His heart seemed set upon this meeting, to build upon its waste places. The place of worship was a small meeting-house in the suburbs of the Village. As a revival progressed, and interest and numbers increased, a plan was laid for a new and larger church in a more convenient location. This plan was developed and executed the following summer, near the middle of November, 1891, the new church, carpeted and cushioned throughout, lighted and heated, was dedicated without a cent of debt."

The building committee consisted of Aaron Taylor, Thomas Mead and J. Newton Satterthwaite, who was treasurer; and who at the time of his death had the original list of contributors for the church building as well as those who contributed to the parsonage fund in 1927.

"As early as two o'clock," states the 78-year-old account of the dedication of the church in the Nov. 26 issue, 1891, of The Tecumseh Herald, "people began to gather at the new edifice from all quarters and when three o'clock had arrived every seat was occupied, camp chairs filled the aisle, and even standing room was at a premium. The service two hours in length but was deeply interesting throughout and held the entire congregation to the close.

"About half past four, as the shadows of nightfall approached, the janitor "touched the button," and lo! there was light. The congregation was shocked, — not exactly with electricity, but with delight, and the services proceeded as smoothly as though nothing had happened."

Among the gifts of money from eastern Friends secured through the efforts of David Lewis, was a gift from John Greenleaf Whittier, one of America's best-loved poets, also a Quaker.

Up to the time of David Lewis, it was the custom of the Tecumseh Friends not to employ a regular pastor, but to permit any of the members of the meeting, be they laymen or clergymen, to occupy the pulpit. Among those who frequently "spoke in meeting" in the early days were Tirstam Allen, William Charles, Sarah Jane Strong and Mary C. Wood.

Since the building of the former meeting house at the corner of W. Pottawatamie and S. Van Buren Sts., the pastors in order have been David J. Lewis, Frank Fistler, James Hageman, Edgar Williams, Lida G. Romick, Martha Barber, Edgar Wollom, J. William Shaney, Elizabeth Mott, Lewis and Mary Pinn, Lawrence Linton and Edward Escolme.

Mr. Escolme preached his first sermon in Tecumseh Oct. 6, 1918, and served here for 39 years. The Rev. Paul Brantingham began his pastorate here in 1957.

Extensive remodeling was accomplished in 1960 at the former Friends property with dedication services held April 29 of that year. The Rev. Escolme delivered the dedicatory message.

The installation was performed by Mrs. Clarence Natterstad as installing officer, assisted by the Brooklyn ritual team.

Sixteen past presidents were present and participated in the ceremony, after which they presented the junior past president with two dozen gladioli.

Members decided to pay the necesary expenses for representation at the fall conference to be held at Port Huron, Oct. 3, 4 and 5. The official headquarters of the Auxiliary will be the Howard Johnson Motor Lodge.

Mrs. Rentschler and Mrs. Natterstad told of some of the highlights of the American Legion Convention held in Detroit in July. Mrs. Rentschler announced some of her committee chairmen for the coming year and said that she would present a list in full at the October meeting.

A social hour followed with refreshments served from a table decorated in a fall theme by Mrs. Laine Holden and her committee.

Mrs. Rentschler presented each of her assisting officers of the past year with a gift.

Local Youth Is Injured In Indiana

George Surratt, 19-year-old son of Mr. and Mrs. John Surratt, was injured Sunday afternoon in a motorcycle accident in Indiana.

He and driver of the bike, David Culp, 19, of Goshen, Ind., are in Lagrange County Hospital, Lagrange, Ind., recovering from concussions and bruises. Both expect to be released from the hospital this week.

The boys were between Angola and Goshen, en route to the Culp home before returning to Western Michigan University at Kalamazoo Sunday evening. The Culp boy lost control rounding a curve and the motorcycle spilled.

According to doctors, the helmets both were wearing saved them from more serious injuries and probably saved their lives.

Longfellow based "The Song of Hiawatha" on legends and tales collected by Henry Rowe Schoolcraft, an Indian agent stationed at Sault Ste. Marie in Michigan's upper peninsula, according to the Michigan Tourist Council.

Members and parents of the Top-Notchers will be organizing at the Tecumseh Community Club next Monday evening at 7 according to Extension Agent, William D. Walter.

He urges all interested in 4-H to attend regardless of previous 4-H experience".

Many opportunities are available to boys and girls through 4-H and "we especially want to encourage parents to make a commitment of time and talents for the sake of youth". "Without adult involvement and commitment our young people can easily become wayward and hostile," he adds.

The Extension 4-H Youth Agent, employed by Michigan State University, explains that many opportunities for youth exist through the Tecumseh club.

Projects offered include activities in photography, cultural arts, foods, sewing, knitting, dog care, electrical science, woodworking and many others.

He explained the 4-H method emphasizing "learning by doing," and that the Tecumseh Top Notchers may be cited as an outstanding example of a club where in parents and youth have cooperated in many types of learning experiences.

"It is our hope that the spirit of the Tecumseh Top Notchers will be perpetuated into the future," he added and urged all who are interested in their youth to attend the September 29 meeting.

Vet Fund Needy

After more than 20 years of operation, the Board of Trustees of the Michigan Veterans Trust Fund is more convinced than ever that all too often the individual who needs and deserves financial help the most, is the last one to ask for it.

This was one of the principal problems reviewed by the Board of Trustees of the Michigan Veterans Trust Fund at a formal business meeting of the Board at the Tecumseh Country Club recently.

Charles Trickey, Tecumseh businessman, who is a member of the six-man Board, hosted Thursday's session. The Board members who serve without pay are appointed by the Governor upon the recommendation of the respective veterans organizations they represent.

Trickey, who represents the Amvets, said, "In effect, we are trying to reach the really deserving veteran by publicizing the program, while at the same time emphasizing that we are not advertising for business."

"The real test of the program," according to Board Chairman Norman N. Robbins, Detroit attorney, who represents The American Legion, "is the answer to the question 'Are we helping the veteran and his family in such a way that the veteran will be able to help himself after this particular emergency has been overcome'?"

The fund is limited to temporary emergent needs and, as Robbins expressed it, "We will have accomplished little if the help we give the applicant merely postpones his problems, rather than resolves them."

Since the Veterans Trust Fund program was inaugurated in 1946, over $17 million has been granted in outright grants to more than 300,000 applicants in the state's 83 counties.

In Lenawee County alone more than $150,000 has been issued in grants by the County Committee to some 3,000 applicants.

Members of the Lenawee County Committee, who are appointed by the Board of Trustees, are: Paul Robison, Morenci, representing The American Legion; Maurice F. Rider, Adrian, representing the Disabled American Veterans; Robert Turnwald, also of Adrian, representing the Veterans of Foreign Wars; Galen E. Toms, Veterans Counselor, is Authorized Agent for the Lenawee County Committee.

The Trustees also called attention to recent action by the State Legislature which qualified World War I veterans and Vietnam era veterans (those who possess the Armed Forces Expeditionary Medal) for help from the fund. Previously, only World War II and Korean veterans qualified.

In addition to Trickey and Robbins, other members of the State Board are: Duane T. Brigstock, of Battle Creek, representing The American Legion; Boniface R. Maile, Detroit, representing the Disabled American Veterans; James L. Milliron, Benzonia, representing the Veterans of Foreign Wars; and James H. Quello, Detroit, representing the Veterans of Foreign Wars.

God Is My Landlord

(Continued from Sept. 4)

The fourth meeting was at the Salvation Army citadel. Here was surely the final testing place. If these people liked it, there could be no question about its value as a missionary, educational and religious medium . . . and here it made an even more profound impression than anywhere else. Brig. Ray A. Gearing and Major Verna Davis of the Mexico City Salvation Army will attest to the unfathomed possibilities of this great story on the screen.

These pictures, although not the finished professional film [illegible] are now available, met the [illegible] popular reception in the [illegible]nces throughout Mexico and [illegible] the states en route.

[illegible]hen asked what he was going to do now, Perry replied, "I [illegible] going to sow ideas in the [illegible]ds of boys and girls, instead [illegible] kernels of wheat, and watch [illegible]em grow into millions of 'Dynamic Kernels'."

The opportunities to carry on the lessons taught by this tithing demonstration have grown to such proportions that Perry Hayden has turned the management of the Hayden mill over to his partner, William Beardsley, and is now giving his full time to the Biblical Wheat Foundation.

Missionaries, ministers, religious leaders, magazine writers and newspaper editors are telling the story every day, and thus it grows like a great legend. . . .

Henry Ford said just before he died [illegible] thing lessons that I helped to teach to the world at Tecumseh, Michigan, eclipse any of my other accomplishments."

Charles T. Lampman, who was then editor of Tracts magazine, known as "Uncle Cholly," writes:

"Believe it or not! I started to write a story of Hayden's Biblical Wheat experiment while I was still in the Army — in Regensburg, Germany. About nine months before, during an air attack in the Ardennes campaign, I had jumped into a fox hole with one of my boys from Michigan and said something to the effect that 'at times like this it sure is good to be able to believe God's promises.'

"Turning his head in the cramped quarters, he said, 'You ought to meet the Quaker miller who lives in Michigan. You talk about God the same way he does.'

"In the few minutes that it took for our sack-sack to finish the Jerry planes, he told me the gist of the story about Dynamic Kernels. We separated a short time later and I never saw him again, but I did recall our conversation nine months later in Regensburg, when I received a copy of Time (July 30, 1945) containing a short item about Dynamic Kernels. When I returned to this country, I did a little 'snooping,' and finished the article." . . .

Sixteen years after Perry had made a complete consecration of his life to the Lord, at a Christian Endeavor Convention in the Highland Avenue Friends Church of Columbus, Ohio, he returned there to speak on his tithing project.

A soldier boy in the back row, by the name of David Davis seemed more than ordiarily interested. After the meeting he told Perry the following story:

"We were in the Philippines, about ready to go into combat when a copy of Life magazine of July 24, 1944, came to my attention. I read your story of Dynamic Kernels with a great deal of interest, because I had heard you at previous church meetings. Word passed around my outfit that I knew this Quaker flour miller from Michigan, who was written up in Life. The Chaplain heard of it at a time when he was concerned about giving a vital message to the 700 boys who were awaiting orders to go into action. Dynamic Kernels furnished the inspiration for a message which brought 60 of the boys forward to say that they had never before in their lives felt so fully the power of God." . . .

The colorful Eddie Rickenbacker, who as the result of his miraculous deliverance from death by prayer, has made such frank and practical statements in recent years, says of Hayden's tithing demonstration:

"Ever since that day, long ago, when man was inspired to plant the first grain of wheat and began the cultivation of the soil, wheat has been man's staff of life in his journey up through the centuries.

"In Biblical times the golden grains of wheat were given deep spiritual significance by the ancient Hebrews and in our own era, when we pray for our daily bread, we pray for wheat — the staff of life.

"The Biblical Wheat demonstration conducted by Perry Hayden has impressed all thinking Americans.

"This demonstration shows the capacity of the good earth to meet man's needs and produce the Lord's tithe if man will only help himself by planning, planting and prayer. It is the old but true story that God helps those who help themselves.

"In these days when millions of people in various parts of the world go hungry and when their prayers for their daily bread seemingly go unanswered, America is giving its tithe, and more, toward feeding hungry people and saving mankind.

"American grain goes to every corner of the earth in answer to the prayers of millions: 'Give us this day our daily bread.' If it is God's will and purpose that this great and favored nation should help Him answer those fervent prayers, we should be humbly grateful for this privilege that is ours."

Robert Walker, publisher of **Sunday** magazine, new "CHRISTIANLIFE" made a special trip to Tecumseh, Michigan, just to sit in the same pew occupied by the Hayden family on the Sunday that Perry caught the vision of his famous experiment. He wanted to catch the spirit and local atmosphere of the renowned project so he could convey it to hundreds of thousands of people, who probably would never have the occortunity of visiting the birthplace of this Biblical demonstration.

Perry pointed out to Mr. Walker, "I am not trying to prove that God honors those who share with Him, for He has proved that all down through the ages. What we are doing is **demonstrating** the fact to a world which appears to have forgotten or ignored it."

When Gov. Kim Sigler of Michigan, wrote an article for one of the Detroit papers, upon his return home from a tour around the state, he said:

"There are three things that stood out in my mind most prominently. One was the efficient operations of the Ford Motor Company in northern Michigan. Another was the new Fruit Market near Benton Harbor. The third was the world-famous 'Biblical Wheat' demonstration in Tecumseh."

Following the Sixth Harvest, at which Dr. Walter A. Maier of the "Lutheran Hour" was the principal speaker, he launched a world-wide movement called, "Acres for Christ," to carry on the theme of the Biblical Wheat project which impressed him so much when he spoke at Adrian.

Through this "Acres for Christ" christian stewardship program, farmers and wage earners are encouraged to dedicate a percentage of their incomes to the Lord, for the expansion of the Kingdom of God at home and abroad.

The "Lutheran Hour" is expanding its huge nation-wide radio network, to include foreign countries, through powerful transmitters and short wave stations. This is a tremendous financial operation, but with a systematic and organized effort through the new "Acres for Christ," they expect generous support for their expanded program.

As the words spreads, regarding Perry Hayden's unique way of proving God, many interesting incidents come to light regarding John 12:24 . . . **"It it die, it bringeth forth much fruit."** . . .

During the 1946 harvest of Dynamic Kernels, Mrs. Chas. E. Cowman, of the Oriental Missionary Society, received a card from one of her workers to whom it had been handed by a lady in the mission field. She recognized it as one of the cards which she had sent to her friends years before, at the time of the death of her husband, in 1924. Rev. Chas. E. Cowman had been a successful evangelist, and when he died, Mrs. Cowman honored him with this card, headed, "A Corn of Wheat." Underneath was quoted: "If it die, it bringeth forth much fruit." . . .

Everett L. Cattell, a Missionary in India, relates an interesting story regarding the far-reaching effect of Hayden's harvest:

"One time in India, I was writing a long letter to our Missionary Board, covering some unpleasant situations in our Mission School. A group of older men who had come up through our orphanage, and were now employed in the school as teachers, had cooled off spiritually. They were resisting my efforts toward intensive evangelism and spiritual revival in the church. Frankly, they did not want me.

"As I wrote, I underwent a severe temptation — the only time that I experienced it during my nine years in India. I felt discouraged and not wanted, and didn't feel that I should waste my life in such a place when there were so many opportunities in other places where I would be appreciated.

"Just then, the mail came. In it was a post card from Perry Hayden, mailed on my birthday about four months earlier. It had been delayed in the war-time shipping and arrived at the exact moment of my temptation.

"The message simply said, 'Everett, John 12:24 still works. Greetings on your 38th birthday.' Signed, 'Perry.'

"Strangely enough, the Biblical reference brought no recognition to my mind, so I [illegible] my Bible and turned to the passage. It was underscored in red and on the margin were the words, "My call to India.' This brought back a flood of memories — the comfortable pastorate, the growing conviction that my life was too easy, and that the gospel goes forward by sacrifice. . . .

"I preached my Easter sermon that year on that very text. It turned out to be more of a sermon for myself than the congregation. I gave up the church, friends and loved-ones, for the mission field in India.

"When Perry's card arrived and I had re-read the passage in my Bible, I was seized with the conviction that I didn't come to India just to be appreciated. I came to **'fall in the ground and die, so I could bring forth much fruit'."**

If each tither would be responsible for another, and each Christian touched the life of another fellowman, the chain re-action would multiply like the kernels of wheat until the blessings would go out through the whole world just as the "Dynamic Kernels" could cover the globe in thirteen short years. . . .

. . . **"Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing that there shall not be room enough to receive it."** . . . **(Malachi 3:10)**

. . . The lessons on tithing, so well demonstrated here, proves how God showers happiness, prosperity, success and countless blessings upon those who acknowledge Him their Landlord. We should gladly share with Him and pay the modest rent, called the tithe.

THE END

Thoughts are what we are

We are what we think all day long. Never underestimate the power of your thoughts. They are tremendously influential in molding character and action. They are, in truth, the parents of our behavior. Disposition and personality — even character — will very largely be determined by the thoughts we welcome to our minds each day.

Since it is true that a soul is dyed the color of its thoughts, it is imperative that everyone be given guidance in thinking about truths and values that are noble and eternal.

The Church stands in your community to help you and your children. Worship this week in your church, and find the joy that comes when life is centered upon values that last.

DOUBLE TOP VALUE STAMPS EVERY WED

College Eve for Students Next Tues.

Annual College Night, sponsored by the Lenawee Counselors Association, will be held the evening of Sept. 30, beginning at 7 p.m., at Adrian High School.

Purpose of College Night is to acquaint both students and parents with the various colleges and universities, their admission requirements, cost, financial assistance, advantages a student would have if attending, what the student might expect from the college and what the college expects of the student.

Representatives from 38 colleges and universities will be on hand for this event.

There will be three 35-minute sessions so each student and parent will have the opportunity to listen and ask questions of representatives from three different colleges or universities.

The school counselors of Lenawee County encourage all students of the 11th and 12th grade, who are thinking about a college education, to attend. Parents of these students are also encouraged to attend with their son or daughter.

Ladies Holding Turkey Feast, Bake Sale Oct. 2

Fifteen members of the Ladies' Society of the Holloway Presbyterian Church completed plans for a public turkey dinner and bake sale at their meeting Sept. 18, at the home of Mrs. Mamie Gritzmaker.

Mrs. Roger Richards and Mrs. Elwyn Green are co-chairing the project to be held Oct. 2.

An orange sherbet and snacks for each guest preceded the meeting, and a book review was presented by Mrs. Roy Cadmus on "The Road to Bithynia," by Dr. Frank Slaughter, concerning Luke of Bible times.

Plans of the group included sewing for the United Women's Association and Biafra. They will study the book of Philippians this coming year.

Last Bloodmobile Visit to Be Oct. 1

Tecumseh's final bloodmobile for 1969 will be held at the Community Center on Wednesday, Oct. 1, from 12 noon until 6 p.m.

Lenawee county residents used 3,319 pints of blood during its fiscal year ending the first of July. During that time 3,009 pints of blood were collected.

It is earnestly hoped that the Tecumseh Bloodmobile visit will help to erase at least a part of this deficit.

"Several additional workers are needed for the telethon during which all former donors will be solicited," Dr. Robert Murray, chairman, said. "This will take place on Monday, Sept. 29, from 7 until 9 p.m. If you are available please call 423-2136 or 423-3357. Your help is needed," the chairman concluded.

Through My Window

A FEW DAYS UP NORTH

We three Duncans and one Austin are just recently back from a mini-vacation — and sticking with the modern vernacular, I might say that while the vacation was mini, our enjoyment was maxi. My, isn't it amazing how much can be packed into four days!

Actually, as far as Mom was concerned, part of the trip was a busman's holiday. The Michigan Group of the National Association of Bank Women, Inc., was holding a two-day meeting at Shanty-Creek Lodge which is just south of Bellaire.

My aunt and uncle have a cottage on Intermediate Lake which is just north of Bellaire. The plan was formulated; Mary and Nina, Mrs. Robert Bowers and Mrs. Curtis Wright, would stay at Shanty-Creek but we would bunk at the lake and Mom would go in to the meetings. It was a good plan and it worked to perfection.

Intermediate Lake is in the northwest corner of the lower peninsula about three miles east of Torch Lake and 30 miles east of Traverse City. The to-and-from trip was, therefore, a very nice one. Up the middle of the state on 27, 127 and finally I-75 to Grayling, then west on 72 and finally north on beautiful rolling county roads to Mancelona and Bellaire.

★

ZIPPING ALONG at expressway speeds doesn't give one much chance to notice details. It was fun, though, to watch the landscape changes. The pretty Irish Hills and their lakes, the flat lands and oil wells around Mt. Pleasant and Alma, the sand and pine trees, and then the high hills around Bellaire.

Christmas tree plantations were everywhere. As for wildlife, one just catches the briefest of glances but we did spot a fat woodchuck sitting at the side of the road watching the traffic go by. Skeletons of once proud elms "decorate" the landscape, these and other dead trees are ideal perching look-out spots for hawks. We saw several but there was no time for identifying. There was also a kingfisher, a bittern, huge flocks of grackles and starlings, many flickers, woodpeckers, and one bluebird.

Ducks we saw every day. One little pot-hole close to the road was jam-packed full — I really don't think there was room for three more ducks to squeeze in. And Intermediate Lake always has them. Cottagers feed well and there are families of mallards who spend the whole summer free-loading up and down the lake shore.

There are usually swans to be seen, too, but our visit was short and we did not see any of the lovely white beauties. We saw ducks, though; we heard them, too. Quack- quack, quack from early morning until dark. The young ducks are full size now but the family units remain intact.

On the Au Sable River at Grayling, we saw the larger black ducks. Some of them were still without their full complement of flight feathers and their attempts to become airborne were comical. Such flapping of wings and running across the water.

Friday, we did what we most enjoy doing, we drove the back roads. This is lovely country with great hills, many long and narrow lakes, large stands of forests, and good looking everywhere.

★

ABOUT SEVEN minutes out of every 10 was spent exclaiming and speculating how breathtaking the countryside would be in a few weeks. By then Mother Nature will have worked her magic and the fall colors will be at the peak of their brilliance. We had hints, tantalizing hints of what was coming — every few miles there would be a tree which had already turned.

As for the weather, I can do something which for the Duncans is quite remarkable. I can announce that we had absolutely the most gorgeous weather imaginable. All four days were warm, sunshiny and sparkling clear. It rained one night but that merely cleaned things up for the next day.

So it is that our trip was short but good, the only thing wrong was that he had just a few days up north.

NEXT WEEK:
"Hodge Podge."

Pastor tell me

By DUANE H. McNEIL

WHY IS BAPTISM PRACTICE SO DIFFERENT?

The only real answer to any question of a spiritual nature comes from God through the Bible. There is a great difference in the method, the modes and the manner of baptism as practiced by Churches today. However, the difference is in practice only and not in the Bible.

The Bible speaks of two baptisms. One of these is in connection with the Holy Spirit and takes place at the time of salvation. The other is water baptism and has been carefully described in the Scripture.

Nowhere in Scripture is anyone baptized who has not believed on Jesus Christ. The Bible does not have any reference to anyone other than the adult, accountable person being baptized.

The presentations of this rite are always in keeping with the Greek meaning which is to dip. Note the baptism of Jesus, John The Baptist going where "there was much water" and many other occasions.

Baptism is a commandment. This is found in Matt. 28: 18-20, Acts 10:48 and Acts 2:38. Why the difference? It must be concluded they are our own preference and practice rather than Bible teaching. God promises blessings to those who follow His word. Of course, this will demand obedience in God's will and God's way.

Pastor McNeil would be glad to answer your questions. Write to "Pastor Tell Me", % The Tecumseh Herald or to Pastor McNeil, Britton, Michigan.

Foundation Sets Division Goals in Campaign To Reach $59,831

Tecumseh's 10th annual Community Fund Foundation drive will start next week with the industrial division beginning solicitations in local plants.

Local goal is $59,831, up about $2,000 from last year.

Merlyn Downing, vice-president at United Savings Bank, is general chairman of the campaign and has met repeatedly with key personnel to assure a successful drive. They've determined goals, secured workers and established a timetable for completion of the campaign.

For the first time in the 10-year history of the Foundation, goals have been established for all divisions. These goals were set with consideration to the average giving in like areas in other communities of comparable size.

These goals are:

Residential — $3,000.
Business — $5,000.
Professional — $2,000.
Hospital — $700.
Public schools — $1,000.
Special gifts — $8,000.
Idustrial — $42,000.

Harry Farrell and Ed Rapin are heading the industrial campaign; Vern Manwaring and Ray Dollison, business; Robert French, professional; Mrs. Joseph Galazzi and Mrs. William Steele, Jr., residential; Robert Duhan, schools; and William Groover, hospital.

Earl Mason is tresaurer for the drive, and Mrs. Steele is in charge of publicity.

Next week has been devoted to the industrial campaign, and the week of Oct. 13th will see the other campaigns kicked off. Completion for the entire drive is scheduled for Oct. 18.

Three points of note are being emphasized in the drive for a successful campaign. They are:

► "Fair share' giving by everyone, and this is considered vital if the entire drive is successful and the goal attained.

► Addition of a "magic square" and tennis courts at Tecumseh Park can only be constructed if the entire announced goal is reached. The Foundation is obligated to meet its responsibilities to all other charities first.

► And, persons employed outside the city of Tecumseh should remember that their pledge will only reach the city if they indicate "Tecumseh" — not Lenawee County — on their pledge card. Our drive is not a member of the county drive and pledges sent to the county do not reach Tecumseh unless a special request is made.

The "magic square" and tennis courts at the Park are estimated to cost approximately $12,500. Over $47,000 must be raised before the Foundation here benefits from any donation. About one-third of each contribution, providing the goal is reached, stays here in the city for our betterment, and approximately two thirds goes to outside charities.

Principal industrial contributors are Tecumseh Products, Fisher Body, Tecumseh Corrugated Box, H. W. Tuttle Co., Faraday and Ottawa Machine. Peerless Gear donations are channeled through the Products.

Stauffer Chemical has omitted Tecumseh from its corporate gift for several years, and only donations there are from local employees who specify their contribution for Tecumseh. Stauffer, however, has given considerable monies to the county fund.

Industry has always been a major factor in the campaign and is expected to be again this year.

MERLYN DOWNING
Drive Chairman

Officials are also hoping that folks in other divisions will give their "fair share" towards attaining the goal.

Besides Park improvements, the Foundation helps to subsidize the city recreation program to the tune of $8,500 per year.

The 1969 distribution of monies is:

Tecumseh Park	$12,500
Family, Children's Counseling	4,000
American Red Cross	6,200
Catholic Social Services	3,000
Huron Valley Guidance Clinic	1,000
Irish Hills Girl Scout Council	4,000
Lenawee County Humane Soociety	500
Michigan United Fund	8,256
Salvation Army	1,800
City of Tecumseh	8,500
Tecumseh Scout Cabin Association	875
Tecumseh Service Club	1,200
Tuckabatchee Council	1,000
Wolverine Council Boy Scouts	5,000
YMCA of Lenawee Coounty	1,000
Administration Costs	1,000

During the past 10 years, the Foundation has raised $391,700. Tecumseh Public Library and the Park have received over 43% of the entire amount with about 39% alloted to the member charities.

City services such as the Scout Cabin, Service Club, city recreation programs and the former Protective agency have received about 15%.

All Foundation drives have gone well over the top except for last year, when economic conditions and lack of support from some areas caused the drive to fall short.

Mr. Calhoun, a life-long resident of Clinton, is a graduate of Clinton High School. He is a livestock farmer, and has served for the past year as president of the Lenawee County Farm Bureau.

He was a member of the Board of Review for the past two years.

His wife, Maxine, is on the staff at The Hernld, and their children are son, Terry, at home; daughter, Pamela, a teacher in Livonia; and daughter, Mrs. John Seay, of Tecumseh.

The Township Board is refurbishing the office in the Clinton Townhall, formerly occupied by Justice Leon Van Deusen. Township Board meetings will be held there in the future, instead of in the library.

The next regular meeting is Monday, Oct. 6, at 7 p.m.

Band Festival Tuesday Night

Eleven bands will participate in the All-County Band Festival next Tuesday, Oct. 7, at 8 p.m., at the Tecumseh athletic field.

For the 23rd year, Lenawee County bands will present a colorful program complete with music, marching and narration.

The event originated the first year through the efforts of the late Clare Camburn, assisted by the Rev. Blair Bashore, who will again help with the announcing.

Mrs. William Flanders, assisted by the Rev. Bashore and Tom Weaver, will present the program live over radio station WLEN so that grandparents and others around the county who are unable to attend, may hear it.

Each band will have its own master of ceremonies to present a colorful word picture about the field's activities.

Bands are allowed seven minutes to march on and off the field and present their part. Tecumseh coaches are the timers.

"Fine" money collected will be used by the Lenawee Band Masters Association for a scholarship fund for deserving youth of Lenawee County.

The admission money is divided among the bands. Student tickets are 50c, adults, 75c.

Members of the Tecumseh Band Boosters man the gates and pay added expenses, such as having the tickets printed.

Rain date for the event is the following night, Oct. 8.

New CHS Bids Total $1,568,105; Below Estimate

Clinton School Board, architects and administrators were pleased Tuesday night when bids for a new high school came in under prior estimates.

Low bids for the school totaled $1,586,105, below a figure architects had previously estimated.

A special meeting will be held next Tuesday evening to let contracts. In the meantime, architects and school officials will study and analyze bids presented before reaching any decisions.

Tractor Topples, Pins Fay Whelan Against Cable

Fay Whelan, Tecumseh implement dealer, escaped serious injury about noon Monday when a garden tractor he was driving tipped over and pinned him against a cable.

The accident occurred behind his home in Herrick Park and on a steep slope. Firemen, who responded to the call, report that the cable prevented him and the tractor from tumbling to the bottom.

Mr. Whelan sought treatment later in the day from his doctor but apparently did not suffer any serious injuries.

Queen To Reign at Homecoming

Tecumseh's annual homecoming festivities will be underway here shortly after two o'clock Friday afternoon with a parade through the downtown district.

Officials expect to have 11 floats in the parade, both the varsity and cadet bands, and the queen candidates and court. It is the biggest school parade of the year.

The floats are currently being constructed by all four high school classes and the various clubs and organizations. Float winners will be announced at the Tecumseh - Monroe Jefferson game Friday night.

Candidates for the queen are Marsha Cantrell, Donna Osburn and Lorrie Beevers, all seniors. Class representatives for the court are Cindy Perrin, junior class; Shirley Drouillard, sophomores; and Ginnie Ousterhout, freshmen.

Lorrie is the daughter of Mr. and Mrs. Robert Beevers; Marsha is the daughter of Mr. and Mrs. Ottis Cantrell; Donna, the daughter of Mrs. Edward Osburn; Cindy, daughter of Mr. and Mrs. Leo Perrin; Shirley, daughter of Mr. and Mrs. Eugene Drouillard and Ginnie the daughter of Mr. and Mrs. David Ousterhout.

The queen will be selected by vote Thursday at the high school and announced at the game.

Thursday night, hundreds of students are expected at the annual pep rally, held before a homecoming game at the athletic field. After the game, the homecoming dance will be held in the gym.

Tecumseh is favored to make it four straight here Friday evening by beating the Bears. If the Indians are successful, it will end a three-year habit of losing the homecoming game.

$750 RICHER — Tecumseh band, one of the poorer if not the poorest school organization, is $750 richer after Don Johnson, band director, accepted a check from William Kukral recently. The money is for new band equipment and was raised through the efforts of band members and parents and service clubs. Story of check presentation, meeting and other activities of the Band Boosters is on page two of this issue of The Herald.

Man Arrested in Area Barn

Garth Leslie Walter, 33, of 236 W. Church St., Adrian, was arrested by Clinton State Police at 10:50 p.m. Sunday, when he was discovered in a barn owned by Raymond Service, 4797 Clinton-Macon Rd.

The officers were patrolling the area when they noticed an empty automobile parked near the Service barn, which is adjacent to the highway, and the car's motor was still running.

The two officers circled the barn, and Walter was seen inside the doorway as they approached.

He told officers he was on his way to work at Peerless Gear in Clinton, and since employees are not permitted into the plant before the shift change, he was "killing time" when he drove down Clinton-Macon Rd. and saw a "flash of light" in the Service barn, and stopped to look.

He appeared for arraignment before Judge Yale Leland Kerby Tuesday morning and a plea of not guilty was entered for him on the charge of entering a building without permission. He waived request for a jury trial.

He was released on his own recognizance to appear for trial before Judge Kerby on Oct. 23 at 1:30 p.m.

Barn fires here and vandalism there — it appears the stories are similar in all the newspapers lately. **Bill Sanford,** former Herald staffer, sends copy of the Chambersberg, Pa., Public Opinion, where he's involved in a bit of a hornet's nest of a story about vandalism at South Mountain, which has residents aroused in fear and anger.

It's something to be told that you resemble your mother, but to be asked if a picture of yourself is your daughter, well that IS something. That's what happened the other day when **Eltha Kerby** spied a picture of **Betty Flanders,** taken for a new contest the Herald is sponsoring.

Mary Van Doren at **Bauer Manor** was pleased Saturday when John Rogers of the television "Living" show representing the "paint-out" group that was at the old stagecoach stop a couple of years ago, presented her with an oil of the Manor. **Betty Flanders** played with a group there that evening and **Babe House** may just be there this week, depending on the health of her grandson.

Engagement of Kristin Ann Linder to William Clark Sage is announced by her mother, Mrs. Frank W. Linder, of Birmingham. Mrs. Linder and the late Mr. Linder were former residents of Bloomfield Hills. Mr. Sage is the son of Mr. and Mrs. Frank Sage of Ann Arbor, former Clinton residents. He is a graduate of Clinton High School, a graduate of the University of Michigan, a member of Chi Phi Fraternity, and is presently a second-year law student at the University. A holiday wedding has been planned for Dec. 27 at Cranbrook Christ Church in Bloomfield Hills.

You Told Us

By DOROTHY GRIGG

Two of the most wonderful people, regardless of how one might judge them, are observing 60 years of 'togetherness" Tuesday in Englewood, Fla. Having lived almost all of those years right here on their farm on Rogers Hwy., their hearts are no doubt still here, even though they love the new little home among the orange and other fruit trees.

We are sure that the many friends of Leota and Ted McConnell will want to send them greetings on this occasion. We are happy to supply the address: 706 Orchard Lane, zip 33533.

More happiness — Sp/5 Johnny Snyder, son of Mr. and Mrs. John Snyder and grandson of Mr. and Mrs. Charles Howe, arrived "home for good" Friday from Ft. Bragg, N. C., where he had been stationed since February. He was stationed for 18 months before that in Okinawa, making convoy trips to Vietnam.

John will go to Central Michigan University this weekend to pick up his sister, Jan, and Pat Cook and bring them home for the weekend. Naturally they all want to be here for homecoming festivities.

Mr. and Mrs. Oscar Snyder have sold their home here to Mr. and Mrs. Michael Withrow and have moved to Zephyrhills, Fla.

Gunners' mate Dave Radant telephoned his safety recently to his parents, Mr. and Mrs. Rhinehart Radant, 709 S. Union St. Radant is aboard one of the patrol boats and has not been able to write as often as he would like. Others sharing these duties also made calls to their folks that day. "Sometimes 17 hours on duty doesn't leave much time or initiative to write," he said. It was interesting to note that he called about 10 p.m. here on Friday and it was already 11 a.m. Saturday there.

Mr. and Mrs. John Hamilton of Worthington, O., formerly of Tecumseh, left from Columbus, O., airport Sunday for Jamaica, a trip he won from the Gulf Oil Co. Their son, John Hamilton, Jr., and two college friends are spending this week at the Waldron cottage at Sand Lake.

Sp. Nick Hebert called his folks, Mr. and Mrs. Lawrence Hebert, at 1 a.m., Monday from Australia where he is for Rest and Relaxation. His call was especially to wish his father a happy birthday. Needless to say, the Heberts were delighted.

Last week Willis Porter and Ollie Musch attended the Turf meeting at Michigan State University.

$750 Given by Boosters

A check for $750 for band equipment was presented to Band Director Don Johnson from the Tecumseh Band Boosters at the Sept. 23 meeting in the Junior High Band room.

Efforts of members for Tag Day, cooperation of parents on other fund-raising projects, and the generosity of several service clubs made the check possible for new equipment.

Forty members attended when President William Kukral named the committees for the year.

The new Calendar of Events and Faculty Directory Book of Tecumseh High School, 1969-70, compiled by club members, was on display. The decision to sell the booklets for 25c at the high school, Flanders Music Store, Lamb's Pharmacy and the Party Shop was made.

Announcement is made by Mr. Kukral that any parent with a child in band from fifth grade up is automatically a member of the Band Boosters. He also stated that notes preceding the meetings are sent home with the students, urging attendance.

19 Paint Parsonage for the Art Manns

BRITTON — "Many hands make light work," the old adage goes. This was proven Friday when 19 members of the Bethel Baptist Church journeyed to Woodruff, Wis.

Leaving the church Thursday afternoon, the group arrived at its destination early Friday morning.

After a brief rest, the little band undertook the task at hand: that of painting the parsonage and garage of the Art Mann home.

Beginning at 9 a.m., it was finished at 2:30 p.m.

Meals were served by the women of the Woodruff Baptist Church, assisted by Mrs. Mann.

Friday evening the church folk gathered for a special service when Pastor Duane McNeil presented the message. Howard Bishop sang "Blessed Redeemer", and joined Bernard Bishop in a duet, "A Child Of The King".

The Rev. Art Mann led the song service and a time of fellowship and just getting acquainted concluded the busy day.

After a good night's sleep, most of the group left for Britton arriving a little weary but with a good inner feeling.

Pastor McNeil remained at Sault Ste. Marie where he preached Sunday. Three of the men, Don Russ, Bill Randolph and Mike Paich, stayed in Woodruff to attend church services Sunday morning.

Those who made the trip were Pastor and Mrs. McNeil and family, Mr. and Mrs. Bernard Bishop, Mrs. Milburn Preston, Bruce Preston, Mrs. Ruth Baugh, Bill Bartenslager, Mark Goodacre, John and Jim Parker, Howard and Francis Bishop, Bill Randolph, Mike Paich and Don Russ.

The Manns, when looking at the finished project, remarked, "This certainly is an answer to prayer." Pastor McNeil responded, "It's good to see God's people put feet to their prayers."

Don Hostetler, Class of 1925, has been selected as a new director of the Adrian College Alumni Association. The Onsted resident is assisting in planning homecoming weekend activities for the college this Saturday and Sunday.

'Skins Win Easily, 50-6

Winless Madison never came close Friday night as Clinton rebounded from last week's loss to win handily, 50-6, with Ron LaSovage pacing the Redskins' attack.

Clinton totaled 22 points in the first quarter and the rout was on. The 'Skins held a 30-0 lead at half time and added 14 in the third and six in the final quarter to wrap up the scoring.

LaSovage probably enjoyed his finest prep game with four touchdowns, although used sparingly in carrying the ball after the opening period.

What LaSovage was unable to accomplish, teammate Tom Moore did. Moore tallied once and added four extra points as Clinton rolled up its biggest total in years.

Other Redskin TDs were scored by Jim Handy and Tim Merritt.

Madison's lone score came in the final minutes of the game.

This Friday night, the Redskins host Morenci at 8 p.m.

Girl Scout News

Brownie leadership training and uniform day mark the beginning of the fall season for Girl Scouts.

All leaders, assistant leaders, committee women and others interested in Girl Scouting at the Brownie level will meet at the cabin at 7 p.m., Oct. 14, for a training session.

"Uniform Exchange Day" will be held Saturday from 9 to 11:30 a.m., at the cabin. An envelope should be pinned to the uniform listing the following information:

1. Name and address of seller.
2. Sale price.
3. Size.

Girl Scouters of the Irish Hills Council will begin the year without their good leader and executive director, Mrs. Maude K. Herman. Mrs. Herman has resigned to accept the executive directorship of the newly-formed "Peninsular Waters Council" located at Escanaba and covering all of the Upper Peninsula's 16 counties.

A search is underway for a replacement of the deeply-regarded Mrs. Herman, who has been with this council since its inception.

$1,714 Is Netted by St. Elizabeth

"Net profit from the annual roast beef dinner, served to 1,070 at St. Elizabeth Sunday, was approximately $1,714," Rev. Fr. Robert J. Handley said Wednesday.

All bills are not in, but the priest felt the figure was reasonably close.

Robert Smith, 750 N. Union St., and Dan Henning, Occidental Hwy., were awarded snowmobiles at the event; Lillian Burnside, of Clinton, a camper; and Everett Cattell, a television set.

All around the world They marvel at American industry. Factory chimneys send great clouds of smoke skyward as we produce more and still more. There seems to be no end to man's progress, whether here on earth or out in the vast mystery of space.

In spite of all we do, there is still so much that we cannot do. For all our power, we are still frail and vulnerable. God has given us many capabilities, but we were never meant to "go it" entirely alone. To think that we need nothing beyond ourselves is not self-confidence—it is brashness.

There are moments when we all need to look into a special kind of mirror, by which we may re-examine our lives. Such a mirror may be found in church where God's word, if we really listen to it, can help show us the truth.

Why not go and listen in your church next Sunday?

Card of Thanks

Our most sincere and heartfelt thanks to the firemen of Clinton, Tecumseh and Sand Lake Fire Departments for prompt response and wonderful cooperation the night our barns were burned. We also wish to thank the state troopers, neighbors, friends and unknown volunteers, who quietly pitched in to help all through that terrible night as well as wives of firemen, who brought coffee. Thanks also for phone calls, offers of help, letters and cards of sympathy, gifts of food, memorial gifts and, best of all, gifts of friendship at this time of double tragedy, in the death of beloved mother, Maude M. Jack Baker was rated best offensive lineman. He threw a key block in springing Frank Geisenhaver loose on a 13-yard TD sprint in the third quarter to give the Indians a 14-0 margin.

Frank Crosby, reserve lineman, has been recognized for a steadily improving performance—one that will be missed. Crosby suffered a broken ankle against FR and is out for the season.

Mike Kennedy was awarded top honors for best offensive and defensive back. The shifty running senior tallied two touchdowns in the 30-6 win. His blocking and defense excelled.

Jack Greenfield, tri-captain, earned the coaches' praise for smothering FR's game inside the ends. It's the second straight week for this linebacker to gain top defensive laurels.

Gerald Girbach came off the bench again Friday night and romped 23 yards to give Tecumseh a first down at a crucial time. The reserve halfback is one of the fastest in the Huron League.

Gary Hannibal has been selected as top defensive lineman for his performance against Flat Rock. One of the fastest tackles in the league, 3 times he caught FR runners from behind.

Indians Are Hot

Best game of the season was turned in by the Tecumseh Indians Friday night when they belted a tough Flat Rock club, 20-6.

Coach Tom Fagan's team came to life on offense, despite numerous goofs which gave the Rams more scoring opportunities than they earned. It mattered little. Tecumseh's defense was just too tough, and except for FR's lone tally via pass, the Rams were near helpless before the quicker Indians.

A 43-yard drive netted Tecumseh its first scare midway through the second quarter when Craig Smith flipped a pass to Mike Kennedy. The play covered 33 yards with Kennedy running the last half. Kennedy then took a pitchout from quarterback Smith and passed to end Paul Burns for the extra point.

Early in the fourth quarter, at which time Tecumseh was dominating the game, Frank Geisenhaver burst through the line and rambled 13 yards for pay dirt, leaving several Rams sprawled on the turf.

FR came back through the air, marching 59 yards for its lone tally. An attempted pass for the extra points failed.

The Rams, on their next opportunity, tried to get back into the game and gambled on a fourth down situation at their 21. Sophomore guard Mike Tilton broke through and spilled the FR quarterback on the 16 — and the Indians were off.

On the third play, Kennedy slipped free and romped 12 yards for the score, only to have it nullified by one of many Tecumseh penalties. Smith came right back, hit Kennedy in the right flat, where the senior halfback out-wrestled a FR defender, cut sharply toward the sidelines and raced in untouched for the game's final score.

While there was a spark of enthusiasm for an offense which had sputtered in winning the opening two games, Tecumseh still relied heavily on a defense which completely stymied the Rams' running game,

FR's rushing totals in the first half were a minus 14 yards, and in the second half the Rams slipped further, losing another 17 for a game total of minus 31 yards. Fourteen times Tecumseh linemen threw FR runners for losses.

It would have been no contest except for the Rams' passing game. They connected on eight of 13 passes, but linebacker Steve Tilton picked off two for interceptions.

The Indians, as in past games, were guilty of infractions and penalties. Officials called 60 yards in penalties on six miscues. The Indians made matters worse by giving the ball to FR four times on fumbles.

Several times Tecumseh threatened, but were thwarted usually by penalties. Early in the game, the Indians were stopped after Geisenhaver ran to FR's 30. A five-yard penalty nullified the gain and the Indians had to punt.

Later in the opening quarter, FR moved from its 20 to Tecumseh's 37 where Tilton grabbed his first interception. At the beginning of the second quarter, Ken Pieh broke loose around right end and scooted 37 yards to the FR 25. He lost stride and stumbled, otherwise he would have probably gone all the way.

Another threat was erased early in the final period after the Indians reached the FR 14. A penaty set them back to the 19 and on the next play the Rams covered a Tecumseh bobble.

Longest run of the game was turned in by Pieh just before the half. He picked off a FR pass on the Indians' 28 and skipped down the sidelines for 56 yards before being dragged down on the Rams' 16. The Indians had time to toss two passes, both incomplete, just before the half.

Indians Seek 4th Straight Against M-J

Tecumseh's off and running Indians will be seeking their third straight Huron League victory here Friday night at the annual Homecoming game. Unless there is a big surprise, Tecumseh should win it.

If the Indians are caught looking ahead to Grosse Ile and Monroe CC, they could also just as easily lose their first game of the season.

Monroe Jefferson has proven to be no soft touch this season, though they have lost to Airport and CC. The Jets, who gave the Indians fits before bowing, just squeaked by Jefferson.

Last week, CC whipped Jefferson, 19-0, but it didn't prove easy. Scouting reports give Friday night visitors here an excellent offense, based largely on a good set of running backs, but are lacking somewhat on defense.

Tecumseh can be sure that the Monroe Jefferson will be throwing here. All three Tecumseh opponents have found the running game difficult to move the ball; however, all three opponents had thrown the ball against the Indians and Flat Rock flipped one for a TD.

Coach Tom Fagan expects to have his club at full strength, except for Frank Crosby who suffered a broken ankle.

JV's Battle To 0-0 Tie

Two undefeated Jayvee teams, Tecumseh and Flat Rock, battled to a scoreless deadlock here last Thursday night.

The Indians missed several scoring opportunities and had one touchdown called back because of a clipping penalty. Gary Alcock broke through and blocked a punt in the fourth quarter, and Tom Van Sickle picked it up and romped 40 yards into the end zone.

Coach Jim Curth has praised Rick Hemphill, Tom Huber, John Merz, Alcock, Craig Brown and Mark Smith for a fine defensive game.

The Indians outplayed their opponents and rolled up eight first downs to FR's two.

Tories Drop First, 27-0

Britton's Tories, victors in their first two games, bowed Friday night to Northwood, O., 27-0.

The Ohio club did not romp as the score would indicate, though. Northwood held only an 8-0 edge going into the final quarter, when the roof caved in for the Tories. Undefeated Northwood racked up three touchdowns in the final stanza after being held most of the game.

Britton, fielding one of its better football teams, takes on a tough Sand Creek eleven Friday night in its annual homecoming game. Sand Creek trimmed Summerfield last week, 47-0.

Frosh Trip Adrian, 14-6

Tecumseh Frosh kept their undefeated record intact here Wednesday night of last week by tripping Adrian freshmen, 14-6.

Two touchdown passes, both from quarterback Mike Clement to Jerry Biscupski, held up for the victory.

Clement hit Biscupski in the first quarter from the Tecumseh 39, with the speedy halfback racing the final 50 yards for the TD. The pair combined for the extra points to give the Indians an 8-0 lead.

Adrian narrowed the margin to 8-6 in the second quarter, but the Frosh came back on a 51-yard pass-play by Clement and Biscupski.

Both clubs moved the ball well in the second half but failed to score. The Maples once reached Tecumseh's two only to have the Indians stiffen and hold.

Tecumseh's defense was led by tackles Fred Sisty and Chuck Hanna, and linebackers Dan Gunder and Biscupski.

Coach Ted Todd also cites guards Larry Brown and Mike Eggleston and center Bob Beevers for fine blocking performances.

Pastor tell me

By DUANE H. McNEIL

WHO DECIDES WHAT IS RIGHT AND WRONG?

Our age finds all the varieties of opinion available concerning moral standards. Some say you may do whatever you desire, providing you do not cause any injury to another person. Others say nothing can be wrong that makes you happy even if the happiness is only temporary. Also there are those who feel anything goes. Which is right?

Our society has normally been able to exert pressures on itself to contain actions within certain guidelines. Now, however, we find ourselves in a situation where the society in which we live is divided into several opinions. There is not one of these strong enough to be the directive for all of us.

The only safe control for all mankind is the instruction manual given to us by our maker, that is the Bible. God's Word declares the standards which will lead to true, lasting happiness and that needed sense of fulfillment. When Americans knew the Bible and knew its standards, at least there was a guideline capable of leading men to lives of contentment. In our day, even our churches do not present to us the standards of God's Word.

The Bible says, "Delight thyself in the Lord and He shall give thee the desires of thine heart." "Happy is the men whose God is the Lord."

"The fear of the Lord is the beginning of knowledge."

Are you looking for a worthwhile standard? Read your Bible. It will never disappoint you.

Marda Gene Duncan's

Through My Window

Would anyone be interested in a cute, vivacious, faster-than-greased-lightning, rich russet and white, sassy, cheeky, little fiend? Yes, I am speaking of a red squirrel, what else? There is one terrorizing the neighborhood and I would be more than glad to get rid of him.

Actually, it is absolutely ridiculous that such a tiny bundle of nervous energy can play, to such perfection, the role of master villain. He can't be more than 12 inches long, half of this is tail. Yet, he takes after the much larger fox squirrels and they run as if in fear of their very lives.

Just lately we have watched too many of these chases. When Little Red spots another squirrel, he immediately shifts into high-gear. The big squirrel turns tail and runs with the little monster in hot pursuit.

If, just once, the fox squirrel would face his tormentor, if just once he would not run, but instead stand his ground, if just once he would say BOOH — like most bullies, Little Red could not face this, I am sure.

But the foxies don't seem able to do anything except flee in terror. Then, the next few times they venture our way, they are so timid and act as though any minute they expect to be driven off.

★

TO SEE LITTLE Red at the feeding-tray busily chomping away at corn or sunflower seeds gives no clue to his true character. In fact, years ago when we first saw one, we were most excited and pleased. After a few weeks, though, we realized that the fox squirrels were disappearing — and they didn't return either until after the red squirrel left.

But getting back to the red squirrel on the feeder, he can be cute. He is small almost to the point of being petite and the "fingers," which so deftly hold a kernel of corn, are absolutely tiny; his eyes are big, shiny black and ringed with a white stripe which makes him always look alert and wide-eyed; his ears are large in proportion to his head and, in winter, they are covered with fur which grows long enough to make a small tuft at the top of each ear; and speaking of fur coats, he wears a three-colored one, white underneath and reddish on top with a thin, but very definite black stripe on the side dividing the two.

A natty dresser, he is always well-groomed and must spend a great deal of time taking care of his coat. His tail looks like a bottle-brush and, when he is hunched up on the feedig tray, it is usually held up over his back and curved into an inverted question mark.

Auntn and Rog have red squirrels at Intermediate Lake and they quite enjoy them. I must admit that they do seem "right" up there. There are no fox squirrels for them to terrorize and there are many pine trees for their pleasure.

In fact, the last day of our little trip north, I spent a few minutes on the porch watching a Little Red tear back and forth in a row of Scotch and Austrian Red Pines. He was busy, busy, busy.

★

THE CHARACTERS are very much at home in areas of pine or evergreen trees. They shred the cones to get the seeds and will store great quantities in hidden caches. There is a large pine tree across the street and, when the cones are full of ripe nuts, any red squirrel in the neighborhood makes a bee-line for it. After a red squirrel raid, the ground beneath the tree is strewn with ripped apart cones. It looks like a disaster area.

And no red squirrel discussion would be complete without at least mentioning the noises they make. Their voices are loud, shrill, and grating. They have a rapid-fire chatter which rattles off in machine-gun fashion.

Another noise is a nervous spiteful bark. If in appearance the red squirrel's true character is not shown, it certainly is evident in his voice.

So it is that Auntn and Rog can have their red squirrels up north, but, as far as I am concerned, when one appears in the neighborhood he means nothing but trouble with a capital T.

TECUMSEH PUBLIC SCHOOLS

LENAWEE COUNTY, MICHIGAN

SCHOOL BUILDING AND SITE BONDS

Sealed bids for the purchase of general obligation bonds to be issued by Tecumseh Public Schools, Lenawee County, Michigan, of the par value of Two Hundred Sixty Thousand Dollars ($260,000), will be received by the undersigned at the Board of Education Offices, 304 West Chicago Boulevard, Tecumseh, Michigan, in said School District, until 8:00 o'clock p.m., Eastern Standard Time, on the 24th day of October, 1969, at which time and place said bids will be publicly opened and read.

Said bonds will be dated September 1 1969, will be coupon bonds in the denomination of Five Thousand Dollars ($5,000) each, will be numbered consecutively in direct order of maturity from one (1) to fifty-two (52), both inclusive, will bear interest from their date at a rate or rates not exceeding six per cent (6%) per annum, expressed in multiples of 1/8 or 1/20 of 1%, or any combination thereof, the difference between the highest and lowest rates bid shall not exceed 2%. Said interest will be payable on the first day of May, 1970, and semi-annually thereafter on the first day of November and May in each year. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

$15,000 on May 1 of each of the years 1971 to 1976, both inclusive; $20,000 on May 1 of each of the years 1977 to 1982, both inclusive; and $25,000 on May 1 of each of the years 1983 and 1984.

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the School District.

Bonds of this issue maturing in the years 1971 to 1979, inclusive, are not subject to prior redemption.

The right is reserved of redeeming bonds maturing in the years 1980 to 1984, inclusive, at the option of the district, in inverse numerical order, on any interest payment date on or after May 1, 1979, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

2% on each bond called for redemption prior to May 1, 1983.

No premium on bonds called for redemption on or after May 1, 1983.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan, which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the School District has money available for such redemption with the paying agent.

The bonds are to be issued for the purpose of completing the erecting, furnishing and equipping of the Sutton Elementary School; acquiring additional land for site purposes; and developing and improving sites.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on bonds from November 1, 1969, to their maturing and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The bonds are to be issued pursuant to the provisions of Act 269, Public Acts of Michigan, 1955, as amended, and Act 202 of the Public Acts of Michigan, 1943, as amended, and the School District may levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of $5,200.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail. Payment for said bonds shall be made in Federal Reserve Funds.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The School District shall furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Stauder, Barch & Associates, 63 Kercheval, Grosse Pointe Farms, Michigan, 48236, Financial Consultants for the School District.

The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Bonds."

MANY CHANGES MADE IN SANCTUARY AT UNITED CHURCH OF CHRIST.

125th Anniversary Sunday

CLINTON — United Church of Christ will observe its 125th anniversary of the dedication of the church building Sunday, Oct. 5, at a special service at 2 p.m.

The anniversary service will include a dedication of the numerous memorial gifts which were incorporated into the recently-completed three-year remodeling program.

At a cost of nearly $19,000, the 125-year-old building has undergone extensive redecoration, structural reinforcement to the foundations, re-wiring in the sanctuary, and redecoration in the 11 church school rooms of the Kirker Memorial addition.

New carpeting was installed throughout the entire church building, and for the second time in 20 years, the pipe organ, which was installed in 1927, was moved to a new position. It's now at the north edge of the chancel.

A blue-green velvet paredos, designed by Evel Garrido, in memory of Mrs. Clarence Heimerdinger, Sr., and a carved oak altar, in memory of Mrs. Hazel Barnard, further enhance the chancel area.

A major change was the restructuring of the original oak pews, which had been arranged for two side aisles, to a center aisle arrangement.

The exterior of the church and parsonage was covered with solid vinyl siding, and the belfry tower was repaired.

Remarkably, most of the renovation was accomplished with volunteer labor by members of the congregation.

The United Church of Christ traces its history to early New England Congregational Churches, and it was known as the First Congregational Church until a few years ago, when the Congregational and The Evangelical and Reformed Lutheran Churches of the United States united. At that time it adopted its present name.

The first Congregational Church Society in Clinton was formed April 23, 1843. It was in the winter of 1843-44, when the men of the Society sawed down the oaks and whitewood trees to use in building the church, which was dedicated October, 1844.

The Society raised $1,800 to build that first Colonial-styled wooden edifice, 40 x 60 feet, on land donated by an early settler, Jira Payne.

The belfry was added at the turn of the century, and the two-story Kirker Memorial wing was dedicated February, 1923.

The present parsonage was built in 1878.

The new pastor, Earl Lawrence, has arranged the program of celebration and dedication, which will be shared by the congregation, many out-of-town members, former pastors, and friends of the community.

The sermon for the anniversary service will be given by the Rev. John Fitzgerald, pastor of the First Congregational Church, Ypsilanti.

Others participating in the service will be David Pratt, Mrs. E. John Hoelzer and Lloyd Gibson. There will be special music by the choirs.

All who attend are welcome to attend the fellowship hour after the service, which will be arranged by the Women's Fellowship.

Arrangement is being made for nursery care of small youngsters during the afternoon service, as well as during morning worship.

GTS Officials Portrays Life

CLINTON — Mrs. Clara Conner set the theme for the meeting of the Women's Fellowship of the United Church of Christ, Thursday evening, as she related the story of the Good Samaritan.

Mrs. Conner suggested the story depicted social concern, which she described as "concern for others and willingness to do something about it."

Social Concern chairman, Mrs. Agnes Geiger, introduced the speaker, John N. Shanahan, of the Girls' Training School.

Mr. Shanahan presented a documentary film of a young girl's admission to the training school and the environment she finds there.

He suggested the many ways that interested citizens in the community can cooperate in making the rehabilitation of the girls more successful. They can invite them for short visits to homes, or church gatherings, arrange party times at the school, or provide the items of personal clothing, which are given as awards to those girls who earn special privileges by their good behavior.

Since most of the girls have no interested parents, it is frequently the personal interest shown them while in the school, which determines their changing attitudes, Mr. Shanahan said.

It would be especially helpful if youth groups would invite some of the girls to share in their meetings or pay a visit to the school, he concluded.

After refreshments were served by Mrs. Edwin Bihlmeyer's circle, the business meeting was conducted by the new president, Mrs. Arthur Hill.

The date of Sunday, Oct. 19, was set for the annual Harvest Family Night Supper and Auction for Christian World Missions.

Mrs. Agnes Geiger and her Christian World Mission committee will be asked to arrange for the supper.

Mrs. Edgar Randall described the many items which are needed by the Delmo Mission, especially large size shoes, diapers, men's and women's clothing.

She also mentioned that the next shipment will be picked up for delivery to Church World Service at Napanee, Ind., on Oct. 19, and all used clothing is to be left at the church as soon as possible to be packed.

Church World Service estimates it will need five million pounds of used clothing and 300,000 blankets this year, to meet the needs of distressed people throughout the world.

Mrs. E. John Hoelzer told of the need for seven more family hosts for foreign students of Wayne State University, who will visit the community for the weekend of Oct. 17-19. Anyone interested may call Mrs. Hoelzer, 456-4213.

Fund Goal Is $7,000

CLINTON — With a goal of $7,000, the Clinton United Fund Drive will get under way, Oct. 5 and continue through Oct. 19.

The Fund president, Mrs. Richard Sharpe, named the committee chairmen at a recent meeting. They are:

Announcement was made of those industries whose employees will return local contributions to the Clinton United Fund on request are:

Those whose employers are not listed may contact the employer to have contributions transferred here.

Tribute was paid to Leslie Pierce, a member of the board for many years.

Mrs. Mary Hull and Mrs. Sharpe will be in charge of the Thanksgiving and Christmas donations.

Campaign kits may be picked up by solicitors Saturday, Oct. 4, between 10 and 11 a.m. at Steve's Restaurant, where coffee and donuts will be served.

New Emblem For Church Shown WSCS

MACON — Mrs. Herbert Morden, the newly-elected president of the Macon Women's Society of Christian Service, opened the meeting Tuesday evening by displaying the new church and Women's Society emblem, the red flame and the gold cross, and described its meaning.

The group repeated the purpose of the Society.

Then Mrs. Morden read, "Bringing In The Sheaves" from the fall issue of the Conference News.

Mrs. Edward Clark, vice-president read a district letter, telling of World Understanding Workshop, "Spin Off," to be held in the Blissfield Immanuel United Methodist Church Monday, Oct. 20, at 10 a.m.

Mrs. Carl Hawkins, Christian Social Relations chairman, told of parochaid for schools that is soon to be voted on again. A petition was signed by many.

She also read an article about the film "You Got To Open Your Eyes'.

The community wheel chair, which was formerly stored at Mrs. Guy Zelluff's home, will be stored at the Herbert Morden home. This is available for any one in the Macon vicinity.

The group voted to order more chore-girls, to sell. There are still vanilla and dish cloths. The group raised their pledge to mision work to $25 for 1970. A pledge of $500 was given to the new educational unit.

They will sponsor the birthday and anniversary calendars again. Anyone wishing to have their dates on the calendar should do so by Oct. 15. They may phone Mrs. Harold Ruhl, Mrs. Herbert Morden, Mrs. Edward Clark, Mrs. Eugene Hill or Mrs. H. F. Moore.

Mrs. Paul Hover presented a program on "Spotlight On Eternal Life", from the June Response magazine. She also told about her missionary friend in India.

Mrs. Bernard Tucker and Mrs. Edmund Mueller gave the devotions.

Mrs. Morden closed by reading "Recipe For Happiness Cake", from the Detroit Conference news. The birthday anniversary of Mrs. Mueller was observed during the social hour.

SUPERINTENDENT'S REPORT

Tecumseh Public Schools financially are in very good shape. We were among the few schools of our size in the State to have a low bonded indebtedness at the end of the 1968-69 school year. The General Fund Equity balance as of June 30, 1969 was $132,427.29.

Textbooks are up-to-date and the curriculum throughout the school reorganized and improved. We were again approved by the North Central Association of Secondary Schools and Colleges, which in itself is quite an accomplishment since they are continually raising their standards for accreditation. More than fifty percent of our graduates enroll in college and universities and continue to bring praise to our schools for their scholarship and achievements. We have also improved our curriculum for the pupils who do not go to college, particularly in the field of vocational education.

Tecumseh school enrollments increased by forty-three this year but are actually only following a trend of slightly larger enrollments each year. The greatest increase was in the high school where we enrolled 1085 pupils.

A new elementary school is being erected on district property west of the Lenawee Institute. This school has been designed for the special needs of the Sutton area children and should be ready early in the spring 1970.

The Board has also approved architectural plans for converting the present high school into a middle school (6-7-8) and the erection of a new high school. They purchased a 120-acre plot at the southeast corner of M-50 and Rogers Highway for the High School and have reserved enough area for an elementary school if necessary in the future.

All negotiating units including the public libraries met with the superintendents and Board member representatives to resolve differences and approved contracts for 1969-70 This is an enviable record for our school since many schools have not yet approved contracts and their personnel are out on strike.

Your annual contribution to the Tecumseh Community Fund Foundation affects more folks than one would normally surmise. Through the charities, your donation goes to help those who need help, many of whom rely almost entirely on your generosity. Your "fair share" contribution also benefits you, your friends and neighbors, and your community. The Foundation can only do what you enable it to do through your gift. We urge you to give your "fair share." To those who work out of town in industrial plants, we would like to remind you that in your contribution, **you must specify Tecumseh, Michigan** — and not just Lenawee County. If you specify Lenawee County, your contribution will be forwarded to the county drive and not to Tecumseh. We give to the same charities as the county fund . . . . plus giving back to you and your family for a better community in which to live. Last year, due to economic conditions and lack of support in some areas, we fell short in reaching our goal. We need to make our goal this year and need your support. Please, try to give your "fair share."

YOUR SUPPORT . . . YOUR "FAIR SHARE" WILL BE SINCERELY APPRECIATED BY THE TECUMSEH COMMUNITY FUND FOUNDATION, THE CHARITIES WHICH IT SUPPORTS . . . AND BY THE RESIDENTS OF TECUMSEH . . . WORKING FOR A BETTER COMMUNITY IN WHICH TO LIVE.

'Fair Share' Is Sought in Foundation Drive

Second week of the 1969 Tecumseh Community Fund Foundation drive starts next Monday with concentration shifting from the industrial division to the residential, business and professional areas.

Although there are no reports from the industry, the '69 drive is off to a good start. Officials hope that all industries will complete their drives this week.

Special gifts of $6,100 have already been received, and the United Savings Bank and its 43 employees have contributed over $2,000.

This past week, business co-chairmen Vern Manwaring and Ray Dollison notified local businesses by letter that a campaign to raise $10,000 in the division is under way. The goal is $5,000 but the bank already has given nearly half of that.

Robert French, chairman for the professional division, feels its $2,000 goal is easily attainable.

More than 100 women will make door-to-door collections in the residential areas. They will seek contributions from persons not contacted in other divisions, where more than one in the home is employed, and from persons wishing to give an additional gift.

The residential goal is $3,000, and the canvass is under the direction of Mrs. Joseph Galazzi and Mrs. William Steele, Jr.

Monday evening, 12 zone chairmen met and organized at the home of Mrs. Galazzi. These zone leaders are Mrs. Byron Goodman, Mrs. Ed Goller, Mrs. Richard Creswell, Mrs. Wayne Matteson, Mrs. Dwight Helms, Mrs. James Curth, Mrs. Purnell Osburn, Mrs. John Surratt, Mrs. Al Kusmierz, Mrs. Roger Kapp, Mrs. Ray Stockinger, Mrs. Clark Nichols and Mrs. Austin Miller.

Theme of the drive this year is "fair share." Folks are being urged to give generously to reach a $59,831 goal, one which many feel should be topped easily if Tecumseh residents want to benefit from the Foundation.

Directors of the Foundation are obligated to meet other charitable responsibilities before allocating any funds for community improvements, such as planned for Tecumseh Park.

There's also the feeling among some that failure to reach the goal this year might cause the dissolvement of the local Foundation and return the local drive to the county organization.

"Fair share" giving would easily thwart this, and would assure continuance of the Foundation and expenditures locally for community betterment.

New Landfill for Tecumseh

Starting Nov. 1, Tecumseh residents will be using the new Walker Sanitary Landfill, about one-half mile east of Sand Lake on Pawson Rd.

This landfill will replace the Lenawee Disposal dump on Ogden Hwy., just east of Adrian. This landfill was used for the past year, ever since the city was forced to close its own.

Councilmen Monday night approved a contract with William Walker for the landfill at the rate of $700 per month. Charge is $200 for residential and $500 for industry.

Free identification cards for residents may be picked up at city hall starting Monday, although they will not be able to use them for the next three weeks.

The identification cards will admit residents free to the landfill.

Availability of the Walker Landfill to local residents was one apparent reason that Council approved the switch. Although the distance to the new landfill and Lenawee Disposal's is about the same, road conditions are better.

Residents may drive west on M-50 to Pentecost, turn right and then just as they reach Sand Lake, turn right again onto Pawson Rd. Another advantage for residents is that they are less likely to become stuck driving into and out of the landfill.

Many residents became stuck at Lenawee Disposal and often had to be pulled out.

The rate for the city is slightly less than last year. Lenawee Disposal had agreed to a lesser rate and it was met by Mr. Walker.

'70 Program for Streets Is Approved

A construction program, comprising mostly of curb and gutter and bituminous concrete for city streets, was approved by Council Monday evening.

The 1970 program, presented by Cal Zorn, city manager, consisted of:

300 block of S. Maumee St.—curb, gutter and bituminous concrete.

Concrete of Wyandotte St. from E. Cummins to Logan — curb, gutter and bituminous concrete.

Division St. from Pottawatamie to Logan — curb, gutter, bituminous concrete.

100 block of W. Shawnee, between N. Evans and N. Pearl — curb, gutter, and bituminous concrete.

Storm sewer — Russell Rd. from Union to D.T.&I. railroad, and Russell Rd., between Mill Hwy. and Maumee.

Mr. Zorn also told officials that some street work will be done this fall on W. Cummins St. and south portion of Rogers Hwy.

21 Youths Are Involved

Twelve teenagers were caught Friday afternoon having a "party" in an old house owned by Oliver Blum of Ypsilanti, behind the Community Center and next to Globe Mill Pond.

The youths caught implicated nine others in having other parties there. Ages of the boys and girls range from 13 to 19. There was evidence of drinking.

Gary Greene, local police officer, said the investigation is still being conducted, and said the owner told officers here he would prosecute for breaking and entering.

Teenagers forced open a door to gain entry. Residents in the area observed the youths going to and from the house and reported it to the police.

FORTY AN HOUR AT JIFFY — Harold Johnson, machine operator, completes a Kid-Doo as it comes from the cooling chamber of the three-arm rotating molding machine at Jiffy Plastics Manufacturers. Forty an hour come from the big Roto-Caster at the plant on S. Maumee St., owned by Bill Davis, 107 W. Brown. Mr. Johnson is standing at the load and unload station.

Refuse Bid to Weaver

Cost of disposing of trash and refuse is going up, effective Jan. 1.

Monday night Council accepted a low bid from Maenard Weaver of Adrian to handle refuse collections here for the next three years at a cost of 38c per sack.

This is an increase of 8c per sack over the current cost of 30c per sack, and sacks presently used will be obsolete, Jan. 1, when Weaver begins collections.

Folks who will need additional sacks between now and the first of the year are reminded to buy only the number needed to take care of their refuse until Jan. 1. New sacks for Weaver will be distributed before he replaces Modern Disposal as collector for the city.

Other bids reviewed by Councilmen were:

Modern Disposal of Napoleon: 50c per sack.

Lenawee Disposal of Blissfield: 48c for first 50 sacks, 35c for extras.

Lenawee Disposal: 42 per sack at curb-side, 30c fr extras.

Final Rites Held for Businessman

Funeral services were held Tuesday afternoon at the Proctor Funeral Home for Lysle Des Ermia, 71, long-time Tecumseh businessman who died late Saturday afternoon at Herrick Hospital.

He had been in failing health since last December when he first entered the hospital for an operation. At the time he showed progress towards recovery but then began failing. He never returned to work at his furniture store, just north of Chicago Blvd. on N. Evans St.

Mr. Des Ermia was well known in this area, having been in business for approximately 36 years. Before coming to Tecumseh, he had worked in Toledo and once sold groceries in Britton and worked in the bank there.

His first place of business here, a dry goods store, was at the corner of Chicago and Evans St., a building now occupied by the D&C Store. He later moved across the street and combined his dry goods with furniture at what is now Hite Hardware.

In 1946 he moved to what was then known as the Co-op Building. In April, 1954, most of the building burned in a fire claimed to have attracted 3,500 spectators and fire equipment from most communities in the area.

Mr. Des Ermia was born on April 2, 1898, in Onsted, the son of Charles A. and Emma Ostrander Des Ermia. He graduated from high school there and later received a degree from Ferris State College at Big Rapids.

Survivors include his wife, Esther; three sons, Keith, of Milan, and Hugh and Charles, both of Tecumseh; a sister, Mrs. A. J. (Arlone) Brickbauer, Plymouth; and five grandchildren.

The Rev. Blair O. Bashore of the First Baptist Church officiated at the services. Burial was in Maple Shade Cemetery in Onsted.

Closed Saturday

In observance of Columbus Day Oct. 12, the United Savings Bank will be closed all day Saturday, Oct. 11.

MARSHA IS QUEEN — Queen for a night was Marsha Cantrell, high school senior who was picked for homecoming queen honors at the Tecumseh-Monroe Jefferson football game. Marsha, elected by the high school student body last week, also reigned at the dance after the game. She's the daughter of Mr. and Mrs. Ottis Cantrell. Rick Rohrer, student body president, placed the homecoming queen crown atop her head at halftime and after it was announced she was the '69 queen.

Driver Flees After Hitting Young Girl

Denise Christman, 11, daughter of Mr. and Mrs. Barton Christman, 907 River Acres Dr., was struck and injured Friday by a car after leaving a school bus on N. Ottawa St.

According to Rose Larson, bus driver, the young girl had left the bus and was proceeding to cross the street towards the library. Bus flashing lights were on at the time.

Mrs. Larson heard brakes squeal and the girl hit and thrown to the pavement. She attended to the girl and yelled at the driver of the auto to stop.

He hesitated and then left the scene, only to be traced through his license number by the Tecumseh police.

Operator of the car was Doyce C. Bow, 18, of 605 Brooks St., who was driving on a revoked license. The accident is still under investigation and police are awaiting for Bow's driving records from Lansing.

Denise was taken to Herrick Hospital for treatment of lacerations and bruises by her mother.

Texan Does It Up Big!

Donald D. Jones, 38, of Harker Heights, Tex., missed the curve on Russell Rd. near Adrian St., last Thursday about midnight and then proceeded to involve himself in quite a bit of trouble.

He first hit an advertising sign near Wolf's Appliances, then backed up and over a stop sign. He then went forword, running over another sign, before crossing the street where he knocked over a mail box.

Starting up again he apparently skidded, striking another mail box at 870 Russell Rd.

When police arrived, he had left the scene but was soon found walking down the road. Officers called a sheriff's ambulance and he was taken to Herrick Hospital for treatment.

The mishap is still under investigation, and as of yet no formal charges have been filed.

Story Time Hour for Pre-Schoolers Starts Wednesday

Tecumseh Public Library's popular story-time hour for pre-schoolers will start next Wednesday, Oct. 15, at 1:30 p.m.

Story-time will be held each week on Wednesdays at this time and is open to all pre-schoolers in Tecumseh and the area.

BEHIND PAGE ONE

Ma'am," said the questioner on the phone, "are they going to have any bumper stickers in town for the **Mets** who won last night?" I replied, "No, I don't think so," not really knowing what she was talking about. Her reply came, "Just because **Detroit** didn't win, you don't have to get so up in the air." And there I was up in the air with the receiver in one hand and my mouth wide open. The caller, you see, had slammed down the receiver on her end of the line.

Tecumseh school bus drivers wish to remind area drivers to stop for flashing lights on school buses. It's especially bad in the city where passing motorists are "really wild."

Toot, toot. We toot our own horn just a bit. **The Herald** was awarded first place for use of pictures by the **Michigan Press Association** in the annual weekly newspaper contest. Competition was judged in seven categories, according to circulation. We think the announcement appropriate during **National Newspaper Week, Oct. 5-11.**

Annual Harvest Festival at the Waterloo Farm Museum will be Sunday, Oct. 12, **Gene Barton** said Tuesday. Old fashioned molasses cookies, soap and butter are some of the items to be made, along with whittling, corn husking, spinning and other crafts demonstrated. Go north on M-52 through Chelsea to Waterloo Rd., turn left to Waterloo and then north on the Waterloo-Munith Rd. until you reach the Museum. Fun for all and all for fun.

Orchids to **Mrs. Albert Caesar.** We don't know of anyone else who would go every night for five weeks straight to feed a dog she can't catch. Informed by nearby residents on Russell Rd., between Maumee and Evans streets, that the animal was starving, **Mrs. Pet Watcher** came to the aid of the medium sized Collie mixture canine with not too long tan hair and a white chest. Her reward would be for the party who left him there to go back and call the dog and properly handle his disposal.

Would you believe — over 21,000 Scout-age boys in Lenawee and Monroe Counties! Wolverine Council is replacing the two-district system with three to accommodate the population explosion. **Roger Kapp** will continue to serve as executive for this area. Part of his work load has been assumed by a new executive director, **Floyd Siebert**, in the southern part of the Council, and **Harold Haase** in Monroe County.

"He died standing up," commented **Mrs. Lillian Hoagland,** as she told of the strange death of a woodcock that she uncovered after cutting large branches from a golden vicor bush near her porch. Either petrified or putrified, take your choice, most of the bird left is the long bill and feathers on his head. Mud has washed over the rest. How did he get there from some nearby swamp is the mystery.

"I'm cooking a bushel of potatoes for salad for the ox roast," **Mrs. Fay Whelan** commented Friday as we mentally pictured **Billie** standing beside a huge kettle of spuds, calmly peeling 14 dozen boiled eggs and cleaning 14 bunches of celery. How she managed to stir in six quarts of relish and dressing is still a mystery, but it did take a lot of salad to go with 400 pounds of beef, roasted by Bill Brown of Kitty Kurtis Farms for 500 Republicans to feast on Saturday.

"EVANGELETS FOR CHRIST" — Evangelist and Mrs. Dick Palmer and their four daughters, Joline, Tammy, Liane and Sherry, will present his outstanding life story and music in song at the Assembly of God Church, 210 W. Bidwell St., Wednesday, Oct. 15, at 7:30 p.m. The Rev. Harold Speer, pastor, extends an invitation to all Tecumseh area residents.

Jiffy 'Bakes' Kid-Doo

Just like baking a cake, the pretty yellow and black Kid-Doo snow sleds come out of the oven after eight minutes baking time at Jiffy Plastics Manufacturers at 810 S. Maumee St.

When Bill Davis, owner, sold the Skate Arena on M-52 near Adrian in 1958 he started making toe stops for roller skates which the company still makes. As the Jiffy Co. grew, Bill moved from N. Evans St. to the present location and recently changed the name.

A new Roto-Caster, one of the largest such machines in the country, has recently been installed in Jiffy, and is primarily used for hollow and solid plastic parts.

Office manager, Mike Cook, said that projection figures for the 1970 winter season is 200,000 sleds.

Safety features of the new Kid-Doo were tried out by the designer's family last year. Ray Oliver, assistant manager, designed the lightweight, rust-proof toy for the children.

"It can't hurt them even if they were run over with it, because all the surfaces are smooth and it is so lightweight," commented Ray.

Forty sleds an hour are turned out by the small industry on the outskirts of the city.

Using a cast aluminum mould, colored, powdered polyethyene is poured into the mold, automatically swung into the 700-degree oven for approximately eight minutes, then to the cooling chamber and out. And lo—there is the largest portion of a pretty yellow sled.

This is only one of the many items made by the company. They also do custom work such as parts for one of the expensive, much talked of kidney machines for Sarns Co., Ann Arbor.

Plastic gasoline tanks for snowmobiles, adapters for Yardman lawn mowers, yard ornaments, air ducts for air conditioning for the automotive industry, lamp globes, mannequins as well as wheel wells, plastic fenders, antenna covers and large water containers for the travel trailer industry are among the items made by Jiffy.

With the new caster, much larger articles will be made.

Jiffy employs five men now besides the owner, his assistant and the office manager and soon expects to begin running two shifts, 10 hours each.

Much depends on how well and how soon the new sled catches on. It will be sold to the larger stores in this country and Canada for retailing.

Ken Pieh, top scoring back in the Huron League, enjoyed his finest night against Jefferson when the shifty Indian tallied four touchdowns plus two extra points for an evening's total of 26 points. He boasted TD gallops of 9, 1, 6 and 45 yards, the latter coming early in the third quarter. Pieh shared offensive honors for the game with quarterback Craig Smith who completed nine passes in the game and loosened up the Jefferson defense for the Indian backs to run. Coach Fagan's first stringers played only half of the game in the 50-14 rout.

Coach Tom Fagan enjoyed his homecoming here for the first time in several years Friday night when the Indians walloped visiting Monroe-Jefferson, 50-14.

11 Bands Give Performance

Eleven high school bands made a sharp appearance and tuneful presentation at the 23rd annual Lenawee County Band Festival here Tuesday night.

Tecumseh Boy Scout Troop 73 officiated at the flag ceremony which signaled the start of the show.

Each band was permitted to select its own theme this year, allowing a bit more for diversification than previously.

Deerfield High School selected "Our Great Nation," playing songs of America, and formed a big "D" as its conclusion.

Addison High School used "Touchdown USA" for its formation of a victory "V" and majorette routine.

Britton - Macon's 23 precise steppers sounded off in a rousing rendition of "Tea for Two," and climaxed with a swinging "Joshua" in dance step

Madison High bandsmen made a historical tour of the country from the "Top of Old Smokey" to "Aloha Oe."

Fast-stepping Clinton's bandsmen recalled the history of show business, playing "All My Love" and "A Hard Day's Night," and featured several formations including some new pinwheeling.

Onsted's band paid tribute to the younger generation of song writers with "By the Time I Get to Phoenix" and "Do You Know the Way to Santa Fe?"

Hudson's band played "I've Got Rhythm" and their majorettes danced to "Baubles, Bangles and Beads."

Tecumseh gave an eye-catching show featuring wheel formations.

Sand Creek's numbers varied from a rousing "On Wisconsin" to a climaxing symphony, for their theme of "Good Music Means Different Things to Different People."

All-fired-up Adrian High's band gave a review of the past summer from "Space Odyssey" to "Take Me Out to the Ball Game."

Blissfield High's "Hi-Fi Holiday" featured "Days of Drums" and showed off its strong percussion section.

An audible gasp went up as the American Flag came fluttering down near the end of the show. It was quickly reflown and there were a few sprinkles of rain.

However, there wasn't a thing to mar the spine-tingling massed band rendition of "Battle Hymn of the Republic," "Bill Bailey," and Star Spangled Banner," directed by Gerald Blackburn, president of the Lenawee Band Directors Association.

Assistant Coach Pat Connors had lots to smile about, especially in the second quarter when Tecumseh ran wild in scoring three touchdowns.

'A Dead Bear' for First

Tecumseh's Junior Class walked away with float honors with its grave marker, headstone and a "dead" bear. The class also commemorated the 100th year of football in the winning display.

'Burn the Bears' was Second

Burn the bear was the theme of the second place Sophomore float, which was runnerup to the Junior float. The bear wiggled up and down on the big post as the clever sophomores depicted a bear being burned with a red light.

ACCIDENTS

Number of accidents on local streets jumped here during the past week with Tecumseh police investigating nine mishaps.

Two accidents are still under investigation. A resume is:

You Told Us

By DOROTHY GRIGG

Every man has a right to his opinion but no man has a right to be wrong in the facts—Bernard Baruch.

Today it is more pleasant to hear fairy tales than facts, but there seems to be no way around that small, but loaded, word.

Now, we are told by the men that are fighting this war that they believe, too, that we are not fighting to win. Well, what's a mother to do, other than continually bombard Washington with, "Hurry up and let our guys win and come home."

It's conceivable that Americans would rather sustain a depression than lose one more young man.

Dr. and Mrs. Harold Ocamb are in San Francisco this week where he is being admitted to the American College of Surgeons. They will return Sunday.

✓

Mrs. Harold Hall is recovering at her home from eye surgery performed in the University Hospital in Columbus nearly three weeks ago.

Carl Luegge and Glenn Schmidt attended the American Legion Fall Conference at Port Huron over the weekend.

✓

Sgt. David Natterstad arrived at Metropolitan Airport last Friday evening after discharge from Norton AFB in California where he has been maintenance supervisor for the past two years.

✓

Mrs. Albert Caesar has returned from a visit in Manassas, Va., with her brother, John Galleher, and sister, Louise.

✓

Dr. Dean Kirkland, whose office is in the Veterinary Clinic on the Michigan State campus, was home with his parents, Mr. and Mrs. Ed Kirkland, over the last weekend.

✓

Happy news for friends of the Ted McConnells. At the last minute the Russ McConnells and the Ray McConnells decided that they just had to be with their folks for the 60th wedding anniversary Oct. 7. The Maineiacs met the Masonites at Tampa, Fla., airport and all went on to Englewood together. The group carried with them a painting of the McConnell Centennial Farm on Rogers Hwy., done by Mrs. Norman Barrett, granddaughter of the McConnells. We agree that the (what's the opposite of newlyweds?) will love the picture Sylvia made.

✓

Mrs. Neil Pearson returned Sunday from Dover, Mass., where son, Richard, and family. He is she spent several days with her professor of law at Boston University. Mrs. Pearson also visited Mr. and Mrs. Harold Pearson of Auburn, Me., and made a color tour with them of the White Mountains. Mrs. Earl Lindsley stayed with Alice Johnson in the Pearson home while she was away.

✓

Sp/5 Richard Godwin arrived home from Germany last Tuesday night surprising his wife, Chris, and her mother, Mrs. Eva Kelley, as well as his baby son, Daniel James. Mrs. Godwin arrived here with the baby Sept. 20. The Godwin family left Friday for North Carolina to visit his parents and also her sister and husband, Sp/5 and Mrs. Sheldon Pease, formerly Erie Kelley, at Columbia, S. C.

✓

Mr. and Mrs. George Green, Jr., returned Saturday morning to their home at Pentwater after spending the week with his mother, Mrs. George Green, Sr. Mrs. Green is able to get about her home with the aid of a walker.

✓

Ronald Sturgeon came from Topeka, Kan., last week to accompany his wife, the former Ruth Ann Coates, and son, Craig, home. Mrs. Sturgeon and Craig have been spending the last month with her parents, Mr. and Mrs. Herrold Coates, and brother, Larry.

New Constitution OK'd By Church

BRITTON — Lauren Gall and Pastor Duane McNell of the Bethel Baptist Church presented a revised constitution for approval at a special meeting Tuesday evening.

Working with them on this project for several months was the Board of Deacons. The membership voted to adopt the new constitution as presented to them.

Other business transacted was the purchase of a new Graflex 16mm movie projector. It was stipulated that the projector be loaned only when a member of the church, who understood its operation, be allowed to go and operate it.

Also, the purchase of paint to redecorate the interior of the sanctuary and classrooms was approved.

Another item was to bond the treasurer and church clerk.

Twenty dollars a month is to be sent to the Grand Rapids Baptist Bible College to be used in a much-needed building program. This is to be taken out of the $50 voted on at the annual meeting to be designated at a later date as the need arose.

The carpeting of the Sunday School classrooms is to be decided at a future time when more estimates have been secured.

The fiscal year of the church was changed to coincide with the calendar year beginning in January of 1970 and will be included in the new constitution.

Plans call for the 78,000-sq.-ft. building to have 75% use during the 1970-71 school year with the building to have complete use during the 1971-72 school year.

LYNN COOK

Lynn Finishes Third in Race

Mrs. Carlton Cook and her co-pilot husband came in third Saturday in the Michigan SMALL Race, a round robin race from Mt. Pleasant to Houghton Lake, Montague and back to Mt. Pleasant again.

She and her husband were pleased to be awarded third since they were competing with pilots having many more hours in the air than their 200 for her and 275 for him.

Dr. Cook recently earned his instrument rating, just before his radio was stolen from the plane.

The "Southern Michigan All-Ladies' Lark" competition was delayed four hours due to weather. It is based on time and fuel consumption for the type of aircraft flown by each team in the single engine planes, rather than competition among pilots.

Mrs. Cook would like to share her interest in flying and has offered to obtain and present a color slide program for civic groups. It is about 20 minutes in length of last year's race in Ann Arbor, and tells about a club called the 99'ers, started by Amelia Earhart.

VOICE of THE HERALD

Give 'Fair Share'

"Fair Share" is the theme for this year's Community Fund Foundation drive — and we think it's a good one.

If all of us would consider our "fair share" before pledging or giving, the Tecumseh Foundation would have fewer problems, and we would have a better community. After all, the purpose of the Foundation is to plan and allocate our contributions for civic projects.

The Foundation has a difficult job, and one most of us would not care to be involved in. Last year, our drive fell short of its goal and funds needed for improvements at Tecumseh Park simply were not there.

The Foundation did, however, subsidize the city recreation program and gave $8,500 to help alleviate costs.

This year a goal of just $59;831 was set, and it should easily be within our means. If this goal is beyond our reach, then perhaps the Tecumseh Community Fund Foundation should dissolve and join the county drive.

It's difficult to believe that this is what citizens want. The idea of a local foundation, conceived and organized here just 10 years ago, was an excellent one. It gave local folks an opportunity to help charities and to help themselves locally.

We would hate to see the Foundation fold. It would end the hopes of many improvements at the Tecumseh Park and the achievement of future projects, all for the betterment of the community.

With this in mind and your "fair share," we can continue to build Tecumseh through our Foundation. Officers are not asking for a "little extra," but simply a "fair share" pledge or donation from everyone.

Industry has given us a good start to fulfill our goal. Next week it will be up to us. When you are solicited, give generously.

Give your "fair share."

Troop 32 Builds, Pounds

Three patrols of Birdsall's Boy Scout Troop 32 have been pounding and drilling busily, converting last winter's Klondike sleds into wheeled conveyances for the fall Camporee.

The event was held this past weekend in woods on August Breckel's farm. With equipment on their carts and backs, the boys hauled everything into camp Friday night.

"Log Cutting" was first Saturday with the Rattlesnake patrol, fastest on the saw, White Dragons second and Beavers third. "Log Rolling" resulted in the same order. The boys competed with five arrows each in the "Archery" contest. The Beavers won, followed by the Rattlesnakes and White Dragons. After a noon lunch break, the "Tent Peg Relay" was held. It was a hectic, hilarious event, greatly enjoyed by Wies Van Wielink, a visitor and exchange student from The Netherlands. Tent peggers were White Dragons, Rattlesnakes and then Beavers.

Emergency signal sounded and the troop quickly assembled for the "Rescue and First Aid" skill. White Dragons took first place, Beavers, second and Rattlesnakes third.

Saturday's events were capped by the pie-baking contest. A cherry pie, baked by the Rattlesnakes, took honors, closely followed by the White Dragons' strawberry and another cherry pie by the Beavers, third.

Sunday after church services in the woods, the "String-Burning" contest was held. Rattlesnakes won, followed by White Dragons and Beavers.

"Camping and Teamwork" award was given to the patrol who exhibited the best ability to work together with good team spirit and did the best job of setting up and maintaining their campsite. Tops were White Dragons, then Beavers and the Snakes.

Leaders of the Camporee were Scoutmaster Dick James, Assistant Scoutmasters Chuck Skinner, Cliff Pifer and Bob Sager.

Members of the patrols are Rattlesnakes: Bob Frank, patrol leader; Stewart Schneider, assistant patrol leader; John James, Ron Pierce, Chuck Eberline, Al Breckel, and Chuck Petty.

Beavers: Kevin Skinner, patrol leader; Doug Schneider, assistant patrol leader; Bob James, Sam Medina and David Cook.

White Dragons: Kerry Skinner, patrol leader; Danny Sprow, assistant patrol leader; Joe Kauffman, Steve James, senior patrol leader; Mike Marsh, Mike Scheurman and Karl Schamburger.

Sunday, the troop received rib bons for patrol efforts.

ADMISSION $1 EACH

Ken Pieh again rates as offensive back of the week, but must share honors with Craig Smith. Pieh tallied 26 points against Jefferson in one of the finest scoring performances by an Indian.

Craig Smith was tops offensively as the junior quarterback riddled the Jefferson defense with pin-point passing, completing nine of 13 tosses to make the Indians' offense really go.

Paul Burns is the coaches' choice for offensive lineman. The lanky senior grabbed eight passes from quarterback Smith with the pass-run combination totaling 138 yards. One pass was for two points.

Bob Hackett, strong senior tackle and one of the biggest linemen for Tecumseh, rates top defensive honors. The Indians boast a tough defense and one of the main reasons has been Hackett's performances.

Rick Bunch has been recognized for his defensive play behind the line. Reserve quarterback twice made open field tackles, and one prevented a sure Monroe - Jefferson touchdown in the third quarter.

Linebacker Bill Gibson is being recognized as the top Tecumseh linebacker after the Indians closed the door on Jefferson's running backs last week. He's been one of the steadiest defensive performers all season.

Tecumseh Romps 50-14

For visiting Monroe Jefferson, Friday night's homecoming game should have ended just three minutes after it started. At this point, the Bears led, 6-0 on a surprising 69-yard TD jaunt by co-captain Jim Knezevich.

Remainder of the game must have been a nightmare as the Tecumseh Indians bombed the visitors and went on to an easy 50-14 victory, the fourth straight for the undefeated Tecumseh eleven.

The scoring exhibition was the most explosive here in many years for Coach Tom Fagan as his club put everything together for the first time this season. In fact, the offense outshined the defense, which is really something for the '69 club.

With the Bears leading, 6-0, the Indians retaliated in less than two minutes. Steve Tilton covered a Bear fumble on the Jefferson nine, and on the first play, Ken Pieh had his first of four touchdowns of the evening.

Next time Tecumseh gained the ball, quarterback Craig Smith put the ball into the air, and Smith, often regarded as potentially the Indians' best passer in years, showed why.

Starting from their 38, the Indians marched 62 yards in eight plays with Pieh going over from the one. Three of the eight plays were passes from Smith to end Paul Burns, and they gobbled up 50 of the 62 yards. Biggest play was a 38-yard pass-run play which moved the ball from midfield to Jefferson's 12.

Trailing 12-6 at the end of the quarter, the Bears fell completely out of contention in the second quarter during a two and a half-minute scoring splurge, good for 22 Tecumseh points.

The Indians covered 61 yards in five plays with Pieh romping the final six. Top gainer was another Smith-to-Burns pass, good for 42 yards from Jefferson's 48 to the Bears' 6.

One play following the next kickoff, the Indians covered a Bear fumble on Jefferson's 40. On the first play, Smith connected with Burns again to the 19. Mike Kennedy then took off on a reverse, which completely foiled the Jefferson defense, and scampered 19 yards untouched for the TD.

Coach Fagan's club came right back and covered the kickoff on the Bears' 41. Four plays later from Jefferson's 26, Kennedy romped 25 yards on the same reverse but in the opposite direction. Smith then sneaked over to end the second quarter scoring.

Tecumseh reserves played several minutes of the second period and practically all of the second half, and still outscored the visitors. The half ended with Tecumseh on the Bears' 27 and threatening again.

A Rick Bunch pass to sophomore Roger Ashenfelter could have added another six points but the shifty halfback missed the ball. He wasn't the only Indian guilty of dropping passes, as Pieh, one of the best backs in the area, dropped one in the first quarter when the game was still tight. Other passes also were missed.

The Indians won the ball for only five plays in the third period, but it was enough to add another TD. When Jefferson failed to pick up a first down at the Bears' 45, Pieh took a handoff from Smith on the first play and scooted 45 yards for his final tally.

On the next series of plays, Jefferson moved 72 yards for its second score with quarterback Chet Wilhelm sneaking in from the one.

With the final seconds ticking off, halfback Tony Lisenbee put the Indians on the scoreboard again with a 33-yard burst up the middle to the Jefferson three. On the next play he ran in to give the Indians its final touchdown.

Offensively, the Indians were truly sensational, and against a pretty good club. Although the Bears were winless in three outings, they had lost to Flat Rock after the gun sounded. The week before, they bowed to undefeated Monroe Catholic Central after fumbling twice within the five-yard line.

If Fagan's team can continue to combine the passing of Smith with its running attack, Tecumseh will be hard to stop in league action. Especially, if the defense holds up as it has in the first four games.

With the exception of a brief lapse in the opening minutes of the game when Knezevich broke free for 69 yards, the Indians proved too tough for the Bears. The defense gave up 176 yards rushing, but only 107 after the visitors' romp.

The Indians rolled up 234 yards by rushing and added another 157 by passing. Smith completed nine of 13 tosses and had several dropped.

Jayvee '11' Wins, 50-6

Tecumseh Jayvees continued their winning ways Saturday when they trounced Monroe-Jefferson, 50-6.

Coach Jim Curth's club opened the first quarter with two touchdowns on a four-yard run by Brian Thews and a nine-yarder by Hugh Conklin. Scott Durkee tallied in the second period for the Indians before Jefferson got on the scoreboard, to give Tecumseh a 22-6 lead at halftime.

In the third period, Conklin passed to Craig Brown with the play covering 15 yards and a TD. Durkee connected with Brown later in the quarter for a score, the play covering 33 yards.

Thews broke loose in the final period on a 26-yard gallop, and Randy Skinner grabbed a Jefferson fumble and scooted 28 yards to wrap up the scoring.

Ken Cole scored twice for extra points, Conklin and Dave Bird each once.

Top defensive players for the Jayvees were John Merz, Conklin, Mark Smith, Rich Hemphill and Marc Graf. Outstanding offensive Indians were Tom Huber, Steve Kampmueller, Graf, Bob McKee, Bird and Mike Steele.

Managers for the '69 Jayvee team this year are Ken Baker and Tom Edwards.

This Thursday evening, the Jayvees travel to Grosse Ile with game time set at 6 p.m.

New Store Is Opened

Mr. and Mrs. Henry Barwick opened "Shoparama," their new retail outlet for toys and gifts, Sunday, and have planned a grand opening this Saturday.

The Barwicks have rented the west section of the former Tecumseh Lumber Co. building, owned by Howard Truesdale, on W. Chicago Blvd.

Items featured include toys, clocks, watches, glassware and other gift items.

Mrs. Barwick will be in charge during the day, while her husband, "Bud", works his shift as general foreman at Fisher Body. They have lived here four years and came to Tecumseh from Westland, near Detroit.

'Skins Held to 6-6 Tie

A surprisingly rugged Morenci eleven held a favored Clinton team to a 6-6 time on the Redskins' field Friday night.

Both clubs scored in the final quarter with Ron LaSovage putting Clinton ahead in the opening minutes, 6-0. Morenci, aided by a pass interference call which gave the Bulldogs a first down on Clinton's six, tallied with less than two minutes to play.

Both teams attempted to run for the extra points and both failed.

Clinton was favored to win the game but the Redskins turned in one of their poorest performances of the season.

The 'Skins play Friday night at Addison.

Water, Water Everywhere Is Now Predicted

City officials are very optimistic that a new well field north of Tecumseh may be the best of any now in use here.

Cal Zorn, city manager, says a well was to be test-pumped Wednesday and drillers have indicated that previous estimates of water volume there may have been quite conservative.

The water is also considered softer than any water now being pumped by the city.

Tories Bow to SC, 40-0

Unfortunately for Britton, the Tories scheduled a tough Sand Creek eleven for their homecoming game.

SC stretched its 1969 winning streak to four and 16th league encounter without defeat by pasting the Tories, 40-0.

First half of the game was much closer than the final score indicates as Britton missed two excellent scoring opportunities and could have walked off leading the visitors instead of trailing, 13-0 at halftime.

The Aggies turned the game into a rout in the final two quarters with four touchdowns, two in each period.

Britton, winner this season of its first two games, has now bowed twice. This Friday night the Tories entertain Ida, which will be favored to win.

Frosh Top Ypsilanti

Tecumseh Frosh football team rolled to its fourth straight victory of the season last Wednesday with a 36-18 win over the Ypsilanti Frosh.

Quarterback Mike Clement threw touchdown passes of 69 and 77 yards to Dave Biscupski. The same duo added a two-point conversion to send the Indians to the locker room with a slim 14-12 half-time lead.

The Frosh marched 82 and 51 yards in the third quarter to go out in front, 30-12. Dan Gunder and Biscupski capped the drives with short plunges for the touchdowns. Greg Cote converted both extra points.

Jeff Winkler put the game out of reach early in the fourth period when he recovered an Ypsi fumble in the end zone for a touchdown.

Fullback Gunder, end Dennis Dermyer, tackle Chuck Hanna, and guard Larry Brown sparked the Tecumseh offense with their fine blocking.

Mike Eggleston, Gaylord Long and Hanna led the defense.

Vern Aces 8th Hole

Vern Manwaring, Tecumseh Country Club golfer, aced the eighth hole at the River Raisin Valley Country Club at Monroe, recently during a company outing.

His hole-in-one came on the 160-yard hole, which also had been selected as one for contestants to put their drive closest to the pin. Vern used a five iron for the shot and flew it directly into the cup, never touching the green.

Others in the foursome included Ken McElroy, vice-president at United Savings Bank, and Burl Howell and E. C. Jacobson, both of Monroe.

County Poor Need Help

"Go ye into all the world and preach the gospel," was given as the biblical scripture most suitable for the needs of people in our own city, country and state, as well as those around the world.

Mrs Donald Porteous, speaker for the October meeting of the Women's Society of Christian Service of the United Methodist Church, gave a graphic picture of the deplorable conditions and desperate need of the poor living in Lenawee County.

Using specific examples, Mrs. Porteous pointed out that poverty is relevant.

"It is the warped sense of values in the people and the enormous influence of alcohol which has put many of the affected in the spot they are in," she said.

Housing was suggested as perhaps the most demanding need since a high percentage of the rural population of the county has no adequate water, not to mention other basic needs.

In the relating of specific types of problems, Mrs. Porteous said, "The lack of a free medical clinic and other personal needs loomed high in the problems of trying to get people to help themselves. Basic education is the root of the problems and efforts to solve this situation sometimes seems enormous."

In spite of the problems in this area, Mrs. Porteous concluded that each woman present should feel it her need to serve and to give of her gifts to help others around the world who are lacking one more thing — a first-hand witness to the life of Jesus Christ.

During the business session conducted by the president, Mrs. William Steele, Jr., a church-wide rummage sale was announced for October 24-25 in the Fellowship Hall. Also the annual turkey dinner will be held Thursday, Nov. 13.

Greeters for the evening were Mrs. Andrew Woodward and Mrs. Vira Bancroft. Devotions were in charge of Mrs. Raymond Hatch.

Table decorations and refreshments were provided by the hostesses, Mrs. Howard Kronberg, Mrs. Clarence Beach and Mrs. Marion Ford.

OUR READERS WRITE

TO THE EDITOR:

I would like to publicly thank all those people that responded to my call for help September 29th after I foolishly became pinned under a Lawn Tractor on the bank behind our home on Outer Drive. I am not sure who or how many came to my rescue. Naturally I am very grateful and I wish to take this method to thank everyone.

In addition to neighbors there were two local police patrols that answered, the local Fire Department Rescue Truck and a Lenawee County Sheriff's Ambulance. To the best of my ability to guess at the time, I believe they were all there well within 15 minutes of the time I was first pinned fast.

Oxygen was available if needed. Such services I consider to be outstanding. In June, when I had a blood clot on my lungs develop, I found the service offered by the city and county again to be outstanding. I hope that a minimum of people ever need this service, but until they do all can rest assured that we have outstanding service in the community.

Again I wish to thank all that responded.

Sincerely,
Fay A. Whelan.

Census by Mail

The 1969 census of agriculture will be conducted entirely by mail with no census-takers involved, Nick Smith, chairman of the Michigan State Agricultural Stabilization and Conservation Committee said.

According to the chairman, the Bureau of the Census has announced that in January, 1970, every operator of a farm or ranch will receive a census form by mail and will be asked to fill it out and mail it back.

Chairman Smith said the decision to use the mail method is the latest in a series of plans to gain efficiency and economy by using the mails to the greatest possible extent in conducting all censuses.

He emphasized that the completed questionnaire for each farm, ranch or other agricultural operation will be completely confidential. He urged all farmers to cooperate in the census.

The information obtained, without names or clues to identify, will be grouped in statistical totals and published by counties and States as well as for the entire Nation.

Chairman Smith added that in addition to the number and acreage of farms, the agricultural census will ask farmers for an estimate of values of land and buildings, amount of time farm operators worked at off-farm jobs, and number of autos, trucks, tractors, combines and corn pickers.

Through My Window

FALL — FALL — FALL

We may all wonder where the summer went but there is surely no doubt it indeed has gone. The calendar says October and who is to doubt it? Everything almost shouts autumn — it looks, smells, feels and even sounds like fall. I am not going to comment much about the color because Mother Nature scrapes the crimsons and golds from her paint palette and splashes them about on the landscape so quickly that it is impossible to keep up to date.

There is one tree, however, which early in the spring and then again early in October, is a particular joy. It is a tall, towering maple growing over on the Boulevard, between Slaghs and Goodwins. From the window I can see the full tree.

In late winter or early spring when the sky is its own particular shade of sharp, clear blue and the bright sunshine is just starting to have a bit of warmth, the buds on this tree start to swell and turn the brightest of reds. Then one day the faintest tinge of green starts to show. The change starts at the top, of course, and we can watch the progress of the season.

In the fall the tree leaves will all of a sudden look limp and tired. They have finished their food-making assignment and the green color is leaving. As the green fades away the yellow gradually becomes brighter.

This year our long drought took its toll and "my" tree is not following strictly to schedule.

The upper-most leaves shriveled and fell long before those on the lower limbs had completely made up their minds that the summer was over and the time to start thinking about a new fall wardrobe had arrived.

As for the smell of fall — well, many of the dry, dusty smells produce some fall sounds. Ka-choo, ka-choo, ka-choo and God bless you. A heavy frost will help the pollen and the rains should lay the dust but until then "it's hurrah for the Kleenex manufacturers".

★

AFTER THE FROST and the rains, come the leaf burnings. I understand that Detroit has outlawed bon-fires in the name of alleviating air pollution. Certainly there is merit to their argument that the air on some fall evenings is almost unbreathable.

There is also a safety factor with visibility cut to nil when there are many fires blazing. My goodness though, if there weren't a few bon-fires now and then just think of the marshmallows and apples which would go unroasted.

Have you noticed how the night-time serenade of insect noises is falling off? Every evening we open the porch door for just a minute and it is amazing the change from night to night. Soon there will be nothing to hear at all. It is amazing how chilly the night air is, too. The sun still has great warmth but once it goes down, the damp chill sets in. It is fall.

A unique sound of the season for us is compliments of the walnut tree. Thump - crash - bang and then a series of flat-sided shumps. The big walnut tree stands at the southwest corner of my room; the roof of my room is flat and at this time of year, there is an irregular tattoo of falling walnuts.

I have never quite figured out how all of the nuts, even the ones from the opposite side of the tree, manage to thunder down on my roof. I imagine there are those who would say that they don't, but these people have never heard what I have heard. It can get mighty loud at times.

So it is that by sight, smell, feel and even sound, it is fall, fall, fall.

Girls Entertain Mothers, Sponsors

MACON — Forty Blue Birds and Camp Fire Girls of the Tecumseh Area Camp Fire Association entertained their mothers and sponors at the second Mother and Daughter Tea. It was held Sept. 30, in Tecumseh Products Union Hall.

The tables were decorated with tepees, covered wagons, log cabins and dolls dressed in Camp Fire uniforms and campfires. Their theme was "Our Camp Fire Heritage" chosen to fulfill one of the requirements for the Councils annual project, "Highlighting My Heritage".

An assortment of homemade cookies, candy, punch, coffee and tea was served.

In keeping with the theme, Mrs. James Thomas introduced the speaker, Mrs. Joeph Rice, of Tecumseh. Her topic, "History of Lenawee County", stressed the joy of knowing and loving antiques and family heirlooms. She shared a beautiful antique woven shawl, which had belonged to her grandmother.

She also told about nonsensical "counting out" games and had the girls repeat them line by line, after her. This brought many giggles from everyone.

Orders were taken for the new Camp Fire calendar towels, which were on display at the Tea.

One of the next projects of the girls will be their search for American Heritage. They will visit historic landmarks, and some of the Centennial Farms in Lenawee County. Anyone interested in inviting one of the four groups, approximately 10, to visit their Centennial farm, may do so by contacting Mrs. Richard Birdsell of Tecumseh, president of the Tecumseh Area Camp Fire Association.

Mrs. Lyle Riddell and Mrs. Eugene Hill represented the Macon Women's Club.

125th Observed Here Sunday

CLINTON — Many former members and friends from out-of-town were among those who attended the 125th anniversary service in the United Church of Christ, Sunday afternoon.

Lillian Ashby, of Ypsilanti, daughter of the Rev. J. H. Ashby, pastor in the Clinton Church from 1898 to 1909, was present and recalled her youth in the parsonage, and gave a message for the future.

Letters were read from several of the former pastors who were unable to attend, many because of ill health.

The Rev. John Fitzgerald, pastor of the First Congregational Church, Ypsilanti, gave the sermon, describing many of the unusual church buildings he had visited, and then reminded those present that the "real church is in the spirit of Christ in the hearts of the people."

William Heimerdinger sang a solo and led the adult choir in two anthems.

Lloyd Gibson led the invocation; David Pratt read the scripture lesson and Mrs. E. John Hoelzer led the litany of self-dedication.

The altar was decorated with a chrysanthemum bouquet in memory of Mrs. Hazel Barnard, and it was flanked by bouquets in memory of Dr. and Mrs. Robert Davis. The bouquets were gifts by the families.

During the fellowship hour, punch was served by Mrs. E. John Hoelzer from a punch bowl, which she had molded from ice and trimmed with gold and russet flowers.

A ceramic replica of the church building was used to decorate the anniversary cake, which was served by Mrs. Frank Stuwe and Mrs. Arthur Hill, president of the Womens Fellowship, poured coffee.

A memorial plaque, listing all the memorial gifts which were incorporated into the recent remodeling program, was displayed in the Kirker reception room.

Among the out-of-town visitors Mr. and Mrs. Marvin Krans, of Marquette; Roland Hause, of Marietta, O.; Mr. and Mrs. Harold Davis, of Dearborn; Mr. and Mrs. R. L. Mobus and Mr. and Mrs. Harold Gregg, of Adrian; Mrs. Harold Auten, of Westland; Mrs. Hazen Richardson, Onsted; Mrs. Viva Ellenton, Fla.; Mrs. Woodrow Hunt, Onsted; Mrs. Lyle Whelan, Tipton; Mr. and Mrs. Marvin Breitenwischer, Manchester; and Mrs. G. P. Dorr, Grass Lake.

Mr. & Mrs. Wegner Celebrate 25th Year

CLINTON — Mr. and Mrs. Richard Wegner were honored at an open house in observance of their silver wedding anniversary.

Arrangements for the event were made by the couple's children, Mrs. Paul DuFresne, of Ypsilanti; Mark and Carla, and Mrs. Wegner's sister-in-law, Mrs. Edward Wegner, Blissfield; and Mrs. Donald Brees of Wamplers Lake.

Mr. and Mrs. Wegner were married Oct. 8, 1944, in the North Blissfield Lutheran Church. They lived in Tecumseh for several years before moving to Clinton four years ago. Mr. Wegner is superintendent of the Clinton Community Schools and Mrs. Wegner is employed at Ford Motor Company.

In recollection of the wedding party when the groom was in the Air Force, the reception table was decorated in a red, white and blue color scheme with bouquets and on a tiered anniversary cake.

A niece, Mrs. Thomas Schmidt, of Lyons, O., who had served as the flower girl, at their wedding, cut the anniversary cake.

Mrs. Ruth Feeney, of Blissfield, who had been their junior bridesmaid, served the coffee.

Jan Shelley poured the punch.

Mr. and Mrs. Wegner were presented with a money tree and many gifts for their home.

Mrs. Wegner's sister and brother-in-law, Mr. and Mrs. Arthur Nieman, came from Los Angeles, Calif., for the occasion, and several relatives were present from Elyria, O., besides the many friends and relatives from surrounding communities and Clinton.

Sign Up Now for 4-H Club

This is national 4-H week. Three and a half million members from 9 to 19 "learn by doing." More than 75 counties have 4-H or similar groups. 4-H stands for Head, Heart, Hands and Health with an emphasis on the whole person. It includes those who live in town or on a farm. Each child chooses a project and works on it under adult supervision in a small group. Items made or grown are shown at the Lenawee County Fair in August. As an incentive, ribbons and money awards are given for projects in each age group.

Project leaders can "learn while doing," too. Complete project materials are furnished by 4-H through Michigan State University.

Federal funds help to support 4-H.

Tecumseh Topnotchers, a local 4-H group, is organizing and other similar meetings will be held in each elementary area soon. These will be announced in the schools, including St. Elizabeth, whose parents will attend according to the school area in which they live — Patterson, Tecumseh Acres or Herrick Park.

Patterson School group will meet Tuesday, Oct. 14, at the Community Center Teen Club at 7:30 p.m.

Tecumseh Acres group will meet Wednesday, Oct. 15, at the library, in the room downstairs.

Herrick Park group will meet Thursday, Oct. 16, at the library, downstairs, at 7:30 p.m.

At these meetings parents will sign up their children for projects and indicate their preferences for helping.

Projects to be offered this fall include sewing, knitting, bulb forcing, photography, dog obedience training, passport to understanding, etc.

Possible projects which will be offered if enough boys and girls request them and the leaders can be found are: art, ceramics, weather-watching, American Heritage (learning about your local area), leather craft, electricity, engine-automotive care, community service, cooking, flower and vegetable gardening.

A community service project of the Tecumseh Topnotchers this past year was the painting of the fence at the Junior High building. Money will be earned to pay for the supplies.

Anyone interested in 4-H or who has questions may call the Lenawee Cooperative Extension Service in Adrian below the Court House 265-5108.

Pastor tell me

By DUANE H. McNEIL

IS THE DEVIL REAL?

The Devil is the source for many jokes, for much false teaching, for much unbelief and much profanity. Satan has undoubtedly spread some false ideas about himself, such notions include the horns, tail and red suit.

The Bible tells us Satan was the head angel. He was the most beautiful, most intelligent and most powerful of all the angels.

He sought to take God's position and was cast out of Heaven and removed as God's angel.

The Devil has lost none of his beauty, intelligence, or power. The New Testament tells that he can transform himself into various forms, such as an angel of light, or even as a minister.

Satan's aims and desires are revealed in the Bible. He is a liar and teaches others to lie. He goes about seeking to ensnare persons. He endeavors to hide the gospel from men. He snatches the Bible and its teachings from us whenever he can. He wants to get as many as he can to be among his followers.

If you think he is a figment of someone's imagination, he probably already has you in his control. The Bible book of James says, "Draw nigh to God. Resist the Devil and he will flee from you."

Better to be called a fool by your neighbor than to be fooled by that old serpent, the Devil.

Pastor McNeil would be glad to answer your questions. Write to "Pastor Tell Me", c/ The Tecumseh Herald or to Pastor McNeil, Britton, Michigan.

Handicapped Are Good Workers

Because Oct. 5-11 is National Employ the Physically Handicapped Week throughout the nation, the Goodwill Industries of Southeastern Michigan, Inc., is urging local business and industry employers to take a good look at "So-called" handicapped workers when filling job openings.

"It's been proven beyond a doubt," Mrs. Ray Soreghy, executive director, said, "that the handicapped make good employees. They are punctual, hard-working and stay on the job because it means so much to them to be working and earning a living. Handicapped individuals want very much to be independent, not dependent," she pointed out, "and they'll prove it to you, if given a chance."

Every giant-screen color picture tube is covered with tiny red, green, and blue dots that make up the color TV picture. Previously, they have been placed close together on a gray background. But now Zenith, in the patented Chromacolor picture tube, has made the dots smaller and surrounded them with jet-black. This Zenith patented black-surround screen—together with precision electron beam tracking and increased light-transmission tube face—bring you a brighter color picture, greater definition and sharper detail than ever previously achieved in giant-screen color TV.

15 THS Teams Being Featured

A special souvenir program, commemorating the 100th year of football, is being prepared for the Tecumseh-Blissfield football game here on Oct. 24.

The program, highlighting 15 Tecumseh championship teams, will sell for 50c. A limited number are being printed, and folks may either purchase them at the game or the following Monday at The Herald office.

Programs may be ordered now at the newspaper office by mailing money order plus 50c, or by paying directly at The Herald. No phone orders will be accepted or will requests without payment. Mail orders with payment should be sent to the high school.

Don Brazee, assistant high school principal and athletic director, is in charge of the program which will have pictures of title-winning teams since 1924, pictures of present and former coaches and a resume of the Tecumseh-Blissfield rivalry.

All three 1969 Tecumseh squads — varsity, jayvees and frosh — will be pictured as will the cheerleaders.

Other past features are included in the program which is certain to bring back many memories of great days in Tecumseh football.

Indians Battle for Grid Title

Undefeated Tecumseh and likewise unbeaten Monroe Catholic Central collide headon this Friday night at Monroe with the Huron League title awaiting the winner.

Unless either team has a complete lapse in remaining league games, the championship will be settled. The Indians cannot afford to lose as the CC club plays one more league game.

Both teams are rated in state rankings and should enter the fray on even terms with neither rating as a favorite. In past games, the Indians have rolled up bigger winning margins over same opposition, but many of those points were collected by Coach Tom Fagan's defensive unit.

Last Friday night, the Indians did not look sharp on offense, while the defense again sparkled, especially in a goal line stand when visiting Grosse Ile had a first down on the one and was unable to push the ball over.

Tecumseh must come up with an offense, such as the one which demoralized Monroe Jefferson, 50-14, and continue its strong defense, one that will be thoroughly tested by CC.

Detroit, Toledo Firms Buy Bonds

Low bidder for $260,000 school bonds Monday evening were Kenower-MacArthur of Detroit and Prescott, Merrill, Turben & Co., Toledo who combined in taking the bonds at a net interest cost of 5.9157%.

J. W. "Pat" Meadows, president of United Savings Bank who attended the meeting, called it an "extremely good bid." He learned Tuesday that all bonds has been sold by the investors at the retail level before noon.

Second lowest bid had an interest rate of 5.93433, and the highest, 5.99553. There were 9 investment firms bidding for the bonds which will be retired at the end of 1984.

3 Arrested for Selling Narcotics

Three Tecumseh youths were arrested last week and are now confined in the Lenawee County jail for sale of narcotics.

John Smith, 17, of 218 W. Patterson, has been arraigned in District Court and has requested examination. He is under $2,000 bond.

Robert Clewis, 21, of 708 Seneca, pled guilty Tuesday and is under $1,500 bond. Both Smith and Clewis were arrested Tuesday of last week.

Jerry Gainey, 20, of rural Tecumseh, arrested Friday, waived examination in District Court Monday morning. He is under $7,000 bond.

Both Tecumseh police and State Police were involved in the investigations which led to their arrests.

They reportedly obtained marijuana and LSD tablets in Ann Arbor and were selling it to youths here. One of the arrested youths is said to have swallowed several LSD tablets when arrested. He was taken to Herrick Hospital for treatment.

Although there have been rumors in the past about some narcotics being peddled locally by youths, this marks the first time that arrests have been made.

In Rehearsal For Comedy

A Tecumseh Players cast of 11 is rehearsing nightly in the glass room at the Community Center for a production just two weeks away.

On Oct. 30, first performance will be given of "The Curious Savage," a three-act comedy by John Patrick. Curtain time is 8 p.m., and tickets may be purchased at Wright's Pharmacy, Flanders Music, and Mary Sanchez Beauty Salon.

Other performances are scheduled on Oct. 31, and Nov. 1-6-7-8.

Mrs. Diane Harbaugh of Adrian is directing the comedy which will star Bertha Vallelunga in the leading role.

Others in the cast include Judy Dorman, Ed Saltmarche, Jo Wegner, Hal Weakly, Ron and Dorothy Wetter, Sharon Frayer, Gil Rothfuss and Rene Crombez.

Main Break Limits Water

A broken water main at the corner of W. Cummins and S. Wyandotte early Tuesday morning dropped water pressure to about 25 pounds, about 22 less than normal, and left some Tecumseh homes without water.

Few residents realized the situation as the line burst sometime before 3 a.m., and water pressure was restored before most folks were out of bed.

The entire street intersection was flooded by the time city employees were able to close three valves in the area. The valves stopped the flow of water and in turn allowed pressure to build back up in the lines.

The break came at the point where a six-inch line to the new city garage was tapped recently into the main 12-inch main.

Take 3 watches at Egglestons

A rear display window at Eggleston Jewelry was smashed about 1 a.m. Saturday morning and three watches lifted.

Police have a suspect in the theft and are awaiting a report on fingerprints from East Lansing.

Flags Displayed

Flags were flown in downtown Tecumseh Wednesday as a symbol of opposition to nationwide peace demonstration and moratorium on the Vietnam war.

Local Chamber sponsored the community's patrotic move, and the flags were put up by the American Legion.

RESIDENT AUTHOR — Cecil Eby shows his latest book, "Between the Bullet and the Lie," to daughter, Lillian, 5, and his wife, Patricia, and daughter, Clare, 10. The family recently moved here from Ann Arbor where Mr. Eby is a professor at the University of Michigan.

Newcomer Is Author

Tecumseh has been especially favored to have had such notable authors as the late Allen Seager, who wrote many of his best known books while a resident here, and Clara Waldron, a life-long resident whose recent publication of "One Hundred Years—A Country Town," has gained her wide renown.

Now, another author, Cecil Eby and his family have taken up residence here and are getting acquainted with the community. The Ebys purchased a home at 203 N. Union St. in August and moved from Ann Arbor, where they had resided for four years. They were previously from West Virginia.

A professor in the English and American Culture Department at the University of Michigan, Mr. Eby has had five books published, three about the American Civil War.

His "Seige of the Alcazara," about a military school during the Spanish Civil War, published by Random House, in 1965, has been translated into eight foreign languages.

His most recent book, "Between the Bullet and the Lie," published by Holt, Rinehart and Winston, N. Y., is non-fiction as the others were. It deals with the American Volunteers in the Spanish Civil War.

An excerpt from a chapter of that book appears as an article entitled, "For Whom the Bell Tolled," in the recent August edition of American Heritage publication.

Mr. Eby and his wife, Patricia, and two daughters, have traveled to Spain several times, and spent two and one-half years there while he researched his books. He taught at the University of Valencia and the University of Salamanca while living in Spain.

The family spends the summers in the Penobscot Bay area of Maine, and Mr. Eby says he is an "ardent sail boat man." There is not much time to have hobbies, although he does have a stamp collection.

Their daughters are Clare, 10, in sixth grade at Patterson School who insists on spelling her name Claire, and the younger daughter, five, who was named Lillian Turner deTormes, so she could take her choice of names.

The Ebys decided to move from Ann Arbor, which no longer is the "pleasant American town" it used to be, according to the author who said he was "fed up with the invasion from Detroit." They "love it" in Tecumseh and are beginning to get acquainted.

Mrs. Eby has a masters degree in Romance Linquistics and hopes to teach in a Junior College somewhere nearby.

Holmes Elected

William Holmes was elected president of the Lenawee-Hillsdale Pharmaceutical Association at a recent meeting.

Contributions for Foundation Falling Behind

Just one week ago Tecumseh Community Fund Foundation officers were optimistic about reaching the 1969 goal of $59,831. Today, they're somewhat dejected at early returns from some of the industry.

Although returns are not in from the largest donor—Tecumseh Products—other contributions, with one exception, are down from last year.

Fisher Body has again contributed over $11,000, but its $11,165 figure is about $700 less than 1968.

Faraday, Inc. has contributed $627.70, including a corporate gift of $100.

Ottawa Machine's total is $258, about half of last year.

Tecumseh Corrugated Box has contributed $949, almost twice what the company and its employees donated to the Fund in 1968.

Special gifts total $6,350 so far, and the commercial division has added $2,715, of which $2,550 came from United Savings Bank and its 43 employees.

If the trend continues to fall, as it did last year, Foundation officers feel the local Fund should be dropped and Tecumseh join the Lenawee County United Drive. In 1968, the campaign fell over $10,000 short of its goal and early returns this week indicate that the '69 drive will not do as well, making it two straight years that the community has failed to meet its goal.

Tecumseh benefits as a community only when it reaches its goal. Goals and obligations of other charities are met first. Monies left over are kept in town and finance projects, such as planned improvements at Tecumseh Park, and subsidize the city's recreation program.

Foundation officials spend hours and hours of their time in promotion of the Fund, allocation of monies for improvements, and in planning assets for the community. Their time and labors are wasted unless support is given.

The Foundation was founded on the theory that residents can fulfill their obligations to charities, and the support of the needy, and still help themselves, their family and community here.

Last year, such support was lacking due to economic conditions and contributions from some areas. This year appears to be a repeat, and if so, the Tecumseh Community Fund Foundation will probably be dissolved.

Movies at Center

Starting later this month, the Recreation Department will feature good, children and family movies. It is the desire of the recreation dept., to furnish clean wholesome movies that everyone will enjoy.

Prices will be nominal only to pay for the rental of the film.

These movies will be held on Saturday afternoon for the youngsters and twice a month at announced times for family movies, if there is enough demand for it.

They will be shown upstairs in the Teen Club.

Tentative dates are: Saturday, Oct. 25 at 1 p.m.; Friday, Oct. 31, at 7 p.m., Kids' Halloween Party; Saturday, Nov. 8, at 1 p.m.; Saturday, Nov. 15, 7 p.m., Family night and Sat., Nov. 29, 1 p.m.

GUESS WHERE — Umbrellas, raincoats and covers of plastic were the rule here Friday night when the Indians tripped Grosse Ile, 14-0. School officials had expected a big crowd for the game, but a late afternoon rain didn't stop until near the end of the first quarter — but a few of the hardy turned out anyway for Tecumseh's fifth straight victory.

Two Relate Experiences

Betsy Back and Katherine Lowe talked enthusiastically before members of the American Legion Auxiliary Thursday evening about their experiences at Girls State held in Ann Arbor last June.

They outlined the procedures of the day, including techniques on successful ways of conducting political campaigns.

They also presented bills to their "legislature" and learned first-hand how the bills were passed or defeated.

Elizabeth Schneider was unable to be present, due to illness. The girls are heartily in favor of the Auxiliary continuing the project for which part of expense comes from the poppy fund.

Following a recess or refreshments for the girls and members, served by Mrs. John Zarnoch and Mrs. Byron Goodman, the president, Mrs T. Rentschler, conducted the meeting when Mrs. LaMar Refner gave a report of the Fall Conference in Port Huron.

Announcements were made of Second District's membership potluck dinner scheduled for Oct. 16 at the Rose City Post, Jackson, at 7 p.m., and a second district meeting at Luna Pier Sunday, Oct. 26, with dinner following. THS in 5th Win

Rain and a gritty Grosse Ile eleven failed to dampen Tecumseh's big match with Monroe Catholic Central Friday night. The Indians scored in the first and final quarters to whip GI, 14-0, for their fifth straight win this season.

Coach Tom Fagan's undefeated club dominated the game throughout the contest but failed to put it out of reach until the first play of the fourth period. Until then, the Indians sloshed around on the turf and failed to [illegible] any offensive threat.

In the first quarter, a punt by Craig Smith stopped on GI's four-yard line and the Red Devils never recovered. On the second play, GI fumbled with Smith covering for Tecumseh on the 12.

After halfback Ken Pieh picked up three to the nine, Mike Kennedy skirted left end on a reverse to go in untouched for a 6-0 Indian lead.

Penalties and a pass interception kept Tecumseh bottled up through most of the third quarter until Smith picked off a GI pass at Tecumseh's 46. Gaining mostly through the center of the GI line, the Indians moved to the two before the quarter ended.

On the first play in the fourth period, [illegible] over. Pieh then ran in for the extra two points.

Grosse Ile attempted to get back in the game after the next kickoff and marched from its 39 to the Tecumseh one. Three Indian penalties aided the drive which ended with Indian defenders throwing GI backs for three straight losses. Tecumseh finally took over on its eight.

The Indians' fifth win was rather dull in comparison to past victories. Neither club moved well with the weather probably responsible for a lack of attack. GI's running game was nil as the Red Devils gained just 16 yards net. Its passing game was something else, however, as quarterback Rick Nykiel connected on eight of 16 attempts and just missed on several other tosses.

Tecumseh relied on its ground game and collected 158 yards rushing. Pieh carried 27 times for 90 yards, and Smith picked up 43 in seven carries. Twice the Indian quarterback netted yardage on what appeared [illegible] plays, one being a fumble which he picked up and scooted through the middle for eight yards to keep Tecumseh's second TD drive moving.

JVs Edge GI, 14-12

A little extra effort and hustle paid off for the Jayvees last Thursday night when the Indians had to rally for a 14-12 victory to keep their undefeated record alive.

A tough Grosse Ile team scored on the last play of the first half and walked off at half time with a 6-0 lead.

In the third quarter, John Merz blocked a GI punt and Dave Bird recovered on the GI one. Hugh Conklin plunged in for the TD.

Conklin came back in the final period to score on a three-yard run to give the Jayvees a 12-6 lead. After a five-yard penalty, Craig Brown scooted in for the extra two points, which proved to be the winning margin.

GI then tallied and attempted to knot the score, but Conklin batted down a pass for the extra two points.

Top defensive players were Rick Hemphill with 25 tackles, and Merz with 20. Others praised by Coach Jim Curth were Paul Murphy, Mark Graf, Ken Cole, Mark Smith and Gary Alcock.

Offensive standouts were Dave Whelan, Tom Huber, Ken Brown, Bob McKee, Brian Thews, Scott Durkee, Dave Bird and Mike Steele.

Specialists who prevented GI from bringing three kickoffs past the 25-yard line were Steve Kampmueller, Mark Johnson, Randy Skinner, Mark King, Steve Brosamer and Steve Drake.

The Jayvees play Monroe CC here this Thursday evening.

Frosh Rally, Win, 28-14

Three fourth-quarter touchdowns fired the Tecumseh freshmen past the Bedford Frosh, 28-14, in a game at Bedford last Wednesday.

Trailing 14-6 midway through the final period, the Indians came alive and scored three touchdowns in less than three minutes to keep their winning streak alive.

After fielding a Bedford punt on their own 39, the Frosh marched 61 yards in six plays with Mike Clement sneaking the final yard for the touchdown. The try for extra points failed and the Indians trailed, 14-12.

Tecumseh kicked off to Bedford and three plays later Dave Biscupski intercepted a mule pass and rambled 42 yards to pay dirt. A Clement to Dennis Dermyer pass converted the extra points.

The Indians reecovered the ensuing kickoff and on the next play Clement threw down the middle to Biscupski for 43 yards and a touchdown. Biscupski ran for the extra points.

Chuck Hanna, Dan Gunder and Greg Cote blocked well for the Indians, and Gaylord Long, Joe Burns and Dennis Dermyer stood out on defense.

PILOT PLACES THIRD—Mrs. Carlton Cook and her co-pilot husband, Dr. Cook, placed first and third in the Southern Michigan All-Ladies' Lark (SMALL) race Oct. 4 beginning at Mt. Pleasant. The couple won first place trophy for best performance of their fixed gear Piper Cherokee 180 plane. They also were awarded trophies and $200 for third place for perfect performance among all participants. Mrs. Richard Jacobs, now of Adrian and formerly of Tecumseh, won first place for the Piper Cherokee 18. plane with retractable gear.

Skins Romp to 34 - 0 Win

Clinton completely outclassed Addison Friday night, 23-0, to hike the Redskins record to 3-1- for the season.

Main spring in the Skins attack was Ron LaSovage who tallied four touchdowns on runs of 31, 11, 26 and four behind the behind the blocking of Tom Moore. Tim Merritt scored Clinton'sother TD, it coming in the first quarter on a Mike Gunn pass.

Moore and Merritt scored the [illegible] points with Merritt taking a pass from Gunn and Moore running in for the point.

Although Clinton romped to victory, its defense played a vital part in the game and dominated the Addison offense.

This Friday evening the Redskins play Onsted before a homecoming crowd, and should whip the visitors if they can repeat their Addison performance.

Hayride Is Set

Plans are underway for a fund-raising Teen Club hayride on Nov. 8.

Teens are hopeful of raising money and the hayride is the first of many projects. It is hoped this will also bring new members into the club.

Ida Edges Tories, 8 to 6

Britton's Tories surprised a visiting Ida eleven Friday night and nearly pulled off an upset before bowing, 8-6.

Coach Paul Palka's club had one TD nullified on a clipping penalty and Jim Lister's run for the extra points fell just short of the goal line. In the third period, Jim Brown picked off an Ida pass and rangled some 40 yards to paydirt. It was called back on a penalty.

Britton, 2-3 for the season, could get back in the winning column this Friday evening against visiting Summerfield. It will be dad's night.

Sandra Kay Bailey, Donald E. Teboe United

Sandra Kay Bailey and Donald E. Teboe were married Saturday afternoon at the Grace United Methodist Church in Ridgeway by the Rev. Robert A. Mitchinson, the Rev. David Crane and the Rev. Loren Straft.

Parents of the couple are Mr. and Mrs. Edward W. Bailey, 8300 Ford Hwy., and Mrs. Bessie Teboe and Walter Teboe of Ypsilanti.

Keith Bailey was the soloist, accompanied by Mrs. Fred Schober.

Brass candelabra faced with yellow and white chrysanthemums and carnations flanked the altar.

The bride wore a gown of chantilly lace, organza and taffeta as she approached the altar on the arm of her father.

Seed pearls, French sequins and lace motifs touched with sequins cascaded over the sweeping A-line skirt. A matching border of lace edged her chapel train. A tiara of pearls and sequins held her bouffant veil of illusion.

She carried a white satin-covered Bible with cascading sweetheart roses and white elegance carnations, the gift of her parents.

Mrs. William Bailey was matron of honor in a floor length gown of mint green nylon lace with floating panel.

She wore a matching velvet bow in her hair and carried yellow pompons and green and white elegance carnations.

Carroll Teboe was best man for his brother, and the ushers were William and Thomas Bailey, brothers of the bride.

The WSCS of the church assisted in serving at the reception held in the church basement. A four-tiered cake, made by Mrs. Bernard Bishop, and a centerpiece by Mrs. Martha Hedetmemi of Ann Arbor rested on the mint green skirted table.

Mrs. Karl Kimerer registered guests from Grand Rapids, Traverse City, Marquette and Toledo, Sterling and Bellaire, O.

Mrs. Robert Sturtevant, Diane Bishop, and Mrs. Laurence Bishop assisted with the gifts.

Mr. and Mrs. Albert Bailey and Mr. and Mrs. Frank Volpi of Monroe were the hosts.

Others assisting at the reception were Mrs. Harrison Bailey, Mrs. Kenneth Hile, Mrs. Carroll Teboe, Mrs. James Volpi and Mrs. Joseph Volpi.

Mr. and Mrs. Albert Bailey were also hosts for a buffet dinner at their home.

Carol Celebrates 11th Birthday

Eleven classmates and friends came home from school with Carol Sellers to help her celebrate her 11th birthday last Tuesday afternoon. The group enjoyed games and Carol opened gifts.

A hot dog roast and a hayride with her grandfather Bailey, (Lyle), as the driver, was lots of fun. Two birthday cakes, gifts of grandmother Bailey and her aunt, Joanne Lott, with ice cream were served before bed-time.

The girls stayed all night for a slumber party and returned to school the next morning as a group.

Through My Window

FLOCKS OF FLOCKS

Several nice Saturday afternoons ago, we played hookey from all of the window-washing, screen taking-out, storm window putting-in, and yard work. Fall chores pile up at an alarming rate but there are just some times when they must be put aside in favor of a ride. At least that's the thought we stilled our consciences with as we drove out of the driveway.

It was a beautiful day, sunny and almost summer warm. The color extravaganza was not quite at its peak but it was well started. Breath-takingly beautiful. As we headed east out of town, there was much oohing and aahing. Pretty as it was though, there was no picture-taking. It was hazy — whatever happened to the clear fall days we used to have?

Hardly had the white station wagon cleared the city limits sign when we started noticing the wire-sitting birds. All afternoon we saw them. About every third section of utility wire was occupied. The birds were rowed up as neatly as could be.

Several times we saw huge flocks moving from a weed field to the wires or vice-versa, but for the most part, they were just sitting and enjoying the nice Saturday afternoon. Sometimes a flock would be looking north and maybe the next would be headed south. The thing was that all of the members of one group would be looking in the same direction. I wonder how they decided what to do?

The birds we saw were, of course, starlings. The short, stubby tails, the rather trim bodies, their upright sitting position and the long bills were unmistakable.

I only hope that at least part of the birds we saw were migrating south. The thought that they could possibly be year round residents is appalling.

★

AT THIS TIME of year, the starlings are a far cry from their yellow-billed dusky-black spring and summer selves. They have completed their molt and the new plumage is — well, actually their fresh finery is in the height of fashion these days.

Their bills are now black and their dark bodies are heavily spotted with light tan or white markings. Very colorful. An extreme close-up look at their heads is fun because they have dark circled eyes. They look dissipated.

Several weeks ago I received a telephone call from a gentleman in Clinton. He had a birdbath full of birds which he could not identify. It was a large group and they seemed to be having a marvelous time splashing in the water. Yes, he had managed to get a fairly good look at the bathers. They had long pointed bills and were spotted all over. Starlings.

Starlings are in Tecumseh, too. Late every afternoon I look through my washroom window and see great flocks of them. They usually do not fly in any set formation but instead move in a large, loosly-knit cloud. Always there are some stragglers, then a few more come, and they are followed by another cloud. This goes on until dark.

So it is that the sky, the bird baths and the utility wires are full of starlings these days, there are flocks of flocks of them.

"From the Soap-Box."

Barton Guest Goes from Coast to Coast

By GENE BARTON

Dieter Schmidt, who visited at the James Barton home this summer, stopped here en route to his home in Germany and attended his first "live" football game. He enjoyed it immensely.

For the past 30 days he had traveled America by bus, sleeping 23 nights on the bus and averaging $5.20 a day for expenses. (Sleep by bus at night, sight by day — we should take some lessons!)

His journey took him to Salt Lake City where he heard the Mormon Tabernacle Choir and swam in Great Salt Lake. In Yellowstone National Park, he rented a car with five British students and drove 200 miles thru the park.

On to Seattle, down the Oregon coast to the redwoods and San Francisco, where he stayed five days, visiting the Yosemite, Berkley University, crossing bridges and seeing some marvelous sunsets.

Down to Los Angeles, Disneyland, San Diego, El Paso, Juarez, Mexico, thence to Grand Canyon where he again teamed up with a group of students, rented a cabin, and walked down five and one-half miles and back.

He was amazed at the devastation from a recent hurricane as he traveled to Tampa, Fla., and Miami Beach. With other students he lived luxuriously for $3 a day for one room.

Up the coast, a quick stop in Washington, D. C., through New England, and Quebec, Montreal, Toronto and Niagara Falls. Then back to Tecumseh (as it seemed not so far from the Falls)

After a trip through Hidden Lake Gardens Saturday, he left for New York, hoping to again visit Washington for a more detailed tour, then on home and back to his studies at the University of Frankfurt.

He was most enthusiastic about this country and made note of the places he hoped to explore at greater length next time.

Letters to the Editor

TO THE EDITOR:

I found this poem recently in a book which I feel so aptly describes how I felt about The Herald when we lived back in Maryland. I thought maybe some others might enjoy it, too!

THE HOMETOWN PAPER
By Otis Shirk

There's something about the
most of us
No matter where we go,
We have within a longing,
At least I've found it so
To keep in touch with loved ones
While wandering up and down,
And we love to see the paper
From the old home town.

It receives a hearty welcome
As it makes its regular round,
Telling us of our old friends,
And where they may be found.
It just sort of keeps together
Heartstrings once entwined;
It's the voice from our old home-
town,
Where town and paper seem
combined.

The "On to Victory" honor roll,
Names each lass and lad,
And shows the old town's given
up
The very best it had.
We read and think; around the
world
They're scattered everywhere,
And then, "Oh, God, protect each
one,"
We breathe in silent prayer.

It tells us of our fighting men
Prepared to face the brunt,
And it carries news to cheer
them on—
News from the old home front.
Folks away receive it
And hold it in renown . . . .
They're glad to get the paper
From the old home town!

China Topic at Meeting

Helen Desjardin, retired missionary from China, and Chou Chang Chien, of Hong Kong, were the principal speakers at a forum on China last week at the United Methodist Church.

Harry Stanifer, director of church study, acted as moderator for the session which involved Miss Desjardin's work as a teacher in China for 33 years and the effect of communism on people there.

Mr. Chien, who was born in Shanghai and educated at the University of Michigan, is employed in the engineering department of the Tecumseh Products. He discussed the youth of China today under communism.

Arrangements for the meeting were under the direction of Mrs. Carroll Sprague, chairman of mission work, and Mr. Stanifer.

Next China study will be held on Nov. 9, at which time the film, "The Rise of China," will be shown.

OUR READERS WRITE

TO THE EDITOR:

For some time now your paper has had a column entitled "Pastor Tell Me" written by Pastor Duane H. McNeil. Quite naturally, I think, Pastor McNeil has written from the theological standpoint of his church and his own understanding. (If I were writing such a column, I would do the same thing!)

However, I would like to make a suggestion. I would suggest that the title of the column have a sub-title indicating just what the theological bias is for the public—such as, "A Baptist Viewpoint."

I see nothing wrong in having a Baptist writing a column such as this, mind you. But I find it objectionable to have the theological bias masked. A Baptist can hardly be objective in presenting the theological tenets of the majority membership of Christendom when it is at odds with it — at least Pastor McNeil has not presented a fair assessment of the dissenting opinion when he presents matters that are in debate among the Christian denominations.

An example of what I mean can be found in his recent article concerning baptism entitled "Why Is Baptism Practice So Different?" Most Christians practice infant baptism and recognize baptismal modes other than immersion. The case for such practice was not very convincingly argued — as might be expected from one who disagrees with the practice.

Since there is no opportunity offered for public rebuttal in your newspaper of such matters, it seems only fair that the public be told in some way that the articles are written from a particular religious viewpoint — and state that bias.

Sincerely yours,
Pastor Edwin A. Mueckler

Grand Piano Donated To Civic Center

CLINTON — Members of the Clinton Woman's Club voted to present the Kimball grand piano to the Smith-Kimball Community Center, at their meeting, Wednesday.

The treasured old mahogany piano was given to the Woman's Club by Mrs. Blanche Kimball before she gave her home to the village for a community center several years ago.

It was played in the center for many social occasions, and survived a disastrous fire there two years ago.

Its hand-carved exterior was recently refinished to a light antiqued mahogany finish by Sheldon Rogers, of Saline, and has been re-tuned.

The only stipulation to the gift by the club, is that the piano never be sold.

Trips to far-away lands provided the program topic, presented by Carol Dixon, who spent the summer in Denmark, and Mary Jo Truesdale, who was in Chile for the summer, both in the Youth For Understanding Exchange program.

The girls told of their unusual experiences and displayed many souvenirs of their visits.

Folk songs were sung by Mrs. William Nighswander and Mrs. Martin Scott.

Plans were made for a bridge party, Nov. 17.

Mrs. Ralph Reed and Mrs. Roy Bower served refreshments, and Mrs. Gertrude Dannells poured coffee.

"Religion and the Changing World" will be the subject discussed by area ministers at the November meeting, with husbands as guests.

Scouts Holding Halloween Party

CLINTON — Girl Scouts will have a family Halloween costume party on Oct. 25 at the elementary gym. The whole family is expected to come in costume.

Each troop will have its own game, and cider and donuts will be served. There will be prizes for costumes.

Arrangements for the party are being made by Mrs. Bud Hicks, Mrs. Arnold Withrow and Mrs. John Vincent.

One Girl Scout Troop is still without a leader. Anyone wishing to be a leader or helper may call Mrs. George Bancroft.

Student Body Electing Queen

CLINTON — The student body will elect this year's homecoming queen at Clinton High School from senior candidates, Maree Meyers, Frances Dermyer and Melody Grinnell.

Homecoming events take place Friday, beginning with the parade of class floats at 2:30 p.m.

The queen's court will consist of Joyce Richardson, 8th grade; Debbie Benschoter, 9th grade; Kayte Studnicka, 10th grade; and Vicky Moore, 11th grade.

Driver Cited by State Police

Linda K. Wilson, 25, 611 Outer Dr., was given a summons by Clinton State Police Friday morning for making an improper left turn into the Budd Company driveway, Clinton.

The Wilson vehicle was struck in the rear by an automobile driven by Ronald D. Lance, 19, of Manitou Beach. He told officers he was unable to avoid the collision.

Reception Is for Retiree

CLINTON — Most of Clinton's rural route patrons and many friends from surrounding areas attended a reception for Mr. and Mrs. Amos Wilson, Sunday afternoon, at the Smith-Kimball community Center.

Mr. Wilson retired Oct. 1, after serving as a rural letter carrier for nearly half a century, the last 41 years at Clinton.

Mrs. E. John Hoelzer was hostess for the event, and the rural route patrons all shared in the arrangements.

A simulated mail box, inscribed with "Amos Wilson," topped the red, white and blue, decorated cake, which was made by Mrs. Robert Weinberg and served by Mrs. Roy Porter.

Punch was served from a flower-bedecked bowl formed of ice by Mrs. Thomas Carlton and Mrs. Charles Rynd.

Mrs. Franklin Humble, assistant carrier, and Mrs. Martin Hoelzer poured coffee. Mrs. Robert Mohr passed the guest book.

The buffet table was centered with an arrangement of anthurium, ginger, and bird of paradise, a gift of John Kukini Priible.

Others who assisted were Mrs. John Norcross and Mrs. Edward Anglemyre.

Presentation of a medal from the National Rural Letter Carriers' Association, which was inscribed with a horse-and-buggy, was made to Mr. Wilson by Owen McCullough of Blissfield, secretary of the Lenawee County Rural Letter Carriers.

A gift of $100 was presented to Mr. Wilson and an orchid to Mrs. Wilson.

The Wilsons will be leaving soon to visit their sons in the western states and to spend the winter in Florida.

Clinton Chatter

The Clinton High School Band, accompanied by director, Richard Jorgensen, were at Rogers High School, Toledo, Friday, to hear a concert by the United States Marine Band.

Mr. and Mrs. Frank Ott, former rural Clinton residents, now of Fowlerville, attended the reception for Amos Wilson, Sunday, and visited with many old friends who were there.

Mr. and Mrs. Paul Snyder and son, Michael, of Jackson, entertained her parents, Mr. and Mrs. Edward J. Kehoe, Friday evening for dinner at the Hathaway House, Blissfield. The occasion honored the Kehoe's 38th wedding anniversary and Mr. Kehoe's birthday anniversary.

'Dream' Program by Mrs. Kiebler

CLINTON — "They Had a Dream" was a program presented by Mrs. Harold Kiebler for the meeting of the Priscilla Class Thursday evening.

Mrs. Kiebler was hostess for the meeting in the Kirker room at the United Church of Christ.

Plans were made to sponsor a baked goods table at the Dec. 6 bazaar and smorgasbord supper in the church.

Members accepted an invitation to attend a program at St. James Church, Nov. 6.

Mrs. Paul Hoyt will be hostess for the Nov. 13 meeting.

'Old Fashion' Is Program

CLINTON — "Make Mine Old-Fashioned," an amusing program on child-birth, was presented by Mrs. Thomas Pence for the members of Philathea Class of the United Church of Christ.

Mrs. Dayton Sell was hostess for the dessert luncheon meeting Thursday afternoon. Fourteen members attended as Mrs. Frank Stuwe assisted the hostess.

Mrs. Fred Kaiser gave the devotions using the theme: "Worry," and she read the 23rd Psalm and the Lord's Prayer.

The women voted to have a booth at the Christmas bazaar and supper, sponsored by the Mary-Martha Class on Dec. 6.

A sum of $15 was raised from experience money gifts and will be given to a convalescent home.

The group will also send $15 to Church World Service for blankets.

The Nov. 13 meeting will be held with Mrs. Clarence Feldkamp.

Five Juveniles in Auto Theft

CLINTON — A 1968 Pontiac owned by James Moore, rural Clinton, was reported missing from the school parking lot about midnight, Friday, and was subsequently returned to the parking lot about 7:30 a.m., Saturday.

Clinton State Police, investigating the theft, apprehended five juveniles, two from the Lenawee Youth Center, two from Clinton and one from Tecumseh.

The youths were turned over to probate court.

Airman Grinnell Cited for Action

CLINTON — Airman R. Terry Grinnell was recently awarded the Air Medal for aerial action against the enemy while serving with the Navy's Helicopter Attack (Light) Squadron Three-HA(L)-3 of Vietnam's Mekong Delta.

Airman Grinnell is the son of Mrs. Charles Grinnell of 312 Jackson Rd.

Primary mission of the HA(L)-3 is to provide fire support for the Navy's River Patrol Force in their efforts to deny the enemy use of the Delta's numerous waterways. Nicknamed the "Seawolves" it is the only helicopter attack squadron in the Navy.

According to his award citation, Airman Grinnell was decorated for "meritorious achievement in aerial flight as door gunner while serving with HA(L)-3 during missions in support of combat operations in Southeast Asia against North Vietnamese and Viet Cong aggressors."

The citation added, "his courage and devotion to duty in the face of hazardous flying conditions were in keeping with the highest traditions of the United States Naval Service.

Prior to completion of his tour, Airman Grinnell will receive both the U. S. Vietnam Service Medal and the Republic of Vietnam Campaign Medal.

He entered the Navy in June, 1966, immediately after his graduation from Clinton High School. He has served for 18 months in Vietnam, and is expected home Dec. 15.

Study Links Diabetes

The importance of finding and controlling "hidden" diabetes is underlined by new evidence — from the classic Tecumseh (Mich-) epidemiological study — that diabetes is not only linked to coronary disease but may also contribute to sudden death from heart attacks.

Forty-five Tecumseh residents died suddenly (within an hour after onset of symptoms) of coronary heart disease between 1959-1965. Twenty-eight had either diabetes, high blood pressure, or coronary heart disease — a sudden coronary death incidence rate approximately 15 times greater than among those who had none of those conditions, according to Dr. Benjamin N. Chiang.

Dr. Chiang and a University of Michigan team reported on this latest phase of the Tecumseh study — a prospective epidemiological follow-up of some 9,000 persons, 88 per cent of Tecumseh's population, who were thoroughly examined in 1959-1960 — at this year's American College of Physicians meeting.

By 1965, Dr. Chiang said 98 members of the study group had died of coronary disease, 45 suddenly. Of the 45, eight were among the 85 known diabetics.

Those who died suddenly included much greater proportion of persons with systolic and diastolic hypertension, high relative weight and hyperglycemia than the total Tecumseh population, Dr. Chiang reported. However, in the 53 other-than-sudden coronary deaths, hypercholesteremia and hyperglycemia were the only significant risk factors.

In other words, Dr. Chiang believes sudden death need not to be so sudden: "the victims were almost always predisposed to their fate by conditions which are detectable long before the fatal event."

Poverty Fraud To Be Reported

"The War on Poverty is a Fraud" will be the topic of Lola Belle Holmes next Tuesday as she speaks in the Northwest High School at 4200 Van Horn Rd., in Jackson at 8 p.m.

Infiltrating the Communist apparatus for the Federal Bureau of Investigation seven years ago, Miss Holmes took orders from Moscow and reported to U. S. authorities. She will pinpoint the source of the present revolution with its bombs, riots, fires and death and claims it's financed by the Office of Economic Opportunity.

Tickets are available at the door.

11-Year-Old Is Honored Guest

MACON — Mary Schroeder, daughter of Mr. and Mrs. Clarence Schroeder, was the guest of honor at a birthday anniversary party last Wednesday, in the "Cow Palace", on North Ridge Highway.

It was Mary's 10th birthday anniversary and 25 fifth graders from Britton-Macon School attended.

Games and singing were enjoyed.

Pounds of hot dogs, potato chips, cupcakes and Kool-aid were consumed.

Mary opened many lovely gifts.

TOUCH OF THE PAST

1959

A whopping 56-page special edition of The Tecumseh Herald was published on Oct. 15, along with the regular edition of the paper, signaling the start of several events which honored the 25th anniversary of the Tecumseh Products Company, producer of refrigerator compressors. Plans call for window display of 14 compressors, going back to the Model 100, first one built; a Band Festival salute on Oct. 20, and Homecoming parade theme, climaxed by an Appreciation Dinner, Oct. 24, at the High School gymnasium.

A little theatre group is being organized at the home of Mrs. Gloria Jadwin. There are 35 local people who have expressed an interest in such an organization.

"American Music" was the theme for the 13th annual Lenawee County Band Festival, Oct. 20, with 11 high school bands participating. Tecumseh Chamber of Commerce was the sponsor.

Paul Vollmer of Macon is getting the No. 1 Brittany spaniel in the United States ready for the pheasant season. The five-year-old dog was recently named best-in-breed at the American Brittany Club specialty show and field trial.

Grandma's Shoes

I don't remember which I found first, Grandma's shoes or her letters. I do recall, that as I lifted things from her battered trunk, it seemed as though time had slipped backward. Suddenly, the lady in the faded family tintype became real to me.

Nicely polished and laced, her tiny shoes revealed that she was a petite person, neat and particular. A faded nosegay indicated a sentimental heart. "My dear son," her letters began, and as I read her words to that long-ago boy, my Dad, the reality of her love seemed present in the sun-drenched room. Outside the dusty window, a bee buzzed, and in that quiet moment I became acquainted with her personality.

Often, God reveals Himself to us in just such a way. By the beauty of His world, in the truths within His Bible, through the ministry of His Church, He discloses the fulness of His love.

Attend your church. Through worship and prayer, enlarge your understanding of God.

THE CHURCH FOR ALL, ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

School Vote Feb. 10th on 8 Mills-$9.7 Million

Voters in the Tecumseh school district will be asked to approve a $9,700,000 bond issue on Feb. 10 for a new high school and improvements at the present high school.

School Board approved placing the issue before the electorate Monday evening, but not before $200,000 was dropped from the original plans.

Total costs will amount to about eight mills or about $8 per $1,000 assessed valuation.

Breakdown of the $9.7 million is $1,716,700 to convert the present high school over to a middle school, and $7,983,310 for construction and developments involved in a new high school. Dropped by the Board was a swimming pool at the middle school. It was estimated to cost $200,000.

If the voters approve the bond issue, bonds will probably be sold next August with construction planned to start in January, 1971. Completion of construction is expected to take two years with the first classes in the new buildings starting in September, 1973.

Although the schools' legal authorities have not yet determined the exact millage needed, the bonds will be retired over a 29-year period, or possibly sooner.

In 1957 the voters approved a bond issue of $1,900,000 at eight mills for 15 years. This issue was retired in 1967 and the schools collected 6.32 mills to retire the bonds instead of eight mills.

The schools were able to collect less millage than voted and retired the 1957 bonds in 10 years due to an increase in the district's valuation. A similar situation could develop again with considerable construction taking place in the district. As assessed valuations go up over a period of years, less millage would probably be required to retire the bonds.

Property owners can figure their hike in taxes by multiplying their assessment by eight. For example, if a Tecumseh homeowner has an assessment of $8,000, his tax increase would be $64 for the year.

Tuttle Co. To Expand 15,000 Sq. Ft.

A 15,000-sq.-ft. warehouse is planned by the H. W. Tuttle Company which would increase its facilities here to over 80,000 square feet.

In a letter to Council Monday night, the company sought a zoning change which would permit construction of the warehouse.

Harold Tuttle, president, said the new building would be attached to the present plant and would be constructed of steel, and possibly concrete block. He said that every effort would be made to have an attractive building for the area.

An employment increase of between 30 and 35 is anticipated.

Area involved is just over an acre and includes the first two home sites, west of S. Evans St. on Russell Rd.

Councilmen seemed to react favorably to a possible zoning change, but referred it to the Planning Commission for its recommendation. A public hearing was scheduled for Nov. 17.

Time Change for Goblins

There has been a time change for the Community Center Halloween costume party for the youngsters. It's now scheduled for Thursday, Oct. 30, at 4:15 p.m. for the judging. This will give the little folks time to get home from school and change into their costumes, Ward Eardley, director of Parks and Recreation, explained.

All age groups through sixth grade, will be judged within about an hour.

At 7 p.m. on Halloween night, Oct. 31, there will be a free movie and refreshments for the children at the center.

Jeff Osworth, 2nd place, 8-year-olds.

The boys are sponsored by George Underwood Ford in Clinton.

Tecumseh Jaycees were in charge of organizing the contest here.

PLAYERS IN COMEDY — These Tecumseh Players are having a ball rehearsing every night at the Community Center in preparation for a new comedy. Cast members include, top row, Jo Wegner, Hal Weakley, Judy Dornan, Dorothy Wetter; middle row, Sharon Frayer, Bertha Vallelunga, Ed Saltmarche; bottom, Barbara Gearing, Ron Wetter and Guil Rothfuss.

Evening of Laughter

Veteran performers, together with new faces, combine to provide an evening of laughter mixed with tenderness when the Tecumseh Players present "The Curious Savage" at the Tecumseh Community Center on Oct. 30, 31, Nov. 1, 6, 7 and 8.

Directed by Mrs. Glen Harbaugh of Adrian, this provocative comedy, written by John Patrick, will star Bertha Vallelunga in the title role.

Assisting Mrs. Harbaugh in directional chores is Louise Lawson, with John Day handling the tech crew.

The commitment of the gentle Mrs. Savage by her not-so-gentle children to "The Cloisters," and the ensuing insight learned from other patients, provide huge entertainment, plus fascinating questions regarding just who are the so-called sane ones in this world.

Guil Rothfuss, Jo Wegner, Ron and Dorothy Wetter, Judy Dornan, Ed Saltmarche, Barbara Gearig, Hal Weakley, Sharon Frayer and Rene Crombez complete the cast.

Tickets are on sale on a reservation basis at Wright's Pharmacy, Flanders Music Store, and Mary Sanchez Beauty Salon in Tecumseh, or call 423-7375 or 423-7713.

The performance of Thursday, Oct. 30, will carry a special $1 admission fee for students; the Thursday, Nov. 6, performance will offer the same admission price for "senior citizens" who present their cards.

Tickets for these two groups only may be purchased at the door. All others must be by reservation.

Julie — 'Blondes Have More Fun'

Blonde and beautiful Julie Parrish returned to New York City Friday after spending last week here with her family.

She has been making commercials, funny ones, she said, for National Air Lines, Ajax and some others that will be shown in the Los Angeles area and southeastern states.

She did two programs in the "This Is the Life" TV series, sponsored by Lutherans.

Miss Parrish spent a day with each of her brothers and sisters, including Friday at Michigan State University where brother, Jim Wilbar, is attending journalism classes.

Jo, as her family and friends call her, is contemplating a move to Europe sometime next year, due to the fact that many movies are made there now.

One she expected to make soon was shelved by Metro-Goldwyn-Mayer.

Coming to Toledo for the opening of a play by the Waterville Players in which a former roommate is starring, Julie was happy to spend longer than usual with her parents, Mr. and Mrs. W. R. Wilbar, at 421 N. Evans St. She will return to Los Angeles in about two weeks.

Tecumseh has changed some, the star said, "and I still can't get used to the one-way streets.

Julie's pretty brunette tresses are blonde now until the commercials are finished because her employers insist that blondes are more appealing. In answer to "blondes are supposed to have more fun," she did comment, "I am having a pretty good time."

Fund Officials Now Hopeful

Returns this week have given officers of the Tecumseh Community Fund Foundation some hope that its $59,831 goal will be reached — or almost.

Present donations now total $40,155.70.

An industrial report shows that $26,963.70 has been pledged or contributed with many industries yet to report. The Tecumseh Products again contributed the most, and Harry Farrell, industrial chairman, is hopeful that completion of the division's drive will place industry somewhere near its $42,000 goal.

Business, with a $5,000 goal, has contributed nearly $4,000 and only about half have reported. Contributions in this division could be twice the amount ever given before.

Professional reports donations of $900, but only about half have completed their returns.

Tecumseh schools, teachers and other school personnel, have given $1,768, almost twice the amount contributed in 1968. The total far exceeded the division's goal of $1,000.

Residential and hospital reports are expected to be completed by the end of the week and will be made public next week.

Special gifts total $6,550 and more are expected, according to Merlyn Downing, the Foundation's drive chairman. He says the current $40,155.70 amount is about 65% of the goal.

Fisher Body reports that the reason for their campaign to fall $700 short from last year's figure is due to a drop of about 200 in employment. The GM firm gave $11,165 last week, and it is second in size only to the Products.

Folks who have been missed by solicitors, or who would like to add to their contribution, may do so at the downtown office of the United Savings Bank or at the Herrick Park branch.

WHITE HOUSE PHOTOGRAPHER — Retired Joseph O'Donnell, now of Clinton, will present glimpses of his exciting 25-year career, photographing four U. S. presidents and 13 heads of state around the world. He will be featured at a dinner meeting of Business and Professional Women Monday evening at Tecumseh Grange, 4998 Milwaukee Rd. He'll show a film, "Five Cities of June," which is a State Department documentary. Mr. O'Donnell is shown here with his wife, Ellen, amidst his photo gallery in their newest enterprise, "Jo-El's Barn," at Clinton.

A special game program will include pictures of all 15 championship teams of the past and will include other features, such as a story on the history of football at Tecumseh, the Tecumseh-Blissfield rivalry, and other interesting facts.

The program will be sold at Friday night's game for 50c, or it may be purchased at The Herald office, starting Saturday morning.

This symbol has been adopted throughout the United States in commemoration of 100 years of football. Tecumseh will pay tribute to the sport here Friday evening.

The fire siren at **Bryan, O.**, sounds to tell little trick or treaters when to begin their Halloween visiting and two hours later, another toot on the siren stops the whole business — and the youngsters scoot for home. It works, too, according to residents there.

If Chicken Basket customers had catsup cascading down their ice cream a few days ago, the error can be attributed to the fact that Mrs. Donald Beevers was thrilled—and at the same time dumfounded—to be the delighted recipient of a beautiful poly-floral arrangement on a wicker plate. The card was signed: "Some teenagers, the second hour lunch period." The young people's thoughtfulness confirms the fact that only a few of their peers are inconsiderate of other's rights and privileges, and the majority of Tecumseh Youth are mighty fine citizens.

Clara Waldron is still chuckling . . . she received a letter recently addressed only "The Historian of Tecumseh, whose ancestors helped to make the town. Authentic, antique steam-powered machinery operates the **Martinsville Cider Mill** in **Greenfield Village** Saturday and Sunday. Demonstrations of grinding and pressing held at 12, 2 and 4 p.m. Visitors will be able to buy cider by the glass with doughnuts or by the jug. A stop at the cider mill can be included in a Village tour at no additional charge. Announcement was made Tuesday of a $24 million improvement program to be undertaken at Greenfield Village, through gifts from the Ford Foundation and the Ford Motor Co. Fund. Last year 1.3 million visitors toured the historical site, now considered the eighth most popular tourist attraction in the country.

VOICE of THE HERALD

Must Reach Our Goal

Tecumseh's annual Community Fund Foundation drive is nearing its end with officials awaiting pledges and donations from various sources to report in.

Unless we do something soon, we will not meet our goal, and by not meeting our goal we could lose the Foundation. And, this would be a shame.

Sometimes we don't give as much as we could, and sometimes we don't give at all, especially if overlooked by solicitors. Hit or miss is no excuse for not giving your "fair share."

Donations are being accepted at the main office of the bank in downtown Tecumseh and at its Herrick Park branch.

By giving generously we help each other — through the Foundation. Next year may be too late if officials decide that the local drive would be just as well off in the county campaign.

Through the Foundation, we help the charities and ourselves. Through the county, we will help the charities, period.

The charities are our first responsibility, and this is true in both the Foundation and county drive. The Foundation has a bit more to it, and this is where we help ourselves through civic improvement and the city's recreation program.

Only by making our goal of $59,831 will we help ourselves and assure the Foundation to continue operating for Tecumseh. If you've given, have you given your "fair share?"

If you have not given, we urge you to make your contribution at one of the offices of the United Savings Bank. Let's keep the Foundation working for us — you, me, our families and neighbors, for Tecumseh.

Gifts Are Amazing

By DOROTHY GRIGG

Arlene Ousterhout and about 30 ladies of the Presbyterian Church have been busily stocks for mentioning each one, and they are so different from the usual displays.

This fact is due to the ingenious mind of the retired florist, who spent a good many years on Tecumseh's main street, and her skilled dwarfs, of whom she refused to divulge because she wouldn't want to leave out a single one.

"I'm so proud of the girls. They have worked hard to produce new and different items from any we sold before. Oh, there are a few, like the little candy cane horses that one just has to have for tree ornaments. We will never be able to supply the demand for them."

"One girl brought me a couple dozen and a handful of money, and I told her to take it right back, buy more material and make some more. She is doing just that. Oh, we have worked. I've done something on this project every single day for the past six months," remarked the energetic sharp spoken Arlene, who has used talent, experience and some heretofore uncovered abilities to make the upcoming event for her church not only fund-producing, but a memorable time for the area.

Rich all-wool felts, that are dry cleanable, have been artistically decorated with bright holly, sequins on angels, bells, and numerous holiday motifs to become breathtakingly beautiful Christmas tree skirts and table cloths.

They appear to be expensive but in reality, the ladies have priced items below the cost of the kit, if one could find a kit to use for the pretty wall and door hangings depicting the holiday season.

Materials have been donated in several instances and purchased at cost, with Presbyterians — some men — from all walks of life, pitching in to help.

Rich, red velvets are used in unique Christmas card baskets and waste baskets for every room in the home. Children will be pleased to buy and to have gifts such as the wall picture of "The Little Engine That Could", and the matching basket.

Tote bags for them and for the ladies, clip board and telephone book covers are among the variety of gay "somethings to keep for always," like the modernistic "Partridge in a Pear Tree" plaque.

Here is the spot to get the hand-trimmed — just about anything you would like for that name on the list who has everything.

Knitting, painting, sewing and decoupage are among the arts used to design items not usually found in church bazaars.

Quantities of baked goods, candies, candies, homemade jams, jellies and pickles, relishes and apple butter from the church kitchen are in readiness for November's first Saturday.

Mrs. Lee Purkey has charge of the smorgasbord luncheon to be served from 11 a.m. to 2 p.m. in Fellowship Center. It will include 40 types of salad, six casseroles and homemade cakes for dessert.

A flea market and children's clothing exchange are on the agenda for the day. Cider and doughnuts will be featured in the coffee shop from 9 to 5 p.m.

Sometime, when the bazaar is over and she has recuperated, Arlene looks forward to sweeping under her bed. That's where she has stashed the current material she has been working on, but it isn't dirty there because the dust didn't have a chance to settle in the flurry of getting the job done.

See you in the mob at the door at 9 a.m. on Nov. 1.

Ladies Impressed

Misses Nancy and Phyllis Thorpe, of Battle, Sussex, England, have been spending a brief visit with the Rev. Frank and Mrs. Hawthorne and family at St. Peter's Rectory, Tecumseh.

They left England by air on Sept. 13, flying direct to Vancouver and thence by train to Toronto, Hamilton and Sarnia, where they have many friends and relatives.

They have been very impressed with the beauty of the countryside, the friendliness of the people of Canada and the United States, and were more than pleased with the beauty and friendliness of St. Peter's Episcopal Church.

The Thorpes will be on their way home during this coming week, traveling via Boston to New York, and then flying home to England on Oct. 27, after a very happy six weeks' holiday.

Herald Society Editor

There are times when one would wish to toss in the towel and give up the whole wrestling match, such as the two times (unforgivable) when we have run a wedding in the paper the week before the nuptials occurred. Bless this week's groom, Eric Robison, for having such a delightful sense of humor but we doubt that his pretty little bride thought it funny and certainly we didn't either.

There is absolutely no way for a negligent women's editor to squirm out of that one and we won't try. Just gather up the pieces and attempt to do better from now on, so, for openers, won't you please give particular notice to the interesting facts printed on Page 6 of Section B concerning an annual aid program many people are pondering at Halloween time. There are always two sides to every story. We invite you to take a look at the flip side of UNICEF.

4 'Party' Boys are Released

Four youths, two from Tecumseh and two from Adrian, were released Wednesday on their own recognizance after being charged with entering a building without permission.

The charges stemmed from 19 youths who participated in parties in the Oliver Blum house behind the Community Center. The youths, both boys and girls, ranged in ages from 13 to 19.

John Florez, 17, and Tony Alverez, 17, both of Tecumseh, were arraigned before Magistrate Ernest Oliver Tuesday. Florez failed to post $200 bond and was lodged overnight in the county jail. Alverez was released to appear in District Court.

Adrian youths involved are Dale E. Ryder and Gary W. Mohr.

Britton Wins by 26 to 13

Britton waltzed to its third victory of the season Friday night over a visiting Summerfield eleven, 26-13.

The Tories jumped off to a 20-0 halftime lead, and after Summerfield finally got on the scoreboard with a TD in the third quarter, Britton came right back to score and boasted a 26-6 margin before giving up a final tally to the visitors.

The Browns provided most of the fireworks with Jim firing to Rick in the second period for two scores. Dan Warren started the Tories to their win in the first period when he ran three yards and a touchdown.

If Coach Paul Palka's club can win at Whiteford Friday night, It will assure the Tories of one of their best football records in many years.

Blissfield Here Friday

A rapidly improving Blissfield eleven, one that has taken to the air in recent games to move the pigskin, faces the Indians here Friday night in what could be a tougher game for Tecumseh than thought some weeks ago.

The Royals nearly surprised Flat Rock last week before losing, 22-20, and they scored twice in a losing cause to Monroe CC. Tecumseh failed to dent CC in dropping an 8-0 decision.

If the Indians fail to get their dobbers up after bowing to CC, the Royals are capable of an upset.

Unbeaten Frosh Trounces CC '11'

Tecumseh Frosh remained unbeaten with a 30-6 victory over the Monroe Catholic Central Frosh in a game here last Wednesday.

The Indians jumped off to a quick 8-0 lead on the first play from scrimmage when Dave Biscupski sprinted 67 yards for a touchdown. He also converted the extra points.

The Frosh were right back at it the next time they got their hands on the ball. Mike Clement passed 37 yards to Dennis Dermyer who was then tripped up on the one.

Clement carried in on a quarterback sneak to make it 14-0. Biscupski made it 16-0 when he powered in for the extra points.

Tecumseh took a 22-0 lead with them to the locker room at halftime when Biscupski took a pitch-out and scampered six yards with it for the Indians' third touchdown of the half. The try for extra points failed.

The home team's final touchdown came late in the third period when Clement hit Dan Gunder with a 43-yard scoring strike. Gaylord Long converted the extra points.

The Frosh defensive unit had a great night with five pass interceptions and two fumble recoveries.

Gaylord Long and Clement had two interceptions each and Mike Eggleston picked off another. Chuck Hanna came up with the two recoveries.

Dan Gunder, Fred Sisty, Joe Burns, and Greg Cote turned in fine blocking performances.

Tipton Plans New Cub Scout Pack

TIPTON — An organizational meeting for a Cub Scout Pack will be held Thursday evening at 7 p.m., at the Tipton Community Church.

The Rev. Max Bailey, minister, urges parents of boys eight to 10 years old to bring their sons to the meeting to start the pack, sponsored by the church.

CC Wins Struggle

Monroe Catholic Central handed Tecumseh its first defeat of the season last Friday night when the Rams pushed over a touchdown with just 38 seconds left on the clock. Final score was 8-0.

The game was a big disappointment to the '69 team which had high hopes of a Huron League title. Unless CC collapses in its final three games — and it's highly unlikely — the Rams have their second straight league crown.

Although defeated, the game will be remembered as one of the finest defensive struggles ever waged by a Tecumseh team. If the ball had not bounced the wrong way for the Indians, the game could have ended scoreless.

Midway in the third quarter, a CC punt headed toward the end zone, hit on the three and then bounced back and out of bounds at the nine. The Indians never recovered.

Minutes later Monroe took over on its 34, and after two plays netted just two yards, a pass completion gave the Rams a first down on the Tecumseh six. After six plays, including a Tecumseh penalty and a Monroe penalty, the Rams gave up one foot at the one.

The penalties failed to nullify each other as CC's penalty, according to the rule book, should have called for a 15-yarder instead of five yards. A Monroe player left the field and failed to keep moving — from the action. Instead he watched the play and the official tossed his hankie. Unfortunately for the Indians, they benefited just five instead of 15 yards.

Tecumseh was then forced to kick and CC took over on the Indians' 39. Monroe battled to the six where the Indians recovered a bobble. The Indians gave it back, fumbling away the ball on the 22 after making a first down at the 18.

On the second play, CC completed a pass to Tecumseh's four. Four plays netted just three yards but on the last play, an Indian penalty was called, moving the ball to within a foot of the goal line. It wasn't enough as the Indians held again as CC tried to break through the tough Tecumseh front line.

Tecumseh then fumbled on its first play with CC recovering the ball about six inches from paydirt. One official, and some fans, thought the play which gave CC the ball was dead. It appeared that the Indian runner had picked up nearly a yard and after clearing the pile of players, an official moved in and signaled CC had recovered a Tecumseh fumble.

On the first play, Monroe's Lonnie Bonk whirled to escape the grasp of Tecumseh's Gary Hannibal, backed toward the goal line and fell in for the game's lone tally.

CC twice moved into the shadows of Tecumseh's goal in the first half. The biggest scoring threat was made by the Indians, however, when they drove 88 yards to Monroe's three-yard line. Two passes plus repeated success with quick hitters up the middle ate up most of the yardage for the Indians.

Tecumseh's attack faltered badly at the three. Ken Pieh lost five attempting to skirt his left end. He then picked up four, moving the ball back within the five. Frank Geisenhaver, who ran harder and better against the Rams than in all previous games, was dropped for a yard loss.

In a faked run to the left on fourth down, Mike Kennedy was spilled back on the 16 before he could get a pass off.

Both clubs played about even on offense during the first half, but the Rams dominated the Indians with their rushing and passing game in the second half. If it had not been for a stout Indian defense, Tecumseh could have been clobbered.

Coach Tom Fagan says his club came out at halftime to loosen up the tough Ram defense with a mixture of passes and running plays, but the Indians never had field position to gamble much.

After CC scored, Smith took to the air three times with the Rams intercepting the last one, running it back to Tecumseh's 22.

Monroe could still lose a game and win the title. The Rams play one more game than Tecumseh and a lone defeat wouldn't help, even if the Indians whip Blissfield here Friday night and Gibraltar Carlson the following week.

'Skins Whip Onsted '11'

Onsted's trickery on defense faltered in the second half at Clinton Friday night and the Redskins won going away, 32-12.

For two periods, the visitors threatened to mar homecoming festivities, but Clinton came out in the third quarter to roll up 14 points, and then added six more in the final period. It was Onsted's second loss of the season while the Redskins are now 4-1-1.

Ron LaSovage, Clinton's top scorer, tallied twice in the victory but had to share scoring honors with teammate, Eric Sparks. Sparks ripped off TD runs of 45 and 70 yards, both in the second half when Clinton displayed its superiority.

Over 1,300 Members

The 30th annual meeting of the Lenawee County Farm Bureau was attended by 175 members at Madison High School Oct. 13.

Dinner was served by the Madison Band Boosters.

Dean Pridgeon, district director of Michigan Farm Bureau, spoke of the challenges ahead for the organization, and noted that this is the first time in its history that every county in Michigan recorded a gain in membership. Lenawee County now has over 1,300 members, counted as one per family.

Ivan Hunt recalled the early history of the county Farm Bureau, and the eight members, who had been members for over 30 years, were recognized.

Harold Calhoun, retiring president, gave the welcome and presided at the business meeting at which five members were elected to the board of directors, and 12 members were named delegates to the Michigan F-B annual meeting in East Lansing in November.

Area residents who were elected to office are: directors, Richard Cox from Macon-Ridgeway and Larry Eaton, from Clinton-Tecumseh Raisin.

Delegates elected are David Heimerdinger, Clinton; and Mrs. Wilson Sawyer, rural Adrian, and Mrs. Heimeddinger, first alternate.

Martin Halley reported for the resolutions committee and the following resolutions were approved to be forwarded for consideration by the State resolutions committee:

- Farm Bureau opposes Gov. Milliken's school program for the following reasons: It would put control of education in the state wholly in control of one man. It is to be financed by a property tax which is an archaic method of taxation in present times. It is unconstitutional to give aid to parochial schools of either Protestant or Catholic faith.
- Where as local property taxes are inadequate to meet the increasing cost of schools and present forms of school taxation are inequitable, it is recommended that state income tax be used as a major source of school revenue. Property taxes for school purposes be limited by law. That a state aid formula be developed which more equitably distributes state aid providing each child with an equal educational opportunity.
- Since all bridges on local roads are 62% inadequate for trucks and school buses, it is recommended that needed increased revenues be met through "user taxes" rather than taking property to build roads and methods be used to distribute the cost of local roads used for recreational purposes.

The retiring directors and their wives will be guests at a cooperative dinner preceding the organizational meeting of the new board of directors, Tuesday, Nov. 4, at the County Farm Bureau office building.

Lutheran Ladies Attend Meeting

Lutheran Church women of the Michigan Synod met Tuesday and Wednesday for a convention at Trinity Lutheran Church, Ann Arbor. Lady representatives of 110 congregations attended.

"Weave a new pattern" was the theme of speaker, Mrs. Clarence Nelson, Chicago, Ill. She is a pastors wife and author of many books.

Dr. and Mrs. Teruya Ujeno, Tokyo, and Mr. and Mrs. Ratna Raju, India, were also among the speakers.

The Gloria Dei congregation was represented by Mrs. L. Gero, official delegate, and by Mrs. Fred Wesoloh, Mrs. Frank McRae, Mrs. Melvin Ruettinger and Mrs. James Tonneberger, as guests.

Pastor tell me

By DUANE H. McNEIL

WHAT IS SIN?

There is an approach to religious thinking which we all take that is in error. We are eager to compare ourselves with other people or with what we consider to be good standards. On such a basis many of us do not fare too badly. We meet the requirements of our society at least.

However, we must see ourselves in the light of God's standards. We need to realize that it is possible the best among us may be far short of His desires.

God has presented His will in the Bible. He wants men to love Him, to Glorify Him, to Praise Him and to live for Him. When we have failed to do these either by doing things of an opposite nature or by failure to do anything, we have sinned.

The Bible calls sin a transgression of God's law. Sin is to miss the mark or failure to meet God's standard. It is iniquity or an act inherently wrong. It is unbelief which is an insult to God's Truthfulness.

Only Jesus lives without sin. He alone could die for our sins. He did so at Calvary. Christ died for our sins. Believe on the Lord Jesus Christ and thou shalt be saved.

Pastor McNeil would be glad to answer your questions. Write to "Pastor Tell Me", c/o The Tecumseh Herald or to Pastor McNeil, Britton, Michigan.

Through My Window

"FROM THE SOAP BOX"

Peeves, irks and frustrations pile up until eventually the point of anger is reached and, if left unchecked, anger soon grows until it reaches the point of explosion. Well, an explosion is almost the last thing we need here where Logan St. meets Evans Creek, so, if you fill please bear with me while I let off a little steam—

Anger number 1. The frantic pace at which we all live. It is a regular rat-race, rush-rush-rush, always too much to do and never is there any catching up. We are under such constant pressure that there is no time to appreciate today.

While working at one job, our minds are busy at what must come next. There are too many things which must be done to allow for the doing of the things we would like to do; and as for taking a few minutes or even hours for a drive, a walk, a bit of day dreaming, or book reading — we sneak these time-outs once in a while but always it is with a slight sense of guilt.

It is a sad commentary on our way of living that each moment itself is not supremely important. Why must we be always looking ahead?

★

TELEVISION IS A prime factor. It is a pet peeve of mine to be watching a program and suddenly have the station superimpose an announcement of what is going to happen tomorrow.

After all, when I watch a program it is because I think it will be interesting, informative, or fun — when they start butting in with notices of coming attractions, it is almost like saying that this may not be very good nor very important but wait until tomorrow. I strongly object, tomorrow may be great but today is not bad and I think we should all start enjoying each moment as it comes.

Anger number 2. Bureaucracy or government which has mushroomed to such a gigantic complex that one office has no idea what the people next door are doing. The current issue of "National Wildlife" highlights a problem which this administration inherited. It is an example of agencies working at cross purposes and tax dollars being wasted as one program counteracts another.

There is a federal plan under which financial aid is given to help drain swamp-land or potholes. Land thus "improved" can be put into crop production. Another program, however, pays for land to be taken out of production. Granted that there are times and places where it is advisable to reclaim land and control flooding.

★

TOO OFTEN, THOUGH, for a few acres of additional farming acreage gained, important wildlife habitat is destroyed. The height of obscurity is reached when conservation groups must buy back "improved" land and return it to its natural state.

Many feel that only because there are groups who will do this if there is even half a chance that certain ducks and animals will survive. What a vicious cycle we are involved in.

Anger number 3. The continued manufacture and use of D.D.T. Time and time again it is proved BAD!!! The following is a brief account, from the pages of the "National Wildlife", of what actually happened in Borneo. A small village was plagued by mosquitoes and so, of course, D.D.T. was rushed to the "rescue".

Suddenly the roofs of the natives' huts started caving in — they were being eaten by caterpillars. The wasps, which before had kept the caterpillars under control, were being killed by the D.D.T.

Next, the insecticide was used to kill houseflies. This it did, it also infected the lizzards which previously had been the flies' exterminators. Soon a disastrous threat from rats developed; cats had kept the rat population down cats also eat lizzards.

These lizzards, because of their diet of D.D.T., poisoned flies, were themselves poisonous tid-bits for the cats. That little village in Borneo is now having to import cats all because someone tried to kill mosquitoes with D.D.T. And somewhere along the line, the mosquitoes developed a resistance to the insecticide.

So it is that, for a while at least, the explosion has been averted, thanks for allowing me to let off steam by sounding off from the soap box.

Injuries Minor As Pedestrian Walks Into Van

Pedestrian Timothy L. Hanson, 122 Locust St., Clinton, sought his own treatment for minor injuries received when he walked into the path of a van driven by Thomas A. Thiery, 30, Onsted.

The mishap occurred just after the Clinton-Onsted game on Currier St., just north of the high school, as a group of several persons were walking on the roadway with the traffic.

Members Installed

Installation of new members was conducted by the pastor Oct. 12 in the Gloria Dei Lutheran Church.

Those admitted through baptism and by transfer into the congregation are A. A. Anderson, Norman Grigg, Phillip McCartney, Mrs. Kenneth Kingston, Mr. and Mrs. Dalton Stephenson, Carolyn Stephenson, Mr. and Mrs. Carlyle Wolding.

They were greeted by the Evangelism chairman, Mrs. William Rohweder. In their honor a coffee-hour, sponsored by the LCW, was held in the Luther Hall.

"Sing to the Lord" was the anthem of the Junior Choir Sunday, dedicated to youth.

"One of the strongest helping arms of the church today is the women's auxiliary," the pastor states. Its purpose is to support the work of the church to provide for Christian education and fellowship. To achieve these goals the auxiliary has a program for the mutual expression of Christian living, for the cultivation of the spiritual life, for the expression of the individual Christian responsibility and for the stimulation of Christian living in home and community.

Mrs. Laszlo Gero was official delegate to the LCW convention in Ann Arbor the first of the week.

The local LCW of the Gloria Dei Lutheran Church, under the [illegible] of Mrs. William Rohweder, president, decided to have monthly circle meetings for increasing the interest and friendship through the guidance of the Bible, in order to become better Christians and more devoted helpers of the church and society.

The new schedule will not divide the group rather it will offer more choice and opportunity to serve in smaller groups.

The first circle meeting will be held on Monday, Nov. 3, at 7:30 p.m., the second one will have its meeting on Tuesday, Nov. 4 at 1:30 p.m.

Adrian Man Is Charged With Arson

A charge of arson has been placed against Garth Leslie Walter, 33, Adrian, in connection with the Guy Hoover barn fire which occurred Sept. 17.

Walter was apprehended Sept. 26 by Clinton State Police when he was found in a barn owned by Raymond Service on Clinton-Macon Rd. He was charged with illegal entry, bound over for trial, Oct. 23, and released on his own recognizance.

Following subsequent investigation, Walter was taken to E. Lansing by Trooper Allen Houghton and Detective Merlin Mowrey, where he submitted to a polygraph examination. Walter then admitted setting the Hoover barn fire and also the John Dorr barn fire, which had occurred Sept. 14. The barns are just a short distance apart, closely adjacent to US-12, west of Clinton.

Walter was arraigned before District Court Judge Yale Kerby, Oct. 15 on the arson charge. He demanded examination in circuit court. His bond was set at $2,000, which he failed to pay, and is now lodged in the Lenawee County Jail. Examination was scheduled for Oct. 27.

Police report that Walter refused any knowledge of a third barn fire, which occurred Oct. 21 on the Fred Feight farm, Russell Rd.

GAA Girls Enjoy Camp

GAA advisors, Diane Helms and Mrs. Richard Wells, and two members, Nancy Dustin and Barbara Bock, attended the Michigan Girls Athletic Association leadership camp during a recent weekend.

The site was Camp Cavell, located just north of Port Huron.

Three speakers spoke on the qualities leaders should have and how "Today Makes Tomorrow." One of the speakers was Dr. Wagenshein of Illinois State University.

Saturday, the girls attended hour-long classes of fencing, self-defense, gymnastics, folk dance, and a discussion class of GAA problems. The fencing classes were taught by two boys from Wayne State University, self defense by Dom Ferrara, and gymnastics were taught by Margaret Sneider from Germany.

Saturday night's speaker was Michigan University. Later there was a "hootenany," which the girls enjoyed.

The girls played football and volleyball during free time and made many new friends.

Dr. Betty Menzie of Eastern

The group had a very valuable experience, and Miss Helms commented that she "had a great time" and is looking forward to next year's camp.

CORRECTION, PLEASE

From THE REVIEW OF THE NEWS

Belmont, Massachusetts 02178

ITEM: From a form letter circulated by the United Nations Association of the U.S.A. in June, 1969:

We feel you are deeply aware of the needs of children all over the world, and of the worth of UNICEF. It and other fine UN organizations contribute to the international understanding and hope for a better world.

CORRECTION: Providing for the welfare of children in need is without question a most worthy project — but not when such efforts are used as a facade by the International Communist Conspiracy. And, as one would expect from any agency connected with the United Nations, U.N.I.C.E.F. has had more than its share of Communists on the payroll. The first chairman of the United Nations International Children's Emergency Fund was Ludwig Rjachmann, a Communist from Soviet-controlled Poland. When he was subpoenaed in 1957 by the Senate Judiciary Committee to answer questions about his connections with Communist agent Alger Hiss, Rjachmann fled this country rather than appear before the Committee.

In 1952 the Senate Internal Security Subcommittee published a 434-page document entitled Activities Of United States Citizens Employed By The United Nations, in which it revealed that: "startling evidence has disclosed infiltration into the UN of an overwhelmingly large group of disloyal U.S. citizens, many of whom are closely associated with the international Communist movement. . . . Their positions at the time we subpoenaed them were ones of trust and responsibility in the UN Secretariat and in its specialized agencies." One such subversive was a woman named Ruth Crawford, a publications officer for U.N.I.C.E.F. She declared under oath that she had been a member of the Communist Party and was still in sympathy with it. There was also Joyce Campbell, who admitted that she has been employed by the American Committee for Yugoslav Relief, an officially cited Communist Front organization, and that her position with that Front was the reference that obtained for her a job with U.N.I.C.E.F.!

In 1909 Lenin emphatically stated that "Marxism is materialism . . . . it is . . . relentlessly hostile to religion." And in 1957 Nikita Khrushchev said: "We consider that belief in God contradicts our Communist outlook." In the face of Communism's consistently hostile attitude toward Christianity, U.N.I.C.E.F. shows where its allegiance lies by constantly choosing artists who have collaborated with Communist causes to design its Christmas cards.

Pablo Picasso, perhaps the best known of all the artists chosen by U.N.I.C.E.F., designed a card for them in 1961. The following year he received the Lenin Peace Prize from a spiritually sensitive soul in Moscow named Nikita Khrushchev. Did you know that Picasso has belonged to the French Communist Party since 1944? And that the December 1966 issue of the Marxist magazine New World Review praises him as a "lifelong Communist"?

Consider also some of Picasso's stable mates. Hans Emi, artist of two U.N.I.C.E.F. cards in 1957, was refused admission to the United States in 1950 because of his Communist activities. Ben Shahn, artist of a 1958 U.N.I.C.E.F. card, has been connected with at least twenty-one Communist Front organizations. Antonio Frasconi, artist of another 1958 U.N.I.C.E.F. card, was a singer of the Artists Front to Win the War, an officially cited Communist Front. Doris Lee, a 1959 and 1960 U.N.I.C.E.F. card artist, has been affiliated with four officially cited Communist Fronts. She also signed a statement requesting U.S. aid for the Soviet Union and for Red China.

Arnold Blanch, artist of 1962 and 1963 U.N.I.C.E.F. cards, has been connected with at least four officially cited Communist Front organiations. He has also regularly contributed cartoons and illustrations to Communist publications. Karel Svolinsky, artist of a 1963 U.N.I.C.E.F. card, is a Czech Communist. In 1966, Lojos Vincze, a writer and artist from Communist Hungary, did art work for some of the cards; while the biggest and most expensive card in the 1966 line was a painting by a French artist named Jean Lurcat — described by the House Committee on Un-American Activities as "reportedly a member of the French Communist Party and an active member in numerous Communist Front organizations." Small wonder that Florence Fowler Lyons wrote in her column for September 11, 1966: "The Communist Party Bookshop in Los Angeles has just informed me that 'soon' they will receive their annual supply of UNICEF greeting cards."

The Communist permeation of U.N.I.C.E.F. also explains the many strange ways this "charitable" organization spends its money. The newsletter of the McGraw-Edison Company's Committee For Public Affairs of December 1961 pointed out: "The United Nations International Children's Emergency Fund . . . appropriated $59 million between 1947 and 1958 to Communist countries. In a ratio not unlike that of other UN ventures, the United States has furnished approximately $42 million of the money. Also, as with any 'aid' program, the assistance does not go to the needy but is administered through governments." And as any student of the Communist Conspiracy can tell you, food and medicine are used as political weapons to keep enslaved peoples under subjection. Witness the systematic, intentional starvation by the Reds of 10 million Ukrainians in the 1930's, and the Communists' brutal use of U.N.R.R.A. supplies in the late 1940's in Poland as described by Ambassador Arthur Bliss Lane in I Saw Poland Betrayed.

Do you remember the U.N. aggression in Katanga in 1961, when hospitals were bombed and civilians were indiscriminately killed? Well, U.N.I.C.E.F. helped finance it. We quote from Stanton Evans' column in the Indianapolis News for January 26, 1962: "When the UN was out of money for its Congo aggression, it borrowed $10 million, earmarked for UNICEF, from the U.S. government. This was UNICEF money—handed over with UNICEF's express consent . . . In short . . . UNICEF moneys were used to subsidize the Katanga aggression."

In March 1960, only a few months after the bloody takeover of Cuba by Fidel Castro, U.N.I.C.E.F. voted to send his Communist regime $170,000 for "health services," and for "environmental sanitation." In 1964 U.N.I.C.E.F. sent Castro another $125,000 to spend, among other things, on a fleet of truck sand jeeps, plus the spare parts to keep them in condition. This was in addition to U. N. I. C. E. F.'s emergency appropriation to Community Cuba that same year of $205,000. The D.A.R. magazine for April 1969 contains an article about U.N.I.C.E.F. which notes: "the general public looked with jaundiced eye on UNICEF gifts of $51 million worth of foods and drugs to Cuba, where 'underground sources in that unhappy island' reported 'that the drugs are already aboard a Russian ship on their way to the Soviet Union."

In 1962 an important national Catholic weekly, The Wanderer, prepared a flyer about U.N.I.C.E.F. In it was the following: "As for Catholic spokesmen who in recent years have taken a stand against participating in UNICEF 'trick or treating,' only a few weeks ago we wrote to Msgr. Edward J. Goebel, Milwaukee archdiocesan superintendent of schools, asking him whether Milwaukee schools still do not participate in the UNICEF Halloween program, and, if not, would he please state his reasons. Msgr. Goebel's reply, dated September 8, 1962, follows He writes: 'Our opposition to the UNICEF organization was based on the protest of several of our former Catholic Army chaplains who maintain that UNICEF proceeds were not contributed to youth in need, but rather that they were taken up by the Communists in the (Communist-controlled) countries." In short, U.N.I.C.E.F. supports the policy of submit or starve!

Even without considering the Communists' exploitation of U.N.I.C.E.F., we would want to caution Americans against supporting it purely on grounds of its incompetence. One can do far more good with his money by supporting bonafide religious and charitable causes. The U.N.I.C.E.F. publication Children of Developing Countries, for example, admits that in 1961 U.N.I.C.E.F. had 575 employees and distributed about $25 million. In typical contrast, the Catholic Relief Services for that same year distributed $125 million in aid with a staff of only 130 employees.

To see how financially responsible U.N.I.C.E.F. can get, note the following from National Review for June 14, 1966: "Twenty million cents will permit UNICEF to occupy quarters on the sixth floor of the swank United Nations Plaza, instead of the unspeakable second floor. Yes, last week UNICEF was offered the second floor—identical in layout to the sixth, except for some additional space—at a saving over five years of $150,000 to $200,000 plus a large contribution from a New York company that wanted to rent the sixth floor. The executive director, touring in Africa, telegraphed to the real estate agents that under no circumstances would he accept second-story space but insisted on the sixth; so (since ALCOA, the building owner, had a 'moral agreement' with the UN, that was that." U.N.I.C.E.F. claims that for one penny it can provide five glasses of milk. By such figures, its fancy quarters are depriving needy children of 100 million glasses of milk.

Consider also how adept U.N.I.C.E.F. is at squandering money in its everyday operation. G. Edward Griffin includes an excellent illustration of this in his valuable book The Fearless Master, A Second Look At The United Nations (Western Islands, Belmont, Massachusetts, 1964 $1.00) where he writes: "U.N.I.C.E.F. received one dollar for two teacher's manuals advertised in one of its promotional pamphlets; it sent not-only the manuals, but a large box containing hundreds of expensively printed brochures glorifying the purposes and accomplishments of UNICEF. This unrequested and unwanted material was shipped first class airmail at a total postage cost of $10.40. According to UN statistics this could have purchased 5,200 glasses of milk."

What must be especially galling to the untold thousands of Americans whose loved ones have been killed or wounded in the war in Vietnam is the recently announced plans of U.N.I.C.E.F. to funnel money to the government of Communist North Vietnam. As Human Events for June 28, 1969, reported: "The United Nation's International Children's Fund—UNICEF—will shortly begin negotiations to inaugurate an aid program for children in North Vietnam, marking the world body's first official contact with the Hanoi Communist regime. Discussions will be carried out by a UNICEF vice president, Dr. Boguslav Kozusznik of (Communist) Poland."

Because of its simply monstrous record, U.N.I.C.E.F. hides behind a mask of alleged charity, for fear that the American public will come to realize that it is just one more "front" which the International Communist Conspiracy is using in its drive to enslave the world. (Adv.)

Two Principals Explain System

Don Brazee and Dermont Poley, assistant principals at Tecumseh High School, answered many questions on the educational system here at a meeting of men and women of the Presbyterian Church and guests, Oct. 15.

Some of the main points were:

- Schools are not training youth for employment. Today's youth will change jobs four times in his lifetime, but we are not training him for these jobs.
- Since sputnick the cry has been "Go to College," but some are just not capable of going on to college. This creates another pressure on them. The frustrations and tensions on today's youth are tremendous.
- Yes, drugs are easily accessible to Tecumseh youth but as yet no drugs have been found in the high school and no irregular behavior due to drugs has been noticed.

In closing, Mr. Poley consoled in that "we still have a very high percentage of good and fine youth in Tecumseh. After talking about the discipline or problem youth and learning of their living conditions and environment, you have to give them a tremendous amount of credit for even attending school."

The principals answered more questions during a social hour, and Mr. Poley said it was a good public relations meeting.

Ladies' Night Out Is Next Monday

Members of the Welcome Wagon Club voted to meet every fourth Monday of the month when they met recently in city hall with Mrs. Lawrence Bilkie presiding.

Mrs. Bilkie announced the sponsors of the club, speakers, and special events for the year.

Ladies' Night Out will be held Oct. 27 when members will meet at 6:15 p.m. in the A & W parking lot.

Mrs. Bilkie and Mrs. James Kees served refreshments from a table centered with a fall floral piece.

Trying New Approach

A new approach to the annual fall "Every Member Commitment' program will be tried this year at the United Methodist Church when a commitment dinner is held on Wednesday, Oct. 29, at 6 p.m.

Under the chairmanship of Frank Bock and his committee, the membership and constituents have been invited to attend a planned family night dinner in the fellowship hall. Following this dinner a brief period of explanation regarding the program budget for the 1970 church year will be offered.

Then, entertainment in the form of two excellent Walt Disney films, selected with adults and children in mind, will conclude the evening.

The emphasis being that the financial program is important but the fellowship of the members is essential if the church program is going to succeed.

Persons unable to attend this event will receive personal visits on the following Sunday by specially selected teams of canvassers.

Working with Mr. Bock in planning the events, securing the program, and handling the numerous mailings being sent out are: Mrs. Robert Meads, Mrs. William Davis, Marion Ford, William Davis, Mrs. William Steele, Jr., Mrs. Robert Younglove, Mrs. W. N. Winfield, and Mrs. Charles O'Brien, church secretary.

A victory dinner will be held Sunday, Nov. 2, at the conclusion of the church school hour.

BEHIND the COUNTER with CARL LAMB

Every two or three years, public health experts predict an epidemic of influenza in the U. S. — and they are generally right. Such has been the case this year, with flu now raging from coast to coast, through 35 states.

Most of this year's flu has been the A-2 virus, nearly identical to the type which swept the nation in 1957. However, the number of deaths is higher than expected.

In most adults, influenza is a relatively mild disease that sends the patient to bed for three days with sniffles, coughing, nausea, diarrhea, cramps and various aches and pains. However, it can also reduce one's resistance to more serious diseases, such as pneumonia.

Vaccines have been developed and are now widely available. Doctors urge their "high risk" paients — especially older people with chronic heart and lung ailments — to take advantage of this protection.

But once the flu strikes, there isn't much that can be done. Get plenty of rest and drink extra fluids, and use aspirin to reduce the pain and discomfort. By staying home, you will also protect other people and lessen the chance of spreading the disease.

36 Students Guests Here

CLINTON — Fourteen countries are homelands to the 36 students from Wayne State University who spent the weekend as guests of 35 families in the village.

Most of the students have been in the country only since September, and were getting their first glimpse of family life in America. Eighteen came from India, and the remainder from Japan, Cyprus, Switzerland, Sweden, Ethiopia, Korea, Hong Kong, Poland, Philippines, Greece, Germany, Guatamala and Yugoslavia.

Mrs. Wesley Proctor coordinated the planning for the visit in the community, and the group was accompanied by Mrs. Hazel Boltwood, assistant foreign student advisor at WSU.

Many of the students were taken to the homecoming activities Friday, and shared family occasions Sunday. Saturday, the Rev. Charles Sturm drove the group about the countryside for a four-hour bus tour, which included a visit to the Freeburn Shamrock Egg Co., a dairy farm, Hidden Lake Gardens and the Irish Hills.

The newly-formed friendships resulted in many families planning to have their young guests return for holiday visits.

As the group boarded the bus for Detroit, Sunday afternoon, their spokesman, Sven Janehedcn, thanked their hosts for the hospitality and their enthusiastic hand - clapping demonstrated their enjoyment of the visit.

Marcee Reigns at Homecoming

CLINTON — Marcee Meyers was crowned queen of Clinton's homecoming festivities at the half-time during the game with Onsted, Friday night.

Last year's queen, Jan Campbell, bestowed the crown on Marcee, daughter of Mr. and Mrs. Donald Meyers.

Redskins' co-captains Tom Moore and Al Roberts presented roses to the queen.

The queen's court consisted of seniors, Melody Grinnell and Frances Dermyer and Vicky Moore, 11th grade; Kayte Studnicka, 10th grade; Debbie Benschoter, 9th grade; Joyce Richardson, 8th grade.

After the game, Queen Marcee accompanied by her escort, Lon Schneider, reigned at the homecoming dance, which was well-attended. Music provided by Terry Hunt's band.

Class floats, which had been featured in the afternoon parade, were judged and the awards presented at the game.

The sophomores won the top prize of $10 with their "Time For Victory" clock float with the moving hands.

Second place junior class titled, "Light My Fire," depicted a Redskin getting "all fired-up" in front of his tepee.

Third place senior class float titled, "I'll Bet Ya" showed a large pair of dice and cup.

Freshman class float titled, "Great Team Arisin'," featured tombstones marked, "Madison 50-6" and "Onsted ?" Because of a mix-up in scheduling, the freshman float was not paraded at the game.

Fitting climax was the winning score of 32-12 for the Redskins against Onsted Wildcats.

Wheel Chair Is Planned

CLINTON — Clara Camp Royal Neighbors met with Mrs. Leon Van Deusen Thursday.

Mrs. Ben Mahrle I and Mrs. Van Deusen were appointed to look into the matter of purchasing another wheel chair for use in the community. Funds for the chair, which will cost nearly $300, are being raised by breakfasts served by members.

Over the past several years the Royal Neighbors have purchased three wheel chairs, which were stored with Lester Proctor, and are available to local residents; however, the chairs are now becoming worn out.

Mrs. Leo Smith assisted the hostess with the serving of pumpkin pie and coffee.

CHAMPIONS HONORED — Tecumseh recognized past Championship teams and their coaches here Friday night in a centennial game against Blissfield. Aden Mead, left, School Board president, presented former winning coaches or their representatives with recognition certificates: Jim Wilson, for father father, the late Red Wilson; Nevile Hart, current high school principal; Fred Raizk, now athletic director at Wilmington College in Ohio; Myles Runk, trade andindustrial educator in western Michigan; Mrs. Duncan Lectka for her husband who died last spring; Tom Fagan, current THS coach.

CONTRIBUTIONS NEARING $65,000

Fund Soars Over Goal

Tecumseh's Foundation goal of $59,831 has been topped —and not all contributions have been reported!

Merlyn Downing, general chairman for the 1968 Community Fund Foundation campaign, has reported donations totaling $64,626.96 and expects the final total to exceed $65,000.

With contributions in excess of $65,000 the '68 campaign will go down as one of the finest ever. Only in the first two years of the Foundation's beginning did contributions exceed the amount now anticipated by Foundation officers.

Coming to the rescue this year, as it has done so often in the past, is the Tecumseh Products and its employees. The Products raised a total of $42,799.50, of which $30,002.50 was designated for Tecumseh.

Management is pleased with the attitude of those increasing their contributions this year and with those who continued their usual support of the local Foundation. Since the Foundation's founding 10 years ago, the Products and employees have been its biggest contributors.

That industrial giving this year of $46,080.75 exceeds the $42,000 goal, and is approximately $13,000 more than donated in 1968.

The business division has contributed $5,618.50, and is not complete. Its goal is $5,000 and has been exceeded. Last year, business donated just $3,079.50.

Teachers and employees of the Tecumseh schools have contributed $1,869, well above their $1,000 goal. In 1968, they gave $989.50.

The professional division has not been completed but $1,760 has been given, over $500 more than last year and just short of the $2,000 goal.

Residential drive raised $2,498.71, and special gifts have amounted to $6,800. Hospital has yet to report but expects to do so this week.

Of the amount of monies to be retained by the local Foundation, about $12,500 will be spent on a "magic square" and tennis courts at Tecumseh Park. Another $8,500 is allocated for the city's recreation programs.

Charity obligations of some $48,000 will be fulfilled

Although th drive's goal has been realized, folks who are interested in furthering the progress and potentialities of the Foundation and who have not donated, may do so at the downtown office of the United Savings Bank or at its branch at Herrick Park.

A final fally of the 1969 drive is expected next week.

12-Year-Old on Mini-Bike Hit by Bus

Twelve-year-old Dennis Hollis, seventh grader at Clinton, suffered a broken left ankle and bumps and bruises last Friday afternoon when he rode his mini-bike into the path of a Tecumseh school bus.

The young boy, son of Mr. and Mrs. Jay Hollis, 5950 Pennington Rd., was taken to Herrick Hospital by the sheriff's department and was released Tuesday.

According to Mrs. Hollis, her son was riding his mini-bike on Pennington Rd. and tried to brake for a stop sign there. Unable to do so in time, he rode through the stop sign and directly in front of a school bus driven on Billmeyer Rd. by Judith May, 30, of 215 Burt St.

Mrs. Hollis says her son does not have a walking cast and does not know when he will be able to return to school. She says they hope to have a teacher come in, otherwise he may return to school next week.

The mini-bike, acquired by by Dennis in August, was extensively damaged in the mishap.

No charges were filed against Mrs. May in the accident.

Indians Win Centennial

Winless Blissfield nearly pulled off what would have been the upset of the season in the Huron League here Friday night before bowing to the Indians, 12-6.

The Royals came to play ball while Tecumseh appeared to be down after losing its first game of the season the week before. It was the Indians worse performance of the year.

Tecumseh took command over Blissfield in the first quarter when the Indians marched 50 yards for their first score. Big gainers in the drive included passes from Craig Smith to Paul Burns and Jack Baker.

Smith, who tallied both Tecumseh scores, sneaked over from the three. Ken Pieh attempted to skirt Tecumseh's right end for the extra points but was smothered short of the goal line.

Minutes later, the Indians took over on their 46 and appeared to be headed for another score only to have a 15-yard penalty nullify a 22-yard pass-run play by Smith to Mike Kennedy.

Instead of having possession on Blissfield's seven, the Indians were marched back to the 46 — actually, a 17-yard penalty by the

Place Leaves at Curb – Don't Burn in Streets

City trucks have started picking up leaves and will continue to do so until the leaves are off the trees, Cal Zorn, city manager, said Tuesday.

He said leaves, limbs and shrubbery trimmings will be picked up if left at the curb by residents.

Although some folks have been burning their leaves in the streets, it is against a city ordinance and they're asked to refrain from doing anymore such burning. In fact officials have indicated that they wish residents would not burn any leaves, but simply put them at the curb.

Tecumseh Box Providing Free Shipping Boxes

Tecumseh Corrugated Box is providing overseas shipment containers or boxes for folks sending packages to servicemen, according to James Robideau, company president.

The boxes, one foot cubes and meeting postal regulations, are free and may be obtained now at Wright's Pharmacy, Hanna Insurance, Ken-Ray Drugs or Baldwin Hardware.

First performance of "The Curious Savage" by the Tecumseh Players will be given this Thursday evening in the glass room at the Tecumseh Community Center. Curtain time is 8 p.m.

Eleven Players are cast in the 3-act comedy being directed by Mrs. Glen Harbaugh of Adrian. Bertha Vallelunga has been starred in the leading role.

Tickets are on sale on a reservation basis at Flander's Music, Wright's Pharmacy and Mary Sanchez Beauty Saloon, or they may be acquired by calling 423-7375 or 423-7713.

Judging Costumes Today at Center

Tecumseh's annual Halloween costume contest will be held this Thursday afternoon at the Community Center.

Judging will start at 4:15 and Ward Eardley, director of Parks and Recreation, expects all youngsters in age groups through the sixth grade to be judged within an hour.

Programs Available

Centenial game football programs, picturing 15 Tecumseh High championship football teams, still may be bought at the Herald office for 50c each.

The newspaper office will end its ale of the programs on Nov.7. Afterwards, they may be purchased at the high school.

The programs were first sold last Friday night at the Tecumseh-Blissfield game, and Don Brazee, assistant high school principal and athletic director, reports over 500 sold at the game.

Open House on Nov. 12

Week of November 9 to 15 has been designated American Education Week. In keeping with this theme, Tecumseh Junior High School is sponsoring an open house for parents at 7:30 p.m. on November 12.

A miniature school day of seven minute periods is being planned. Parents will follow a typical schedule of their child's classes. In each class a brief explanation of the course content will take the place of the usual assignments and discussion.

Following the last period, refreshments will be served in room 403, and opportunities for informal talks with the teachers will be possible.

Arrangements for the event are being made by the American Education Week Committee, Mrs. E. J. Crawford and Gordon Crocker, co-chairmen.

New Well Rated Tops

Work has continued to progress on a new city well, just north of town and near the new Friends Church, and workmen began construction Tuesday of a new well house.

The well has been pumped at 1,000 gallons per minute and is rated the equivalent of the city's well on Patterson St. A 14-inch casing was installed.

Within the next several weeks, a 10-inch water main will be installed from the well house to city lines, and Cal Zorn, city manager, expects the well to be in service sometime during December.

Treasure Island for Youngsters

"Treasure Island" will be the feature for the youngsters on Halloween night at the Communtiy Center.

Show time is 7 p.m., and refreshments for the children will follow.

Walks have been constructed and a large parking lot was expected to be paved yet this week. Worker Ned Brown here is smoothing down the sidewalk which runs in front of the new building. General contractor is Cheever & Benedict.

"The refrigeration business has been good to me," remarked Hugh T. Walter as he told of his retirement from The Tecumseh Products Co., effective Oct. 31.

"From 40 units a day at Kelvinator to 40,000 compressors by the largest manufacturer of refrigeration units is some jump."

For the past 17 years, Mr. Walter has been general service manager of activities of the three plants in Tecumseh, Marion, Ohio and Emeryville, Ohio.

Before Mr. Walter brought his family to Tecumseh, he had more than 30 years experience in the service and manufacture of refrigeration.

He served with Norge in various capacities for more than 18 years was five years with Firestone Tire and Rubber Co. as service manager of the Appliance and Radio Division; seven years with Kelvinator, and two years with Brunswick - Balke - Collender.

With [illegible] sale workin refrigeration and air conditioning at Columbia University. Mr. Walter specialized in the organization and operation of factory, distributor and dealer service departments.

HUGH T. WALTER

He is a member of the American Society of Refrigerating Engineers and is affiliated with Refrigeration Service Engineers Society.

Now that his three children have grown and married, Mr. Walter and his wife, Peg, have decided to sell their home on Red Mill Pond, which they built soon after arrival in this city.

They have another at Newago on Sylvan Lake but plans are indefinite about moving.

Their oldest daughter, Molly, now Mrs. Ralph Wingerter, lives in Chicago with her husband and children, Scott Mollyanne and Randy, and Martha, who is married, Mike and his wife, the former Penny Davis, and children David and Holly live in Dearborn where Mike is an architect for General Motors Corp.; and Tom Walter is a foreman at the Fisher-Body plant and lives with his wife, the former Virginia Grieson, and children, Mark and Tracy, at 900 Blanchard.

A party was held Oct. 21 at the Elks Club in Adrian honoring the retiree. It was given by the management of the Products Co. and friends. They presented Mr. Walter with a gas patio grill.

In responding and expressing his thanks, Mr. Walter used several of his favorite aphorisms, "Some people have all the luck. They're the kind who don't depend on it," and "with everything else mini, speeches should also be like mini skirts — long enough to cover the essentials and short enough to show the fundamentals."

A luncheon was held Oct. 27 by the general service personnel, honoring the head of the department at the Country House.

Mr. Walter said Monday that he is considering some requests for advisory service in the refrigeration field. He plans a business trip soon to Ireland, England and Spain.

To the Editor,

If it be true why relegate the adv. titled "Correction Please" to the back page? I would not have noticed it except for a brief reference in another column of news about town.

Why not blare it with big headlines on the front page and give us prominent coverage on Communistic ways of draining money from guiltless Americans. If it be true, say that UNICEF is for Communistic purposes!

Carol Dixon Is Rotary Speaker

CLINTON — Carol Dixon described her summer in Denmark as an exchange student in the Youth For Understanding program for members of the Clinton Rotary Club last Wednesday.

Program was arranged by Thomas Young.

Miss Dixon resided in Denmark with the Klinger family, import buyers, and Mrs. Klinger was secretary of a Pony Club, and had charge of a youth hostel. There were several other young people in the household much of the time.

The family owned about 30 riding horses, and Carol was taken on some horseback-camping trips. She also went on a ferry boat ride to Germany and visited Sweden.

Carol recalled that she became the target of much questioning about America's space program at the time of the moon walk in July.

Many Danes expressed their admiration for America and said they would like to come here to live. "Mostly, because they believe there is more opportunity here," she explained.

Describing their schools, Carol said there are no required subjects, although most students ask to study English as well as their own language. Students are free to leave the school between classes and may wear whatever they choose.

Since youths cannot drive until they are 18, most ride bicycles or horseback.

Denmark is especially clean—people carry bits of trash home in their pockets rather than discard it on the street—and she saw no slums.

Attending the dinner meeting were 45 persons, including members and their wives and guests, Dr. and Mrs. Richard Dixon, Mr. and Mrs. Frank Ashton and Mr. and Mrs. Harold Calhoun.

The ladies were presented scented candles as gifts.

Members voted to give $110 to the Clinton United Fund.

Robert Mohr arranged the Oct. 29 program when the speaker was to be Darril Kniss of the Michigan Conservation Department.

Pajama Game Cast Is Chosen

CLINTON — The cast has been named for the musical, "Pajama Game," which will be presented on Nov. 20, 21 and 22 by the vocal and drama department of Clinton High School.

Following lead players are: Sid, Eric Sparks; Babe, Debbie Gibbard; Hines, Tracy Vogel; Mabel, Rebecca Scoviac; Pres., Jim Claus; Gladys, Jeanne Meeks and Judy Hoyt.

The role of Gladys was doublecast because of the size of the role and the fact that both girls are so well qualified for it.

They will play it on alternating nights.

BIG HOLE — This is one of the few times that the Indians were able to open a big hole in a tough Blissfield line Friday night. Halfback Ken Pieh scoots through this opening for a seven yard gain before being stopped by Royal defenders. Pieh was selected as one of the Indians' top offensive backs by the coaches.

Jayvees 'Unbelieveable'

Tecumseh's undeteated Jayvees pulled the unexpected — almost unbelievable — last week in an 18-7 win over Blissfield. Coaches Jim Curth and Jerry Fox must have a lot of confidence in their club!

With a scoreless deadlock in the first quarter, the Jayvees were on their own one yard line and faced with a fourth and 30 situation. The logical call was punt — but not our Jayvees.

With Hugh Conlin split as an end and the Royals dropping off, quarterback Scott Durkee called an automatic at the line of scrimmage and tossed a pass. Conklin hauled it in and rambled 99 yards for a Tecumseh touchown.

After the shock wore off, Blissfield came back to score and go ahead.

In the third period, Conklin broke lose again and romped 50 yards to give Tecumseh its winning tally. Conklin scored his third TD of the evening in the final period on a two-yard run.

Outstanding offensive players were Dave Bird, Mike Steele, Tom Huber, Ken Brown, Bob McKee and Brian Thews.

Defensive standouts were John Merz, Craig Brown, Marc Graf, Mark Smith, Rich Hemphill, Gary Alcock, Tom Van Sickle, Mark Murray and Mark King.

The week before, the Jayvees were tied by Monroe CC with the teams battling to an 8-8tie. The Rams scored first after recovering an Indian fumble on Tecumseh's 15.

Thews broke lose in the fourth period to put the Indians on the scoreboard with a 55-yard run. Conklin then knotted the game, running for the extra points.

With two minutes left in the game, the Indians reached CC's 20, only to fumble. Monroe then pulley a "Notre Dame," attempting to run out the clock on short dive plays. The Indians used their time outs to stop the clock and gain possession of the ball.

In the last 30 seconds, the Jayvees just missed on two occasions. Both times just one Ram was left to block to keep a Tecumseh back from going all the way.

THS at Gibraltar

Tecumseh Indians, boasting a 6-1 record, travel to Gibraltar Friday night and should come home with their seventh victory of the season.

Gibraltar Carlson was walloped last week by Monroe CC in a game which Gibraltar could do nothing right and CC nothing wrong. Coach Tom Fagan expects a tough game for the Indians, especially if they continue playing like they did here Friday evening against Blissfield.

Gibraltar is as good as the Royals and Blissfield, with a few receptions from pass receivers, could have shocked Tecumseh here in a centennial game.

Whiteford Nips Tories, 14-12

A fumble, plus a 15- yard penalty, doomed the Britton Tories Friday night to a 14-12 loss to Whiteford at Ottawa Lake.

Trailing 7-6 at halftime, Whiteford pounced on a fumble at Britton's 33 and aided by a major penalty, scored in three plays. It proved to be the winning TD

Britton came back in the final period with Jim Lister running 13 yards fora score. The Tories could have tied the game but a pass for the extra points failed.

Late in the game, the Tories appeared to be on a winning drive only to have a pass picked off deep in Whiteford's territory.

Britton, now 3-4 for the season, plays a tough Deerfield eleven Friday night.

The film included the coronation of Pope Paul, war in Vietnam, the admittance of two negro students to a university in Tuscaloosa, Ala., the Russian film strip of the Cosmonauts take-off in space, and excerpts from President Kennedy's speech outside the Berlin Wall.

A question and answer period followed his program, during which Mr. O'Donnell gave interesting sidelights of his life with the various presidents of the United States and dignitaries of the world.

Rally Wins

Clinton rallied to beat a surprisingly tough Ida eleven Friday night with a touchdown in the final two minutes, 16-12.

The victory gives the Redskins a 5-1-1 record for the season.

Back Ron LASovage scooted six yards in the opening quarter to give Clinton a 6-0 lead, and Mike Gunn added the two extra points on a run. Ida came back with a TD in the second period and added another in the third.

Starting on their seven yard line, the Redskins moved 93 yards to paydirt, despite numerous penalties which nearly thwarted the winning drive. LaSovage climaxed the march with a 12 yard pass to Tim Merritt for the go-ahead touchdown.

guess who?

Before I had a chance to say, "Guess who," Jack knew it was I. We're like that—maybe it's because we're twins.

We've always been close. When we were small, we had a private adventureland out in our back woods. Hardly a day went by that Jack didn't help me out of some scrape. He was the one who was able to entice me down from that tree when I fell halfway from the top—and lay paralyzed with fright between two branches. I bailed him out of several misadventures, too.

When it came to college—we chose the same one. And it's been nice. Every now and then we get together and talk out our problems, just as we always have. We go to church together, too.

We're glad Mom and Dad made the Church an important part of our lives. When we think of graduation and the inevitable parting of our ways, it's good to know that each of us has an ever-present source of strength and guidance in God and His Church.

Readers Back UNICEF

Dear Editor:

In response to the advertisement on UNICEF which appears to have stemmed from Massachusetts headquarters of the John Birch Society and which appeared in last week's Herald and evidently trying to damage the local UNICEF collection, we would like to give some UNICEF facts and fallacies.

How and why was UNICEF founded? Is it true that the origin and purpose of UNICEF are questionable?

Oroginally known as the United Nation's International Emergency Fund, UNICEF grew out of the aftermath of World War II. The war had left millions of children homeless, hungry, and ill. On the recommendation of a survey mission, headed by former president Herbert Hoover, the United States government supported the creation of a special body within the new United Nations organization to meet the emergency needs of children. UNICF was established by the United Nations General Assembly on December 11, 1946.

With the end of the post war emergency, UNICEF turned its attention to the needs of children in economically less developed countries and eventually became a continuing program. In keeping with its new role, its name was changed to the United Nations Children's Fund. UNICEF now assists approximately 500 projects in 120 countries and territories.

In 1965 UNICEF was awarded the Nobel Peace Prize as the organization "which has worked most or best for brotherhood among nations." In making the presentation, a member of the Nobel Committee of the Norwegian Parliament declared, "The aim of UNICEF is to spread a table, decked with all the good things that nature provides, for ALL the children of the world.

Since UNICEF began, over 254 million children have been vaccinated against tuberculosis in projects aided by UNICEF. More than 37 million children have been treated for trachoma and about 22 million for yaws. UNICEF as helped to equip more than 37,000 health centers and sub-centers, 800 teacher training schools, and 12,700 associated primary schools.

An executive board made up of 30 members elected by the United Nations Economic and Social Council has this responsibility. The Untied States is a member of this Board.

Since UNICEF began, the chairmen have come from the following countries: Australia, Canada, India, Israel, Mexico, New Zerrland Pakestan, Poland and Switzerland.

It has been charged that 29% of the members of the National Committee to promote UNICEF's programs "have been affiliated with one or more communist-front organizations."

The United States committee for UNICEF is a private, nonprofit organization which exists to stimulate public interest and participation in the work of UNICEF. The United States government has formally recognized its function and commended its accomplishments. The Committee is composed of leaders in religion, labor, business, education, social welfare, medicine and public affairs. The people who have made the above charge about members of the committee have been asked but have consistently refused to document the source of their statements. Their charge is unjustified.

Who determines UNICEF policies and decides what aid will be given?

An executive board, made up of 30 members elected by the United Nations Economic and Social Council, has this responsibility. All decisions are made by a majority vote.

Members of the Executive Board through July 1968 are Australia, Belgium, Bulgarra Cameroon, Canado, Chile China or Taiwan, Dominican Republic, Ecuador, Ethiopia, Federal Republic of Germany, France, Guinea, India, Iraq, Philippines, Poland, Senegal, Sweden, Switzerland, Turkey, Uganda, Union of Soviet Socialist Republics, United Kingdom, United States, and Yugoslavia.

Nearly all governments that contribute to UNICEF do so in their own currencies. For the most part, UNICEF spends these currencies in the contributing country for the purchase and shipment of supplies for programs it is aiding in other countries.

Over the years, more than 85% of the United States contribution has been spent in the United States.

Is it true that "communist countries have been favored because they received UNICEF aid but gave nothing?"

UNICEF income in 1967 included government contributions from Bulgaria, Byelorussian Soviet Socialist Republic, Cuba, Czechoslavakia, Hungary, Poland, Romania, Ukrainian Soviet Socialist Republic, Yugoslavia totaling 1.2 million dollars — more than three times the amount of allocations to communist countries.

Is it true that UNICEF funds were "misused to help the United Nations operation in the Congo?"

This question refers to a loan made by the United States government in 1961. Misunderstanding about the loan was clarified in a speech to the House of Representatives by Congressman Walter H. Judd (R-Minn.) on Aug. 14, 1962. This speach confirms that in May 1961, the State Department loaned $10 million to the United Nations for general use. In December 1961 this money was reimbursed. It then became part of the United States contribution to UNICEF. At the time of the loan, UNICEF had neither claim to nor control over the money. UNICEF funds have been used for no purpose other than programs for children.

Also in regard to UNICEF Christmas cards, many of the designs convey the message of peace and good will. All the designs are chosen on artistic merit and donated by artists from all over the world.

UNICEF has been acclaimed by many presidents of the United States. UNICEF is one of the most successful international efforte the world has ever known." — Lyndon B. Johnson, Oct. 27, 1967.

'Children are the world's most valuable resource and it's best hope for the future. I urge all Americans to respond once again in a spirit of charity and good will to UNICEF's appeal this fall. (July 25, 1963) — John F. Kennedy.

"It ie heartwarming to follow the work of UNICEF, the United Nations' Children's Fund. Please give my congratulations to the members of the United States Committee for UNICEF for their unceasing efforts to alleviate hunger and disease among all the world's children." — Dwight D. Eisenhower, Oct. 23, 1959.

'I have allways had a special interest in the work and program of the United Nations' Children's Fund and have followed with satisfaction the humitarian services performed by them in many countries the world over. —Harry S. Truman, Oct. 9, 1963.

Frosh Trip Belleville 30 To 14

Tecumseh freshman football team rolled to its seventh straight victory of the season last Wednesday with a 30-14 romp over Belleville.

The Indians led 14-8 at halftime on a 10-yard run by Dave Biscupski and a one yard plunge by Dan Gundee. (Joe Burns scored the extra points on a pass from Mike Clement.

Clement put the frosh in front 22-8 in the third period when he scored from one yard out on a quarterback sneak. He then passed to Dennis Dermyer for the extra points.

Dermeyer scored the Indians' final touchdown on a 51-yard pass from Gunder. Biscupski scored the extra points.

Fine defensive performances were turned in by Chuck Hanna, Richard Smith, and Joe Burns.

Mike Eggleston, Fred Sisty, and Bob Beevers led the Tecumseh offense with their blocking.

Methodists Receive 7

Reception of new members into the fellowship of the United Methodist Church took place Sunday morning during the worship service.

Renewing their vows were Dr. and Mrs. Ralph Helzerman, Mrs. Marilyn Aylesworth, Mr. and Mrs. Charles Osgood, and Mr. and Mrs. Kenneth Armstrong.

Their individual fellowship friends stood with them at the altar.

Following the service, a coffee hour was held under the Membership Work Area with Mrs. Robert Bonner as chairman. All persons received into the membership during the past several months were honored.

LOAF OF BREAD — Frank Geisenhaver, hard running Tecumseh fullback, bounced through the line against Blissfield but nearly forgot the ball. The junior back has turned in two top performances during the past two weeks and gained considerable yardage in Tecumseh's winning TD drive. He also was picked as an outstanding back by the coaches. Guard Steve Tilton (60) helped to spring Geisenhaver loose on this play.

officials. From this moment until early in the fourth quarter, the Royals dominated action.

Blissfield scored with over five minutes remaining in the second period ona pass from Kyle Kraynor to Chuck Cory, the play covering 47 yards. A pass for the extra points was incomplete.

Kraynor continued his passing spree, and it wasn't his faul that the Royals didn't have a couple more TDs in the first half. Twice, one in the end zone, passes were dropped.

The Indians went 80 yards in the fourth quarter for their winning score. Pieh and Frank Geisenhayer alternated carrying with Pieh picking up 30 yards in the drive and Geisenhave, 17. Two Smith passes, one to Pieh and another to Kennedy, gained 30 yards.

Smith carried over from the one on a sneak, and Geisenhaver's run for the extra points was just short in what could have been a controversial maneuver by the Royals.

Just as the extra point play was getting underway, a Royal ran off the field, stood beneath the goal posts and then ran back in to make the stop on the chunky Indian fullback.

The officials could have called a penalty for unfair participation, since the Royal failed to keep moving after leaving the playing field, or for 12 men on the field.

Seconds later the officials called what many — including those in the press box — thought was a miscue. On the kickoff, a Royal called for a fair catch and was hit by a Tecumseh tackler. A 15-yard penalty resulted against the Indians.

Vic Lawson, former Tecumseh grid coach and a veteran football fan, was asked about the ruling. "I simply don't know, it's the first time I've ever seen it," exclaimed Vic.

A check of the rule book shows the officials were right.

While the game left a lot to be desired for the Indians, there were some exceptions. Geisenhaver for the second straight week ran hard and well and shared the ball carrying load with Pieh.

Defensively, the Indians were strong against the ground game but miserable against the pass. Kennedy was the lone exception, and his selection as the top defensive back by Coach Tom Fagand is easy to understand.

2 Lads Falter at East Lansing

Too much excitment — or something — but Tecumseh's two participants in Ford's Punt, Pass & Kick contest Saturday morning in Jennison Field House at MSU didn't fare too well.

Neither John Getz, who took first place among the 12-year-olds at Battle Creek, and Scott MacBeth, first place for 10 year olds, did as well in the big East Lansing gym.

Mr. and Mrs. William MacBeth and Mrs. Melvin Getz accompanied their sons to the contest. Mrs. MacBeth said the Ford Co. did a professional-like job and should be commended for their program.

Letters to the Editor

To the Edtior:

Read with interest the letter from Edwin A. Mueckler and his disagreement with the way pastor Duane McNeil answered questions in his column, "Pastor Tell Me."

I would personally like to thank the Tecumseh Herald for carrying the column and Duane McNeil for not only writing the column but for answering the questions from the Bible. (I did not notice the Baptist viewpoint as Mr. Mueckler did but did notice the scriptures given from the Bible.)

I hope you will continue to carry Pastor McNeil's column even though he will soon be leaving the area, as was reported in your last week's paper.

Mrs. E. J. Sampsel
Sincerely,
Houston, Texas.

Through My Window

" . . . . EVER SEE AN OVENBIRD?"

A several weeks ago telephone call, not only resulted in me seeing a new bird but it started an interesting session of bird-book reading as well. Ellen Snedecor called to ask if we had ever seen an ovenbird. No, none of us had. Well, then, she went on to explain that one had committed suicide by flying into a big window at Mead's and someone would see to it that we saw it.

Later in the day, Margaret brought the bird in—once again we were faced with the dead bird paradox. It was such a sad thing and we are always so sorry when birds die or kill themselves — these nice big picture windows can be bad — but, on the other hand, this broken neck death is usually split-second quick, producing an intact specimen to study. Feathers can be smoothed into place and, of course, these closeup looks show markings and shadings that could never be seen on a live and active bird.

Our first thought upon seeing the sparrow-like bird was how pretty he was, how distinctly shaded was his back coloring. Very stylish and up to date, his shirt front was a pure creamy white with bold dark spots so arranged as to make definite stripes. His black eyes looked larger than they actually were because of white eye rings.

His bill was dark and tapered to a sharp point. The slightly orangish stripe on the top of his head was bordered by a clearly-defined band of black. The olive brown of his head, back, wings, and tail was tinted with the most delicate trace of yellowish-gold. It was so slight as to be merely a suggestion.

*

SO MUCH FOR how our bird looked, what was he like was the question which sent us to the book shelves. It seems he is quite a bird, a character with a personality of his very own. Although a member in good standing of the warbler family, he shows many unwarblerlike traits.

Much larger than most warblers, 6¼ inches as compared to the usual 3¾—4½ inches, the ovenbird is not of a nervous disposition nor does he appear flighty or jumpy: instead of flitting through the tree tops, he spends most of his time walking on the ground.

This must be a rather dignified gait, too "Birds of America" says it "promenades on its pretty pink feet over the leaves and along fallen logs."

The ovenbird does not have the lispy, squeaky voice of his cousins either. His common song is a two-syllabled note which many hear as teacher, teacher, teacher. Thus, the much-used nickname, teacherbird.

During the mating season, the male ovenbird explodes into a complicated lyrical song. He often starts singing from the top of a tall tree, then rockets high into the sky and "having reached its climax of flight and song, the bird closes its wings and drops nearly perpendicularly downward like the skylark."

Often this performance takes place at twilight or on a moonlit night and so the ovenbird is sometimes incorrectly called the nightingale.

*

INCIDENTALLY, THE ovenbird was a great worry and an even greater puzzlement to Thoreau. He knew the bird by sight although he called it the golden-crowned thrush. Never, however, did he realize this bird and the serenadist, whom he called the mysterious night warbler, were one and the same.

It is the nest the ovenbird builds which accounts for his most common name. After the courtship, the female selects a homesite on the ground, usually in dry and open woodlands, and quickly builds an intricate and quite unique home-sweet-home.

Made of dried grass and fine rootlets, it is roofed over and the front door is conveniently placed on the side. It looks very much like an old-fashioned oven. The dead-leaf roof so perfectly camouflages the nest that it is almost impossible to find.

If perchance the setting bird is discovered, she will often try to distract the intruder away from the nest by limping away and dragging a wing. How interesting it is that many birds have evolved this same trick.

So it is that, first in person and then on the pages of books, an introduction to a new bird was all started by the query, "Have you ever seen an ovenbird?"

Pastor tell me

By DUANE H. McNEIL

HOW CAN I KNOW I AM SAVED?

More persons have trouble with a lack of assurance than we know. Sometimes there is no reason for this but then again it may be from not knowing the Scriptures.

Salvation comes by Faith in the Word of God. It is not available otherwise than through the Bible.

You may know God Saved you if you have done your part in the Salvation question. God says for you to believe that Jesus died for you and arose again. He asks you to accept Jesus as your personal Savior by Faith. If you have done your part, God certainly did His.

Beyond this, the Bible contains items we should see in our lives. We care to be changed by God so that old desires fade away and new ones replace them. We should sense a desire to pray and to read the Bible. We should feel a longing for fellowship with other saved people. We will also have a new awareness of sin in our lives. Peace of heart should come along with the Holy Spirit and His voice within.

A confession of Christ in some way will bolster our own assurance. Romans 10:9 tells us to Confess Christ with our mouth. God certainly wants us to know that we are saved. See I John 5:13.

Pastor McNeil would be glad to answer your questions. Write to Pastor Tell Me, c/o Tecumseh Herald or to Pastor McNeil, Britton, Michigan.

BEHIND the COUNTER
with
CARL LAMB

Druggists in a Midwestern city were recently alerted to a wave of forged prescriptions, written on blanks that had been stolen from a hospital clinic. The warning was not circulated by the police, but by the pharmacists.

Since a prescription is an order for drugs written by a physician, and since the druggists had no way of knowing forgeries were in circulation, it would not have been illegal for them to have filled the prescriptions and kept quiet about it. In most businesses, a sale is a sale.

But the pharmacists knew the dangers that the young thrill-seekers would encounter if they took heavy doses of the drug ordered on the fake prescriptions.

Used under a doctor's supervision, the drug is helpful and harmless. An overdose could cause permanent brain damage or death. That is the core of the drug abuse problem: products that can help, may also injure, if the necessary warnings are ignored. This is one reason pharmacists are so careful about filling prescriptions, and even more cautious about refilling them.

The story of the forged prescriptions had a "happy" ending. The druggists not only refused to fill them, but they also called the police, and the youngsters were placed in custody for their own protection. When they learned of the danger, most of the young people were appalled and, to some extent, grateful to the pharmacists who had "blown the whistle" on their thrill-seeking.

300 Parents at Patterson Open House

Open house at the Patterson School was termed a tremendous success following an attendance of approximately 300 parents Tuesday evening of last week.

In spite of rain, interested parents met the new principal, Ralph E. Block, and were introduced to almost all of the regular and special teachers and staff. While the teachers adjourned to their individual rooms, Mr. Block [illegible] of demonstration of the television camera and monitor which is being used throughout the school system.

Many surprised persons saw themselves entering the gym and sitting and conversing during the refreshment period.

Special hostesses at the refreshment table were Miss Bertha LaPointe, Mrs. C. O. Bailey and Mrs. A. L. Van Winkle, all retired teachers.

All of the facilities of the school were open for visitation with the teachers available for questions about curriculum and texts as well as for meeting the parents.

An initial scanning of the questionnaires, filled out by the parents, indicates that the organization of a PTO with meetings four times a year received the majority of parental support. Further results of the questionnaires will be given to the parents in the next issue of the Patterson News.

Where Has Money Gone?

Where's the money?

This question was raised by city attorney James Beardsley at Council meeting Monday night when he reported that Tecumseh was not receiving enough revenue from penal fines and costs from District Court in Adrian.

He reported that revenue for the first nine months of 1969 was $3,772, just 23.4% of the amount received during the same period in 1968 when the Justice of Peace system was used.

He said the net known loss to date is $12,335.57, and Adrian's loss amounts to $34,175.13.

Mr. Beardsley, who sought and gained Council's approval to employ city auditors for locating the lost funds, said that he interviewed personnel at District Court, county clerk's office and personnel at the treasurer's office without significant result.

He said further data was to be supplied to him from these offices and also from local police chief, Murell Clark; however, "believe we will need actual audit of all penal fines and costs paid on complaints and tickets originating from this municipality."

Mr. Beardsley felt that one auditor could provide the necesary answers in a couple of days.

While most of his concern was officially presented to Council via letter, he discussed with officials the loss of monies from fines and costs, the incurred expenses to the city of cases in District Court requiring counsel from Greg Forsthoefel, attorney, in Mr. Beardsley's office, and the need for the local magistrate, Ernest Oliver, to handle more tickets and complaints in Tecumseh.

He pointed out that Mr. Forsthoefel often makes two or three trips a day to District Court, and local police officers, on or off duty, are often required to attend sessions at the Adrian court.

Chief Clark questioned the final disposition of tickets and said his department often does not receive necessary information for its files.

New Restaurant Proposed Here

A resolution for tavern and dancing licenses was approved by Council Monday night for Cedar Shack, Inc., a company formed for the establishment of a restaurant here.

The new company consists of Delbert King, owner of the Party Shop; Richard Ford, employee at Tecumseh Products and farmer; and Duane Bihlmeyer, manager of Tecumseh Club.

Mr. King was spokesman for the group, and he told city officials that their plans were primarily for a nice restaurant, serving lunches and dinners. He added that most successful restaurants serve liquor by the glass and felt that some day it will be available in Tecumseh.

The licenses sought by the corporation, however, is for beer and wine, and the resolution of approval was needed by the State Liquor Commission at Lansing.

Mr. King told Council that a lease has been taken on the All Day All Night laundromat on W. Chicago Blvd., and bids for equipment are being sought. He said the building will be remodeled for a restaurant and will accommodate 76 persons.

All three corporate members were at the Council meeting. They did not indicate when the restaurant would first open, but inferred they would take Council's resolution of approval to Lansing in the near future.

4 Juveniles Steal $700

Two juveniles are being held in the youth center at Adrian and two others are being sought in a $700 larceny at Osborne's Department Store.

The theft occurred Saturday afternoon and was not discovered until the boys left a bank book in a restroom at Larry's Grill. Police returned the book to Dorothy Osborne, owner of the store, who discovered the money missing.

Officer Gary Greene, having a description of the boys, checked a school bus about to leave the grounds and saw one lad toss some money beneath the bus. He was apprehended along with another.

In the meantime the boys with the rest of the money split it among some friends. Police have recovered $682.48, the approximate amount believed by Mrs. Osborne to have been taken.

The boys took the money from a safe in the basement of the store, then bought some cigarets at Lamb's Rexall Pharmacy and approximately $50 in clothing at Green's. Officer Greene exchanged the clothing for the money later in the afternoon.

A wallet purchased at the men's clothing store was also found in a waste paper basket at Bill's Citgo, corner of N. Evans and Logan.

Mr. Garno has operated his barbershop here since 1939.

Bank, 1st Federal, Post Office Closing

Veterans Day will be observed here next Tuesday as a legal holiday by the United Savings Bank, First Federal Savings and Loan Association, and the local post office.

All three will be closed in observance.

Board Denies Change Plan

Lenawee County School Board turned down a request from William Powell, local real estate broker, to have approximately 50 acres of his property transferred from the Clinton to Tecumseh School District.

If the Powell property had been transferred, other sites also awaiting transfer action included Leo Robinson and Cecil Alderdyce.

Supt. Richard Wegner and the Clinton School Board attended the meeting and spoke against the transfer. Vote was 4-1 against.

HALLOWEEN SPOOF — Hard-working pranksters managed to plop a tipsy outhouse and an upside jalopy at Mike's Sinclair Station, Russell Rd., after closing Friday, on spooks' night out. Owner, Mike Budwit, said nothing was damaged.

Indians Challenging Tough Adrian Club

The BIG one is here Friday night at 7:30 — Tecumseh vs. Adrian.

If the weather is decent, the largest crowd of the season is expected to see the Maples and Indians tangle in what has become an annual donnybrook.

Last year the Indians pasted Adrian to the tune of 19 to 0. It would well be different here Friday evening with the Maples rating slight favorites to break into the victory column for the first time this season.

Adrian has lost six, tied two in eight outings, all against tougher competition than faced by Tecumseh. And, the Maples were in contention in nearly every game. Only highly-touted Jackson Parkside was able to romp over the county seaters.

Meanwhile, the Indians, ranked seventh in the state among Class B schools, has a 7-1 record and would like nothing better than to end the season with another win. If it happens, it will be an upset.

In many ways the two clubs are similar. Both are tough on defense but lack the offenses to go with it. Adrian is comparable to Monroe CC on defense but does not have the explosive offense to compare.

If the Indians are to win, they must penetrate the Maple defense, something they were unable to do against CC.

Ric Griewahn, 190-pound Maple fullback, will give Tecumseh's line its biggest test of the season. Although not considered speedy, Griewahn is rated Adrian's strongest runner and is tough to bring down.

Doug Wenn calls the signals for the Maples, and although the 5'9" 160-pounder is not a great passer, he can throw and has thrown well at times this past season. His greatest skill is faking and handling the ball.

Up front, the Indians will face the biggest linemen they've seen. The Maples will have a couple 200-pound tackles plus some husky interior boys. They should compare to the big Monroe Jefferson line.

Tecumseh's biggest advantage will be its quickness. The Indians have proved quick all season, especially on defense. They may also have a slight edge in speed in the backfield.

Any Indian advantage, however, may be nullified if the field is wet and muddy. A slow field will help Adrian.

Coach Tom Fagan should have no trouble getting his club up. The team has appeared down in its past two games, although winning over lissfield and Gibraltar in squeakers. When the Indians bowed to CC, they lost the Huron League championship and most of their spirit.

A Tecumseh defense, the one which sparkled against CC, and the Indian offense, which riddled Jefferson, could bring in Tecumseh's second straight win over the Maples.

Since 1957, the rivalry shows Adrian leading the Indians in victories, 7 to 5. One game ended in a tie.

Fund: $66,781.71

Final tabulation for the Tecumseh Community Fund Foundation drive shows a total of $66,781.71, making it the third best drive in the Foundation's 10-year-old history.

Total donations exceeded the goal by nearly $7,000 and assures the continuation of the Foundation and its progress in benefits for the community.

Only during the first two years of the Foundation did drives exceed this year's campaign.

The final breakdown is:

Special gifts	$ 6,800.00
Industrial division	47,186.50
Business division	6,332.00
Professional division	1,760.00
Residential division	2,501.21
School division	1,869.00
Hospital division	333.00

By reaching and topping the goal, Foundation officers expect to go ahead with plans for a "magic square" and two tennis courts at Tecumseh Park. The "square" is a paved surface which can be used for many activities.

Funds will also be available to help the city run its recreation program. This subsidization costs the Foundation about $8,500 annually.

Merlyn Downing was general chairman of the 1969 drive.

BEHIND PAGE ONE

Local members of the Michigan Youth Sympathy, Marianne and Jim Bush, and Swedish exchange student, Stephen Parkman, had an unusual opportunity Saturday at Ann Arbor. While they were rehearsing, 26 United Nations diplomats came in. Rehearsal was halted for nearly half an hour and the young people were given time to converse with the dignitaries. Nice news, too, the Youth Symphony will appear in concert at Tecumseh in March.

Lenawee County has over 400 adults and 2,000 youth involved in learning experience through the 4-H program. Many are capable of presenting programs for other organizations. Current programs include a demonstration on DDT as a major cause of pollution and how to safely dispose of it. Call the 4-H office 265-5108 for further information.

Tecumseh's man about town, **Neil DePuy**, proved himself a friend indeed recently when he provided a number of housewives in the area with his own hand-grown, hand-rubbed sage to spice up their kitchen. It's good in practically everything, including, and especially, sausage. Thanks, **Neil**, from all of us!

The trite, but true, "How time flies," applies to the first anniversary of **Gamble Store**. It has been a full year since the Strand Theatre building site became the new addition of **Don Martin's** big store. They are celebrating with a sale, too.

"Miles" are separating former Tecumseh Players thespians, but **Miles Cowdry** and **Bill Sanford** were reunited recently when the former THS band director, now of Shippensburg, Pa., was alerted in this column that the versatile **Bill Sanford** and **Ingrid** are in Chambersburg, 10 miles away.: He called and then **Ingrid** called the **Fred Pokornys**, who moved Wednesday to Sherman, Tex. The three families were regulars here with The Players. Pokorny's address is 2514 Turtle Creek Dr., Sherman and the zip is 75090. Older son, **Rick**, is still at Howe Military School.

Local CB-s Are Helpful at Halloween

"Without the CB men we would be lost," said Chief of Police Murell Clark Wednesday. He was referring to the Halloween vigil of members of LEV-Lenawee Emergency Volunteers, REACT — Radio Emergency Associated Citizens Team and the Raisin CB Club.

A few windows were soaped and some real estate signs tipped over, but several dozens of eggs were gathered up before they got to the cars they were intended for. Generally, pranksters didn't cause much trouble.

"I surely want to thank those fellows for their cooperation. They are willing to walk, or whatever need be, and after working with us for a time they get an understanding of the problems we are up against," Clark stated.

"Kids aren't lost any more but a few minutes. We can have 60 units looking for them and with 40 cars in a six-block area, it isn't hard to know of the whereabouts of every youngster," he concluded.

Mrs. Richard Egli At Convention

Mrs. Richard Egli attended the 38th National Convention of Girl Scouts in Seattle, Wash., as representative of Irish Hills Council. She came home eager to impart the wealth of information she procured to local leaders and scouters.

Debbie Reynolds, a troop leader with 27 girls, and her mother who trains leaders, highlighted the sessions.

Joker Is A Dummy

The dummy that wasn't.

This was what Tecumseh school bus drivers discovered Halloween morning in the early dawn as they boarded their respective vehicles.

First one, and then another, was accosted by the football player "dummy" who placed herself in a slumped position in the seats or well of the buses.

The unsuspecting drivers apparently thought the "thing" was a repeat from last year when the drivers placed a similar looking manikin in Lois Tilton's bus and scared the daylight out of her.

Nonchalantly they climbed over the dummy, who made her mortality known by tripping them or grabbing their ankles.

One victim took off running for the bus garage and another was about ready to push the "dummy" out the door when she realized it was alive. She slugged the delighted prankster right between her well-padded shoulders.

"Days would be dull without Lois," was one comment from a fellow driver.

SCORES WINNING TD — Hugh Conklin, outstanding Jayvee runner this season, romps through a big hole here against the Gibraltar team. With less than a minute to go in the game, Conklin grabbed a pass from Scott Durkee to give the Jayvees a one-point victory.

Indians Clip Gibraltar

Tecumseh Indians made a first quarter touchdown stand up Friday night for a narrow 8-6 victory over Gibraltar-Carlson. It was Tecumseh's seventh win of the season.

Halfback Mike Kennedy set up the Indians' only score when he intercepted a Gibraltar pass on the loser's 40 and returned it to the 28. Behind the running of Ken Pieh, Tecumseh moved to the one where quarterback Craig Smith sneaked over for the TD.

Smith then tallied the all-important extra points by sneaking again.

Early in the final period, Gibraltar connected on a pass when two Tecumseh defenders collided in the end zone, leaving Gregg Cole all alone to catch the ball.

Gibraltar then attempted to tie the game with a power play off tackle but was stopped short of the goal line.

The Indians still had to fight off the home team which moved to Tecumseh's 30 midway through the period. The Indians then chewed up about four minutes of the time in pushing to Gibraltar's 30 before giving up the ball on downs.

Three desperate passes were thrown by Gibraltar in the final seconds.

Penalties, which have occasionally plagued the Indians this season, aided Gibraltar and in the fourth quarter, alone, afficials called four infractions against the orange and black, one against Coach Tom Fagan who protested when officials overlooked what was an obvious interference Gibraltar.

Pieh was Tecumseh's top runner, picking up 96 yards in 20 carries, and looked especially good in the second half. The Indians, outrushed by Gibraltar, picked up 125 yards on the ground and 36 by passing. Smith completed three of seven aerials.

The game completed the league season for the Indians, who post a 6-1 mark, good for second place behind Monroe CC.

Jayvee Rally Wins, 16-15

Tecumseh Jayvees preserved their winning ways here last week by rallying in the final minutes for a 16-15 victory over a visiting Gibraltar-Carlson eleven.

With 2:30 left in the game, the Indians picked up two points when a bad pass from the Gibraltar center went through the end zone. Trailing, 15-10, the Jayvees then took the free kick and moved in to win.

With just 48 seconds left on the clock and faced with a fourth and goal situation at Gibraltar's 15, quarterback Scott Durkee hit Hugh Conklin with a 15-yard scoring pass. It marked the fifth time this season that the Jayvees came from behind to win.

Heart Fund

Recent contributions to the Herrick Memorial Hospital Heart Fund were made in memory of Mason Feilds by Maintenance Department, Tecumseh Products Co.

In memory of Earldean Roe by Mr. and Mrs. R. F. Sage.

In memory of Lysle Des Ermia by Cmdr. and Mrs. Earl M. Stein, USN.; Mr. and Mrs. Charles W. Howe.

Gibraltar opened the scoring in the first quarter on a 50-yard yass-run play, and then kicked the extra point.

In the second period, Craig Brown made a great catch of a pass from Conklin and went in to score. The play covered 35 yards, and when Ken Cole ran for the extra points, Tecumseh led, 8-7.

Gibraltar regained the lead in the fourth quarter after blocking a Tecumseh punt and recovering on the Indians' five. Three plays later, the visitors scored and then ran for the extra two points.

Coaches Jim Curth and Jerry Fox cite Brown, Paul Murray, Gary Alcock, John Merz, Rick Hemphill, Tom Van Sickle, Marc Graf, Mark King and Mark Smith for being outstanding defensively.

Top offensive players selected were Cole, Tom Huber, Bob McKee, Dave Whelan, Steve Kampmueller, Dave Bird, Mike Steele and Ken Brown.

Other members of the undefeated Jayvees are Steve Drake, Steve Brosamer, Randy Skinner, Ken Baker, Tom Edwards, Brian Thews, Mark Johnston, Dennis Long, Merrill Sackett and Jeff Shelton.

Frosh Post Eighth Win

Halfback Dave Biscupski scored four touchdowns last Wednesday to lead the undefeated Tecumseh Frosh to their eighth consecutive victory of the season, a 38-0 romp over the Chelsea freshmen.

Biscupski, enjoying a great season, scored on runs of 96, 72, 51 and 23 yards.

Fullback Dan Gunder scored one touchdown, kicked two extra points and turned in his usual fine blocking performance.

End Joe Burns got on the scoreboard when he caught a 16-yard touchdown pass from quarterback Mike Clement.

Leading the Frosh defense were Chuck Hanna, Larry Brown, Fred Sisty, Richard Smith and Gaylord Long.

Dennis Dermyer, Hanna, Greg Cole and Jim Robert blocked well for the Indians.

TO THE EDITOR

TO THE EDITOR:

Last week's Tecumseh Herald's report on the Tecumseh Community Fund Foundation campaign made me proud of our great City and the Tecumseh Products and its employees, businesses, teachers and professional divisions.

Of the money retained by the local Foundation for the city recreation program, would like to suggest new curtains be bought for the Glass Room at the Community Center.

The hard work and many hours given by the Sam Brooks Teen Club in re-decorating the interior justifies new curtains to replace the dirty and worn-out ones and make our Tecumseh Community Center more attractive to all.

$810 for UNICEF

Annual UNICEF drive in Tecumseh Tuesday evening netted $810 for needy children throughout the world.

Mrs Robert McCrate and Mrs. Carroll Sprague were co-chairmen of the solicitation.

Friends and Neighbors,
Folks of Tecumseh:

The holiday season hit our community a bit early this year. It arrived in October. We say the holiday season because it is at that time of year that we hear, "It is better to give, than to receive."

Perhaps this is true at Christmas, but your Community Fund Foundation officers are extremely grateful in receiving your generous gifts — an outpouring of contributions to keep your Foundation active in providing for a better Tecumseh.

At the beginning of the annual drive, we were doubtful about reaching our $59,831 goal. We knew that folks here would have to cooperate and would have to believe in the Foundation. We received that cooperation. We know that you believe in the Foundation and its goals for Tecumseh.

To all the folks who helped us in reaching $66,781.71, our sincere thanks. We're proud of you.

VETERAN'S DAY

TUESDAY, NOVEMBER 11

Flags will be flown on business row in Tecumseh Tuesday in a salute to the men and women who have served their country in the armed forces, and who have and are now giving of themselves in the preservation and extension of American freedoms.

Don Maves and other members of the American Legion Post will put up the flags in observance of Veteran's Day.

F. Gerrit Veldman, state commander, said, "A vast outpouring of patriotic public opinion can establish once and for all where America's sentiments lie in the matter of accomplishing our purpose in Vietnam. This will serve notice to the world that the will of the American people demands an honorable conclusion to hostilities there."

Lieutenant Colonel Douglas E. Price of the U. S. Army wrote from Vietnam asking that area people "spend a few moments this Nov. 11 in some appropriate display of their love and loyalty to this wonderful country."

"I assure you that my fellow soldiers and I in Vietnam are outraged and disillusioned by the disgusting demonstration called "Vietnam Moratorium," he said.

You Told Us

By DOROTHY GRIGG

Anything that can be weakened is weak. A religion that can be weakened is not based on Truth for religion is Truth, and nothing can weaken Truth. — Taken from Gems of Wisdom by George M. Lamsa.

It takes a lot of soul-searching these days to know which path to trod and most times the easiest way is to go along with the crowd, but that person who truly seeks to do God's will cannot in good conscience be pulled along by the mob.

The Christophers' Motto, "Better to light one candle than to curse the darkness" is a help to those who seek and try to uncover Truth.

The ElRay Finnegan family is involved in a triangle of plays this month, keeping the schedule filled at their home on Comfort Rd. Mrs. Finnegan is doing make-up for the Croswell group in "Life With Father"; her sons, Barrie and Dean, are both in the cast of Siena Heights production of "Midsummer Night's Dream"; and Dean is also assisting with the setting and is technical director for the Junior Play, "Harvey." Mark Beard, son of Mr. and Mrs. Robert Beard also assisted with the setting of the Siena play.

Past Presidents Are Honored By Farm Bureau

Lenawee County Farm Bureau honored its former presidents at a banquet, Tuesday, at Madison Center.

The Thanksgiving-style turkey dinner and all-the-fixings were served by the Farm Bureau Women, with arrangements made made by Mrs. Wilson Sawyer. Harvest fruit arrangements, candles and cornucopias decorated the gold-covered guest table.

The occasion, marking the 50th anniversary of the State's largest farm organization, was attended by 12 past presidents, including Lloyd Ruesink, Harold Maves, T. O. Brittain, Walter Goetz, Walter Sager, Lawrence Smoll, Melvin Rodessler, Carl Ringkvist, Clarence Herford, Lewis Ruesink, Ivan Hunt and Harold Calhoun, who is now retiring.

Only two others, William Rouget and Fred King, were unable to attend.

Tribute was paid to two deceased past presidents, William Thompson, and O. G. Barrett, by Martin Halley, who served as interim president during the illnes of O. G. Barrett. Mrs. Thompson was among the guests.

Don Gust, who has been active in the organization since its founding in 1938 in the county, served as master of ceremonies. He recalled the incorporation of the County Farm Bureau in 1944 and many of its historical accomplishments.

Others present included the retiring members of the county board and their wives, and the newly-elected members of the board.

At the reorganization meeting which followed, Lowell Eiseman of Blissfield was elected as the new president of the Lenawee Farm Bureau.

Tecumseh-Clinton area delegate David Heimerdinger and his wife, Betty, first alternate, will attend the 50th annual meeting of the Michigan Farm Bureau, Nov. 10, 11 and 12.

Dr. Robert Parker, scientist-astronaut from the National Aeronautics and Space Administration Manned Space Center, Houston, Tex., will be the featured speaker at the golden anniversary banquet, Nov. 11, at the Lansing Civic Center.

The delegates will debate and vote on resolutions established by the 71 organized County Farm Bureaus throughout Michigan.

Harold Calhoun, retiring president of County Farm Bureau, and Mrs. Calhoun, and Mr. and Mrs. Carl Kimerer, of Britton, plan to attend the banquet Tuesday.

Mike Haeussler Now in Vietnam

Equipment Operator 3/c Michael W. Haeussler, USN, son of Mr. and Mrs. Weston W. Haeussler and husband of the former Nancy C. Bancroft, all of 701 Brook St., is serving with the U. S. Naval Mobile Construction Battalion Seven in Vietnam.

In Vietnam, Seabees build airstrips, temporary housing, port facilities, fuel storage tanks, drill water wells and construct other facilities as they become necessary.

Occasionally they become targets for enemy snipers. When this happens the builders become defenders and put to use the skills acquired in combat training. The first Navy Medal recipient in Vietnam was a Seabee.
